On behalf of the North Vancouver Board of Education

Dear Honourable Fleming,

We are pleased to invite you to take part in a ceremony to raise a Coast Salish Welcoming Pole, which will greet all who visit the Education Services Centre.

On August 23, 2017, the School District was gifted a 300 year old cedar log from the Elaho Valley, presented to us by the Squamish Nation. Since the arrival, students, staff and members of the community have carved, painted and transformed the cedar log into a welcome pole under the guidance of First Nations artist, Darren Yelton.

The North Vancouver School District is proud of its' commitment to Reconciliation and actively working with the Squamish Nation , Tsleil-Waututh Nation and Metis BC to honour and recognize the rich local history and culture of our traditional nations.

Please hold the date – **June 15, 2018** – for the ceremony. The event will be held at the Education Services Centre, 2121 Lonsdale Avenue, North Vancouver from 3:00 pm to 5:00 pm.

We look forward to sharing this moment with valued community members from North Vancouver.

A formal invitation will follow closer to the date.

Sincerely,

NORTH VANCOUVER
BOARD OF EDUCATION

Good afternoon Hon. Rob Fleming and Hon. Scott Fraser,

I am the BC-Yukon KAIROS Regional Representative for KAIROS s.22. I send this request on behalf of KAIROS Canada to both of you as Members of BC's Legislative Assembly and Ministers responsible for Education and Indigenous Relations and Reconciliation. We would like to request a time to meet with you and present you with petitions collected

over the past two years regarding Truth and Reconciliation Call to Action 62.1.

The specific wording of this petition is as follows:

To the Honourable the Legislative Assembly of the Province of British Columbia, in Legislature Assembled:

The petition of the undersigned petitioners, of the Province of British Columbia, states that:

Whereas for six years the Truth and Reconciliation Commission of Canada [TRC] listened to thousands of former

students of residential schools and their families testify to the devastating legacy of this national policy of assimilation;

Whereas the TRC calls upon "the federal, provincial, and territorial governments, in consultation and collaboration with

Survivors, Aboriginal peoples, and educators, to make age- appropriate curriculum on residential schools, Treaties, and

Aboriginal peoples' historical and contemporary contributions to Canada a mandatory education requirement for

Kindergarten to Grade Twelve students" [CA 62.1], and;

Whereas on July 15, 2015, all of Canada's premiers indicated their support for the Truth and Reconciliation Commission's 94

Calls to Action and said they would act on them in their own provinces and territories; Your petitioners respectfully request that the Honourable House urge the Government of British Columbia to fully implement such

a curriculum for kindergarten through Grade 12.

We understand that BC has made good progress and made public commitments to incorporate and implement this Call to Action 62.1 and yet we also understand there remains much to still work on.

If it would be at all possible to meet sometime on Thursday or Friday this week that would be most appreciated. I understand how busy your time is and if it worked to present them to both of you at the same moment

that would be wonderful, if not I would ask for a time to present them to you, Hon.

Rob Fleming, Minister of Education.

Sincerely,

Janet Gray

Hi Andra,

Following our discussion over the phone last Friday, I am informing you of the **official announcement of the Francophone Games will be done during a press conference on Monday June 4th at 1pm. It will be held at Oak Bay municipal hall.** Here is what will be announced:

s.13,s.16

The guests are :

- Minister Fleming and possibly Minister Dix;
- Mayors of Victoria, Oak Bay, Saanich and Esquimalt;
- The Francophone Youth Federation of Canada;
- The Canadian Francophone Games organizing committee and its board;
- The partners of the Games;
- High school students from the region;
- National and local media.

I will be sending the invitations to this press conference by the end of the week.

As the date is coming up, I would like to know if it is possible to meet with Minister Fleming by the end of the month in order to get an update of his discussions with Minister Dix

regarding the championing of the Games and discuss a type of support by the ministry. An announcement on June 4th would indeed be favorable for us and for the visibility of the ministry as all the media will be there to cover it.

Regards,

Subject: Let's Celebrate Tourism Week!

Hi all,

I am emailing to let you know that next week is Tourism Week (May27th – June 02nd)..... and we are asking you to help us celebrate!

The attached MLA Toolkit was sent to all MLA's last week in the hopes that they will take photos of their favorite BC Tourist Destinations while they are travelling the province on break week. The idea is that if they are close to or at one of BC's many incredible tourism destinations, they will stop and take a photo and save it for next week - to use via social media during tourism week.

As you will see from the attached document, **every day has a theme**, so while you are traveling with you Minister, please keep that in mind. The document also has some suggested tweets, related hashtags (#BCTourismMatters) and facts about tourism.

****For any of you that might be visiting the coast, please keep in mind that for Thursday, May 31st, the theme is Jobs and Tourism - and we would like to put a **special focus on Coastal Tourism** - so please, snap away – it would be great to get some powerful images of BC's pristine coastline and

the jobs that are dependent on it!

Lastly, we are in the process of creating some info-graphics that can also be used for social media – you can expect to receive them tomorrow.

Thanks for all your help promoting Tourism Week. FUN FACT: Tourism contributes more to our GDP than any primary resource industry.

Thank you!

Hello Mr. Maartman,

My name is Sarah Blizzard and I am Matt Toner's Assistant.

Matt will be traveling to Victoria on Friday, May 18th and I am writing on his behalf to enquire if you have any time in your schedule that day to meet with him.

Matt is available to meet sometime in the afternoon between 1:15 pm and 3:45 pm.

Can you please advise if you are available to meet with Matt in this time?

Thank you for your time and consideration.

Sincerely,
Sarah

On behalf of the North Vancouver Board of Education

Dear Honourable Fleming,

We are pleased to invite you to take part in a ceremony to raise a Coast Salish Welcoming Pole, which will greet all who visit the Education Services Centre.

On August 23, 2017, the School District was gifted a 300 year old cedar log from the Elaho Valley, presented to us by the Squamish Nation. Since the arrival, students, staff and members of the community have carved, painted and transformed the cedar log into a welcome pole under the guidance of First Nations artist, Darren Yelton.

The North Vancouver School District is proud of its' commitment to Reconciliation and actively working with the Squamish Nation , Tsleil-Waututh Nation and Metis BC to honour and recognize the rich local history and culture of our traditional nations.

Please hold the date – **June 15, 2018** – for the ceremony. The event will be held at the Education Services Centre, 2121 Lonsdale Avenue, North Vancouver from 3:00 pm to 5:00 pm.

We look forward to sharing this moment with valued community members from North Vancouver.

A formal invitation will follow closer to the date.

Sincerely,

NORTH VANCOUVER

Hello,

I hope this email finds you well.

I am emailing to see about setting up a meeting with Mr. Fleming in regard to our annual One Wave Gathering, including the symbolic installation of longhouses on the Legislature Lawn (see photo attached).

One Wave is a celebration of international Indigenous arts and culture, created in collaboration with numerous cultural communities. It aims to bring people together in a 'good way' -- much like a family gathering around a kitchen table to talk. It has had extraordinary impacts on the community, especially in an educational sense, and earlier this year was awarded BCMA's ChangeMaker Award for Innovation in Cultural Programming.

We are seeking to develop a multiyear plan to deliver this initiative on a similar scale, and to this end would deeply value Mr. Fleming's input as the Minister of Education.

Please do let me know if there is a time to meet, and I'd be happy to do so at his convenience.

With respect,

Hi Andra,

Further to our conversation, I am writing today to respectfully request that an appointment be arranged so that Minister Fleming and Deputy Minister Macdonald may meet with senior representatives of BC Doctors of Optometry and me.

The purpose of the meeting is to discuss the expansion of their Eye See... Eye Learn Program in the BC school system. For clarification, I have attached a short briefing note.

Without merely repeating what you'll find in the briefing note, you will see that, at present, there are 19 participating school districts that cover over 26,000 kindergarten students. The Program provides access to a comprehensive eye exam and a free pair of glasses, if needed.

While the program is very successful, it is not, as yet, province-wide and it is this we wish to discuss with the Minister and Deputy.

Having said that, once you've had a chance to discuss this internally, I would very much appreciate it if you could give me a call at 604-684-2228 in order to confirm a convenient time to meet.

I would like to take this opportunity to thank you for your help. It is much appreciated.

All the best.

Hey W,

In case I forget to mention this to you: Mike Bailey called me after I sent him regrets from the MO and referred him to Health in my email. He wants us to reconsider his meeting request as it is school related and that it is not a health issue. I asked him if he had sent the same invite to health and he said he sent them an invitation to discuss a health related matter not this particular issue. This particular matter is about the assistance to get the program through schools – help with the distribution of program.

