Hello/Bonjour,

Mr. Raymond Théberge, Commissioner of Official Languages of Canada, will be in Vancouver on July 3rd, 2018 and has asked to meet with the Mr. Rob Fleming.

Mr. Théberge has joined office last January for a seven-year term. It would be timely for him to introduce himself and share its vision on bilingualism and linguistic duality. Mr. Théberge is particularly interested in the *Action Plan for Official Languages 2018-2013* and has committed to keep a close watch on how the government plans to coordinate and implement the initiatives described in this Plan. In light of this plan, he would like to discuss priorities and issues of French-language and immersion schools in British Columbia, including the increase of funding for the recruitment of French-language teachers?

Would Mr. Fleming be available to meet Mr. Théberge on July 3rd in Vancouver for a 45 minutes discussion ? Around 3 pm would work well for Mr. Théberge.

Thank you for following up on this request.

Hello Andra,

Thank you very much for the email.

Monday 9 July at 11am works perfectly. Same room as before?

Also, here is a revised agenda (one addition)

s.13

2) **TQS and Elementary Music Specialty Designation** - two years ago, both Adam Con and Jeff Weaver met with the TQS to work on implementing the Elementary Music Specialty Designation, however, nothing had occurred. In order to ensure that we have quality music education in grades K-7, we must work towards a proper TQS Elementary Music Specialty Designation. What is the process of changing that TQS designation?

3) **District/School Positions** - to best ensure that quality music education is occurring throughout our province, there needs to be an implementation of District Principals of Music and/or District Music Coordinators. Most elementary schools also benefits from having an Elementary Music Specialist on their staff. How can the BC NDP Government be able to implement these positions in our school districts?

- 4) **Music Resources** - Out of all the provinces, BC is the only province where schools need to fundraise for music resources, instruments, instrument repairs, etc. How can the BC NDP Government ensure that students don't need fundraise for common music resources?
- 5) **New Curriculum** - The new curriculum is deeply rooted in defining alternate roles for employment and rethinking and redefining our workforce. Music education is perhaps at the forefront of this way of thinking and encompasses many of the Big Ideas of the curriculum. Is the priority to build this sector of education?
- 6) **Past Initiatives - Music Education Advisory Committee** - What is the current state of the Ministry of Education Music Education advisory committee? Does the BC NDP Government have the intention of reinstating this important voice for Music Education?
- 7) **Past Initiatives - Creative BC Music Industry Budget** - Does the BC NDP Government have a plan for the \$15 Million budget for the Creative BC Music Industry Budget? Can that be put towards Music Education?
- 8) **Using the word "aesthetic" from Standards** – the use of the word "aesthetic" is not current with modern music education pedagogy. Will the Ministry remove this word, in regards to Music Education, from the standards?

I'm writing to request a meeting on behalf of the Co-founder and CEO of Canada Learning Code, [<https://www.canadalearningcode.ca/>](https://www.canadalearningcode.ca/) Melissa Sariffodeen, who you had the chance to meet with before the last provincial election.

Melissa is planning to be in BC June 25-28, and would love to have the opportunity to brief you on Canada Learning Code's work and discuss the landscape of computer science education in BC.

Canada Learning Code has a number of impressive streams of work deployed across the country right now through their growing national network of local chapters, and the fleet of 13 CodeMobiles that are hitting the road for the next couple years, funded by the federal #CanCode program. One

particular focus of their current work that Melissa specifically hopes to discuss is the advancement of a National Framework for Coding Education.

Please let me know at your earliest convenience whether a meeting could be possible around the dates mentioned above.

Hi there! I'm hoping to schedule a very short (5-10 minute?) "lobbying" meeting for my kids when we come to Victoria this summer. We're there on holiday and we'll be visiting the legislature etc and I'd like to help them understand the bigger political picture of how we access our political leaders.

I thought of Rob Fleming because we are travelling with my good friend s.22 who is a friend of Rob's. I've actually met Rob before but that was years ago when I used to work at the s.22

Anyhow, trying for Rob first and if not I'll work my way down the 'list'.

We will be there some time in July but haven't scheduled it yet and our dates are quite flexible.

Thank you so much for your consideration!

I am
contacting you with regards to a partnership between Lyon and Saanich that began last spring and is growing exponentially during this past year.

This connection between districts is proving to have great potential for:

- developing greater language skills and confidence in our teachers as they are paired with a French teacher
- exposing our students to an authentic language experience, creating new meaningful connections between students
- using online communication with a clear purpose
- opportunities for student exchanges/cultural visits/lifelong connections between families
- opportunities for teachers to experience a direct exchange for a teaching position, or visit and learn about a different academic program as professional development
- recruiting French teachers to teach in BC

Please let me know if you would have some time to meet to further discuss the potential of welcoming new teachers to our BC schools. Good afternoon, Lindsay!

