Subject: 2018 DL Review questionnaire data
Date: February 8, 2021 1:00:59 PM

Hi.

Here's what we asked schools "In the last 5 years, what proportion of your school's DL students have come from other school districts (i.e., as compared to from within your district)? Note the question did not reference whether the district was the 'Authority' district or 'Non-Authority'. Need to keep this in mind.

DISTRICT	X-ENROLLS (out of district students served)	COMMENTS
SD06 (Rocky Mountain)	40%	
SD08 (Kootenay Lake)	60% - 65%	This is DESK only
SD22 (Vernon)	50%	
SD40 (New Westminster)	60%	Hume Park (K-9)
SD40 (New Westminster)	100%	Island Discovery – now operated by SD47
SD47 (Powell River)	67%	Mainly from Comox
SD58 (Nicola-Similkameen)	70%	
SD60 (Peace River North)	40%	They also service the Yukon
SD63 (Saanich)	67%	
SD71 (Comox Valley)	65%	
SD75 (Mission)	40% - 45%	
SD91 (Nechako Lakes)	90%	

Note:

- SD82 (Coast Mountains) recorded their number as 20% - 25%. This will be different this year, however they are the Authority school for students not in their catchment.
- SD93 – they are unique

Hi Sue,

It's not online learning. I'm not certain it's curriculum, but that may be the best starting point for it.

Thanks

J

Hi Jennifer, I need to assign this to staff for bullets however I'm not sure that this falls into the online learning category or if it's actually curriculum. Can you have a quick scan and let me know what you think?

Thanks, Sue

Subject: MLA Kang bullets re self-learning program

Hi Sue. MO has been contacted by MLA Anne Kang (Burnaby-Deer Lake) looking for some info to provide to a constituent who wants to see a program he created be taught in schools in BC. Please provide some MLA bullets due to DMO by noon, Friday, January 22. Emma will follow up with eAp and CLIFF #.

Many thanks!

Hello EDUC staff,

A constituent of ours, s.22

would like to present a self-learning method he created

s.22

s.22

Full details of his program are outlined in the email thread below.

Please let me know if I can obtain any more information from s.22

Thank you,

Jackie Tsaur (she/her/hers)

Constituency Assistant | Anne Kang, MLA Burnaby-Deer Lake

Hi Jackie,

Yes, you have understood my ask correctly. Thank you for your kind communication on this topic.

We all know that schools have their strategic plan to achieve annual goals in teaching and learning in every school district, which includes encouraging and appreciating the contributions made by their students, families, and community partners. To enhance and support opportunities for student voice and parental engagement, s.22

s.22

Self-learning methods help us avoid certain cost of education. We really do need to find a way to make education affordable for those who want it, who will do good things with it but who are not born to it. s.22

s.22

No matter where people live some will do better than others by virtue of work ethic, or natural intelligence or personal attitude. What seems to be important is any consideration of the personal characteristics of individuals. s.22

Hi s.22

Thank you for your email, and for your kind words! Apollo Chung no longer works at this constituency office. We are more than happy to follow up with MLA Anne Kang about this matter, s.22 so a response may be delayed.

I want to make sure that we've understood your ask correctly. From what I gather, you are proposing self-learning methods that can be introduced throughout schools that students can use at home to boost time management and concentration, and more effectively retain the material learned in class. Is this correct?

If possible, it would also be great if you can send some examples of the strategies used s.22
s.22

Warm regards,

Jackie Tsaur (she/her/hers)

Subject: Fw: to make an appointment with MLA: Hon. Anne Kang

Dear Hon. Anne Kang,

Congratulations! You were re-elected as the MLA for Burnaby - Deer Lake in 2020 and serve as Minister of Advanced Education and Skills Training.

Thank you very much for your holidays' greetings to me - s.22

s.22

I hope that Apollo Chung, your previous constituency assistant, has forwarded to you my email on the topic of self-regulation that is being advocated by BC government for years. To help people understand self-regulation and its importance in the early years and for lifelong success, and how self-regulation is connected to children's learning, I have evidence-based, practical domestic (home) strategies to support children's self-regulatory skills in the early years from home. With communication and collaboration, every parent can be an agent of change to help children learn adaptive ways to manage their feelings and use prosocial behaviors in order to conquer potential teaching hurdles and student challenges in classrooms.

s.22

s.22

I wish that you would make an appointment for a meeting with me in person or virtually in order to bring my idea to the City of Burnaby and BC government..

Merry Christmas and Happy New Year!

Sincerely,

s.22