Dear Hon. Minister Rob Fleming,

As the honorary consul general of the Republic of Bulgaria in B.C., in cooperation with the Embassy of the Republic of Bulgaria, I would like to invite you to join us for a very special culturally educational event on Sunday, May 27th, 2018.

To mark the occasion of the Bulgarian Presidency of the Council of the EU and the 75th Anniversary of the rescue of the Bulgarian Jews, the event will open with the exhibition "The Power of Civil Society – Fate of the Jews in Bulgaria 1940 – 1944", developed jointly by the State Institute of Culture at the Bulgarian Ministry of foreign affairs and the Center for Jewish studies of Sofia University, presenting photographs, facsimiles and texts to explain the social, political and historical context.

The exhibition will be followed by a short lecture: "Holocaust Averted" and a classical music concert dedicated to Jewish culture, as detailed in the attached program.

The Bulgarian society in B.C. would very much be honoured by your attendance at this event and we look forward to hopefully meeting you in person.

Sincerely Yours,

Byong G. Suh

Good Morning Minister Fleming: The Convocation Organizing Committee of UVic is hosting a private dinner for my father in law, Ambassador Nicholas Kuhanga the night before the convocation. He is receiving an Honorary Doctorate in Education from UVic. The invitees for the dinner include education specialists, university faculty, you and MP Murray Rankin. As you will see from the invitation, my father in law was also Minister of Education in Tanzania for many years.

We would be honoured if you could attend. Could you please RVSP as soon as possible (with a cc to me)? The dinner invitation is attached. Thank you.

Bonjour Rob,

I'd like to check your level of interest / availability in making an official announcement at SFU (It can be small or I can verify with the President's Office if you want to go bigger) for the resources your Ministry invested in teacher training in French. Are you in the Vancouver area in May/June with some availabilities?

I could invite CPF and other partners in French Education. I think this policy is worth highlighting and giving it more visibility in the Academic and Francophone communities. It's great news!

Dear Minister Fleming and Staff,

Invitation to Hydrogen Fuel Cell Vehicle Demonstration at the BC Legislature

The Canadian Hydrogen Fuel Cell Electric Vehicle (FCEV) Coalition of automakers, made up of BMW, Honda, Hyundai, Kia, Mercedes-Benz and Toyota, cordially invite you and your staff to test-drive a Hydrogen Fuel Cell Electric Vehicle on Tuesday May 16 between 9 a.m. and 5 p.m. The event, featuring several zero-emission passenger vehicle models available in consumer markets around the world, will take place directly in front of the Legislature building.

Hydrogen FCEVs are next-generation electric vehicles which produce their own power through an

electrochemical process combining stored Hydrogen and atmospheric Oxygen atoms in a fuel cell stack. There is no combustion involved and the only exhaust emission is pure water vapour. Hydrogen-powered vehicles will be essential to reducing emissions, maintaining healthy air quality, and meeting the provincial government's announced greenhouse gas reduction targets as Canada transitions to a lower carbon economy.

The Canadian FCEV Coalition is creating a movement and we want you to be part of it. We hope, through this event, to build awareness of the need for government investment in a viable, sustainable, initial hydrogen fueling network.

We encourage you to book a test drive appointment soon, to ensure your opportunity to get behind the wheel of these remarkable cars and take a short spin! Please RSVP to redger@fasken.com to book a drive time. We look forward to seeing you soon!

Yours Truly,

Robin Edger

We have recently been asked by the BC Government to move the below event to Thursday, May 17th. Would you have any availability that day for a test-drive in a hydrogen fuel cell electric vehicle that would start at the front of the legislature building?

Alternatively, we will now also be doing ride-and-drive events at the BC Tech Summit on the Tuesday and Wednesday between noon and 5 pm. Please let me know if you are planning on attending and we can schedule you for a test drive then.

Dear Honourable Member of Legislative Assembly,
I would love to invite you to a forum on May 25th with former MP, Joy Smith. You will know of Joy's noble work in our nation, she has been an advocate for victims of sex trafficking and has changed laws that will forever impact our country.

The event will be at SFU, Centre for Dialogue. Please note that although the event is hosted by a church in our community it will not have religious connotations. The forum is designed to stimulate dialogue and educate on the topic of sex trafficking within our nation.

Dear Minister Fleming

My name is s.22 and I have been a teacher in Surrey s.22
s.22

In the last five years I, along with thousands of families and professionals, have seen an immense increase in anxiety and depression and other mental health challenges in our students. Because of this change, I was driven to find some way that I could support my students in their learning and in their journey as they prepared to leave school and move onto their post secondary life. s.22 housed under the psychology curriculum, a locally developed course in Surrey, which supports their social and emotional learning and at the same time teaches them to understand and think critically about their thoughts, their behaviours and how they personally interact with their community and families.

s.22

This brings me to my reason for emailing you both tonight. s.22
s.22

I'm incredibly passionate about the work that I do and I do believe that given the chance to work with other professionals that are equally as passionate about this initiative, we can together support the mental health of our youth in British Columbia schools in a positive way by

developing a curriculum, s.22

I invite both of you to visit my classroom anytime to see the work we have been doing and I look forward to a conversation.

Thank you so much for your time.

Sincerely,

Cliff 202912

Dear Government Partners,

Today I am following up on our April invitation to your Ministry to join youth, community representatives and provincial government representatives on Wednesday, May 23rd to participate in an interactive day of discussions as a first step toward ending youth homelessness in BC.

In February 2018, I had the opportunity to meet with Minister Robinson and Minister Simpson to share our strategy to develop a provincial plan to end youth homelessness. Following this meeting, we received support to organize this meeting to bring youth, BC communities, and inter-ministerial government partners together for an initial discussion of priorities for a provincial plan to end youth homelessness. Funding has been generously provided through the Homeowner Protection Office Branch of BC Housing, to support this meeting. We are inviting you to identify a senior representative (Minister, Deputy Minister, ADM) to join youth, service providers and representatives from other Ministries for this provincially-supported event. The details of this event are:

What: *BC Coalition to End Youth Homelessness Provincial Meeting*

When: *8 a.m. to 4:00 p.m., Wednesday, May 23, 2018*

Where: *220-1651 Commercial Drive, Vancouver BC Non-Profit Housing Association*

Who: ** Youth*

** Members of the BC Coalition to End Youth Homelessness*

*** Representatives of 10 Provincial Government Ministries**

Lunch: Refreshments and Lunch will be provided.

We have received several responses and would appreciate confirmation of a senior person from your Ministry by this Friday, May 5.

The issue of youth homelessness is close to my heart as a young person who began experiencing the trauma of homelessness as a permanent ward of the government. Before the age of 19, I went through 28 different moves in the foster-care system where I toted all my belongings in garbage bags. When I aged out, I ended up living on the streets of Kamloops. My life touched all the ministries including health, mental health, public safety, social development, education and post-secondary. My trajectory of healing and out of homelessness was based on the support of your government to find a way home, which included more than the bricks and mortar.

In 2017, we founded BC Coalition to End Youth Homelessness which now includes more than 25 agencies from across BC and is growing every day to ensure geographic and service diversity and Indigenous representation. Our purpose is to develop a provincial plan to end youth homelessness with strategies for prevention, supports, housing, and information-sharing. We invite you to review our attached strategy document, including a table on the last page, summarizing Ministry mandates, roles and possible priorities related to youth homelessness. We look forward to hearing from you this week and working with you on May 23rd. Together we can make a difference in the lives of young people who are the future of our province.

Warm Regards,

Katherine McParland and Fred Ford, Co-Chairs

Subject: BC Coalition to End Youth Homelessness Meeting: Attendance Requested

Dear Government Partners,

Today I am reaching out for your support on a significant issue that we can and must address in British Columbia: Youth Homelessness. I am also requesting that you or a senior representative of your Ministry join us on Wednesday, May 23rd in Vancouver to participate in our first in-person meeting as a first step in ending youth homelessness. We are asking for each of 10 key Ministries to identify a senior representative (Minister, Deputy Minister, ADM) to join youth, service providers and representatives from other Ministries for this provincially-supported

event.