First I should say thank you for taking the time to speak with me a few moments ago regarding an invitation for Minister Fleming to provide welcome remarks at the 2018 Co-operative Congress, which runs from June 19th-21st in Victoria. I am writing on behalf of Denyse Guy, Executive Director of Co-operatives and Mutuals Canada.

The event will take place at the Delta Ocean Pointe Resort and the event will explore the theme of Co-operation in a Changing World.

Minister Fleming was suggested to make representation on behalf of the Premier who cannot

attend. However, I think it's important to make a number of connections to the Co-operative sector for B.C. that would be of interest to him, particularly given his involvement in the Sustainable Shared Prosperity Committee and the Social Initiatives Committee.

The annual Co-op Congress is attended by hundreds of co-operators from coast-to-coast, ranging across sectors, including housing, natural resources, retail, agriculture, and financial services. These community owned and operated enterprises start with the goal of solving local and national challenges, rather than simply generating profits. Hundreds of co-operatives operate in British Columbia, with substantial overlap in objectives with your government. For example, there are 30 housing co-operatives in Victoria alone.

It would be CMC's honour to host Minister Fleming for remarks. I can check the flexibility of schedule to make sure we accommodate the Minister at a time that works for him, as well. If you or your colleagues have any questions I would be happy to answer them at your convenience.

Thank you very much,

Good morning Melissa,

I just left a message with your colleague.

Charley Beresford, Senior Executive Lead in Crown Agencies and Resourcing Office. I believe Charley and Minister Fleming were in touch yesterday. We had hoped for Tuesday June 12th but your colleague said that Minister was booked that day.

Charley is in Vancouver Wednesday, June 13th afternoon but will be back in Victoria first thing on Thursday, June 14th.

If you can let me know a time or two that would work for the Minister that would be excellent. I think we are looking at about 45 minutes if that works.

Thanks so much.

Hello/Bonjour,

Mr. Raymond Théberge, Commissioner of Official Languages of Canada, will be in Vancouver on July 3rd, 2018 and has asked to meet with the Mr. Rob Fleming.

Mr. Théberge has joined office last January for a seven-year term. It would be timely for him to introduce himself and share its vision on bilingualism and linguistic duality. Mr. Théberge is particularly interested in the *Action Plan for Official Languages 2018-2013* and has committed to keep a close watch on how the government plans to coordinate and implement the initiatives described in this Plan. In light of this plan, he would like to discuss priorities and issues of French-language and immersion schools in British Columbia, including the increase of funding for the recruitment of French-language teachers?

Would Mr. Fleming be available to meet Mr. Théberge on July 3rd in Vancouver for a 45 minutes

discussion ? Around 3 pm would work well for Mr. Théberge.

Thank you for following up on this request.

I just spoke to our Board Chair and he is in the process of writing a letter to the ministry to follow up on a letter that they received from the ministers office re: a commitment to meet in the spring of 2018.

The board chair is wondering if the minister would like to meet on March 9 with the trustees since he will already be in Richmond instead of trying to arrange another meeting in the spring.

Would this be possible?

Dear Minister,

I'm writing to request a meeting on behalf of the Co-founder and CEO of Canada Learning Code, <https://www.canadalearningcode.ca/> Melissa Sariffodeen, who you had the chance to meet with before the last provincial election.

Melissa is planning to be in BC June 25-28, and would love to have the opportunity to brief you on Canada Learning Code's work and discuss the landscape of computer science education in BC.

Canada Learning Code has a number of impressive streams of work deployed across the country right now through their growing national network of local chapters, and the fleet of 13 CodeMobiles that are hitting the road for the next couple years, funded by the federal #CanCode program. One particular focus of their current work that Melissa specifically hopes to discuss is the advancement of a National Framework for Coding Education.

Please let me know at your earliest convenience whether a meeting could be possible around the dates mentioned above.

Thanks kindly,

Hello Andra,

Thank you for your email, we are deeply grateful for the opportunity to meet with Minister Fleming.

Wednesday June 13th at 1:30pm is the best time for us. Our second choice if that is no longer available is Thursday June 14th at 1:45pm.

