Hi Julies,

MLA Request from Minister Farnworth below.

We don't need bullets. MLA office is happy with ministry staff following up directly with the concerned constituent. Could we please just have a follow up email sent so I can let the MLA know what the course of action was.

Thanks!

Hi Peter, thanks for the reminder.
As May 31st is still a legislative sitting day, unlikely that Minister Fleming could attend Centennial.
He *may* be able to attend Minnekhada and Moody Middle in June.
October 2nd is also a sitting day and so he will have to pass on that; and we'll wait to see about Banting.
I would advise that a formal invitation to the Minister's Office is still the best route in terms of confirming attendance.

Hi Melanie, Hi Ellis,

Looking at this and last year's budgets for the school district in the Nass Valley – it appears the province clawed back from the school about 400K more than its operating grant resulting in a net provincial contribution to this provincial school district of -$81,280. (see schedule 2a in the budget provided online: https://www2.gov.bc.ca/assets/gov/education/administration/resource-management/school-district-financial-reporting/financial-information/sd92-sofi-2017.pdf)

This year the school is forecasting the clawback to be about $700,000 more than the operating grant resulting in a net provincial contribution of -$419,750 https://www.nisgaa.bc.ca/wp-content/uploads/2010/10/Amended-Annual-Budget.Fiscal-Year-20172018.pdf

Please note that the net provincial funding amounts are negative numbers!

How is it possible for BC to claw back from the school district more funds than it contributed?

Subject: NVTA Query re: Funding of CEF

To whom it may concern,

As President of the North Vancouver Teachers' Association, I have a question concerning the ministry funding of the CEF as arising from the MOA signed between the BCTF and BCPSEA and The Ministry of Education on March 9, 2017.
In Section 22 under *Best Efforts to be Made to Achieve Compliance*, it lists under A - F the various parameters a District must follow to demonstrate *Best Efforts*. In Section D, it lists various minimums for class sizes. For example, not less than 5 students below the maximum for students in K-3.

My question is, if a superintendent of a school district has approved a class size that creates a class smaller than these minimums, will that class still receive CEF funding from the ministry or must the District now fund this class out of the operating budget. So, for example, if a superintendent has approved a grade one class of 16, will that class still receive CEF funding even though it is more than 5 below the maximum class size of a primary class. Or does the District now have to find its own funding for that class?

I appreciate your time on this.

Kind regards,
Martin

Hi Melissa. Update on request fyi.

All districts have had issues to varying degrees. The SDs submitted their information regarding their water quality and measures for improvement at the end of July.

The staff person from the program area dedicated to collating that information no longer works here and the new staff person isn't starting until next week. The soonest this information will be ready for the MO is mid- to end- September.

In the interim, the Fact Sheet on the EdNet is the most recent info fyi (School Enhancement Program). Julie B will follow up with RMD mid-September to get an update from them.

Let me know if you have any questions!

Dear Minister Fleming and Deputy Minister MacDonald,

I am excited to be writing to you about the planning for the BCSTA Trustee Academy.
This will be the first Pro D for trustees after the election of trustees and it is the goal of BCSTA to provide Pro D which assists the work of trustees to ensure success for all our students. We would really appreciate a strong connection with the Ministry of Education and hope you can be involved in this Academy.

BCSTA 2018 TRUSTEE ACADEMY Building a New Board: *Elected, Engaged and Empowered*

November 29 - December 1, 2018 in the Hyatt Regency Hotel, Vancouver

The tentative plan would be to have Minister Fleming present at the beginning of the conference and hopefully this would include a signing of the MOU between BCSTA and the Ministry of Education.
There is then a session with Superintendent of Learning , MOE Pat Duncan.
We were hoping to wrap up the conference with a session on the Saturday

around emergent topics/goals and would appreciate if DM Scott MacDonald could present at this.

The times for Ministry involvement can be adjusted as we know how busy schedules are.
A draft program is included for reference.

I look forward to your response and hope you can join us for Trustee Academy 2018.

Dine & Discuss

The Current State of America
Keynote Speaker - Shaun Donnelly
Along With Honorable Stockwell Day
Shachi Kurl
Mike Maneer

We invite you to dine during a candid and engaged discussion of U.S. trade and investment policy with Shaun Donnelly, formerly of the U.S. Department of State, The Honorable Stockwell Day, Shachi Kurl, Executive Director of the Angus Reid Institute and, Mike Maneer, Executive Vice President of the Pacific Salmon

Foundation. The discussion will cover the current political landscape and its effects on trade between Canada and the U.S.

Our keynote speaker will provide a broad assessment of the new ideology on trade; bilateral trade balances and deficits, Trans-Pacific Partnership withdrawal, renegotiating NAFTA, enforcement of regulations, increases in protectionist duties, Foreign Direct Investment policy as well as the relationship with the World Trade Organization, the United Nations, and other multilateral organizations.

Our Panel will also speak to predictions on the upcoming Mid Term Elections.

Enjoy desert during the 'fire-side' chat with the Honorable Stockwell Day, P.C. followed by a lively Q&A.

Your ticket includes a 3-course plated dinner.

- **Date:** Tuesday, October 16, 2018
- **Place:** Terminal City Club | 837 W Hastings Street, Vancouver, BC
- **Time:** 5:00 pm - 10:00 pm
- **Cost:** Members: $100, Non-Members $140

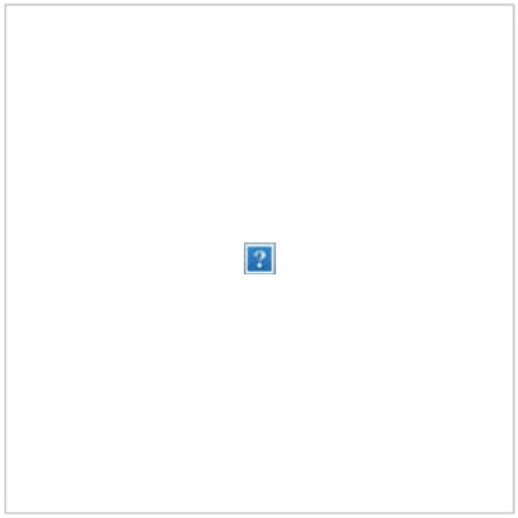
Shaun Donnelly, Keynote

Over 30 years' experience with the U.S. Department of State in a wide range of roles including: Principal Deputy Assistant Secretary for Economic and Business Affairs; U.S. Ambassador to Sri Lanka; Deputy Assistant Secretary for International Trade; Deputy Chief of Mission at the U.S. Embassy in Tunisia; and a detail as Assistant U.S. Trade Representative for Europe and the Middle East. After retiring from the State Department in 2008, Donnelly held positions with the National Association of Manufacturers and the U.S. Chamber of Commerce.

