Hi Peter, just FYI, we will continue to work with Vanessa Dunae and NNTC to address these issues and tackle more.

I also discussed this with Matt MacLean and we will be engaging with Sto:Lo who have similar concerns.

I will keep you apprised as this progresses.

Two weeks ago, the Chief Gold Commissioner joined us at the NNTC Mines TWG for a discussion on placer mining and some claims of concern. Yesterday, Mark reported back to NNTC on the results of his inspection. Love to see this type of follow up on discussions we have at the Mines TWG.

Hi Rochelle,

I inspected the placer claims on IR 7 today.

Two people, both have Free Miner certificates were squatting there. A third person has a trailer there but was not present. I have contacted him though.

There is also an unauthorized cabin on the claim just north of the IR 7.

I have been in contact with all four persons and I will be issuing orders to them to remove everything. I may be suspending the one person's FMC, who owns the claim as he should have known better. We will also be refusing the claim, and removing it from the map, and not allow further claim registration there.

I think it is reasonable to give 14 days to remove everything, and told them if they do not remove everything within 14 days, I will register Trespass Act complaints with the RCMP.

I will keep you apprised as this progresses and everything is completed.

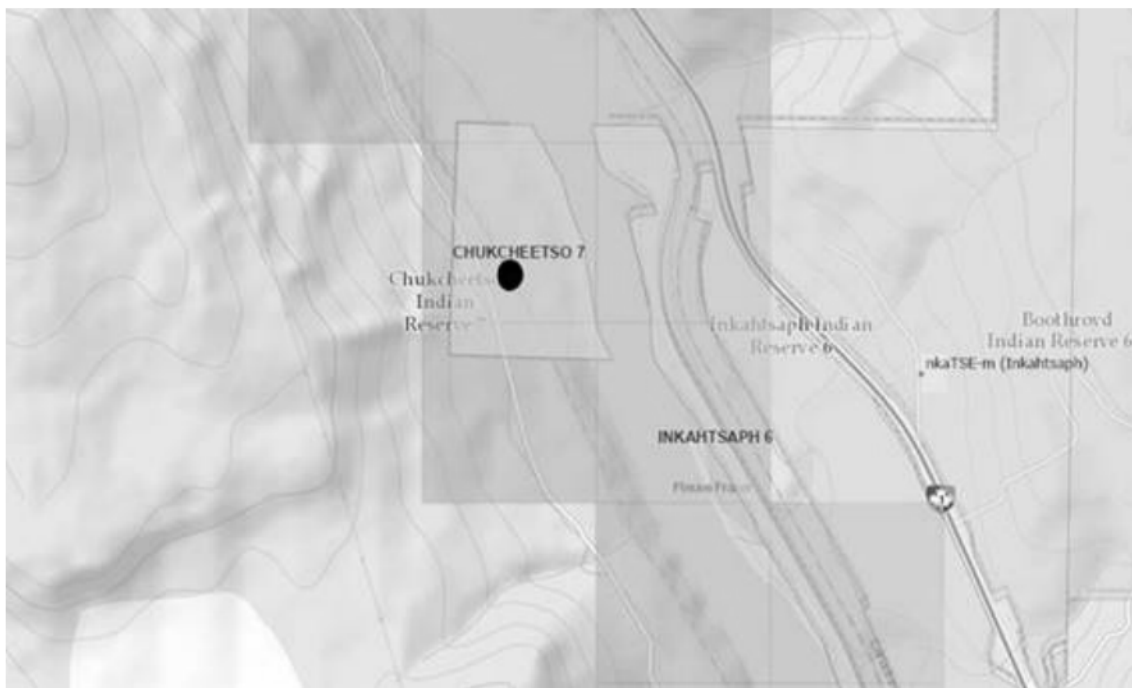

Cheers,
Mark

See the location below. Sorry it may not be accurate as members aren't always capable of pinpointing on the ground locations on maps like this without a lot of reference points.

Alexandra, Peter and Scott,

I hope you are all well and keeping safe.

