Subject: First School Closure under NDP government

Dear Minister Bains

An important community school is scheduled for closing in Creston BC at the end of this school year. It is a school which includes students who would not normally attend a public school and is therefore extremely important to facilitate the concept of inclusion in education and our community. We live in a community where the majority of board members live in Nelson BC and are neither aware nor concerned with the education facilities in Creston, which is nearly a two hour drive from the board offices.

I realize that you are not our mla but that you have a strong interest in equity and public education. I don't think that the headline "First School Closed Under NDP Government" is one you would like to see. I have attached a post that is being sent out to all mla's and will go onto Facebook this evening. It is not intended to embarrass the government but to make it aware of the choice it needs to make.

Thank you for hearing me and for your support.

Date: June 28, 2018 12:24:24 PM

Let's send a congratulations message upon this teachers retirement. As we heard from the superintendent in Smithers, he's been an invaluable and beloved teacher for students over many years. Would be nice to personally acknowledge his positive influence over his career in his community.

I'd like to have some Ministry analysis about what reopening a school in Kamloops could do to mitigate portables. s.13