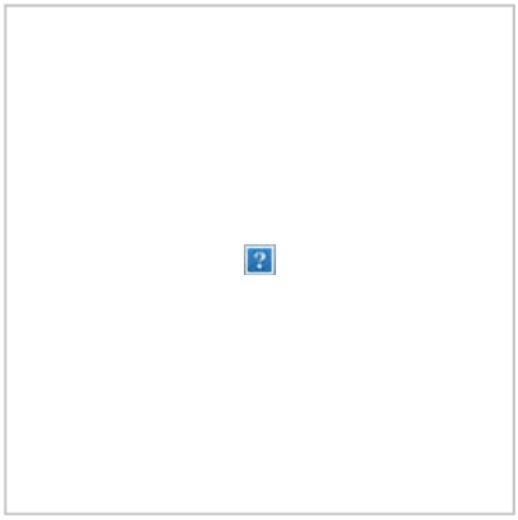


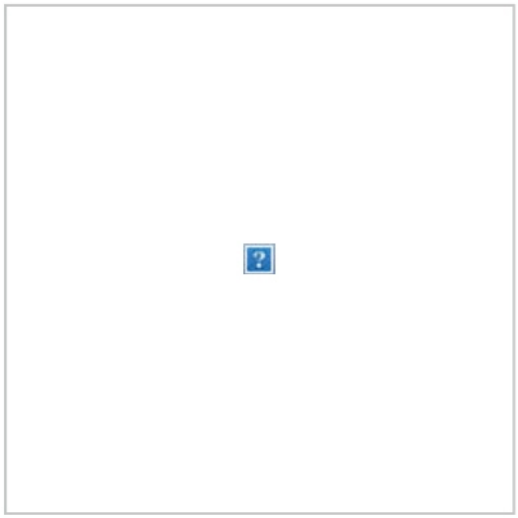
Hon. Stockwell B. Day, P.C.

Mr. Day was successfully elected to senior government roles and positions 9 times over 25 years at two levels of government and in 2 separate provinces. From 1986 to 2000, Stockwell Day represented Red Deer North in the Alberta Legislature, where he served in the Progressive Conservative Government in a variety of senior roles, including Chief Whip,

Government House Leader, Minister of Labour and Minister of Social Services. From 1997 to 2000 he was Provincial Treasurer (Minister of Finance) and Acting Premier.

As Executive Director of the Angus Reid Institute, Shachi Kurl can be found offering analysis on CBC's "At Issue," Canada's most-watched political panel, as well as in *The Globe and Mail*, the *National Post*, and other influential forums. At the Institute—one of North America's premier nonpartisan, not-for-profit research and public opinion polling organizations—she works to further public knowledge, debunk myths, and contribute to debate and discussion in meaningful ways, enhancing the understanding of issues that matter to Canada and the world. She brings nearly two decades of public policy expertise to her role, spending the first part of her career as political reporter.





Michael Meneer has two decades of experience in journalism, fundraising and public affairs in the United States and Canada. Michael is Executive Vice President of the Pacific Salmon Foundation, which he joined in 2009. Before moving to Vancouver in 2007, he worked for seven years in Washington, D.C. as an association executive director, journalist and communications officer for two NGOs. This included stints at the ABC News affiliate in the nation's capital, Catholic Charities and the U.S. Council on Competitiveness.

Subject: (Cliff 204900) Invitation to Astronaut Event - Sept 12 in Vancouver

Cliff 204900

Good morning;

On behalf of Dr. Bonnie Schmidt, President of Let's Talk Science, I'm writing to invite Minister Fleming to join Bonnie and Kirsten Sutton, Vice President and Managing Director, SAP Labs Canada to **a unique digital literacy event with a Canadian astronaut on Wednesday September 12th in Vancouver.** The event includes a unique digital literacy professional learning opportunity for educators and students as well as an interactive panel on developing digital talent in Canada. As part of the event we will also showcase *"Living Space", a national classroom experiment to celebrate Astronaut David Saint-Jacques' upcoming mission to the ISS,* in partnership with the Canadian Space Agency and with funding support from CanCode.

As technology disrupts nearly all aspects of work and life, efforts are mounting to prepare students for work and citizenship in an information era. The Information and Communications Technology Council (ICTC) predicts that nearly 200,000 new ICT jobs will be created between 2015 and 2020. However, international tests of student achievement indicate that on average only 2% of youth see themselves pursuing ICT careers (PISA 2015).

Following the panel, attendees are invited to explore various hands-on/minds-on digital literacy activities and activations offered by Let's Talk Science and its partners.

A briefing note with agenda is attached for your further information.

Thank you for your consideration of this invitation. I look forward to hearing back from you.

Kind regards,

Julie

Dear Minister Fleming,

My name is Rhona Martin and I am the Electoral Area Director for Area E of the Columbia Shuswap Regional District.

I have been in telephone and e-mail contact with your Ministry regarding our local community school, the Malakwa Learning Academy.

Please consider this my formal request to meet with you to discuss the issues surrounding our MLA and the impacts on our community.

A telephone meeting later in the day would allow some of the key folks to participate and as I will be attending UBCM next week would it be possible to set up an in person meeting to discuss this.

Respectfully

Rhona Martin

Cliff 204909

Dear Minister Fleming,

The Great Canadian Shoreline Cleanup, one of the largest direct action conservation programs in Canada, is celebrating its 25th anniversary this year with a cleanup at Iona Beach on Sept. 15 which is International Coastal Cleanup day. I am writing on behalf of Ocean Wise to invite you to attend this event.

The Shoreline Cleanup began modestly in 1994 and over the years has involved 800,000 volunteers. They have cleared almost 1.3 million kg of litter from the shores of Canada's lakes, rivers and streams and oceans, and have removed litter from almost 34,000 km of shoreline, the equivalent of circling every Great Lake and its islands more than twice.

The Hon. Catherine McKenna, Minister of Environment and Climate Change, will speak at the event, and local media will be invited. If you wish to attend, please note that all elements of the event will take place outdoors and parking is limited. The cleanup will take place rain or shine.

Key Details:
What: Great Canadian Shoreline Cleanup event
Where: Iona Beach Regional Park, Richmond, B.C.
When: **Saturday, Sept. 15, 2018**

- **9:30 a.m.:** Registration opens
- **10 a.m.:** Kickoff remarks and cleanup begins
- **Noon:** Closing remarks, results reporting and photo opportunity
- **12:15:** Lunch begins
- **1 p.m.** Event ends

Please let me know by Monday, September 10 if you are able to join us.

Dear Minister Fleming,

Please find attached your invitation to **Future Focused: BC Public Libraries**. This event will take place at the Whistler Public Library on September 12th from 4:30 pm to 6 pm.

The Public Library Partners are very excited about this unique opportunity to showcase the difference that public libraries can make to community access to technology tools, resources, and learning. We know that attendees will leave this event thinking differently about public libraries and their value to communities across BC.

Having you, as the Minister responsible for public libraries, at this event would be an honour for us.

Please let us know if you have any questions about the event or the ongoing work of the BC Public Library Partners. Together we are advancing public libraries across BC.

We look forward to seeing you there!

The Opioid Epidemic:
How DO educators become more accountable during the crisis?
Saturday, September 22nd, 2018 | Ponderosa Ballroom
12:30 PM to 3:00PM

Dear Colleagues,

You are invited to join **Dr. Blye Frank**, Dean of Faculty of Education, University of British Columbia, for the second installment of the **FRANKLY SPEAKING** event on Saturday, **September 22nd**, 2018.

Last year across Canada an average of 11 people lost their lives per day due to an opioid overdose. British Columbia suffered the greatest loses with roughly 4 of those 11 deaths per day. 2017 saw a record number of opioid-related deaths in Vancouver with 365 fatal overdoses – almost double the amount in 2016 and over triple that of 2014. Across British Columbia and Canada the opioid crisis has become a pandemic, and one that effects primarily young people. As leaders and educators it is our duty to learn about how we can help combat this crisis.

