Happy Friday!

So sorry to do this, but I had a last minute request from caucus to provide information on Port Moody Middle and Banting Middle schools in Port Moody. MLA Glumac is speaking to constituents on Monday evening. Looking for any information on the construction – where the project is at – and how much provincial funding has gone into the projects.

Possibility of getting that info by Monday?

Thanks a million,
Melissa

Melissa – another question. You had said a meeting for mid-April so is this for a constituent meeting then in his role as an MLA?

Thanks.

Hi Julie,

When it rains it pours! Sorry for the barrage of MLA bullets today!

May I please have bullets for MLA Michelle Mungall, Creston-Nelson, with reference to the following:

- What measures is the new BC Government taking to address the long-standing oversight in education in Bountiful – both at the Mormon Hills School, and in the FLDS homeschooling programs?

I think that is a bit of a loaded question, but perhaps we could provide some background on the school and the homeschooling program?

Hi Melissa. Program area has come back to advise that we can explain our engagement to date, but is this back pocket info, or are you using for a specific meeting the MLA is having?

Many thanks for clarification.

Hi Melissa. Just need some more context on this as we have not been involved with anything like this in the past. I would recommend just getting staff advice on this (bullets) and wonder if this should be directed to our governance area or even learning transformation. Kind of a mix of information in the letter so if you could provide some more direction, that would be greatly appreciated.

Thanks!
