

THE GOVERNMENT OF  
THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF MINES AND PETROLEUM RESOURCES

MINES REGULATION ACT

**PERMIT**

AUTHORIZING SURFACE WORK

(Issued pursuant to section 11 of the *Mines Regulation Act*.)

Permit No. 85

Issued to Cominco Ltd.

for surface work at the H.B.

mine(s).

Located at Salmo, British Columbia

and subject to the appended terms and conditions, all of wh

Issued at Victoria, British Columbia, this 28 day of March in the year 1973

*W. L. Hartley*  
Minister of Mines and Petroleum Resources

## TERMS AND CONDITIONS

1. This permit is issued subject to all the terms and conditions of section 11 of the *Mines Regulation Act*.
2. The permit is for a period of five (5) years. It is renewable on application, and upon evidence of satisfactory performance.
3. Pursuant to subsections (6) and (7) of section 11 of the Act, security as specified by Order in Council No. 1051, approved on the 28 day of March, 1973, has been deposited with the Minister of Finance in the amount of ten thousand dollars (\$ 10,000.00 ).
4. The report, dated January 5, 1973, as filed with the Minister pursuant to subsection (2) of section 11 of the *Mines Regulation Act*, together with all revisions and amendments thereto, and as approved by the Minister, is an integral part of this permit.

### OTHER

5. Topsoil and overburden soil stripped from the surface shall be conserved, as feasible, for possible useage in the reclamation of disturbed areas.
6. The permittee shall carry out, to the satisfaction of the Chief Inspector of Mines, investigations and research covering:
  - (a) the location, stability, and erosion control of waste dumps, tailings ponds and stockpiles:
  - (b) the protection of watercourses, as applicable:
  - (c) the reclamation of all disturbed areas.
7. The permittee shall, within sixty days of receipt of this permit, submit to the Chief Inspector of Mines an outline of the investigations and research on reclamation to be carried out during the balance of the calendar year 1973. *done*
8. The permittee shall report to the Chief Inspector of Mines on the investigation and research on reclamation carried out during the calendar year, showing the results obtained therefrom. Such report is to be submitted by January 31, 1974. *NY*
9. At the same time that the report is submitted under (8) above, the permittee shall submit detailed plans of the investigations and research on reclamation that will be carried out during the next calendar year, 1974.
10. When the investigations and research on reclamation have advanced to the stage where the permittee is able to submit detailed plans and programme for the reclamation of watercourses and disturbed lands, the permittee shall submit such detailed plans and programme to the Chief Inspector of Mines for his approval.
11. Upon approval by the Chief Inspector, such plans and programme shall become a part of the permit.

. . . 2

NOTE.—This permit applies only to the requirements under section 11 of the *Mines Regulation Act*. Other legislation may be applicable to the mining operations, and this permit in no way abrogates the responsibility and obligation of the permittee under such other legislation.

12. The approved plans and programme shall be carried out as provided for under Section 11 of the Mines Regulation Act, and as directed by the Chief Inspector of Mines.
