**Subject:** Seabridge Gold - Letter Regarding NTL Costs - Meeting with Minister Bennett Sept. 9, 2013

Minister,

I received this email from Seabridge today as a follow up to our meeting with them yesterday.

Attached are the letters that were brought to your attention during the meeting that you indicated you had not seen.

I am copying both Dave and Les so everyone is looped in to continue the discussion on the issues that Seabridge is facing.

Additionally, I will be working with ministry staff to draft up a rush minister's response to the attached letter.

Let me know if there is anything else I can do to support you with this.

Frankie

**Subject:** Seabridge Gold - Letter Regarding NTL Costs - Meeting with Minister Bennett Sept. 9, 2013

Ms. Nash,

We appreciated the opportunity to meet with Minister Bennett today to present our concerns regarding the costs facing Seabridge arising from various BC Hydro matters and policies. As discussed, I am forwarding our letter for your reference.

I thought I would also mention that Seabridge raised these issues last fall with BC Hydro when it was consulting with industry about the NTL Tarriff (Tarriff Supplement No. 37). I also attach our letter on the matter for your records. In response to our letter BC Hydro provided an explanation of why the Tarriff made sense as proposed.

In light of the difficulties I have had getting e-mails through to the Minister's office, I would appreciate it if you could confirm receipt of this e-mail.

Regards,  
C. Bruce Scott  
Vice President, Corporate Affairs and Corporate Secretary