Dean Frank will moderate the lecture featuring three speakers all with unique and intimate understandings of opioid use and abuse.

FRANKLY SPEAKING provides alumni and friends of the Faculty of

Education, University of British Columbia, with the opportunity to hear from prominent speakers on featured topics relevant to the field of education.

Dear Minister,

On behalf of David Morley, President and CEO of UNICEF Canada, please find the attached invitation to participate in Kids Takeover on National Child Day this November 20.

On that day, children across Canada and around the world will raise their voices to speak out on issues that matter most to them and help shape their own future. It will be a fun day with a serious message when kids will 'take over' high visibility roles in media, politics, sport, schools and entertainment to highlight the challenges and opportunities faced by their generation.

We hope your office can participate in this special occasion, Canada's official day to recognize the importance of hearing from our children and youth. Should you have any questions or would like additional resources, please do not hesitate to get in touch. We would appreciate knowing any plans you make so we can help amplify them.

Thank you for your consideration.

I am emailing you today to request a meeting with MA William Maartman on behalf of Wayne Hartrick, President of the Canadian Men's Health Foundation (CMHF). Founded by Dr. Larry Goldenberg CMHF is delivering programs to raise awareness, provide tools to change behavior, and improve the health of men. Knowing that 70 % of chronic diseases are preventable through lifestyle changes, CMHF has a number of functions including: encouraging a societal conversation about men's health issues; filling critical gaps in medical knowledge; providing tools; and inspiring men and their families to live healthier lives.

Wayne can be in Victoria for meetings on September 26th, October 24th, November 21st or 22nd.

I will follow up by phone in the next day or so.

Minister Fleming,

We are thrilled to share with you that The Great Trail, spanning more than 24,000 kilometres, was connected from coast to coast to coast across Canada in 2017. Since this project was launched in 1992, our organization has relied on the involvement and support of the federal, provincial/territorial and municipal governments. Today, The Great Trail is used by millions of Canadians and international visitors to experience our country's legendary wilderness, cycle historic rail trails, explore provincial and territorial capitals, paddle the routes of early explorers, and visit parks and historic sites.

In continuing to build and strengthen the capacity of The Great Trail to enrich the lives of Canadians and visitors, the Trans Canada Trail senior leadership and Board of Directors will be in Victoria, B.C., for meetings later this month.

On behalf of Neil Yeates, Chair of Trans Canada Trail, we would like to invite you to join us on Friday, September 28, at the Inn at Laurel Point (680 Montreal Street) at 5:30 pm for a welcoming reception. Her Honour the Honourable Janet Austin, OBC, Lieutenant Governor of British Columbia will provide welcoming remarks, and attendees will have the opportunity to meet Trans Canada Trail patrons, *Champions* and national leadership.

Please RSVP to Margaret Mofford at mmofford@tctrail.ca by Tuesday, September 18.

We hope to see you in Victoria on September 28.

Sincerely,

Deborah Apps

Hi Mr. Fleming

I am Fallon O'Neill, a 16 year old high school student from West Vancouver. I am on a council that consists of over 20 students from across BC, where we create campaigns to take action on common issues that youth in BC face. I was wondering if sometime in the next year you could attend one of our meetings to hear our perspectives on different aspects of the education system and give us some of your insight. If you are interested, please let us know and we'll set something up!

Thanks,

Fallon O'Neill

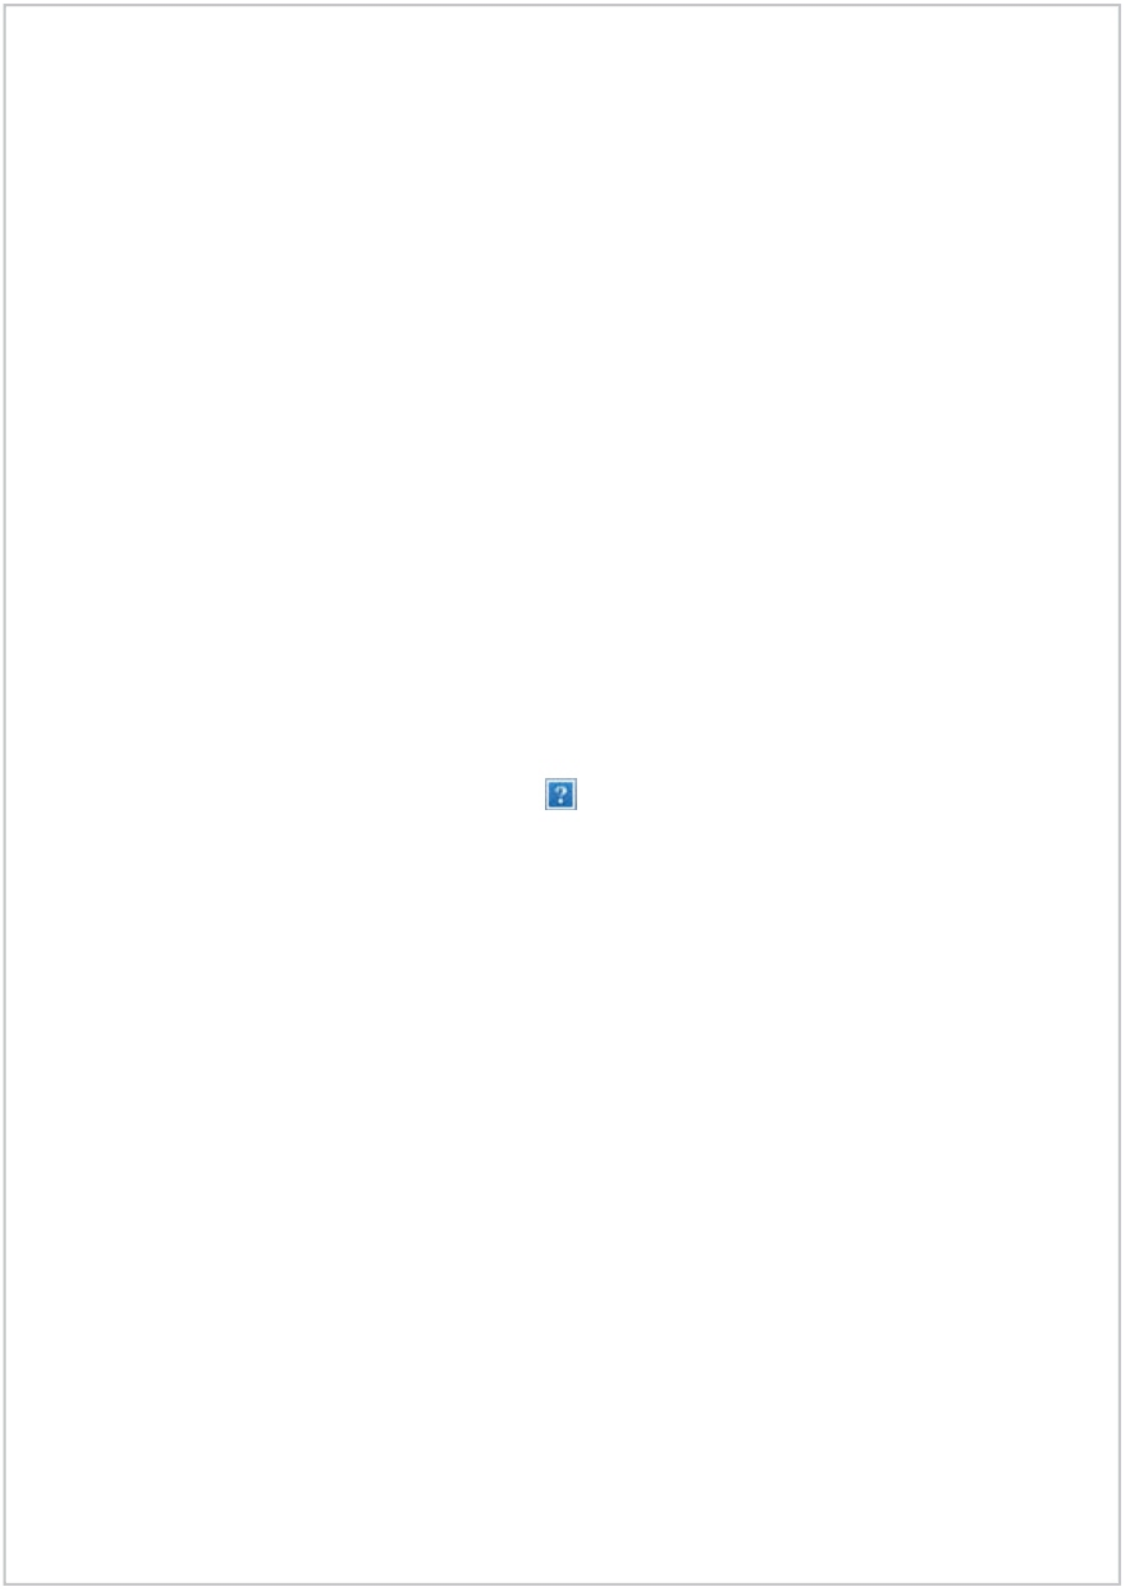
Thank you to ICBA for partnering on this luncheon!

