Dear Minister,

I am writing regarding the Memorandum of Understanding signed by the BC government and the government of Spain in 2016 for the purpose of establishing Spanish bilingual schools. I understand that this has been a year of transition, so I am now wondering if there has been any progress with these programs. Below I am copying the original article published on the Ministry's website.

Hi Will,

Happy New Year! I hope you had a restful break. Mike and I are currently working with United Way of the Lower Mainland.

I wanted to follow-up on this meeting request largely because United Way met with Niki this morning to talk about the need for a Provincial after school care model and their related work. The next step is to book a time for a tour for Minister Chen.

I wanted to flag the request for a meeting with Minister Fleming. I have attached the brief that Niki was provided with this morning so you are up to date as well.

Looking forward to discussing when it's convenient.

Dear Minister Fleming and team

I was pleased to meet with the Minister of Jobs Trade and Technology and his team earlier this week to review the highlights of the 2018 BC Tech report card and have since provided them with an embargoed copy of the full report. Please find attached a copy for your reference - embargoed until its release on Thursday 22 November, 2018. I'm happy to have a meeting or telephone call to provide further details and background as required.

A few key highlights:

- a 3rd straight A for BC's tech sector vs other industrial sectors in BC

- for the first time an A vs the tech sectors of other provinces

- a steady B- grade on economic inputs - no erosion since the last report but a clear call to action for more targeted initiatives related to talent and scale-up success

You would be very welcome to join us at the launch event on Thursday 22 November - 10am to noon at the BC Tech Hub - press will be in attendance. Please contact our Director of Strategic Communications and Policy, Theodora Jean at tjean@wearebctech.com with the names of any attendees.

Once the report is released at 10am on 22 November we invite you to share the link widely with your networks and on social media using the hashtag #BCTechReportCard.

Cliff 206682

Good morning Veronica,

I hope this email finds you well.

s.22

I am reaching out on behalf of Desire 2 Learn (D2L), a leader in education technology and learning analytics dedicated to delivering innovative solutions that transform the way students learn.

D2L builds learning technology for online and blended learning including for K-12 and PSE in addition to professional development solutions. D2L's cloud-based platform, Brightspace goes beyond managing learning to actually improving how students learn, making it easier and more flexible. At its core, Brightspace is a learning management systems (LMS) that provides instructors with the software tools needed to create, deliver and assess learning and training in the classroom or online.

You may already be aware that a few school districts, BC universities and colleges are D2L users and in reviewing the Minister's mandate letter and the Ministry website, I understand the

province is exploring opportunities to provide students with an education that is flexible and innovative - looking to expand choice and introduce engaging formats for student assessment. I am hoping to connect with you to discuss how D2L may be able to support the Ministry in their efforts to enhance student learning.

I would be happy to connect with you over the phone and perhaps set up a meeting in the weeks ahead.

I look forward to hearing from you at your earliest convenience.

Best,

Hello,

I have met with Minister Fleming previously regarding other health care issues as a Health Sciences Association of BC member. s.22

s.22

I would like to speak to early years mental health s.22

s.22

I currently work in the Early Intervention program at the Queen Alexandra which serves children from 0-5 who are at risk of developmental delay or who in fact have developmental challenges and medical conditions. The multidisciplinary teams are educated in what constitutes normal development and what doesn't. We are an early intervention program similar to other child development centres in the province.

Social and emotional development is critical to outcomes for children. CDC's are perfect for offering attachment based parenting classes as well as working on children's regulation. This often shows up as children who have behaviour issues or present as non responsive.

Child and Youth Mental Health intervenes when issues have become chronic and complex. Their overall mandate is not early intervention. We already employ some disciplines that can help with early signs of mental health issues including Infant Development Consultants, Occupational therapists, Supported Child Development Consultants as well as clinical social workers.

I would ask to see Minister Fleming as soon as possible given the recent airing of Charlie's story. This is one example of the need to find ways to address mental health support needs of children with special needs as well as their families. It is important to note there is research that suggests developmental challenges can be correlated to social determinants of health. Funding needs to be included in the upcoming budget hence my request to meet Minister Fleming in a timely manner.

Respectfully,

Anna s.22 Morton

Hello Mr Fleming,

I am contacting you to let you know that we are in the final stages of planning ResearchEd Vancouver. The event will be hosted by Mulgrave School in West Vancouver on February 8th-9th.