This issue is close to my heart as a young person who began experiencing the trauma of homelessness as a permanent ward of the government. Before the age of 19, I went through 28 different moves in the foster-care system where I toted all my belongings in garbage bags. When I aged out, I ended up living on the streets of Kamloops. My life touched all the ministries including health, mental health, public safety, social development, education and post-secondary. My trajectory of healing and out of homelessness was based on the support of your government to find a way home, which included more than the bricks and mortar. Today I reach out to you as a young person with lived expertise of youth homelessness. The need is urgent and we must respond as we all have a responsibility and role to play in ensuring every youth has a way home. If one government ministry takes on the role of mom and dad, we need all the other ministries to be aunties and uncles, community to be sisters and brothers, and the private sector to be cousins. We need to be family for those youth who have none. Young people are dying without a home and there is an urgent need to develop the services they need to be successful. I know firsthand the change that can be made when young people's potential are invested in, they will dedicate their lives to making a difference in others' lives. Youth with lived experience have the solution and we need you to listen.

In 2017, we founded BC Coalition to End Youth Homelessness which now includes more than 25 agencies from across BC and is growing every day to ensure geographic and service diversity and Indigenous representation. Our purpose is to develop a provincial plan to end youth homelessness with strategies for prevention, supports, housing, and information-sharing.

In February 2018, I had the opportunity to meet with Minister Robinson and Minister Simpson to share our strategy to develop a provincial plan to end youth homelessness. Funding was provided with the assistance of the Homeowner Protection Office, branch of BC Housing, to support us to bring together youth, BC communities, and inter-ministerial government partners to co-create priorities for a provincial plan to end youth homelessness. Please see details and deliverables on our attached one-pager.

We ask you to stand with us rooted in action to end youth homelessness in BC. Together we can make a difference in the lives of young people who are the future of our province.

Parachute Safe Kids Week 2018

We are so excited. **Parachute Safe Kids Week** is happening **June 4 to 10, 2018** in communities across Canada!

Our focus is on promoting awareness of **concussion at home, at play and on the road**.

We are thrilled with the fantastic response we have received, from partners across Canada planning to host their own local activities to raise awareness of childhood concussion at home, at play and on the road.

We have many [FREE downloadable resources](#) to help you spread Parachute Safe Kids Week and concussion awareness in your community.

We will have a limited number of **Safe Kids Week Community Kits** available for purchase, at a cost of \$25 (includes shipping and handling).

The [community kits](#) will include:

- Guide for suggested Brain Mold and Chalk Artwork activities
- 1 Jello Brain Mold and recipe
- 2 boxes of Jello
- 1 pack of jumbo sidewalk chalk
- 50 "brain lightbulb" tattoos
- 50 ConcussionEd bookmarks

[Order your community kit](#) while quantities last. Orders will be processed on a first-come,

first-served basis and will ship beginning May 22nd.

We encourage you to get involved! Learn more about how you can get involved at parachutecanada.org/safekidsweek. If you have any questions, please email safekidsweek@parachutecanada.org or call 647-776-5100. And remember to share your efforts on social media, using the campaign hashtag **#KidsAndConcussion**. Follow us on [Twitter](#), [Facebook](#) and [Instagram](#). We look forward to hearing from you on how you plan to participate in Parachute Safe Kids Week.

Thank you for your continued support,

Dear Honorable Rob Fleming,

Physical & Health Education Canada (PHE Canada) and Physical Education in British Columbia (PE-BC) would again like to extend an invitation to you to attend the Welcome Reception and Opening Ceremonies of our 2018 National Physical and Health Education Conference. These events will take place at the Whistler Convention Centre (Whistler, BC) on May 17-19, 2018. The Welcome Reception starts at 5:00 pm on **Thursday, May 17**, followed by the Opening Ceremonies at **7:00 pm**. We would be delighted if you would bring remarks on behalf of the Ministry of Education to PHE Canada and PE-BC at the **Opening Ceremonies**. If you cannot attend we would greatly appreciate a written greeting to read at the ceremony.

The 2018 National Conference supports Physical Education in British Columbia's mandate to provide leadership, advocacy and resources for teachers of physical education. Similarly, this conference supports PHE Canada's role as the country's premier professional organization for physical and health educators, developing resources, policy understanding, and networks to ensure all children and youth lead healthy, active lives.

The 2018 National Conference provides an opportunity for delegates from BC, across Canada, and internationally to network with colleagues and increase their knowledge and skills so that they may continue to foster healthy active living for children and youth in the school community and beyond. This year's focus is on supporting indigenous educational programming, equity and inclusion, outdoor play and research to practice. We currently have delegates and presenters confirmed from several Canadian provinces, the UK, and the US participating in and facilitating sessions ranging across PE/HE and related fields such as Mental Health/Wellness, LGBTQ+, physical literacy, and a host of other professional development opportunities. For more information about our conference,

please visit: <http://www.phecanada.ca/whistler2018>.

We look forward to hearing from you and hope that you will be able to join us as we celebrate the educators, physical activity leaders, administrators and academics who will support our future generations in embracing personally meaningful active and healthy lives.

Sincerely,

Lisa Manzini

Honorable Rob Fleming, Minister of Education, BC

May I introduce myself – I am Sue Hall, Chair of The Whole Dyslexic Society, author of *Fish Don't Climb Trees*, and over the past 20 years have worked with 500+ children and adults who are so-called learning disabled as Sue Hall-Positive Dyslexia. I would like to meet you, preferably for real, but virtually (Zoom) if need be, to share some significant information with you.

- As many as one third of the children at school, who currently struggle to learn to read, could successfully be taught to read in the regular classroom without extra interventions, resources or tutors.
- This is the result of our present education methods reaching the verbal conceptualisers, but not the non-verbal conceptualisers.
- As a result many of these children are erroneously labelled 'learning disabled'. They are in fact learning able, they simply don't learn in the way they are taught.
- These children are entitled to a cognitive equal opportunity alongside their peers.
- In 2 days K-3 teachers can learn a method that will reach every child in the regular classroom (with the exception of some physically challenged learners) regardless of whether they are verbal, or non-verbal learners, enabling them to read, write, spell, and do basic Math
- Teachers also learn how to deliver self-regulation tools to the students, alleviating then onerous task of class management.

In summary, if one third of the population were taught in the way they learned, the majority of learning disabilities would cease to exist. If you remove the reason for the problem (the current method of teaching basic skills) the problem ceases to exist. This benefits the children, their parents, the teachers and the education budget, the children who really need their EAs and SEAs, not to mention having a positive impact on reducing the potential prison population. As you know, 75% of all felons have a so-called learning disability.

I attach research connections presented by s.22

s.22 I would be happy to provide more details/information when needed. I look forward to hearing from you, and meeting you at your earliest convenience, thank you for your consideration.

Please see advice below:

Staff are supportive of the Minister meeting with ARC for the following reasons:

- ARC has been a key Ministry partner in the development and implementation of SOGI 123, which has facilitated SOGI inclusive education in schools across the Province. This initiative has demonstrated significant results in a relatively short period of time and with a modest investment to date from the Ministry.
- There is a strong demand from school districts and provincial education partners for continued and enhanced support re SOGI. SOGI 123 has been identified by many of these stakeholders as a best practice approach that we may wish to replicate in other areas (e.g. mental health).

Afternoon Liam,

Hope you are doing great!

You may have seen that there continues to be media for our team to monitor, support SOGI Educator Champions who are being targeted, identify key trends, draft and position mis-information to support the dissemination of “true information” (see media notes and Google Alert in email chain below)

ARC's team considers all of these continued emerging themes in our high-service level support of SOGI District Leads and BC Education Partners to consider how to best share this “true information” in their communities (geographic and association/members). Part of that is being very responsive on SOGIeducation.org which is proving helpful given the website statistics (see below)

We have worked together to solve many challenges along the way and know that we can continue to solve this challenge of growth together as well

Subject: (Cliff 203045) AMAZING OPPORTUNITY- Cathy Peters presents on "How to protect your children from predation in a sexualized world"
Importance: High
Cliff 203045

Dear friends,

Location: Faith Baptist Church sanctuary (this is not a church event, but the space is perfect for videotaping) at **2251 E. 49th Ave., Vancouver, BC**

Time: 6:30- 8 pm, Thursday, May 10. THIS WEEK!

This is a FREE event.

I have been asked to present to parents on how to protect their youth and children from sexual predators, traffickers, recruiters for the sex industry.

The sex industry in the Lower Mainland is robust and has now become a global sex tourism destination.

I will speak in **TEDtalk format** and have a lot of resources, tools, strategies for parents and the public.

There will be Q&A.

My goal is to raise awareness about this rapidly growing and insidious crime that is aggressively and specifically targeting our youth, children and the vulnerable.

My goal is to give HOPE and to empower parents so they know what to do, what to look for and how to prevent this tragedy from happening in their families.

The presentation will be taped, and the Office to Combat Trafficking in Persons will be there as well (Public Safety Ministry for BC).

Please bring ALL of your family and friends.