Pre-paid luncheon guests will be automatically registered and a confirmation note sent to your In-Box.

Please forward this invitation to those who may be interested in attending.

Chamber luncheons are open to the public.



Join Chamber members & co-host ICBA to hear BC Opposition Leader Andrew Wilkinson's views on the upcoming referendum on electoral reform.

Mr. Wilkinson will discuss why a new voting system could mean the end of local representation, clear the path for fringe parties to make decisions in the BC Legislature, and why he believes the deck has been stacked by politicians to ensure the referendum succeeds.
Additional items on the agenda to be discussed include pipelines and new taxes.
Please register ASAP as seating is limited for this luncheon.

Cliff 205142

To: Rob Fleming (Minister of Education, British Columbia)

cc: Scott MacDonald (Deputy Minister, Ministry of Education)

Dear Minister Fleming

I'm a Professor and Canada Research Chair at the University of British Columbia, and also Strategy Director for Riipen, a Vancouver-based tech company that provides skills-based work-integrated learning to students across North America.

I'm writing to request a meeting to discuss how Riipen could assist with achieving the provincial government's goals. We will be meeting with Jeff Vasey at the Ministry of Advanced Education in early October in Victoria to discuss the post-secondary sector; we would be keen to meet with you, or someone in your Ministry, as well to discuss K-12.

Project-based work-integrated learning: Riipen's platform offers educators the ability to create new, creative learning opportunities for their students. Our platform is designed to allow students in any subject to participate in flexible, customizable, and project-based micro-experiential learning in collaboration with "real world" organizations.

We believe that work-integrated experiential learning is a game-changer for the province of British Columbia. It allows students to build a brighter future through applying their skills, gaining career clarity, and connecting to potential employers. Employers benefit by identifying and pre-vetting new talent, and reinvigorating their organisations through interacting with young people with fresh ideas. Educators benefit through greater flexibility to adapt teaching and learning to students' interests and exciting "real world" learning opportunities. At our meeting, we would love to demonstrate how a tech application can enable work-integrated learning to scale in a cost-effective, high-quality manner. We believe that Riipen's platform aligns extremely well with the new British Columbia Grade 10 to 12 curriculum, given its focus on workplace-ready skills/core competencies.

Brief background on Riipen: Riipen facilitates work-integrated micro-experiential learning opportunities for students with off-campus partners that include large companies, community organizations, government agencies, and not-for-profits. Currently, we are focusing on post-

secondary students, but we have begun initial pilots in with K-12 students; we are also engaged in strategic dialogue with partners active in the K-12 space (e.g. ICTC). In the post-secondary sector, we are currently active on over 120 campuses across North America, connecting over 25,000 students to real-world experiences in the past two years. Our academic partners include SFU, UBC, the University of Toronto, York, Concordia, and Berkeley. Although we work with large companies (Deloitte, Freedom 55, Thales, LinkedIn), the majority of the 10,000 companies in our ecosystem are small and medium enterprises that have never before had the chance to interact with post-secondary students. We would love to meet to share the lessons we have learned from connecting organizations of all sizes to students from all backgrounds for mutually inspiring work-integrated learning experiences.

Equity, diversity, and inclusivity: We are a "for purpose", mission-driven company with a core commitment to equity, diversity, and inclusivity. Enabling work-integrated learning via a technology platform helps students from equity-seeking groups and underserved disciplines to gain access. While valuable, the traditional model of co-op and internships can't scale cost-effectively. Our company has built a platform that can scale easily without sacrificing authenticity or quality. Our vision is that every student will have access to work-integrated learning regardless of geography, area of study, or background. We are particularly keen to support rural and Indigenous youth, and would be very keen to explore this issue with you in our conversation.

Our Ontario experience: Riipen was recently selected by the government of Ontario to be one of the key platforms for work-integrated experiential learning in the province, and we are currently working with over a dozen educational institutions in Ontario. This is part of the Ontario provincial government's strategy to support the recently mandated requirement that all higher education students should access experiential learning prior to graduation. We would be delighted to share some of the lessons we have learned from our work in Ontario, as we think they are highly relevant to your current discussions focused on K-12.

Meeting request: I have cc'ed Dana Stephenson (Riipen's co-founder and Director of Academic Partnerships) and Shawn Lestage (Riipen's Senior Academic Relationship Manager) on this email, and I do hope that you or a colleague will be able to meet with us in the coming months. Our headquarters are in downtown Vancouver and we would welcome a visit so you could meet our team. However we are equally happy to travel to Victoria to meet you at your convenience. Feel free to suggest some dates and times that work for you.

Many thanks for your time, and looking forward to hearing from you.

Best,

Karen

Dana Stephenson is Riipen's co-founder and Director of Academic Partnerships. Growing up in Vancouver, Dana helped out with his Dad's car repair business and then went on to study business at the University of Victoria's Gustafson business school. After graduation, Dana founded Riipen with fellow student Dave Savory. Both Dave and Dana are passionate about bringing work-integrated experiential learning to all students, regardless of background. Dana was recently named one of Vancouver's Top 30 under 30.

Shawn Lestage is Riipen's Senior Academic Relationship Manager. He brings with him extensive experience in both domestic and international higher education. He was previously a Co-Founder and Managing Director at Future Project, a higher education student recruitment agency, and the Manager, Real Estate Services at Simon Fraser University. Shawn holds a Master of Laws (LL.M) from the University of Toronto and a Bachelor of Laws (LL.B) (Honours, First Class) from the University of Sussex. He is a member of the Aboriginal Professional Association of Canada.