If you are not already aware, ResearchEd is a UK-based movement of research-informed teachers, founded in 2013 by Tom Bennett. The conferences have made a profound impact on evidence-based practice in the UK and other jurisdictions around the world. We are excited to be able to open up this crucial dialogue with BC educators. [Here is a link to the conference overview.](#)

We have already confirmed an impressive range of speakers (both international and local) including:

- Tom Bennett, founder of researchED
- Martin Robinson, author of Trivium
- Andrew Campbell, educator and writer
- Sachin Maharaj, PhD candidate and Canada Graduate Scholar in educational policy at the Ontario Institute for Studies in Education
- Jim Christopher, Head of Kenneth Gordon Maplewood School and Maplewood Alternative High School in North Vancouver
- Paul Bennett, Founding Director of the Schoolhouse Institute and Adjunct Professor of Education at Saint Mary's University in Halifax, NS Canada
- Michelle S Connell, Senior Policy and Project Officer, Department of

Education and Training in Victoria, Australia

- David Wees, Curriculum and Professional Development Specialist
- Jo-Anne Gross, Founder-clinical developer of Remediation Plus intervention
- Barry Garelick, Maths teacher, writer
- Vera Franjic, English teacher and teacher/ Twitter champion
- Robert Pondiscio, Senior Fellow at Fordham Institute
- Eric Kalenze, Director of Education Solutions for applied-research firm Search Institute, researchED US ambassador
- Professor Barbara Oakley, Professor of Engineering at Oakland University in Rochester, Michigan

Given the growing international prominence of ResearchEd, I am wondering if you would like to attend?

If you do have an interest, we would love your support in any capacity (conference opening, participate on a panel, etc) as your interest and availability dictates.

Please do not hesitate to be in touch if you have any questions.

Kind regards,

Martin

Dear Minister,

On behalf of the joint sponsors, the Faculty of Arts and Social Sciences and the Faculty of Education of Simon Fraser University, I am very pleased to invite you to Developing Minds through Reading and Writing: Practical Strategies for Critical Thinking in the Curriculum. The conference will be held at Simon Fraser University (Harbour Centre, Vancouver) on Friday, February 15th 2019. We would be especially honoured if you would present some brief opening remarks. We are also approaching the Honourable Minister Jinny Sims; Honourable

Minister Melanie Mark sent her apologies in response to our earlier Save the Date notification.

This one-day conference brings educators and administrators from BC secondary schools and post-secondary institutions together to share and explore key concepts and practices in teaching critical thinking skills through the literary arts at secondary levels. Building on the success of our 2018 event, this conference will focus on implementing critical thinking in classrooms through the literary arts and humanities. With a focus on critical reading and writing, the one-day workshop and break-out session format presents key speakers who will share their experience in the field alongside interactive roundtable discussion to develop practical strategies and comprehensive lesson plans for teachers.

Deanna Reder, a Cree-Métis scholar and professor in First Nations Studies and the Department of English at SFU, is our keynote speaker. She will be speaking on Indigenizing the Writing Curriculum, presenting an overview of current research and practice, and providing resources for educators. Recently elected to the College of the Royal Society of Canada, she is recognised for her scholarship promoting the importance of Indigenous literature within Canada's literary canon.

We look forward to welcoming you to the conference.

Dear Mr. Fleming,

We would love to have you join Kids Code Jeunesse (KCJ) at our fully bilingual Headline Astro Pi event happening at Lord Selkirk Elementary School in Vancouver on January 31st. More details on the event are copied below.

Yours sincerely,
Mavis

Astro Pi is an annual science and coding challenge (Oct 29 2018 - Mar 20 2019) developed by the European Space Agency (ESA) in partnership with Raspberry Pi, where student-written code is run on the International Space Station (ISS). As part of KCJ's involvement in Astro Pi, we will be offering free coding workshops in science centres across the country as well as supporting teachers in classrooms. This year, we've partnered with the Canadian Space Agency (CSA) to highlight and engage students across Canada in astronaut David St Jacques' mission.

KCJ is a Canadian partner for Raspberry Pi, charged with inspiring and encouraging students to be

active participants in space science, rather than just observers.

Top activities at the event include a live downlink with David Saint-Jacques where students have been invited to pose any questions they have about his mission in space, along with other coding activities related to the Raspberry Pi.

Your presence at the event to support the work of KCJ would be greatly appreciated to inspire early learners and congratulate local teachers who are taking risks to try new tools and learn new skills.

I hope your holiday season has been peaceful and joyous. I am contacting you on behalf of Mayor Lee Brain in Prince Rupert to request a meeting in order to discuss Wantage Road and how it relates to the needs of School District 52.