Please share this with ALL of your contacts (for those who do not live in this area, perhaps you have contacts here in Vancouver you can pass this along to).

This is a presentation you do not want to miss.

This crime is "hidden" but is effecting all of our families.

Please let me know if you can come, we hope to fill the space! (seats 250)

Sincerely, Cathy Peters anti-human trafficking educator, speaker, advocate in BC

Dear BC RCMP Commissioner, Assistant Commissioners, BC City Police Chiefs, BC RCMP and City Police officers, BC Premier, BC Provincial Ministers of Public Safety and Education, National RCMP Human Trafficking Coordination Centre, Federal Ministry of Justice, Prime Minister, Federal Justice Minister, BC Members of Parliament,

I have 3 public presentations coming up addressing CST (Child Sex Trafficking) and I will speak to **“How to Protect our Youth and Children from Sexual Predation”**.

Please attend if you can!

This Thursday evening:

Location: Faith Baptist Church sanctuary (this is not a church event, but the space is perfect for videotaping) at 2251 E. 49th Ave., Vancouver, BC

Time: 6:30- 8 pm, Thursday, May 10. This is a FREE event. OCTIP (Office to Combat Trafficking in Persons under Public Safety Ministry) will attend.

The presentation will be videotaped.

Next Thursday evening:

Location: Chilliwack Alliance Church at 8700 Young Rd., Chilliwack, BC

Time: 6:30-8 pm, Thursday, May 17. This is a FREE event.

June 28- West Vancouver Police Board Meeting

Location: West Vancouver City Hall at 755 16th St., West Vancouver, BC

Time: 4:30 pm, Thursday, June 28.

Human Sex Trafficking and CST (Child Sex Trafficking) is growing unchecked here in BC.

Please view the links below that show what **Winnipeg**, Manitoba, **Calgary**, Alberta, **Toronto** and **London**, Ontario are doing to **proactively** address this crime.

BC is at least a decade behind in addressing this insidious crime. BC needs to seriously “step up”.

Winnipeg, Manitoba:

Calgary, Alberta:

Toronto, Ontario:

London, Ontario:

<http://lfpress.com/news/local-news/groundbreaking-online-ads-target-sex-buyers-trafficking-victims>

April 26 I was introduced in the **BC Legislature** and MLA Jane Thornthwaite (North Vancouver/Burnaby) discussed my work in the Assembly.

Afterwards I met with many MLA's, and presented to the Ministry of Education, Victoria Police Department and Saanich Police Department.

Aboriginal MLA Ellis B Ross from Skeena then posted this compelling video.

Please view- it is terribly important, because he discusses the vulnerability of aboriginal people to this crime.

I hope to hear from you, and it would be wonderful if you could attend any of the presentations.

Most sincerely and with appreciation for your work to keep our communities safe.

To the Honourable Rob Flemin, Minister of Education,

We would like to invite you to attend the National Centre for Truth and Reconciliation's (NCTR)

Imagine a Canada national celebration, June 1st, 2018, in Winnipeg, MB.

Imagine a Canada is an annual invitation for young people from across the country to share their vision of reconciliation in Canada. The national celebration will bring together honourees from every province and territory to share their work with Residential School Survivors and dignitaries such as yourself. I am happy to share that this year a student from Sir Winston Churchill Secondary School in Vancouver will be honoured! They have an amazing message to share with Canada.

We sincerely hope that you are able to be a part of this celebration. Please contact either myself or Planners Plus (204.230.6330 or info@plannersplus.ca) for any further details.

Please find attached your formal invitation.

Yours,

Kevin Lamoureux

Hi Andra,

We spoke on the phone the other day very briefly. I was referred to you by the Sustainable Development Office of Canada. As per your request I'm emailing to consolidate some of the information about our local green startup Syllabi.

Syllabi is a digital alternative to the printing of course related documents, as well as a replacement for the wasteful distribution of paper student planners. Syllabi is a simple intuitive medium in which teachers can edit their course calendars with updates syncing across student mobile devices.

As a former student of the British Columbia school system I sought out to create a paperless solution that would greatly improve teacher to student communication. And while new curriculum changes are being implemented, I believe teachers require a tool that will allow them the necessary flexibility as they venture away from the previously rigid curriculum schedules.

I spent the last year speaking with students, teachers, principals, and district members of all levels to provide a solution to what I believe is a hole in the MyEdBC software. My eventual goal is to integrate with MyEdBC, providing a front end that would finally fulfill the needs of all institution levels.

I am currently applying for a government program to subsidize costs because I feel that any further investment into what is a fairly simple solution should not be necessary.

If yourself or Mr. Fleming are open to hearing more I would love to connect in the coming weeks to provide a bit more information.

Have a great weekend and thank you very much for your time.

Good morning Minister Fleming

I am making a second request for a meeting with you as soon as possible.

We would like to discuss the MoA, specifically paragraph 22E and The Implementation Guide, and the possible expansion of your mandate to provide early childhood learning. We believe both of these items are unintentionally weeding out our non-profit cooperative preschool program that has been successfully operating for 67 years in a heritage building completely separate from school district facilities.

Our program provides a high quality preschool program that is accessible and inclusive. While we are financially autonomous we have strong connections with our neighbouring elementary school and with our local community. We believe it is the intention of your government to build off of successful programs such as ours and not replace them or edge them out. We very much need your leadership in this matter.

Please feel free to contact me at s.22 or at s.22

Kimberley Guiry

Dear Minister Fleming:

On behalf of the Garry Oak Meadow Preservation Society (GOMPS), I wish to inform you of an event to be held this June 22nd at the University of Victoria to discuss the benefits to human health from exposure to and time spent in treed and "green" areas.

Recent years have produced many studies reporting on the healthful benefits of working, playing and recreating in such areas.

They include reduced heart rate, less stress and better concentration during indoor work hours, and – of particular interest to you and staff – improved scholastic performance.

If you wish to send a member of your staff, we would be pleased to permit that person to be part of our Program to outline the Ministry's knowledge of, and adoption of, "green" time as a regular part of the curriculum.

We will be preparing the public-information program for an early-June launch, so would appreciate your reply in time to complete the relevant text.

We look forward to your reply.

Respectfully,
Michael Meagher
Secretary, GOMPS

Sir William Macdonald Elementary was renamed xpey' Elementary on October 23, 2017, in recognition of its status as the Vancouver School Board's District Indigenous Focus School. The Musqueam Nation gifted our school with the name xpey', which means "cedar" in the hə́ŋqəmiṇəm language. We welcome Indigenous and non-Indigenous students.

I acknowledge that I live, love and learn on the unceded and traditional territories of the skwxwú7mesh (Squamish), sel' ilwiltulh (Tsleil-Waututh), and xʷməθkʷəy̓əm (Musqueam) nations.

SENT ON BEHALF OF KATHLEEN BARTELS

Dear Minister Fleming,

I am writing today to invite you, on behalf of the Board of Trustees of the Vancouver Art Gallery, to celebrate the opening of our incredible summer season together with our Gallery members on Friday, June 15, at 6PM.

We are thrilled to present three exceptional exhibitions that are connected by the insights they offer into human relationships to landscape. ***Cabin Fever*** traces the evolution of the cabin in North America to illustrate the rich significance of this architectural type. ***David Milne: Modern Painting*** surveys the work of a giant of Canadian painting, following his artistic development as he moved from the bustling sidewalks of New York City to the war-torn landscapes of northern France and back again to the woods, fields and skies of northeastern US and Canada.

I would be most honoured if you would join the celebrations alongside members from across the Province, as well as with many of our closest friends and supporters. I would be delighted to arrange a private tour of the exhibitions for you prior to the opening event.

Thank you for your consideration and I look forward to your positive reply.

With my very best regards,

Kathleen S. Bartels

I feel like I have seen their name before, but there is nothing from Cliff. There might have been a letter that wasn't addressed to MRF personally, in which Melissa has asked me to throw out.

Many thanks,

Cliff 203344

Dear Minister Fleming,

You may be aware of the Early Childhood Pedagogy Network that Veronica Pacini-Ketchabaw, Kathleen Kummen and I will be developing through MCFD over the next three years. We are extremely excited about this opportunity as the Network will be an important piece in the province's longterm plan regarding the recruitment and retention of early childhood educators and the ongoing support of educators to provide high quality early learning and care for children and families. We would like to extend an invitation to you to two events in June that reflect the approach that we take in our work. We believe you will find them valuable in relation to the Ministry of Education's projects that will be part of an integrated and accessible early learning and care system in BC (e.g., the revision of the Early Learning Framework, Strong Start programs, the development of early learning resources for families).