In preparation for the meeting I have provided my answers to your questions below in green:

- **Confirmation of this topic Yes, I confirm that the** discussion will be in regards to 'the Duke of Ed in BC. In particular, how we can work together to better support all youth in accessing these life changing impacts, and to grow awareness of this zero barrier program for ALL youth regardless of circumstances or ability.'
- **Supporting materials you may have Please find attached our brief information package about the Award, which was sent earlier. The best preparation for our meeting however can be found at the links below to two very short videos (each about 3.5 minutes) They best explain the Duke of Ed program, and how it is impacting youth in BC already. I understand how important Minister Fleming's time is, so I have provided concise info rich materials that will provide all the background required to make the most of our time together.**

The Duke of Ed International Award promo video (3.5 mins) – an inspiring and educational video that explains who we are, how we serve youth, and what makes us unique in the youth education landscape:

Duke of Ed and New Canadian Youth in Lower Mainland (3.5 mins) – and inspiring video featuring BC new Canadian youth sharing their stories about Duke of Ed:

- **More specific agenda items that you may have if necessary** How can we work together to ensure public schools are aware of the Duke of Ed, and are encouraged/inspired to offer access to the Award program (as it is part of the BC curriculum). We struggle to get the public schools involved, even though we have hundreds of youth asking for access through their schools annually.
- **Confirmation of who will be attending the meeting** As Executive Director I will be attending. It is possible that our President JA Pankiw-Petty may join us. He is based in Vancouver and will not be able to confirm until closer to the time.
- **Confirmation of which date and time is suitable** Wednesday June 13th at 1:30pm is the best time for us. Our second choice, if that is no longer available, is Thursday June 14th at 1:45pm.

Thank you very much for this opportunity.

Subject: BC & Yukon, Duke of Edinburgh's International Award

Dear Minister Fleming,

Are you aware that the BC & Yukon Division of the Duke of Edinburgh's International Award is serving over 15,000 youth ages 14 to 24 in BC through our leadership and youth empowerment program?

Our Duke of Ed program is provided through hundreds of schools and educational youth

organizations throughout the province of BC, and achievement of the Award is recognized in the BC Curriculum. We believe that 'Not all Learning Happens in the Classroom' and our program supports youth in developing confidence and healthy transitions to adulthood through meaningful opportunities to succeed.

In 2017 over 900 youth in BC earned a level of the Duke of Edinburgh's Award! I have attached a brief description of our program and the phenomenal impacts of the Duke of Ed based on a national McKinsey study.

I would greatly appreciate the opportunity to meet with you to talk about the Duke of Ed in BC. In particular, how we can work together to better support all youth in accessing these life changing impacts, and to grow awareness of this zero barrier program for ALL youth regardless of circumstances or ability. Our program is zero cost to participating schools, and has become a core program offering for youth at-risk and new Canadian youth in the Lower Mainland.

We have actually met before, when I was Executive Director for the Good Food Box, many years ago when you were so helpful in getting our organization wider community recognition. Since 2013, I have had the good fortune of working in the areas of youth and education.

I sincerely hope you are open to meeting and discussing this wonderful community resource for BC youth.

Warm Regards,

Sushil

Good Afternoon Andra

Thank you for getting back to me. With the end of the school year fast approaching, Board Chair Janice Caton has made a decision to postpone a phone conversation with Minister Fleming and Deputy Minister MacDonald on June 20th. Instead, we would like to schedule a 1-hour meeting, to be held in Victoria, towards the end of August or beginning of September, 2018. If you can please provide me with a couple of date/time options, I will then be able to confirm our availability prior to staff leaving for summer vacation.

Good Morning Debra,

Unfortunately, Minister Fleming and Deputy Minister MacDonald do not have any other mutual times available to meet this month or in July due to extensive travel in their schedules since the Legislative Session has ended. I am happy to book something at the end of August or beginning of September if that works better for your attendees.

Currently on June 20th there are half hour time slots beginning at 12pm and ending at 2pm. Please let me know if this date can work for you, Debra and, if so, what time would work for your attendees. Normally Minister takes lunch between 12 and 1pm, but we are flexible if it means that your attendees can make the meeting.

Yes, he had confirmed interest in addressing the conference and had said he just needed to confirm one thing in his schedule - his suggestion was 20 minutes speaking and 10 minutes Q&A and he had been looking at the Thursday, October 18 or Friday, October 19 evenings as his address. He also suggested that he would bring some key staff to be able to speak to more of the curriculum + details in regards to the Ministry's direction. Do you have an idea of when you'll be able to confirm one way or the other whether he and or his staff will be able to attend?

I'm writing to follow up on my recent conversation with the Minister and his confirmation that he would attend and speak at the upcoming Environmental Education Conference in Cranbrook in October. I wanted to connect on two things:

-rooms are booking up fast at the resort - would you like us to set aside a room or two for the Minister and his staff or have bookings already been made?

-I'd love to work with you to confirm which day the Minister will be able to arrive so that we can work to confirm the schedule and when he will address the conference. He suggested he would be checking his schedule and then confirming

Thanks, Andra. I look forward to working through this with you.

I would love to continue our discussion about the upcoming national environmental education conference that will be held at St. Eugene in Cranbrook October 18-21 and your indicated interest in the opportunity for you to address BC's important work on the new curriculum and the opportunities for schools to be embracing environmental education and green technologies.
