Les,  
The best day is Thursday at a time of your choosing. Once you confirm a time I will send call in numbers. With regard the firm energy issue, my understanding is that in the Cape Scott 1 contract, GDF has one year post COD to make changes to their firm energy (this is coming up in November). That was the clause that was going to assume the capacity of Cape Scott 2 so they had not yet elected to increase it yet. I understand they would like to move forward to make upward changes as long as that doesn't impact settlement decisions going forward (or they can get an extension to increase post settlement). They look forward to the discussion.

Les,

GDF met with the Ministers office last week and were re-directed to you on several key aspects of these discussions. The company has a Board meeting and also a discussions with their funding partners next Wednesday so were hoping to touch base with you before then so they could go into those meetings with either answers or directional thoughts they could present to their decision makers.

Some things they would like to cover include:

- Any questions on submissions?
- Next steps?
- Firm energy deadline in November

If your schedule allows, can we ideally set something up for later this week?

# GDF SUEZ Canada Inc.

September 4, 2014

**GDF SUEZ**

BY PEOPLE FOR PEOPLE

## Agenda

- Introduction to GDF SUEZ
- Introduction of new staff
- Overview of BC Activities
- Discussion of Cape Scott 2

GDF SUEZ

# Our Global Footprint

147,200  
employees

€81.3bn  
in 2013 revenues  
(\$108 billion U.S.)

113.7 GW  
of installed power-production  
capacity

10 GW  
of power-production capacity  
under construction

\* Running. \*\* Under construction.

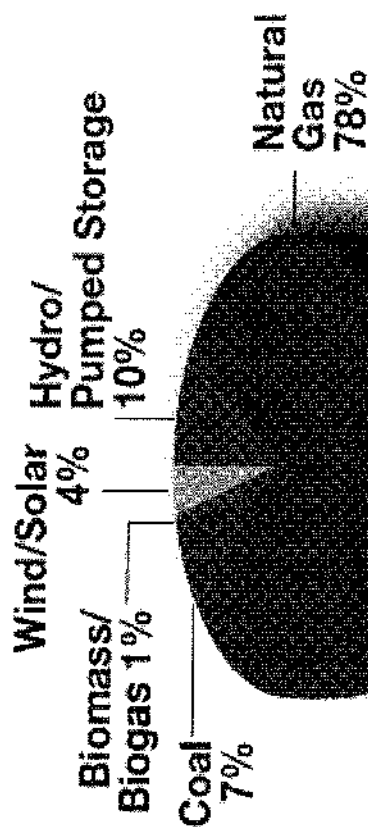

Present in close to 70 countries

GDF SUEZ

## GDF Suez North America

- About 2,200 employees in the U.S., Canada, and Mexico
- #1 terminal player in LNG in the U.S., serving natural gas, power, and industrial needs in New England for more than 40 years
- Approximately 13,000 MW of power generation — 32 wind, hydro, solar, and biomass/biogas facilities with a generation capacity of nearly 1,000 MW
- Among the largest retail electricity suppliers to commercial and industrial customers in the U.S.
- A Top 5 wind operator in Canada
- #2 Local Distribution Company in Mexico serving 400,000 customers, with a large and growing gas pipeline business and 3 cogeneration plants