The first event is an open house of the "**FaceTiming Common Worlds**" exhibit on **June 13th, drop-in between 5:30pm - 6:45pm**, in the provocation studio at Child Care Resource and Referral in Victoria. This exhibit was put together by educators at Arbutus Place, one of the programs at UVic Child Care Services.

I have had the great pleasure of working with the educators at UVic Child Care Services since 2011 and bearing witness to the tremendous intentional care that these educators bring to their work with young people and each other every day. This exhibit is an example of their innovative ECE pedagogy that we think you will really enjoy seeing. While we remain inspired by ECE approaches in such places as Reggio Emilia, Sweden and New Zealand, it is extremely exciting to see how this influence has merged into and grown situated pedagogies that are particular to/for practice right here in BC.

The flyer attached has detailed information about the exhibit. From the flyer:

Over the past year, children and educators in Melbourne and Victoria

have been experimenting with digital technologies, including Facetime on iPhone, sound recordings, and Twitter, to share our encounters with a park on Wurundjeri Country and a forest on Lekwungen territory. Together, we wonder how exchanging our digital stories across continents might generate different ways of connecting to place with children. As we work toward responsive, accountable, and complex connections with place, we are interested in disrupting settler colonial understandings of children's relationships with nature spaces in environmental early childhood education.

The exhibit is open now and will run until June 26th. The public are welcome to drop by during CCRR regular working hours: 8:30am to 4:00pm, Monday through Friday – except on Wednesday, when the office is open from 12 noon to 7:00pm.

The second event is a talk by Professor Peter Moss, "Loris Malaguzzi and the Schools of Reggio Emilia: Telling an Alternative Narrative about Early Childhood Education", on June 14th at 6pm, in the HSD Building Room A240 at UVic.

Professor Moss is a UK scholar who has tremendous experience and insight in early years policy development. He was a significant influence in shaping the Investigation Quality Project in BC that ran between 2005-2018, the project that has led to what will now become the Early Childhood Pedagogy Network.

The flyer attached has detailed information about the talk. From the flyer:

Loris Malaguzzi and the schools of Reggio Emilia have a high profile in the world of early childhood education. Some see them as a model that can be taken up and copied. Prof. Moss will argue their importance for another reason: as a provocation to think about what we want for our children, families and communities and what conditions we need to make this happen. Reggio Emilia, in short, reminds us that there are alternatives, so we have choices to make. Malaguzzi and Reggio will be used to explore some of those choices and to confront a major dilemma facing all those who want transformative change: how might this come about and what can we be doing in the interim.

We hope to see you at one or both of these events in June.

Sincerely,

Denise Hodgins, Veronica Pacini-Ketchabaw, and Kathleen Kummen

Dear Hon. Rob Fleming,

My name is Eva and I am writing you on behalf of the Indo Canada Education Council to invite you for a brief meeting to discuss avenues for strengthening channels of communication and transparency in the Indo-Canada education corridor as well as to offer our (complimentary) services to help promote the BC Ministry of Education's programs and services and British Columbia as a study destination .

Based in the heart of New Delhi, ICEC is a not-for-profit, member-based organisation that fosters bi-lateral education ties and connects Canadian educators with quality Indian schools and international students. We promote Canadian education in India through free education counselling (6000+ students to-date) and 'Study in Canada' seminars at member campuses. We also offer various business and networking services to optimize members' presence in India and assist their recruitment efforts.

ICEC enjoys strong brand recognition in India and a penetrative network of Indian industry, government and academia. Our Members include National Skills Development Corporation (NSDC); Govt. of Quebec; Govt. of New Brunswick, Dept. of Education; Carleton University's Canada India Centre for Excellence (CICE); Canadian Accredited Independent Schools (CAIS); IL&FS (India's leading organization in public-private partnership); ASSOCHAM (India's premier Industry body); Reliance Infocomm Jio Ltd (India's top corporate house); and India's premier K-12, secondary and post-secondary institutions. Our Executive Team consists of highly accomplished professionals - including a former senior Diplomat, education insiders, lawyers, chartered accountants, corporate advisors etc. - who are renowned in their spheres of activity with hands-on national / international working experience.

Our Chairman, Surinder Singh Madan, will be travelling across Canada in the coming weeks and will be visiting BC on June 12-19th. We humbly request a few minutes of your time to discuss working hand in hand to promote BC education in India and opportunities for involvement in our inaugural '[Indo Canada Education Conclave](#)' gala event in Agra this December.

Mr. Singh is available to meet with you on June 12-19, at a time of your convenience. If available, please kindly confirm a date and time for the courtesy meeting, thank you.

Dear Honourable Rob Fleming and Mr. Scott MacDonald,

I am writing to provide you with the following press release regarding some fantastic news about BC Secondary and post-secondary students. If I can answer any questions or provide any additional information, please contact me at your convenience.

We would also like to take this opportunity to cordially invite you and any members of your staff to join us at the Premiere and Red Carpet Screening of Student films on Climate Change at the Vancity Theatre in downtown Vancouver on Saturday, June 9. As tickets are limited, we would appreciate being advised by you if you have any interest in us reserving tickets for you, your guests or staff by no later than June 1. We hope you will help celebrate the success of BC students who are inspiring action against climate change and share the news about great Canadian youth.

PRESS RELEASE!

Three BC student secondary teams are vying to win the national **FOCUS! Climate Change Video Contest** run by the Kimberley Foundation. One BC student is also a finalist at the post-secondary level. The winners will be announced at a public Red Carpet Screening on Saturday June 9, 2018 at the VIFF Vancity Theatre in downtown Vancouver.

In October 2017, the Kimberley Foundation launched the **FOCUS! Climate Change Video Contest** in an effort to engage Canadian youth around the topic of climate change and inspire them to use video as a way of provoking thought, starting conversations and inspiring action to work towards ameliorating the impact of climate change. The key criteria – be creative!

As one of our panel of international judges describes, the result was an “inspiring journey across Canada hearing the upcoming generation’ screen for a change!” In total, the Kimberley Foundation received 160 films involving 400+ students from 85 institutions across 8 provinces.

When you think of the FOCUS! Climate Change Video Contest, do not think short visual lectures on climate change. The diversity of videos cover the spectrum: from pinhole camera portraits of climate change on

the Inuit to proposals for new building practices in Vancouver; from haunting story-telling, to humorous live action and provocative stop animation. They are a showcase of the next generation's creative excellence, practiced film-making skills, and clear learning about climate change.

On Saturday June, 9, 2018, the **FOCUS! Red Carpet Screening** will screen the finalists at the post secondary and secondary level, present awards to the winners and screen a montage of highly notable films. A reception will also be held following the screening. The films have been rated "General" with no advisories by Consumer Protection B.C. Tickets are limited but free. They are available online at: <https://kimberley-foundation.org/focus-video-competition/>.

On Monday June 11, the films will be viewable through the Kimberley Foundation website along with several other films that will, together, form a new student-created video library on climate change. We hope this new resource will prove valuable to students, educators and anyone who wants to be inspired to help "change climate change". The website will also feature a weekly updated innovation story hub that showcases climate change innovations and stories globally.

FOCUS! Climate Change Video Contest Finalists are:

Post-Secondary Category:

- Olivia Seneshen, Capilano University, for her film "A New Blueprint for an Old Home" [BC student - Vancouver]
- Natalie Baird, University of Manitoba, and Attagoyuk Ilisavik Students, Pangnirtung, for the film " /TARIUQ TAKUJANNIQ / THE OCEAN FROM MY EYE"

Secondary Category

- Sasha Argirov and Nikita Kalugin, Lord Byng Secondary School, for their film "Frozen in Place" [BC students - Vancouver]
- Kevin (Jin Kwan) Kim, Walnut Grove Secondary School, for his film "What Will You Do About It" [BC student - Langley]
- Sarah Sheppard, Elsie Sheppard, and Julie Sheppard, for their film "The Green Menace"
- Taishi, Jingwen (Alexx), Maple Leaf School – TRU, for her film "Remains" [BC student – Kamloops]

Of the 14 additional films that will be showcased at the screening on June 9, five (5) are also from BC students.

About the Kimberley Foundation <https://kimberley-foundation.org/>

The Kimberley Foundation is a BC registered not-for-profit organization that actively works to promote a love of learning, to stimulate self-directed curiosity about the world, and to support activities and pursuits that inspire, impact, and facilitate positive, environmentally responsible change in the world. It was established as a legacy to Dr. Hugh C. Morris and Mrs. Pat Morris. Dr. Morris was a long time leader in the Canadian geological field and among his many service contributions, at one point was the Chair (1993-1998) of the Canadian Global Change Program.