Karen Bakker is Riipen's Director of Strategy. She is also a Professor and Canada Research Chair at the University of British Columbia. Karen is a Rhodes Scholar with a PhD from Oxford, a Fellow of the

Broadbent Institute and the Trudeau Foundation, and a member of the Board of the International Institute for Sustainable Development. A passionate innovator, she has taught a Massive Online Open Course on the Harvard edX platform, and was a Top 10 finalist and winner of the "Plug N Play" Prize from the BC Innovation Council in 2015. She was named one of Canada's Top 40 under 40 in 2011. Karen has two daughters (currently in grades 6 and 10), is involved with a number of social impact initiatives focused on environmental sustainability, and is deeply committed to inclusive education for all of our youth.

Dear Minister Fleming,

The annual **Ag Day in Victoria** is being held this year on **Tuesday, November 6th, 2018** at the Hotel Grand Pacific. A delegation of farmers and ranchers will travel from across the province for the event and are available to meet with you anytime between 8:00 a.m. and 5:00 p.m. for an informal yet informative discussion on BC agriculture and food production. Please find the attached letter of invitation to participate in the above noted meetings.

We would appreciate your participation and request that you RSVP at your earliest convenience by contacting the BCAC office at 604-854-4454 or by email at communications@bcac.bc.ca

In addition, as part of this celebration of BC agriculture, you should have already received a separate "Save the Date" to attend a reception and agriculture showcase for the same evening. We hope that you can join us for this very special event.

We understand your schedule will be very busy at this time and it is our hope that you will be able to attend.

MEDIA RELEASE – September 20, 2018

Surrey Board of Trade Surrey Hot Topic Dialogue: Cannabis and the Workplace – Issues, Impacts, & Responsibilities

On October 17, a transformative law will change across Canada changing the way cannabis is grown, sold, possessed, and consumed. How will the new legislation impact businesses, the workplace, and human resource policies? Will taxpayers, tenants, and landowners be affected? What improvements to public safety are expected? The Surrey Board of Trade has been engaging businesses on the possible impacts for years. Join the Surrey Board of Trade to learn about the legislation.

"With legalization so close, Surrey businesses need to know how to prepare. Although the Government of Canada has released information, it does not directly respond to business needs," stated Surrey Board of Trade CEO, Anita Huberman. "This dialogue is an opportunity for businesses to ask questions and learn specific details that affect them and their city."

IPYG
INTERNATIONAL
PEACE YOUTH GROUP

Dear Peace Advocates,

Greetings,

I am Celina Cho secretary of IPYG Eastern Seoul and Gyeonggi Branch.

Our **4th Anniversary of HWPL World Peace Summit** which was held by **HWPL** and hosted by **IWPG** and **IPYG** finished its long journey successfully during the 3 consecutive days from 17th-19th September in 2018

Many representatives of various fields from 110 countries attended this summit.

There was a huge outdoor session in Incheon Asiad Stadium on 18th September, which was also

broadcast simultaneously in 97 countries globally telling us that people those who eager for peace are becoming as one with HWPL gradually.

HWPL World Peace Summit pursues beyond just the conference itself.

Rather it pursues an offering of chances to discuss about peace by gathering at one table with a **slogan** titled as **"Let's be a peace advocate and work for peace all together"** for all the politicians, religion leaders, experts of journalism, representatives of youth and women organization and citizens from civil society who attend the Summit since 2014.

Also leaders and citizens who take part in this summit are trying to achieve a goal with the same vision which declares, **"Let's achieve and settle down the sustainable peace for the current generation".**

The summit could build a stepping stone to implement and achieve the vision for peace in the end.

Therefore it is a place for a movement of a wide network and also a place where cooperation for an accomplishment of peace is achieving.

The theme of this **4th Anniversary of the WARP Summit** was **"Cooperation for accomplishment of peace: Establishment of peaceful society through the Declaration of peace and Cessation of war (DPCW)".**During the Summit we were trying to find out more practical ways about how we could make peace as reality by discussions within many sessions divided into various parts: youth, women, journalism and peace network and etc.

Each session was held for making an investment and an effort in bringing DPCW into UN resolution, culture of finding the trustworthy scripture and peace education.

Everyone who attended in this summit went back to their countries with conviction and hope saying peace can be achieved.

Currently, media in all over the world covered **HWPL 4th Anniversary World Peace Summit** which made great results and meaningful remains more than before.

Peace is a great asset transcending an era that we should leave for the next generation.

We sincerely thankful to all of your supports for making the **4th anniversary of the WARP summit** successful.

PRESENTATIONS BY CANADIAN ARMED FORCES MEMBERS DURING VETERANS' WEEK

September 18, 2018

During Veterans' Week 2018, from November 5 to 11, Canadians will come together to pay tribute to all Veterans who have served and who continue to serve this country with pride.

In support of Veterans' Week, current members of the Canadian Armed Forces (CAF) are available to give presentations at schools and community organizations across Canada as part of the Department of National Defence's National Veterans' Week Speakers Program.

The primary objectives of this program are to foster public engagement and underscore the importance of honouring our Veterans, past and present.

Our CAF speakers have a wide range of experiences to share. Each presentation can be tailored to your audience, no matter their age. Typical presentations include a speech, a slide show, a video, and a question period.

To invite a CAF member to your event or ceremony, visit the 2018 National Veterans' Week Speakers Program webpage (http://dgpaapp.forces.gc.ca/en/vet/index.asp). If you do not have access to the Internet, please contact our Veterans' Week coordinator, Mélodie Gratton at 613-943-6145.

Requests for speakers are filled on a first-come, first-served basis and are subject to the availability of a CAF member. You are encouraged to submit your request as soon as possible. We make every attempt to fill your request, resources permitting.

The deadline to submit your request is **October 19, 2018**.

Veterans Affairs Canada offers an array of free, bilingual learning resources available in electronic and print formats to help students remember the importance of honouring Canada's veterans. Materials can be ordered directly at: http://www.veterans.gc.ca/CanadaRemembers

On the day of your event or ceremony, you are invited to take photos during the CAF member's presentation and post the images to social media using the hashtags
#MyCAF and **#RememberThem**.

Sincerely,

Kirsten Goodnough
Director, Outreach and Speechwriting

PRÉSENTATIONS PAR DES MILITAIRES DES FORCES ARMÉES CANADIENNES PENDANT LA SEMAINE DES VÉTÉRANS

Le 18 septembre 2018

Tout au long de la Semaine des vétérans 2018 qui se déroulera du 5 au 11 novembre, les Canadiens se rassembleront pour rendre hommage à tous les vétérans qui ont servi notre pays avec fierté et ceux qui continuent de le faire aujourd'hui.

À l'appui de la Semaine des vétérans, les membres actuels des Forces armées canadiennes (FAC) sont disponibles pour donner des présentations dans les écoles et organismes communautaires partout au Canada dans le cadre du Programme national des conférenciers de la Semaine des vétérans du ministère de la Défense nationale.

Les objectifs principaux de ce programme sont de favoriser la participation du public et de souligner l'importance de rendre hommage à nos vétérans d'hier et d'aujourd'hui.

Nos conférenciers militaires ont une vaste expérience à partager. Chaque présentation peut être adaptée à votre public, quel que soit leur âge. En général, les présentations comprennent un témoignage, un diaporama, une vidéo, ainsi qu'une période de questions.