Mayor Brain, along with Maxim Mihic (representing DP World container facility in Prince Rupert) have a meeting scheduled with Minister Claire Trevena on February 13th at 1:00 pm in Victoria to discuss logistical capacity and access issues in relation to sustaining development and infrastructure. During talks with SD52 Chair James Horne and MLA Jennifer Rice, it has come to our attention that School District 52 is also affected by these inter-related issues.

If you could kindly confirm your availability to join Minister Trevena at the meeting on February 13th in Victoria, we would be most grateful. Also invited to attend: MLA Jennifer Rice, SD52 Chair James Horne, SD52 Secretary Treasurer Cam McIntyre, as well as Prince Rupert's CFO Corinne Bomben.

Thank you very much for your time, I look forward to touching base with your office again soon.

Kind regards,

Brianne

Honourable Fleming,

We are reaching out to see if there is any opportunity for us to partner with the Department of Education. We are a U.S. based non-profit that has focused intensively on youth & teen suicide prevention and recently expanded our services to include military veterans and first responders. We have received some interest from groups in Canada and Australia and are currently exploring the viability of expanding further to help. We excel at interactive presentations in all levels of schools that engage the youth, focus on resilience and hope, and in the process teach them that there is reason to continue. We offer assistance with techniques and actions to help when dealing with depression and anxiety for youth, have educational programs for educators on noticing the signs and symptoms of suicide, and more. We would love the opportunity to discuss with you or one of your designees in greater detail to determine if and how we could most benefit your department. We appreciate the consideration and look forward to hearing from you.

Dear Minister Fleming,

On behalf of Kelly Tweedale, I would like to invite you to join the Vancouver Symphony on January 26th, 2019 in celebrating our 100th birthday with 12 hours of free music! **s.22**
s.22

The festivities will be taking place in Downtown Vancouver at the Orpheum Theatre, the Annex, and the VSO School of Music. Performances ranging from large ensembles, renowned soloists, intimate chamber music and world music will reflect the diversity of Vancouver's musical scene.

In particular, we'd like to invite you to introduce the fantastic Vancouver Youth Symphony Orchestra, made up of some of the best young musicians in Vancouver. Often pulled in from school music programs, the nearly 300 students that play in the VYSO work with professional musicians, and range from ages 8 to 18. The VYSO performance will take place on the Orpheum Stage at 1:30 pm, and it would be our honour if you would say a few words, and introduce these fantastic young musicians.

We look forward to hearing from you.

The previous request from Deb was for MRF to attend one of her luncheons in Vancouver which MRF accepted but was unable to attend. Therefore would this meeting request be an accept? If so please advise:

- With Jenn McCrea as staff support? – see below in yellow, she has met with them previously in Vancouver
- Prebrief?
- Materials?

Thanks

Good morning Ms. Abma-Sluggett,

Thank you for the invitation. Minister Fleming is considering attending the 11am to 2pm December 20th Holiday Lunch if his schedule allows. Please confirm the location (John Oliver?) of this event and provide further details as they become available, such as itinerary and who will be attending. I will confirm in the first week of December if Minister will be attending.

Thank you,

Subject: RE: Take a Hike following up - proposed dates for the Minister to visit our program

Hello Veronica and Andra,

Veronica – thanks for taking the time to talk regarding finding a time to have Minister Fleming visit our Take a Hike program.

It's been a great start to a school year for our students and each of our classrooms have experienced their first out-trip of the year and are settling into a great school year. One of the highlights for us this fall, was having ADM Jennifer McCrae visit our Vancouver Take a Hike Program. It was a great day and the students and our team really enjoyed having her there. At the end of the visit – Jenn said “it would be great to have Minister Fleming visit the program” we couldn't agree more!

December brings some key dates and events for our classrooms when we focus on community and the spirit of giving.

On December 7th from 8:35am-11:35am in Vancouver we have our traditional Pancake breakfast.

We will be spending the morning sharing about community and making holiday cards for members of the community who support Take a Hike. We like to invite a handful of members of the community to share with our students about why they support Take a Hike.

On December 18th from 11-2pm– we have our holiday lunch at our Burnaby location

On December 20th from 11-2pm – we have our holiday lunch at our Vancouver location

*these lunches are a great opportunity to showcase the program, students and their successes. Students are involved in preparing the meal and sharing about their time at take a hike.

We are so grateful for the support that has been provided and would welcome the opportunity to showcase the program to Minister Fleming and provide an update in person.