Dear Honourable Rob Fleming,

Seaquam Secondary Student Council is hosting a community Art Gala in the North Delta community on June 12 from 5-8 pm. It will feature young aspiring artists who will produce, display and auction their own creations that will range from visual art production to performing art and musical performances. The Gala will be attended by community members, students, parents, community leaders, and local artists. For many students, this will be their first opportunity to show the community what they are capable of. Any profits from this event will be used towards displaying community and student art within Seaquam.

We would like to invite you to come out to the event and support the

students that are displaying and selling their art! We understand that with your busy schedule you may not be able to make it, hence we would like to ask for a small statement that we can read out during the event as we know that you are a strong advocate for the Art programs offered by secondary schools. We truly believe that the arts educate, inspire and create a quality of life that brings people of the community together.

Subject: UVic Meeting Request Re: Student Housing
Good afternoon Andra,

I am writing to request a meeting with Minister Fleming for UVic President Jamie Cassels. Jamie would very much appreciate 15-30 minutes of Minister Fleming's time to offer thanks and seek support with respect to student housing. We recognize that Minister Fleming's schedule is likely very challenging, however we are hopeful that this meeting could take place before the end of May. We will certainly do our best to accommodate Minister Fleming's availability, however as a starting point we could offer the mornings of May 24th or 25th or the afternoon of May 30th from 2PM onwards.

I look forward to hearing back from you at your convenience. Have a lovely long weekend.

Best regards,

I am not sure, but I will discuss with Laura upon her return. I read over the thread which indicates they were looking to meet with a policy advisor in the ministry. Did your office have any further discussion with them on the type of policy they were looking to discuss? Was this letter also sent to the Ministry of Health?

Hello Andra,

As I mentioned on the phone our hope was to meet with the Minister but since isn't possible we would love the opportunity to meet with a policy advisor in the ministry. We understand you will likely have very busy schedules so I want to outline that we are more than able to accommodate any available time.

Thanks again! I look forward to hearing back from you!

Dear Minister Fleming,

RE: Meeting request concerning improved oral care

I am writing to you on behalf of the British Columbia Dental Hygienists Association (BCDHA) and the Canadian Dental Hygienists Association (CDHA) to request a meeting on Monday, March 5th. Our two organizations will be gathering in Victoria to meet with elected officials and other key stakeholders to discuss advancements in preventative oral healthcare and improvements to the scope of practice legislation.

Access to professional oral care is vital to the maintenance of good oral and overall health. Our groups work to ensure everyone has access to a high level of service and

care. Good oral health is also important for supporting economic and social wellbeing, and we look forward to speaking with you about how it can be supported in B.C.

Formed in 1964, the British Columbia Dental Hygienists Association represents nearly 3,600 member dental hygienists across the province. We are dedicated to the principle that all British Columbians should have access to the quality preventative oral health services dental hygienists provide. BCDHA is the professional association for dental hygienists, providing members with practice supports and tools, continuing education and advocating on behalf of the profession. CDHA, our national organization is the collective national voice of more than 29,000 dental hygienists working in Canada.

It would be greatly appreciated if you are able to make time for a short meeting on March 5th to meet with us and our colleagues. Please confirm your availability with Matthew at matthew@impactcanada.com. He will be following up with your office shortly to confirm receipt of this letter. We are looking forward to hearing from you and your consideration is appreciated in advance.

Hello Minister Fleming,

Time has flown by since your appointment as Minister of Education and our last opportunity to speak with you.

Decoda Literacy is currently going through a Strategic Planning exercise to review our direction for the next 3 years. Over the past year we have had some conversation with Ministry of Education staff about the need for a coordinated literacy strategy for BC. I am writing to ask you to meet with me and a few of my Decoda Literacy colleagues to discuss how we might approach the development of a literacy strategy that would help address issues faced by a number of ministries (Education, Advanced Education, Children & Families, Jobs, Skills and Labour). Decoda Literacy is eager to provide service in this regard and also to work with government on productive ways to increase literacy skills that will lead to increased opportunities for BC citizens.

If you are able to meet with us, please give us a few dates that might work for you and we will work to accommodate your schedule.

Best regards,

Jacquie

Good evening Will

As a follow up to our conversation we had on Tuesday at the Lake Trail seismic announcement on our district's request to meet with the Minister here is the email you asked me to send to you directly so that we can hopefully schedule something for June.

As we talked about our district, represented by myself, vice-chair Ian Hargreaves and superintendent Dean Lindquist, would like to meet with Minister to discuss a number of issues and concerns as they relate to our district.

The funding formula review, our concerns over the current alignment of ministry policies with the new curriculum and the impact that has on our district. And also to share some of the good things that are happening in our district, we are often

referred to as a very progressive and innovative district and would like to share some of our success stories.

Thank you for taking the time to chat with me and our district is extremely pleased that the government is following through with their commitment to ensure our schools are a safe place to learn and also providing some much needed day care spaces.

Sincerely

UBCM runs the week of Sept. 9-14, therefore shall I send regrets with a note that MRF is intending on touring the Kootenays in the fall, or would MRF want to fly from Whistler/Van to the Kootenays to attend?

Good morning,

Great to meet you in the hallway following the Greetings this morning at the BCSTA Academy. We would like to extend warm invitation for you to come and visit SD 8 – Kootenay Lake. We have some capital funds saved up (close to \$2 million) and are wanting to partner in a capital investment for our school district which ranges from Creston- Kaslo-Salmo-Slocan-Crawford Bay and, of course, Nelson. We have the pre-work completed including renovation plans for either Salmo Secondary in Salmo (attaching the Elementary school), or expansion renovations to Blewett Elementary in Nelson or, dare I suggest a new build for Trafalgar Middle School in Nelson with a possible Learning Lab in collaboration with WKTEP/UBC. Anything is possible. We look forward to your visit in the near future. My contact information is attached and below.

Thank you to both yourself and Liam Illiffe, Ministerial Assistant, for making this connection and giving this invitation some consideration.

COURTENAY – Middle school students in Courtenay can look forward to a modern, seismically safe school, Minister of Education Rob Fleming announced today.

“Student safety is our number one priority. Everyone deserves to work, play, learn, and thrive in a safe environment,” said Minister Fleming. “Our government is committed to accelerating seismic upgrades, and I’m so pleased that students in Courtenay will soon be learning in a seismically sound school. – APPROVED

The project is a partial replacement that will ensure the entire school will be seismically safe. Lake Trail Middle School was built in the 1950s and was given significant additions in 1964 and 1999. Seismic reports indicate everything but the gymnasium is at risk of damage after a seismic event.

s.13

“The board of education is pleased that the Ministry of Education is honouring its commitment in ensuring that our schools are a safe place for our children to learn by providing the funding to seismically update Lake Trail,” said Janice Caton, chair, Comox Valley Board of Education. “As a growing school district, Lake Trail is a neighbourhood school that serves a diverse community and this seismic update will provide a safe modern learning environment for our students and also support the district's long-range facilities plan as we continue to grow.”

School operations will continue as usual during construction. Once the project is complete,

the existing school, except for the gym, will be demolished.

"We are excited about and appreciative of this seismic upgrade and school partial replacement for Lake Trail Middle School," said Dean Lindquist Superintendent, Comox Valley School District. "The Board of Education and senior leadership thank the Government of British Columbia and specifically the Ministry of Education for this capital investment that will ensure Lake Trail Middle School meets current architectural standards and, when complete, will support 21st century learning for our students."

The project will also include a new standalone child-care facility valued at \$1.5 million, which will provide up to 60 child-care spaces. This supports the creation of needed child-care space and government's Childcare BC initiative.

"We are finding innovative ways to create new child-care spaces as we work to bring affordable, quality child care to B.C. families," said Katrine Conroy, Minister of Children and Family Development. "Locating child care on school grounds is great for communities. It offers more convenience for parents, and helps kids get used to a school setting before they begin Kindergarten."

The partial replacement of Lake Trail Middle School is expected to start in March 2019 and be complete in summer 2021.

Government is addressing the backlog of seismic and capital projects throughout B.C. to ensure students have safer learning environments. This includes encouraging collaboration between the Ministry of Education, school districts and local governments to meet ambitious timelines and reduce the time it takes to complete projects. Government is also working to cut wait times for school construction by accelerating the funding approval process.

The Ministry of Education is providing up to \$26.2 million toward the project, while the Comox Valley Board of Education is contributing \$1 million.

Since September 2017, government has approved over \$256 million in capital funding to upgrade or replace 17 seismic high-risk schools.