Pour inviter un membre des FAC à votre événement ou cérémonie, veuillez visiter la page Web du Programme national des conférenciers de la Semaine des vétérans 2018 (http://dgpaapp.forces.gc.ca/fr/vet/index.asp). Si vous n'avez pas accès à l'Internet, veuillez communiquer avec notre coordonnatrice de la Semaine des vétérans, Mélodie Gratton, au 613-943-6145.

Les demandes de conférenciers sont acceptées selon le principe du premier arrivé, premier servi, et dépendent de la disponibilité des membres des FAC. Vous êtes donc invités à soumettre votre demande dès que possible. Nous ferons notre possible pour honorer votre demande, si les ressources le permettent.

La date limite de soumission est le **19 octobre 2018**.

Anciens Combattants Canada offre toute une panoplie de ressources d'apprentissage gratuites et bilingues sous forme électronique et imprimée pour aider les élèves à se souvenir de l'importance de rendre hommage aux vétérans du Canada. Il est possible de les commander directement sur le site suivant : www.veterans.gc.ca/LeCanadasesouvient

Vous êtes invités à prendre des photos du conférencier des FAC lors de votre événement ou de votre cérémonie et à les publier sur les médias sociaux en utilisant les mot-clics **#MesCAF** et **#Nelesoubliezpas**.

Je vous prie d’agréer mes salutations distinguées,

Cliff 205246

Dear Science World Supporters,

We have exciting news! We are launching Symbiosis—Canada's first STEAM learning ecosystem - on **Saturday, November 3, 2018.** The official Symbiosis launch will be kicking off the day at our inaugural **Girls and STEAM** event.

On November 3, Science World will transform into an empowering space where accomplished women working in STEAM will share their stories and connect with budding scientists, entrepreneurs and engineers. This community-based event, focused on girls ages 12–14 pursuing their interests in STEAM, will consist of three elements throughout the day: a symposium, a STEAM showcase and a VIP reception.

We would love it if you could join us for the Symbiosis launch announcement at 9am on Saturday, November 3, at Centre Stage.

Included here are government officials from federal, provincial and municipal divisions, along with our Symbiosis partners, friends and donors to Science World.

SAVE THE DATE
Saturday, November 3, 2018

9am–9:30am
Centre Stage
Science World at TELUS World of Science
Vancouver, BC.

Invitations with details about the launch and VIP reception to follow.

I look forward to celebrating this pivotal moment in science literacy with you!

If you have any questions, please feel free to contact Magda Byma, Manager, Partnership Development & Science Promotion, at mbyma@scienceworld.ca or 604.443.7556.

NORTHERN EXPOSURE CONFERENCE 2018

Northern Exposure's dynamic model of information sharing creates a solid foundation for the development of a strong network amongst the arts organizers and artists in attendance. Round table discussions, collaborative panels, workshops and open floor discussions allow for attendees to be heard

and for solutions to be discovered with input from many sources.

In addition to workshops, round tables and networking, Northern Exposure also includes artist showcases to provide exposure to local, regional and provincial acts.

SEE YOU THERE!

We do not recommend that Minister take the meeting, however MRF could request that YELL meet with Ministry staff. In this case, it would be Emilie and Kim Lacharite.
Please advise how you would like to proceed.

It was also a pleasure to meet Premier Horgan and Minister Dix at the special announcement of the Business Plan for the new Acute Care Tower at Richmond Hospital. This project is very near and dear to my family and we appreciate the leadership of the provincial government in moving this much-needed capital project forward.
> As promised, I have reviewed the mandate letters for both the Ministry of Jobs, Trade & Technology and the Ministry of Education to understand how the work we are doing at YELL Canada fits into the larger context of establishing a Better BC as set out by the government. I would like to request meetings for YELL's Executive Director David Cameron and myself to meet with Minister Ralston and with Minister Fleming at a time that works for each of them. Please circulate the following with your colleagues in both ministries. Thank you.
> **YELL's Area of Focus**
> I am writing this email as an introduction to the Young Entrepreneur Leadership Launchpad, a federally registered charity delivering services to public school districts throughout BC. After reviewing the mandate letters for the Ministry of Jobs, Trade and Technology and the Ministry of Education, we have determined that we help accomplish the second and third commitments across both Ministries. We do this by providing support to teachers across ten school districts throughout the province and delivering services annually to 300 students who build bonds with their local business and community leaders. By leveraging our

relationships with post-secondary institutions such as SFU and UBC, in addition to our business networks, we are able to provide teachers with a dynamic pool of resources, experiences and opportunities that create the 21st-Century learning environment necessary to equip youth for their careers.

In respect to the Third Commitment of both Ministries:

"Our third key commitment is to build a strong, sustainable, innovative economy that works for everyone, not just the wealthy and the well-connected. Together, we are going to tackle poverty and inequality, create good-paying jobs in every corner of the province, and ensure people from every background have the opportunity to reach their full potential." - Ministry Mandate Letters

As an elective course, we have discovered that most high schools currently do not offer a for-credit entrepreneurship course. Yet, a course like Entrepreneurship, when supported by YELL, allows for experiential learning, connecting youth to opportunities in their community and exposing youth to the technologies and ideas that are transforming the world. One of our partners, RBC, recently completed a yearlong research study to discover how Canada might be able to assist youth in navigating an uncertain future.

"To help Canada's next generation do the disrupting instead of being disrupted, we need to start with 21st-Century skills — skills they can use to grasp new opportunities and surf the waves of technology and innovation that are changing the world." – RBC Future Skills Report

The report found that there's still too much focus on credentials in education, especially in fields that are already in the early throes of disruption. Instead of training people for the certainties of the past, we need to help them prepare for the ambiguities of the future. Which means preparing youth to work with knowledge that doesn't yet exist, using practices that haven't been developed and thinking about jobs that have yet to be created. (Please refer to the RBC Project Website and Report for more information).

We are encouraged by the Ministry of Jobs, Trade and Technology's establishment of the Emerging Economy Task Force and are hopeful that the findings will lead to opportunities for youth engagement and the development of necessary skills to meet future economic demands. We also recognize the shift in assessment techniques and focus on experiential learning in the Ministry of Education's new K-12 curriculum as an opportunity to develop these necessary skills.

In addition to the complexities the rapidly changing world presents our youth, a survey conducted by Ernst & Young found that 65% of young people aged 18-25 indicated their desire to start their own business. This further exemplifies the need for the development of entrepreneurial thinking and skills in high school.

The notions of a rapidly changing world are reflected by our student's account of their experiences in high school. Although Canadian students' PISA scores are among the top in the world, outgoing survey's of Grade 12 students in British Columbia reflect troubling statistics on how our youth feel about their preparedness for careers and a post-secondary education. Only 22% of graduating students in BC feel high school is preparing them for a job and only 37% feel that it is preparing them for post-secondary education (Source: BC Education Ministry Satisfaction Survey 2016). This is an area we are trying to impact with 80% of students that have gone through our programs reporting feeling prepared by their educational experience for both a job and post-secondary education. We're equipping them with the mindset, tools, and connections to help them figure it (a

job/education) out along the way, even if they don't know the answer or best approach. This gap in job/post-secondary readiness needs to be addressed to build an innovative economy.

Tackling Inequality

We are committed to equal access to education that supports entrepreneurial skills and mindset through our work with at-risk youth and underserved communities. Telus recently funded our expansion into Britannia Secondary School in Vancouver. Being an inner-city school, we found that 30% of students at Britannia come from households that receive income assistance. The YELL program will launch in Britannia Secondary School supporting students in Entrepreneurship 12 this September.