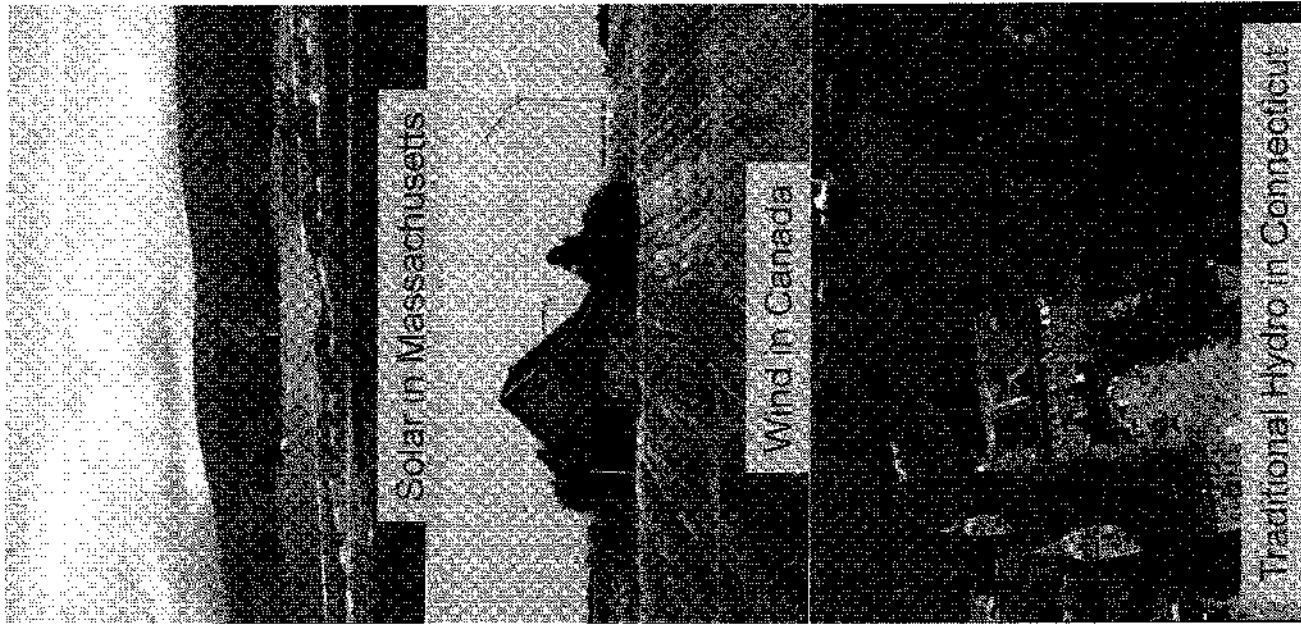

## MEGAWATTS BY FUEL SOURCE

GDF SUEZ

## Renewable Generation

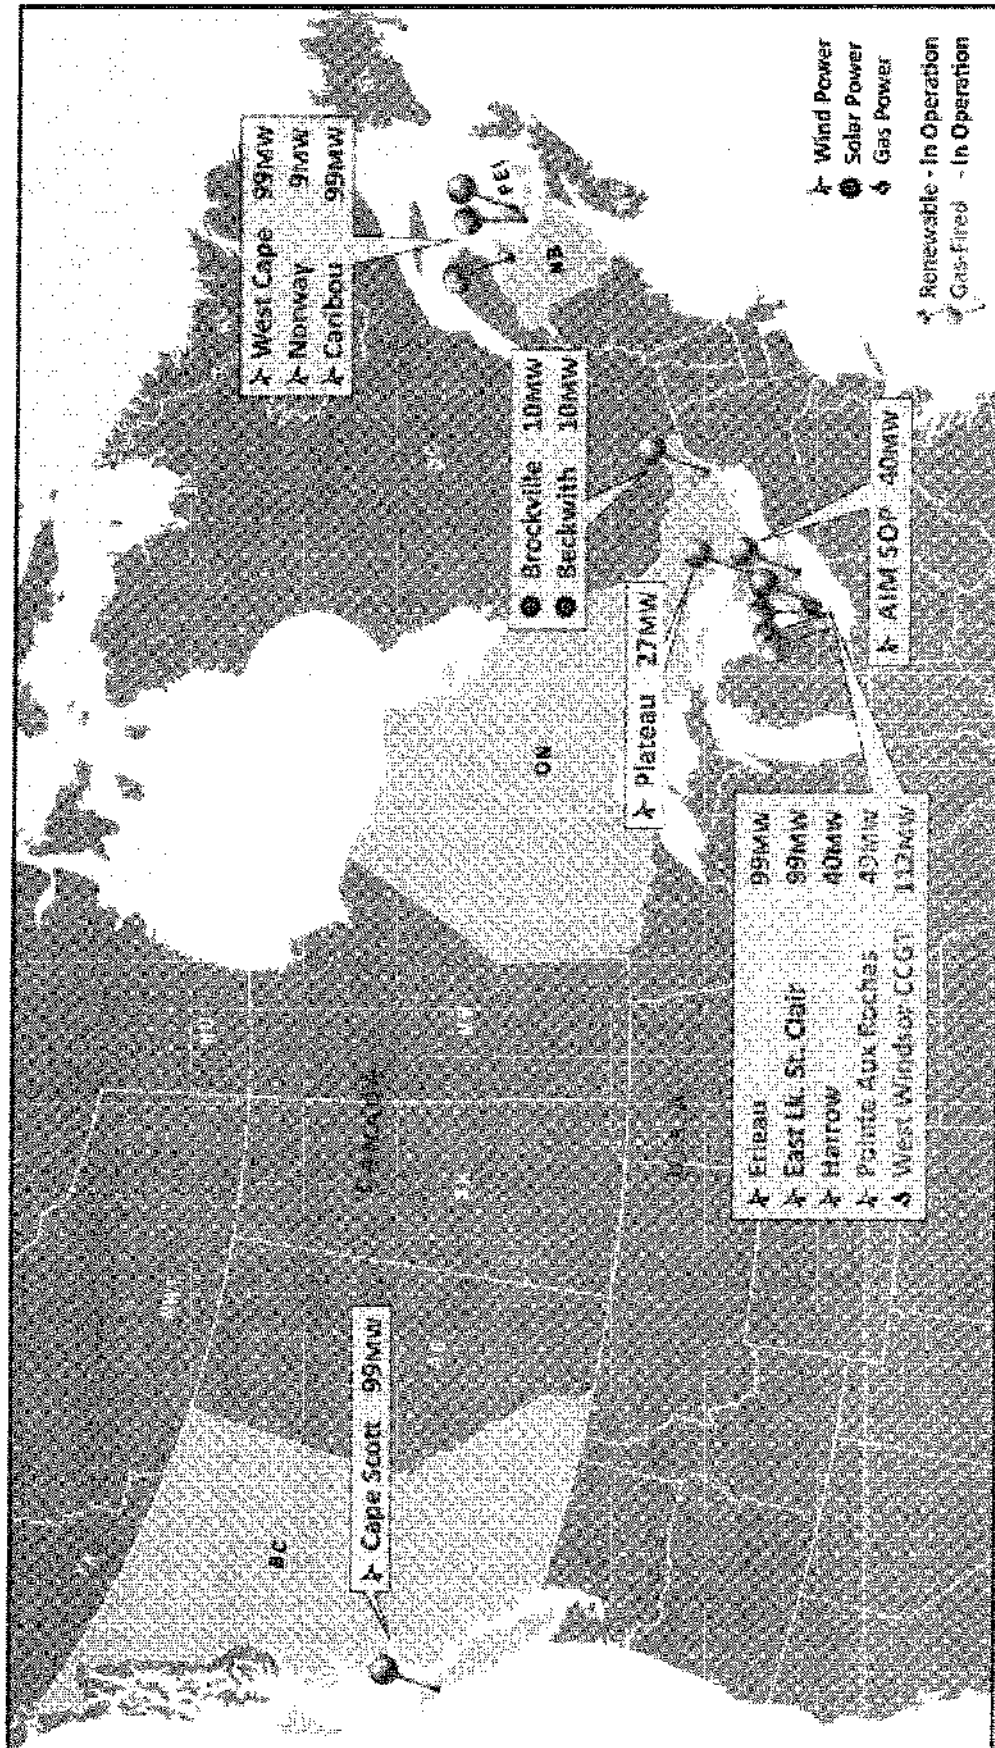

- The North American renewable portfolio consists of 32 wind, solar, hydro, and biomass assets, with a capacity of close to 1,000 MW. Additionally, two pumped hydro storage operations have another 1,153 MW of capacity.