I am writing to bring together multiple strands of conversation.

s.16

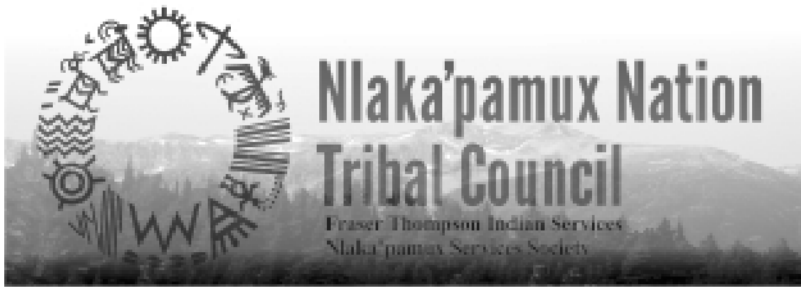

From NNTC's perspective it is time to get all of these strands of conversation moving forward in an accelerated manner, and the root of all of them being getting a foundation agreement in place. Getting this done will also help provide the clarity needed to kick-start the economy throughout the Thompson-Nicola region - that will be sorely needed in upcoming months and the next few years.

s.16

I would like to see a high-level meeting to review this draft and identify together how we will get the discussions done to have a full draft that can move through approvals in the near future. For NNTC, I will participate in the meeting along with Roshan. Of course, it will be a virtual meeting at this time.

I look forward to hearing from you.

Good morning Cathy and Ana.

I'm looking to connect with EMLI staff that participates in the in the cross-ministry Solutions Forum with NNTC. NNTC is requesting multiple meetings regarding letters from BC and Canada to NNTC, which include a shared decision making element.

MIRR staff suggest EMLI either join a cross-ministry NNTC meeting or host their own. Would you be able to follow up with EMLI staff for direction?

Thanks.

Hi Kyla,

I have asked about this and staff have advised that EMLI participates in the cross-ministry Solutions Forum with NNTC, where one of the topics is the shared decision making element of the July Lytton letter. As such, they do think EMLI should either join a cross-ministry NNTC FNLG meeting or host their own for continuity.

Please advise your decision.

Well – hopefully what I know and what I can infer will help us both respond and prep our ministries....

- I do know that NNTC are seeking meetings with multiple Ministers, including EMLI's to discuss the implementation of the July commitment letters.
- What I can infer is that NNTC are likely seeing these letters as the beacons for the relationship with the province right now as they speak to the implementation of the Political Accord (Roshan's recommendations) and they speak to removing barriers to the implementation of Nlaka'pamux Jurisdiction.
- s.16

- It may be more appropriate for EMLI to suggest Peter Robb take this meeting. Happy to discuss further.

Good morning Cathy and Ana.

I'm looking to connect with EMLI staff that participates in the in the cross-ministry Solutions Forum with NNTC. NNTC is requesting multiple meetings regarding letters from BC and Canada to NNTC, which include a shared decision making element.

MIRR staff suggest EMLI either join a cross-ministry NNTC meeting or host their own. Would you be able to follow up with EMLI staff for direction?

Thanks.

s.22 here are a few bullets that could help with the briefing:

- There are currently 4 FNs that have an ECDA for HVC. The Nations and their respective revenue sharing amounts are as follows:
s.16; s.17
- s.16; s.17
- HVC 2040 is planned to begin construction in 2023. The mine expansion will employ over 1,300 people and extend the operating life of HVC by 14 years. Teck anticipates that the expansion could increase annual production at the mine by 30%.
- The B.C. Government's draft Action Plan to implement the Declaration Act commits the Province to explore revenue sharing agreements with First Nations, and we look forward to working with you and other partners to undertake this work.

Attached are the letters NNTC mentioned in the original meeting request.

To summarize the letters outline BC and Canada's commitment to Indigenous leadership regarding wildland fire management/rail safety and advancing G2G relationships with the province and the implementation of the 2017 Political Accord. EMLI participates in the cross-ministry Solutions Forum with NNTC which is looking at implementing the commitments. Specific to EMLI is the ECDA renegotiation and NNTC's interest in an expanded mandate (50%, recognition language and consent for HVC 2040).

I hope that's helpful!

Thanks.

Good morning Cathy and Ana.

I'm looking to connect with EMLI staff that participates in the in the cross-ministry Solutions Forum with NNTC. NNTC is requesting multiple meetings regarding letters from BC and Canada to NNTC, which include a shared decision making element.

MIRR staff suggest EMLI either join a cross-ministry NNTC meeting or host their own. Would you be able to follow up with EMLI staff for direction?