The Ministry of Forests, Lands, Natural Resource Operations & Rural Development has granted us $260,000 through the Rural Dividend Fund to expand our programming to Northern BC communities. School District 91 (Nechako Lakes) is our first partner district in Northern BC. SD91 is comprised of communities of fewer than 25,000 people, who are faced with net migration of youth to urban centers. Young adults (20-44) are leaving and not returning to these areas. Over 35,000 young adults left rural areas in British Columbia between 2001-2011 to pursue post-secondary education or employment opportunities (Source: www.strengtheningruralcanada.ca). It is important that we equip youth in these communities with entrepreneurial skills so they can navigate and create innovative opportunities locally as well as engage in, rather than being left behind by, the change we see led by urban centres. In addition to the challenges identified for rural communities, YELL will be engaging with the aboriginal communities of rural BC so that our programming can play a role in the larger context of reconciliation through education as 45% of students in SD91 self-identify as First Nations of Canada.

Harnessing the Innovation Economy

We are also committed to building B.C.'s innovation economy. We are connecting mentors and leaders in the innovation and entrepreneurship space to high school students to inspire and encourage new career paths that will build this economy. In the previous school year (2017/18), we connected 200 high school students in our programs with over 200 entrepreneurship and innovation mentors, guest speakers and judges. Nearly 20 guest speakers and mentors support every YELL classroom each year. Each YELL Class also visits up to three local businesses in their community during a special field trip to learn about the innovative businesses that are making strides in their own backyard. In addition to the inspiration these tours provide, we hope that this exposure helps us retain young talent by showing them the career opportunities that exist so close to home. All YELL students congregate at our Annual Venture Challenge where they present their innovative ideas and business plans to several panels of judges. This is our version of "Dragon's Den meets Provincial Sports Competition" adapted for entrepreneurship, innovation and leadership.

Further Details & Context

I would also like to provide further context on our work specific to each ministry:

Ministry of Education:

1. YELL is based on a model of cross sector collaboration to subsidize the funding and capacity constraints of schools to deliver real-world and community driven learning and projects, including mentorship, practitioner visits to classrooms, tours, educator training, and entrepreneurship projects driven by

community need and input. These types of opportunities are highlighted and prioritized in the revised BC curriculum, but teachers and schools are having difficulty delivering on them, as the burden to execute on these new opportunities are being given to teachers, as opposed to new staffing and roles (ex: a Manager of community partnership and learning opportunities at each school). To date, YELL has not charged any school district or student for our services. YELL is a charity that is philanthropically supported by generous donors and foundations that believe in the need for this type of educational experience.
2. Entrepreneurship courses as an elective are often not offered in schools that don't have a large enough student base to attract enrolment for the course to break-even. As such, YELL takes a unique approach of collaborate with school districts to roll-out a district wide program to ensure finances are not a barrier to delivering a world-class entrepreneurship learning opportunity.
3. YELL provides professional development opportunities for teachers to learn about the latest in entrepreneurship educational practices. We provide our content and materials free of charge to teachers, and act as a curator to work with post-secondary institutions and others to develop leading entrepreneurship curriculum and practices in high school classrooms. These changes help address the new requirements of the Applied Design curricular competencies outlined in the newly revised BC high school entrepreneurship courses.
4. We have signed an MOU with SFU to explore what it might look like to offer high school students SFU credit from the Beedie School of Business for their participation in a YELL supported course. This would signify the importance of entrepreneurial skills and knowledge being something that post-secondary institutions are looking for in students. (Please see attached article from BC Business Magazine).

Ministry of Jobs, Trade and Technology:

1. We are currently expanding on our capacity to deliver entrepreneurship learning and training in high schools in Rural BC - taking an opportunity that thrives in an urban environment, and understanding how to best deliver and ensure this opportunity exists in rural and northern communities. This includes the 2017 pilot and subsequent planned 2018 iCubed summit, a Northern BC Technology, Innovation, and Entrepreneurship summit for high school students and an entrepreneurship/innovation course delivered through a technological platform (video conferencing and mixed in-person delivery) to ensure equal access in even more rural communities that could not financially sustain the course through enrolment. (Please see attachment for 2017 iCubed Summit).
2. Our first Northern BC Pilot is starting in School District 91 in Fall 2018, with expansion planned over the coming years and $260,000 in funding confirmed from the Rural Dividend Fund to deliver the pilot and expand this opportunity to further Northern and Rural BC Communities.
3. In 2018, we worked with past Governor General David Johnston’s Rideau Hall Foundation and Powerplay Young Entrepreneurs to host the first Western Canada Young Entrepreneur Showcase at the Vancouver Convention Centre just before the launch of the BC Tech Summit. The event drew nearly 800 attendees including 50 students and a team of administrators from Northern BC SD91, 200 YELL students, their mentors, teachers, parents and the business community at large. (Please see attached post-event coverage from the Vancouver Star & event summary video).
4. Our Board of Directors is made up of a diverse set of stakeholders that are

guiding us in our approach and mandate, including the BC Chamber of Commerce CEO Val Litwin, SFU's Director of Entrepreneurship Dr. Sarah Lubik and entrepreneurial leaders from several industries.

Thank you for taking the time to learn about the work we are so passionately pursuing at YELL Canada. We are dedicated to making a positive impact on our next generation and would be grateful to meet with Minister Ralston and Minister Fleming to discuss how we can further assist in reaching their goals through our work.

I look forward to hearing from you and your colleagues.

Dear Andra,

We have received a note from the New Zealand High Commission of the upcoming visit of Hon. Kelvin DAVIS, Minister of Crown Maori Relations, Minister of Corrections and Minister of Tourism, to Victoria on October 4.

He is seeking meetings with B.C. Government officials, and would like to meet with Minister Fleming on the topic of indigenous education (this request may have been made directly to the Ministry, FYI). Min. Davis will be accompanied by New Zealand High Commissioner Daniel MELLSOP, a senior ministerial advisor and the Corrections Private Secretary.

Is Minister Fleming available to meet on October 4, and could you suggest a suitable time that works for his schedule?

Sincerely,

Dear Lindsay,

I need to confer with Ms Kidder about the agenda, but here are some other materials you requested:

1. Topic of the discussion:

Would BC's children and youth benefit from a citizen organization with these goals:

<!--[if !supportLists]-->• <!--[endif]-->Lead a conversation, both in [Ontario] and nationally, about the purpose, value and future of universal public education.

<!--[if !supportLists]-->• <!--[endif]-->Build links among key constituencies both inside and outside the education sector in [Ontario] to enhance a shared understanding of goals for public education.

<!--[if !supportLists]-->• <!--[endif]-->Provide evidence and use research to advance public education's promise, and to ensure that all young people have an equitable chance for long-term success.

2. Supporting materials:
Particularly this page, but the entire website is germane...https://peopleforeducation.ca/our-history/

3. Agenda being developed today.

Dear Minister Fleming,

We would like to invite you to join us on September 25th as we formally launch the ground-breaking Indigenous Law Degree Program here at the University of Victoria. This program is the first of its kind in the world and will further Canada's reputation as a leader in meaningful reconciliation across the globe.

We look forward to this program serving as a catalyst in the restatement and rebuilding of Indigenous legal orders in Canada. This program will help foster stronger communities and a more inclusive Canada.

