No real surprises here, but let's start with:

- Mayor of Hope
- Mayor of Chilliwack
- Mayor of Abbotsford
- Mayor of Kent
- Mayor of Mission
- Fraser Valley Regional District Chair
- Thompson Nicola Regional District Chair
- Regional District of Okanagan- Similkameen Chair
- Mayor of Princeton
- Mayor of Merritt

We also have a number of other municipalities that have DFA claims in with the province, so I will have a look at that list and see if we can use the whole thing.

All,

Ministers Blair and Farnworth are planning to meet with Mayors from flood-impacted communities next Monday in Vancouver from 9:00-10:30. Canada will manage the meeting invites and Minister Blair will run the meeting, but Canada are looking at us to provide a list of which municipalities should be invited.

Could you reply with which communities you recommend? Longer is better for now, so I am thinking that island municipalities and regional districts are included as well.

One more small detail that Canada were asking me about today. We will need nametags, pen/paper, etc in the room.

Do we or VCO normally take care of these details when federal ministers attend, or would we expect that Canada do it?

Okenge - following up on the note below, just wanted to provide a little additional information on what we know about the Monday meeting from 9:00am-10:30am. Invites have not yet been sent, but I anticipate that they will go out tomorrow from Minister Blair to ~20 BC Mayors and Chairs from municipalities and RDs. All of these submitted DFA claims from the November event.

This is Minister Blair's meeting to run, but Minister Farnworth will also be in the room and it will be at VCO. Given that Minister Cullen will also be at VCO for the 11:00am-2:00pm Joint Committee, wondering if you have any advice on whether Minister Cullen should also be given the opportunity to attend.

Thoughts?

Subject: UPDATE - April 11 Joint Committee of BC/Federal Ministers and FNLC

Hello all,

The next Joint Committee of BC/Canada Ministers and FNLC leadership is scheduled to take place in person in Vancouver next Monday, April 11th. Ministers are expected to attend in person, and DMs via video. Materials will be distributed later this week.

The federal budget is scheduled to be tabled on Thursday this week, and this is having an influence on Canada committing to a firm meeting agenda. Below is Canada's latest thinking as of Saturday, and I will follow up again when we have a firm sense of things. What we do know is 3 things that BC will be responsible for: (1) Premier Horgan will deliver opening remarks; (2) Tom Ethier will deliver a presentation on floodplain history and context that will be followed by discussion by Ministers; and (3) Minister Farnworth will present a short deck about BC's known and expected costs for a large DFAA claim from Canada that might turn into an announcement.

With federal Minister Blair in town for the meetings, he is also taking the opportunity to meet with Mayors from flood-impacted communities (joined by Minister Farnworth), as well as meeting in-person in Abbotsford with the Emergency Planning Secretariat that represents 31 Mainland Cost Salish Communities.

Draft details are below:

Monday, April 11th

9:00am - 10:30am Meeting with Mayors from Flooded areas (Vancouver Cabinet Office). Ministers Blair leads the meeting; Minister Farnworth is present.

11:00am - 2:00pm BC Committee Meeting (Vancouver Cabinet Office; lunch provided)

Agenda:

- Remarks from Premier Horgan
- BC Floodplain Management (Tom Ethier; PP deck)
- Update on Barrowtown - getting to "yes" (Minister Blair)
- Update on DFAA payment (presentation of BC priorities and pathway to "yes"; Minister Farnworth)
- Identification of other issues to be resolved or accelerated

*NOTE - FNLC feedback on this agenda is still pending.

Tuesday

10:00am - Noon - Meeting with Emergency Planning Secretariat (EPS) - Abbotsford (location TBD)

Agenda

- Opening Remarks - Minister Blair
- Opening Remarks - Chief Dalton Silver
- Opening Remarks - Chief Tyrone McNeil
- Presentation by EPS

- Roundtable discussion

*Minister Farnworth not attending, but EMBC staff will be present to listen to this discussion

The Honourable Bill Blair, President of the Queen's Privy Council for Canada and Minister of Emergency Preparedness, would like to invite you to a meeting with mayors of communities impacted by last November's severe flooding.

Minister Blair is interested in hearing your views on:

- (1) The impacts of climate-related weather events on your community;
- (2) The progress you have been making on recovery efforts; and
- (3) Your ideas about how governments can work together towards enhancing climate resilience in the years ahead.

The meeting will take place from 9:00 to 10:30 a.m. on Monday, April 11, at the Office of the Premier, 749-999 Canada Place, Vancouver V6C 3E1. For those unable to attend in person, a videoconferencing option via MS Teams will be available (details to follow).

No additional details on the Mayors meeting, and it won't surprise me if that is nothing more beyond a roundtable on the 3 main topics that were written into the meeting invite.

FYI that I just spoke with Silas who talked to PJH today, and PJH does not need SNs, but instead I will write up a 1-page Meeting Note with key facts about meetings to date, members, the agenda, and a few points about how BC sees value in the committee going forwards.

Thanks. It's probably more important that MMF is present for the "driving progress" item than the floodplain management item which is a presentation from a DM in the PO. I will suggest to Canada that we flip #s 5 and 6, and this will allow for MMF to make an easier exit.

Hey Paul, thanks for this

- MMF has another announcement at VCO at 1:30 PM so will be able to provide some initial comments under item 6 but would need to jump out for the bulk of the discussion under that item
- For agenda item 7, he will again likely be out at the announcement so Minister Blair will have to provide the closing comments

For the mayor calls is Minister Blair leading and MMF, and MNC listening? If so that seems fine

Andrew - 2 things:

1. Forwarding the latest April agenda details per our text exchange. Note that FNLC are back on the agenda. I think the various passoff points in the Scenario Note between Ministers Farnworth and Blair make sense, and will tee up SNs accordingly. Please let me know if MO would like any of these changed.

2. Re: the Mayors meeting from 9:00-10:30, we think that Minister Cullen should attend with Minister Farnworth as well. Both would not have a formal speaking role but instead be there to listen. We have given Okenge a heads up and he agrees. Please let us know if any concerns on your end, but if none we will ask that Canada extend the invite to Minister Cullen.

Subject: RE: April 11th meeting status

OK, Paul, for sure.

As noted then, we need the TWO meeting notices (with MS Teams link and other details) so we can add to the boardroom at Vancouver Cabinet office, and it also can be sent out to virtual participants.

One for 9am meeting and one for 11am meeting.

David

Thanks Georges and all!

Latest I have heard on that 9am PST meeting is it is not online **so not an issue**. Sorry for adding to the already busy time.

We just need the confirmed MS Teams link for the main meeting so it can be sent out to participants.

Thanks!

To confirm the meeting info and link for the primary meeting below? 11AM PST?

Is there separate login info for the earlier meeting.. or is that not your crew? I understand it is at 9am PST.

Recommend advising in meeting notice a backup audio dial-in (if participants have MS Team issues).
What time will the meeting be up? For participants to ensure they can connect, test audio/video etc.

All,

I have just heard that Canada will move Minister Blair's 9am-10:30am meeting from VCO to the Pinnacle Hotel. Numbers thus far are showing at least 14 Mayors will attend in person, and Canada have COVID protocols that they are still required to adhere to for social distancing. I will forward on a basic 1-page agenda when I receive it, and a virtual link will be available.

Joint Committee from 11-2 remains at VCO.
