

In the words of the FOI request, this data shows “the number of rebates issued through CleanBC's Better Homes program for the installation of heat pumps in new or existing residential homes from Jan 1 to Dec 31 2020 sorted by region. These values are based on the number of residential heat pumps purchased with the help of rebates.”

Region	Heat Pump Incentives processed from Jan 1 to Dec 31 2020
Central	55
Lower Mainland	149
North	15
Vancouver Island	490
Grand Total	709