As discussed on the phone, we appreciate how busy the Minister's schedule is and would be happy to arrange a time to have him see the program and provide an update. Alternatively if this does not work with the Minister's schedule, we would be happy to or arrange a time to come to Victoria so that we can give him an update in person.

Thank you for your time and consideration!

Kind regards,

Deb

Happy New Year! I hope you had a restful break. Mike and I are currently working with United Way of the Lower Mainland.

I wanted to follow-up on this meeting request largely because United Way met with Niki this morning to talk about the need for a Provincial after school care model and their related work. The next step is to book a time for a tour for Minister Chen.

I wanted to flag the request for a meeting with Minister Fleming. I have attached the brief that Niki was provided with this morning so you are up to date as well.

Looking forward to discussing when it's convenient.

Hi,

In anticipation of receiving a formal notice from the Speaker's office regarding Guests for Opening Day, Government MLA's and Ministers will be provided 2 tickets each to the Throne speech which will take place at 2pm on Tuesday, February 12th.

The Whip's office would like to start canvassing Members now in preparation for Opening Day. **Please email me your Member's guest name (first and last name) along with their email address by Friday, February 1st**. For Members who have no guests or have not provided names by end of day February 1st – these extra guest tickets will be sent to the Premier's office to use.

Please note – the Speaker's office will be sending out a formal notice (not sure when) providing a later deadline to submit guest list for Opening Day, however, the **Whip's office is requesting guest names by Friday, February 1st**.

In regards to guests for Budget Day, Tuesday, February 19th, the Minister of Finance office will be coordinating this and you will receive information from their office closer to Budget Day.

FYI - this email will be forwarded to CAs, LAs and MLAs private emails. Any questions please let me know.

Thank you for your assistance.

Yes, paid for by the ministry. They were funded out of the \$2M the ministry gave the district to deal with a number of issues related to the fire loss. It makes up the bulk of \$2M but there are other associated costs like site prep, delivery and some design.

The activity on Hornby is attracting the attention of local and regional media, rightly so, and Ian has delivered three well-articulated interviews to give a complete detailed update on the modular construction now underway on Hornby.

Chek News conducted an interview earlier and can be read at this link <https://www.cheknews.ca/comox-valley-school-district-targets-feb-19-to-open-temporary-school-on-hornby-island-525270/>

The story was quickly picked up by other outlets including CTV News (for which I was able to answer questions based on the information from the morning interview) and Times Colonist. Erin Haluschak, The CV Record, will be covering the story as well.

Links to the respective stories will be provided in a subsequent email.

I will add that Ian's in-depth knowledge, having been so instrumental in advancing the project to where is today, was clearly articulated during the interviews that you might not necessarily read in the article. Given the dynamics involved in a project of this magnitude, Ian presented the information to reporters methodically and with confidence leaving very little doubt these students are a top first priority. Well done Ian. I believe the community of readers and listeners on Hornby and beyond will feel rest assured that the school community on Hornby will be nothing but great (if it isn't already)!

Hats off to your team as well, Ian!

Subject: Invitation to a press conference and meeting with the Commissioner of Official Languages

Hello,

The Commissioner of the Official Languages Raymond Th  berge will be in Vancouver on February 13th, 2019 to host a press conference for the launch of his new study *Accessing Opportunity: A study on challenges in French-as-a-second-language (FSL) education teacher supply and demand in Canada*. The launch will take place in a school of the Vancouver School Board.

As Mr. Fleming knows, Mr. Th  berge is very interested in this issue and closely monitors this across the country. Canadians want their children to benefit from learning French and enrollment in these programs is continuously growing, while school boards are struggling to find an

adequate supply of qualified teachers. The issue impacts students across the country and we know that B.C. has programs in place that could serve as a model for all of Canada, which is why we feel that a launch in B.C. will have a great impact.

We support the province of BC in taking positive measures to address this important issue. Commissioner Théberge and Mr. Fleming had the opportunity to discuss this matter during their last bilateral meeting July 12, 2018. Thus, we would like to invite Mr. Fleming to this event and give him the opportunity to make an address during press conference. This press conference will be at 1pm on February 13th and will host a room of government representatives, stakeholders, university researchers, FLS teachers, principals, superintendents and students.

As well, if Mr. Fleming accepts to attend this press conference, Mr. Théberge would also like to take the opportunity to hold a 30 minutes bilateral meeting with Mr. Fleming just before this press conference. I look forward to Mr. Fleming response.