Hi Will,

I just heard from staff who are preparing material for this meeting and they have recently been in contact with staff from AEST who are also preparing a BN. Staff wanted to confirm whether or no Minister wants two BNs (one from Education, one from AEST) or if Education staff should wait to get a copy of the AEST and combine the information into one note? Staff confirmed that they have seen the note being prepared by AEST and that the majority of the information being provided in their note is the same as what would be provided in ours, save a few extra bullets.

Please let me know how you would like staff to proceed with the preparation of this material.

Let's await their reply – to see their agenda. I assume they will want to talk about adding a course into the curriculum about renting, rental rights, etc. We won't need a briefing note for that.

Good afternoon Ms. Rivait and Ms. Fairholm Mader,

I am emailing on behalf of Minister Fleming who would like to thank you for your email and accept your meeting request. The following are dates and times that are currently available in Minister Fleming's calendar for a 20 minute meeting here at the Legislature in Victoria:

- May 31 @ 2:30 or 4:45
- May 29 @ 4pm

I understand the discussion will be in regards to briefing the Minister on Ready to Rent and requesting Minister's thoughts and advice on how this can best fit into the school system both grade 12 and post secondary.

In your reply please provide the following:

- **Confirmation of this topic**
- **Supporting materials you may have**
- **Brief, point form agenda**
- **Confirmation of who will be attending the meeting**
- **Confirmation of which date and time is suitable**

Minister Fleming will be accompanied by Ministerial Assistants, Veronica Harrison and/or Will Maartman. Please bear in mind that, once confirmed, this meeting is subject to change due to government meetings being called or ministerial travel and I will notify promptly if a scheduling conflict arises.

Rob,

Hope you well!

As you know, Kristi and I run Ready to Rent BC which prepare people for successful tenancies. The organization is having massive uptake and impact.

We do a lot of education with young people and hear repeatedly that it should be a core building block they wish they learnt in high school or before they went to post secondary. It would be great to get your thoughts and advice on how this can best fit into the school system both grade 12 and post secondary.

Can we just get a background note on PHE in the curriculum. Eg, what is offered in these classes, etc. I imagine if students were learning about adult life and renting it would be in that sort of class. Make sense? Thanks!

Hi Andra,

This is great news! This will be my last board meeting as FISA Executive Director (I'm still here until July 31st) and I am really pleased that the Minister will be able to attend. He offered some very kind words in the Legislature last Thursday on my behalf, for which I am very humbled and grateful. The May 23rd FISA Board meeting will take place at the Executive Inn Hotel, 4201 Lougheed Hwy, Burnaby. This is also the bi-annual meeting that FISA has with the Independent Schools Branch so we will also have Paul Squires, Brian Jonker and Theo Vandeweg in attendance. The meeting starts at 10:00 am with the Minister first on the agenda. We have scheduled 45 minutes for him and he is free to leave if he has other engagements after his participation. He is very welcome to stay for the full meeting and lunch, courtesy of FISA, if he has the time.

I have included a draft agenda that the Independent Schools Branch and I are in the process of finalizing. It gives you an indication of the discussion for the morning. The FISA board meets in the afternoon and we have Keith Godin sharing some fascinating data on independent schools with us. It will be a great day all around.

Attached is also a list of the directors that will be in attendance and a description of the five associations that are members of FISA. Usually, there are 4-5 guests who attend from some of our associations to take in the morning discussion with Ministry staff. Their names are not yet available.

I trust this is the information that you requested. Please let me know if there is anything else that I can prepare for you.

Best regards,

Peter

Hi Andra,

Thanks for following up on the meeting with Minister Fleming. FISA meets on the 4th Wednesday of every month so future opportunities would include:

March 28th at 10:00 - 11:00 am

April 25th at 10:00 - 11:00 am

May 23rd at 10:00 - 11:00 am

We can meet on June 27th if that works for the Minister but we tend not to hold a board meeting in June due to the busy schedules in schools during June.

Let me know which date works best for Minister Fleming and we'll make the arrangements with our Board.

Best regards.

Hi A,

As part of the work being done to recruit French teachers, DM had an interest for himself, and potentially the Minister, to attend the next meeting of the French Education Stakeholders Advisory Committee.

The next meeting is scheduled on May 31 in Vancouver, and the DM was thinking he and the Minister could be present at the beginning of the meeting (9 am). Is there any chance that MRF could attend and do the opening remarks?

Scott is planning to call the Superintendant again early next week, but I'm not sure yet if a meeting with MRF/ Board chair is required.
If you're hoping to respond to her email, perhaps you could say that our Deputy will be in touch with dean Lindquist (the Super) about the issue, and we are awaiting the outcome of their conversation before scheduling this meeting.

Good Afternoon Carol

On April 11, 2018, I sent an email to Minister Fleming on behalf of the Board Chair, Janice Caton requesting an emergent meeting regarding the K-12 regular enrolment audit of our district. At our regularly scheduled public meeting, March 20, 2018, the Board of Education passed the following recommendation:

THAT the Board Chair, Vice-Chair and Superintendent of Schools schedule a meeting with the Minister of Education to address concerns regarding the

K-12 Regular Enrolment Audit of the district.

Due to the importance of this matter, can you please let me know if Minister Fleming will have time in his schedule to meet either prior to or following the official announcement at Lake Trail School, on May 22, 2018?

Thank you.

Minister has expressed some interested in attending an upcoming BC Teachers' Council (BCTC) meeting. It would give him an opportunity to discuss French teacher recruitment, certification standards, and hear from the BCTC members on their milestones.

The meeting would take place at the TRB (2025 W Broadway in Vancouver) and would last 60 mins. No date has been set yet, but if MRF is still interested, could you please provide some dates and times that work in his calendar? Ideally the BCTC would like to meet in late May or early June.

Hello Sean,

I am following up on the previous emails and would like to discuss with you about our upcoming Opening Ceremony for ecole des Pionniers-de-maillardville.

We still have a few months ahead of us as we are planning it for September 14th, but as the summer vacations are coming, I would like to confirm the date before the end of the school year.

As previously discussed with Scott, I do know that all the funding announcements are always held by the MOE.

However, as we are now planning the Opening Ceremony for the school, I just wanted to double check with you if the "Opening events" are usually organized by the school district or by the Ministry.

From my understanding and previous experiences, Opening ceremonies are usually organized by the School District but the Ministry is, of course, always invited.

Also, I think it would be important to discuss the Federal component in this project.

Let me know if you want to plan a phone call to discuss this project.

Hello Scott,

The Secretary-Treasurer of the SD93, Sylvain Allison, was recently talking with Nancy Dube, Capital Planning Officer, MOE, regarding our new school in Port Coquitlam.

As you might know, we received \$32.7 M for a seismic replacement project for école des Pionniers-de-Maillardville.

In October 2016, the Ministry of Education organized a press conference to do the official announcement : <https://news.gov.bc.ca/releases/2016EDUC0143-001973>

I do know that all the "funding announcements" are held by the MOE.

However, as we are now planning the Opening Ceremony for the school, I just wanted to double check with you if the "Opening events" are usually organized by the school district or by the Ministry.

I've been told that the last Opening we did (Comox) was organized by us but the Ministry was of course invited.

Don't hesitate to call me if it is easier for you.

Thanks,

Subject: Fwd: Outdoor Play Area for Licensed Facilities

Hello Rick,

It seems that things are now at a standstill with respect to the Outdoor Playspace for licensed daycares in Moody Centre. We have been through multiple possibilities with the city, but the most viable one, which would be to install a washroom at Chip Kerr park, would be somewhere between \$300,000 and \$500,000 to complete (estimate from a city employee). This would be cheaper if completed by a developer, but the developers we were put into contact with are not currently seeking approval for any projects.

There were other possibilities involving the city, but all seemed unlikely to get public approval E.g. there is a right of way along the west side of Moody Street, which has been mowed and kept by a local resident. This could be taken over, but it borders along the property of the resident who has been caring for it, who would not be at all amenable to children playing there. The rest of the right of way is along Fred Soofie's property, and would require removal of many large trees and reconfiguration of the way the lot is currently being used.

Although I felt we had a good proposal to the school board (email chain below), they replied that they are waiting for clarification on the provincial government's initiatives, so don't seem willing to have any discussion at this point in time.

In the meantime, we are still stuck with the lack of playspace issue. What paths exist for us to attempt to alleviate this?

Please let us know.

I have cc'd James and Alyssa on this email, so if you reply all, you will be able to include their daycare (Happy Kidsworld) as well.

Thanks for your time.

Hey Veronica –

We need to change the Minister's quote following some edits JJ has made to the NR, see attached. She has pulled some of MRF's quote content and put it higher in the release/worked it into PJH's quote.