- Wind Operations
  - 10 facilities, 660 MW
- Hydro Operations
  - 12 facilities, 173 MW
- Pumped Hydro Storage Operations
  - 2 facilities, 1,153 MW
- Solar Operations
  - 3 facilities, 22 MW
- Biomass/Biogas Operations
  - 7 facilities, 117 MW

*GDF SUEZ*

# GDF Suez Canada Inc.: Projects in Operation

## **GDF SUEZ Canada Inc.: Staffing Changes**

- **Lynn Byrd** has replaced Mike Crawley as President of GDF SUEZ Canada Inc.
- **Bonnie Hiltz** has replaced David Timm as Government Relations and Regulatory Affairs Advisor
- **Rob Maitland** has been hired as the Director of Business Development

## **GDF SUEZ Canada Inc. in BC**

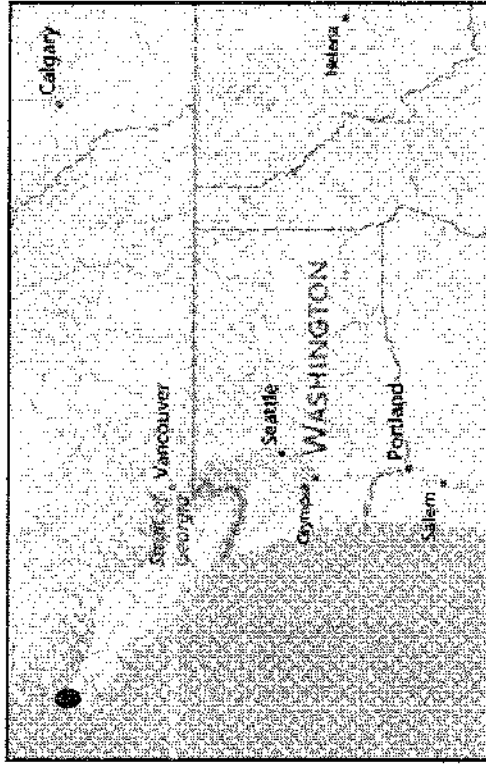

- Cape Scott 1 was awarded a contract for 99MW under the 2008 clean energy call. International Power Canada (later GDF SUEZ) purchased the project from Sea Breeze in 2010.
- Actively pursuing other project opportunities, including natural gas, wind and hydro in Kitimat, Prince Rupert and Terrace regions
- Closely monitoring upcoming decisions on Site C and LNG facilities, as well as other opportunities for renewable energy projects.

## Cape Scott 2 Expansion

### Background

- Began exploring expansion at the request of the Ministry in 2012
- BC Hydro passed board resolution to negotiate EPA in 2012
- Assumed all development costs post 2012
- Agreement with Rupert Peace to purchase the project upon EPA signing
- Lengthy and technical negotiations with BC Hydro ensued over connection line.  
Agreement finally reached for feasible connection

GDF SUEZ

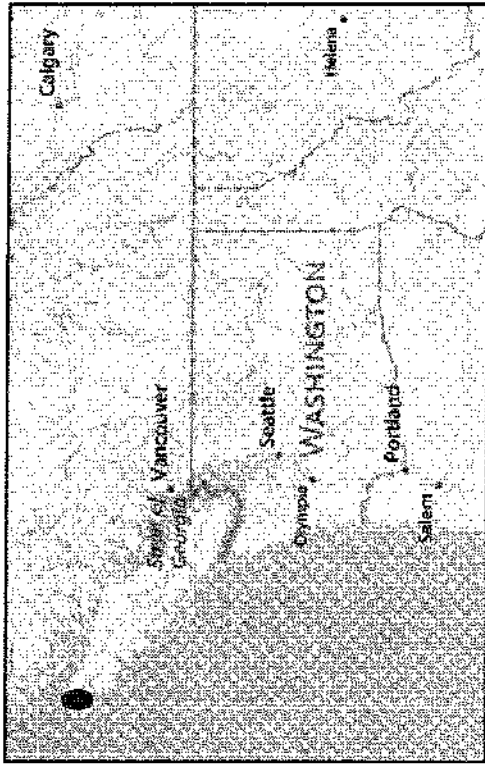

# Cape Scott 2 Expansion

## Current Status

- PPA amendment with BC Hydro finalized
- Interconnection agreement finalized
- Financing for the expansion had been secured with JBIC
- Halted development and cancelled financing upon recent decision not to proceed
- Summary of project costs of \$5.5M sent to Ministry staff July 31, 2014

## Next Steps

- Discussion of costs and alternatives

GDF SUEZ