Your incredible support in your role as MLA for Victoria Swan Lake and Minister of Education has been integral in our journey to this launch. We thank you for your continuing support and hope you will be able to join us for this historic moment.

In the meantime should have any questions, please do not hesitate to contact uviccgr@uvic.ca.

Dear Lindsay,

I need to confer with Ms Kidder about the agenda, but here are some other materials you requested:

1. Topic of the discussion:

Would BC's children and youth benefit from a citizen organization with these goals:
Lead a conversation, both in [Ontario] and nationally, about the purpose, value and future of universal public education.

Build links among key constituencies both inside and outside the education sector in [Ontario] to enhance a shared understanding of goals for public education.

Provide evidence and use research to advance public education's promise,

and to ensure that all young people have an equitable chance for long-term success.

2. Supporting materials:
Particularly this page, but the entire website is germane...https://peopleforeducation.ca/our-history/

3. Agenda being developed today.

4. Attendees:

Hi Andra,

I hope you're having an enjoyable summer and maybe getting some time off!

I was hoping to set up a meeting with Minister Fleming and myself representing BCEdAccess, possibly in August or September. I have no idea what the schedule is like for the Minister over the summer, but there are a number of topics our members would like me to address so we would probably need about an hour for presentation and conversation. I'm hoping for mostly conversation.

I am compiling the most pressing topics with our membership right now, but I thought it would be best to reach out sooner than later to see if we can find a time. As soon as I have the topics I will send that to you as well. They will obviously be related to inclusive education and I hope the meeting can be solution-oriented as I think the Minister is pretty well versed in the concerns at this point.

Please let me know if you think this can be arranged!

Warm regards,

Tracy

Thank you Lindsay,

I appreciate how busy the Minister must be. Is it possible for the BC Public Library Partners to be put on some sort of list for when the Minister has time in his schedule?

The meeting does not need to be in Vancouver, we would happily travel to Victoria.

We will continue our productive work with ministry staff and look forward to meeting with the Minister at his convenience.

Kind regards,

Babs

Staff advice: Ministry staff have no prior knowledge of the People for Education organization with which to provide advice. However, SFU's Your Education Matters project is well known, so recognizing that Annie Kidder is coming to B.C. in relation to that project, Ministry staff suggest a meeting between the Minister (with DM and ADM GAD) and Annie would provide an interesting opportunity for a short meeting. Upon accepting a meeting invitation, the Ministry will further research the People for Education organization and can provide further background information. Also flagging for DMO.

Good morning Mr. Shaker,
Thank you for your invitation for Minister Rob Fleming to attend a dinner for Ms. Annie Kidder,
which will be held in the Lower Mainland on Friday, September 21, 2018. Unfortunately,

Minister Fleming is unable to attend due to prior commitments; however, Minister is open to scheduling a meeting with Ms. Kidder if their schedule permits. If this is of interest, please let me know and we can look into setting a time once Minister's calendar firms up for September. My apologies for our delayed response, we appreciate your patience.

Hi Rob,

Hope you are well and enjoying some holiday time this summer. s.22

I am writing because Your Education Matters, SFU's education advocacy project, is hosting Annie Kidder in BC next month. She is founder and director of People for Education in Ontario, a leading organization of this type. Some of us would like BC to have such an organization.

If you or anyone you delegate would like to attend a dinner of 25 in the Lower Mainland on Friday Sept 21, please let me know. I'll save 2 seats for the Ministry. The purpose of the dinner is to hear Ms Kidder
and discuss her advocacy experiences with her. In Ontario she raises one million dollars a year for use on this cause.

Best wishes on your continued good work on behalf of BC's students. Many friends of education are grateful.

Best wishes,

Paul

P.S. Annie Kidder will keynote First Call's conference on Sept 22 at SFU Woodwards. I hope someone from the Ministry will be able to attend.

I believe our Office Manager sent to you a letter inviting you to our Fall Conference as our guest. We also sent a separate letter of invitation to Minister Fleming.

I wanted to let you know that in the letter sent to Minister Fleming we invited him to bring greetings to the group at the opening on November 8 on behalf of the Ministry. I hope you understand we have a tightly packed agenda and so there is only time for one Ministry greeting. I hope you do not think that we are remiss in not inviting you both to speak. We will be honoured for you to attend and hope to see you there.

Thank you in advance for your understanding.

I was thinking this for Facebook:

Great news for renters! I'm proud to be part of a Government that is listening to British Columbians on ways to make life more affordable for all British Columbians. Increasing rent by more than inflation was not sustainable, I'm looking forward to seeing how we will be building on this great work in the full report in November.

https://globalnews.ca/news/4489854/b-c-government-cuts-increase-annual-rent-allowance-2019/

Also not sure if an Instagram post is necessary- I can't find a good photo that would work. I looked through other MLA accounts and they don't seem to be putting it on insta either.

Best,

N

Hi W and V,

I was thinking of posting this on Facebook with the link to the Task force:

Great news for renters today from the Rental Housing Task Force, I'm proud to be part of a Government that is working to make life more affordable for all British Columbians. Looking forward to the full report in November

https://engage.gov.bc.ca/app/uploads/sites/381/2018/09/Rental-Housing-Task-Force-Recommendations-Letter-Sept-24-18.pdf

For twitter I was just going to Re-tweet Spencer Chandra Herbert.

Please let me know if you have any edits.

Hi Lindsay,
This will need to be cliffed, but don't worry about scanning the while binder, just the letter you sent to me. Please put a note in CLIFF saying "letter came with hard copies of supporting documentation, which are not attached to log". Not sure who should respond, but definitely not a Minister-level signature.
We certainly will need to come and grab the binder itself. **Julie B** – would you mind going over to the MO to pick this up?

Hi Laura,

We received this document along with a binder put together by Sd. 54 about the proposal to dispose real property. It hasn't been cliff'd. Will and I aren't sure what to do with it, can we send it over to you folks?

Thank you,

Hi

Updated staff advice

As per RMD - this should actually be for Minister reply. Also, there is a meeting regarding this issue at UBCM.

Thx.

Hi ladies,

Staff advice for 204456 was:

Project Officer is going to visit school w/c 6th Aug 2018. Would suggest waiting until after to draft response.

Note:
Replacement of the school is SD #1 priority, and has been for last 3 capital plans. The SD is preparing a Project Request Fact Sheet to accompany their capital plan submission but have requested an extension and will submit it very soon, by mid-august.
If there are further questions Rachelle Ray or Rosa Cutler can be contacted.

Can you please advise if there is updated staff advice? Should I send the CLIFF log back to RMD?

Thanks,
Ally

Dear Minister Fleming,

Thank you for coming to the SFU Burnaby Campus this morning for the important funding announcement in support of increasing intakes to the French Teacher Education Programs at SFU and UBC! During our conversation, I mentioned that the Faculty of Education is hosting an Innovation in Education evening in Victoria on October 18. We are using the evening to promote the Cmolik Prize and as the official launch of the 2019 Cmolik Prize Competition. I attach an information announcement of the event, and I would be delighted if you were able to join us, and ideally, offer some welcome remarks. We would be happy to provide you with highlights of past winners, demonstrating innovation in K-12 education in B.C.

We can arrange a more formal invitation if you like, and if you are interested, we will forward a more detailed events agenda. Thanks for considering!