Suggested new quote:

"I've heard from parents that they need relief from fundraising tens of thousands of dollars for playground equipment – that's a lot of bake sales and bottle drives for today's busy parents." said Minister of Education Rob Fleming. "Today we're delivering this fund to help parents, and provide access to communities that don't have the fundraising capacity to buy the play equipment students need."

Let me know if that works for you,

Good afternoon,

Thank you for the invitation for Minister Rob Fleming to attend a ceremony to raise a Coast Salish Welcoming Pole, which will be held in North Vancouver on June 15, 2018. Minister Fleming would be delighted to attend if his schedule permits. Staff are in the process of reviewing Minister's availability and will follow-up later next week. My apologies in our delayed response.

On behalf of the North Vancouver Board of Education

Dear Honourable Fleming,

We are pleased to invite you to take part in a ceremony to raise a Coast Salish Welcoming Pole, which will greet all who visit the Education Services Centre.

On August 23, 2017, the School District was gifted a 300 year old cedar log from the Elaho Valley, presented to us by the Squamish Nation. Since the arrival, students, staff and members of the community have carved, painted and transformed the cedar log into a welcome pole under the guidance of First Nations artist, Darren Yelton.

The North Vancouver School District is proud of its' commitment to Reconciliation and actively working with the Squamish Nation , Tsleil-Waututh Nation and Metis BC to honour and recognize the rich local history and culture of our traditional nations.

Please hold the date – **June 15, 2018** – for the ceremony. The event will be held at the Education Services Centre, 2121 Lonsdale Avenue, North Vancouver from 3:00 pm to 5:00 pm.

We look forward to sharing this moment with valued community members from North Vancouver.

A formal invitation will follow closer to the date.

Sincerely,

NORTH VANCOUVER

Subject: Time-sensitive Constituent Request -- Olsen English Exam & University Admission

Good afternoon,

s.22

A constituent of ours in Surrey-Guildford, (consent form attached), has visited our office with an urgent appeal. This is one that is of immense interest to our office, as the only obstacle to the constituent is one concerning time-constraints that highlight the lack of synchronicity between the Ministry's timelines and those of several post-secondary institutions.

s.22

s.22

has been accepted s.22

at the University

s.22

s.22

The issue is that if s.22 is to write s.2 Gr.12 Provincial English exam in late June 2018, as it is presently scheduled, the final grade would not be submitted in time to the accepting university until late July 2018, by which time it would be too late.

s.22

s.22 has submitted a letter outlining s.22 case and request. It is attached to the consent form document

Our office would like to propose two options:

1 s.22

to write s.2

Gr.12 Provincial English exam and for the exam to be marked

by late June 2018; or

2 s.22

to receive s.2

Dogwood Diploma by late June 2018, prior to s.22

Gr.12 Provincial English exam mark being released

If the Ministry of Education can enquire into these and other possibilities as soon as possible and let us and/or the family know what can be done to help^{s.22} embark on^{s.} next chapter while fulfilling Ministry requirements, it would be much appreciated.

We look forward to hearing from you soon.

Thank you,

MRF quote approved. Just moved one paragraph to bottom – highlighted. Thanks!

LANGFORD – A new site for a future elementary school has been purchased in Langford, the fastest growing community in the Capital Regional District.

“More and more families are continuing to call Langford their home and we need to make sure there are safe and modern schools in place ready to welcome their children,” said Premier John Horgan. “We’re looking ahead and moving forward with the school investments needed to support families in growing communities across the province.” NOT APPROVED

The Province is providing \$6.6 million to purchase six acres of land in the North Langford area of the Sooke School District. Known as the South Skirt Mountain site, the district has identified this land as a location where a future elementary school is needed.

Major housing developments are planned for the South Skirt Mountain neighbourhood. An elementary school at this site will help to relieve existing and future enrolment pressures at nearby Lakewood Elementary and Millstream Elementary schools.

“The Sooke School District is one of the fastest growing in B.C., with a projected increase of 1,800 students in the next five years,” said Minister of Education Rob Fleming. “That’s why we’re making this important investment now, so families settling in this new neighbourhood will have peace of mind knowing there are plans for a school for their children.” – APPROVED

“In such a fast-growing school district, we are always looking to purchase land, but can’t always afford to do so,” said Ravi Parmar, chairperson, Sooke Board of Education. “This land in North Langford is in a perfect location to hopefully house a school that will be within walking distance for many families who will be moving in to that area of Langford.”

Langford’s population continues to grow at a rapid speed. In 2001 there were 18,840 Langford residents, that number grew to 35,342 people in 2016. The population of Langford is projected to grow to over 42,000 by 2026.

“With the rapid rate of growth in the Westshore, land for schools must be secured now for future generations of students,” said Jim Cambridge, superintendent, Sooke School District. “It’s really encouraging to see that the provincial government is looking ahead and acquiring land for schools before it is either unavailable or unaffordable.”

With this latest land purchase, the Province has invested \$55 million in capital projects in the Sooke School District since September 2017, including \$23.3-million for 16 acres of land in West Langford for an elementary and middle school, and \$25.2-million for an addition to Royal Bay Secondary School.

Government is committed to working with partners to build new schools and upgrade existing ones in every region of the province, announcing \$423.1 million in school capital projects since September 2017.

Hello, Skirt Mountain materials are attached; please note these are also with the PO for review so there may be a few changes. We'll get you MC notes for MRF shortly.

Thanks.

Hey Lindsay – this is Party related stuff and needs to be done by the Minister on his own time.
Please take no action and I will speak with him.

Hello, attached is a draft video greeting script for MRF's taping on Tuesday at 12:20. GCPE videographers ***will*** be available for the taping.
Please let us know if you'd like any changes as we need to provide the video team with the script before taping.
Thanks!

Yep – this letter was supposed to be for educ staff and was just copied to Minister office for reference.

Lindsay or Melissa can you send the letter back into CWS for staff reply.

Julie – can you bring this to programs attention please in case something needs to be done before MRF's meeting on the 1st. Thanks!

Hi Will,

Per the attached e-mail received from Lindsay this morning, it was my understanding that you guys would be replying internally. If that is no longer the case, please CLIFF this letter and assign to CWS to refer to staff per regular process.

Thanks—

Hi Laura,

I spoke with Kelly Betts about this letter today. She was referencing a meeting that took place with EDUC/AEST staff on the 23rd of April. - and was requesting a follow up meeting with staff before the Minister visits on the 1st. So no direction from our office besides asking staff reach out to Kelly.
Thanks!

Hi Lindsay, can you please follow up on this? Our staff need to know how the MO would like to

respond to the attached letter so they can draft the appropriate materials for the meeting next Friday.

Please reply to Julie B as I am away after today.

Hi A,

One of the attachments that Camosun sent over is a follow up letter to MRF about the SIP (the doc "May 15, 2018 SIP – Follow up Letter"). This should be CLIFFed as incoming correspondence (it can be sent to the EDUC MIN account for CWS to handle). Can you please just let me know how Melissa intends to respond?

Thanks,

Subject: WM-June 1 Minister of Education Visit

Good morning, Andra.

We are very pleased to be hosting the Minister of Education for a tour and lunch at Camosun College's Interurban Campus on June 1st. Please find attached:

1. June 1st Minister of Education Visit agenda (including student briefs)
2. SIP Letter to Ministry of Education - K-12 Funding Review
3. April 23rd Ministry of Education and Advanced Education Skills and Training meeting follow up letter and meeting request
4. SIP Spring Newsletter (shared with parents and secondary students throughout the region; provides the Minister with some highlights from this years SIP

activities and programs.)

I'm also including a parking permit for the Minister and his two assistants; a link to the campus maps is below; I will arrange for a parking spot to be held in P7 - Sherri will meet the group in the parking lot. I will arrange for one spot as you said the group would come together - if there's any change to that, just let me know and I'll make sure enough parking spaces are held.

If you have any questions, comments or concerns, just let me know!

Regards,

Rosemary

Hey Lindsay – can you please format the attached letters for snail mail.

You will need to add the date (May, 14) to the top left and the full mailing address on that side as well. If you need any help just ask Andra – but it will be your standard letter head format.

*The mailing address will be the MLA's constituency office.

Can you then print them onto nice letter paper. I left copies of that paper on your desk. One has the letterhead on the top and the other doesn't. I will leave it up to you to figure out which one works/looks better.

If you're v keen - and have time - could you always create the envelopes and stickers as well?

Minister can then sign them on Monday and we will send.

Thanks so much! Have a good weekend :)