Subject: Follow-up - RE: (Cliff 203797) Meeting with the Commissioner of Official Languages

Hello Andra,

This e-mail follows the July 12, 2018 telephone conversation between Minister Fleming and Mr. Theberge, Commissioner of Official Languages of Canada.

During this call they both discussed the following topics:

1. **Shortage of French language Teachers in BC:** The Commissioner has high interest in this issue and his office is currently conducting a research into the supply and demand problems of FSL teachers;
2. **French Language Education in BC :** Accessibility to land for the construction of schools;
3. **Action Plan for Official Languages 2018-2023:** Transparency in the transfer of funds from the province to school boards and the status quo of the funds for the education sector in its impact on the *Protocol for Agreements for Minority-Language Education and Second Language Instruction*.

At the end of the conversation, Mr. Fleming suggested a follow up conversation in the fall and possible support from M. Theberge to a delegation of ministers of education in their effort in requesting additional resources to the federal government.

We know that negotiations are well underway and our goal is not to interfere but if Mr. Fleming want to have a follow-up conversation as suggested to discuss possible venues of support from Mr. Theberge in his capacity as Commissioner of Official Languages, please let me know and I can coordinate a conversation.

Could you follow-up on this with Mr. Fleming and get back to me if any further actions are required. I will then update Mr. Theberge's office as a follow-up to their July 12th conversation.

Thank you,

Chantal Alarie

Hello/Bonjour,

Mr. Raymond Théberge, Commissioner of Official Languages of Canada, will be in Vancouver on July 3rd, 2018 and has asked to meet with the Mr. Rob Fleming.

Mr. Théberge has joined office last January for a seven-year term. It would be timely for him to introduce himself and share its vision on bilingualism and linguistic duality. Mr. Théberge is particularly interested in the *Action Plan for Official Languages 2018-2013* and has committed to keep a close watch on how the government plans to coordinate and implement the initiatives described in this Plan. In light of this plan, he would like to discuss priorities and issues of French-language and immersion schools in British Columbia, including the increase of funding for the recruitment of French-language teachers?

Would Mr. Fleming be available to meet Mr. Théberge on July 3rd in Vancouver for a 45 minutes discussion ? Around 3 pm would work well for Mr. Théberge.

Thank you for following up on this request.

If MLA Sturdy would like to engage with Minister Fleming on this issue, he would need to write a formal letter, at which point Minister Fleming can respond with an appropriate response.

Hope this helps clarify – let me know if you need anything else.

Subject: Meeting

Hi folks,

PS Dean would like a briefing from your ministry on the work that's happening in schools related to SOGI implementation, as well as sex education. This isn't urgent, but I wanted to get it in the works. Post-budget would be best on my end.

Let me know if you have questions.

Thanks,
Molly

CWS couldn't find anything either. I think it would be easiest if staff could contact the parent directly, and we can provide an update of how the call went for you and MLA Cadieux's office. However, we would need a consent form and the parent's contact info. Would you mind asking the constit office for this?

Dear Honourable Rob Fleming

As I said in my previous email I'm a grade 9 student in the Flex program at Reynolds. I am doing a petition to ask that the voting age be made 16 in BC and am writing an article about this issue. Andrew Wilkinson has agreed to talk to me on the phone so I can hear his opinion on this issue. I was wondering if you would be interested in doing something similar. If that's not possible, it would be great if you could email me with your thoughts on this question. I just want to hear every side of this issue.

Thank you for your time,

Mira Blakely

Dear Honourable Rob Fleming

My name is Mira Blakely, I'm in grade 9 at Reynolds Secondary in the Flex program. I am writing to you to address the voting age and the possibility to lower it from 18 to 16 in BC. I am going to be writing an article on this and I was hoping you could answer some questions so I can have many perspectives on this possibility. I want to know why you think the voting turnout is so low especially among 18-25 year old? (Only 56% voted in the 2017 provincial elections) What do you think is the

solution to this? Do you think the voting age should be lowered to 16? Why or why not? I would greatly appreciate if you could give me your opinion on this issue even if I can't vote yet. If you have anything else to say that would be amazing or if you would be interested in talking to me more about this, I would appreciate it. I hope you can get back to me as quickly as possible since the article is due on Wednesday December 19th. However if you can't answer by then, I would still like to hear your opinion. I'm working on a petition to make the voting age 16 and that's not a school assignment and whether or not you support this I want to know both sides. Thank you for your time.

Sincerely,

Mira
