Hello Catherine,  
Hope you doing well.

A significant amount of time has passed since the request for the amended traffic study and reclamation bond. We would appreciate hearing from you on this matter.

Cheers,

**Maryann J. Bouffard**

Hello Catherine,

I am pleased to hear from you that this is moving forward. The actual time to draft a permit does not take long however, please note this is not say that a decision has been made regarding your application. A decision will be made once all required documents are received for full review.

Cheers,