Hi Kyla,

I have asked about this and staff have advised that EMLI participates in the cross-ministry Solutions Forum with NNTC, where one of the topics is the shared decision making element of the July Lytton letter. As such, they do think EMLI should either join a cross-ministry NNTC FNLG meeting or host their own for continuity.

Please advise your decision.

Well – hopefully what I know and what I can infer will help us both respond and prep our ministries....

- I do know that NNTC are seeking meetings with multiple Ministers, including EMLI's to discuss the implementation of the July commitment letters.
- What I can infer is that NNTC are likely seeing these letters as the beacons for the relationship with the province right now as they speak to the implementation of the Political Accord (Roshan's recommendations) and they speak to removing barriers to the implementation of Nlaka'pamux Jurisdiction.
- s.16

- It may be more appropriate for EMLI to suggest Peter Robb take this meeting. Happy to discuss further.

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Bruce Ralston, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Meeting with Nlaka'pamux Nation Tribal Council to discuss a shared decision making process.

KEY FACTS:

Pronunciation	ent-la-cap-umh
Location	Near the community of Lytton
Chief	Matthew Pasco
MLA (district)	Jackie Tegart (Fraser-Nicola)
Attendees (title)	Matthew Pasco (Chief); Janet Webster (Chief); Michael Campbell (Chief); Douglas McIntyre (Chief) Susan Tanco (Staff Layer); Debbie Abbott (ED); Lilian Grenier (EA); Sherry McIntyre (Councillor); Nadine Hoehne (Agreement Implementation Manager)

ISSUE SUMMARY:

- Nlaka'pamux Nation Tribal Council (NNTC) is meeting with multiple ministries to discuss the implementation of the July 2021 commitment letters.
- NNTC has requested renegotiation of their Economic and Community Development Agreement (ECDA) for the Highland Valley Copper Mine (HVC) (operated by Teck Resources) and that would include:
 - s.16; s.17
 -
- The current ECDA limits mineral tax revenue sharing at 37.5 percent.
- There are currently four ECDAs for HVC with different groupings of bands/communities within the Nlaka'pamux Nation, and their respective revenue sharing amounts are:
 - s.16; s.17
 -
 -
 -
- s.16; s.17
- A proposed expansion to HVC, HVC 2040, is planned to begin construction in 2023. The mine expansion will employ over 1,300 people and extend the operating life of HVC by 14 years. Teck anticipates a 30% increase in annual production from the expansion.

RECOMMENDED RESPONSE:

- The Province supports the ongoing collaboration between NNTC and Teck Resources at Highland Valley Copper Mine.
- The Province is committed to sharing mineral tax revenue from major mines with First Nations.
- The Province's *Declaration on the Rights of Indigenous Peoples Act* draft Action Plan commits the Province to explore revenue sharing agreements with First Nations, and we look forward to working with the Ministry of Indigenous Relations and Reconciliation, the Ministry of Finance, you and other partners to undertake this work.

Hi ADMs –

We have a pre-brief tomorrow for the NNTC Solutions Forum meeting on November 8th. I know you will congratulate Alexandra & I for how remarkably well-prepared we are this time around...

Yesterday, Roshan Danesh sent Matt Pasco, Alexandra and I a document that fulfills one of the recommendations set out in the July 11th BC-NNTC letter, signed by Ministers, which came out of the Lytton fire. Here's the recommendation:

s.16

I'm attaching it here. I'd like to discuss with you tomorrow and I'd like to ask Roshan to present to the November 8th NNTC ADM Forum. I think this is an effective way for a third party to help us talk through some challenges at a more specific level than the conversation with BCH.

Ref. 52992

July 11, 2021

Matthew Pasco
Tribal Chair
Nlaka'pamux Nation Tribal Council

Dear Chief Matthew Pasco:

This is a follow up to the July 10, 2021, letter from British Columbia and Canada outlining commitments to, and next steps with, Indigenous leadership regarding wildfire recovery and rail safety. As we have discussed and in acknowledgement of the specific impacts of the Lytton fire on the Lytton First Nation, we offer this letter to guide the next steps with the Nlaka'pamux Nation Tribal Council (NNTC) and the Lytton First Nation regarding recovery from the devastating fire.

We agree that our 2017 Political Accord on Advancing Recognition, Reconciliation, and Implementation of Title and Rights provides us with the appropriate framework for the next steps outlined below. As per the 2017 Accord, the foundation of the government-to-government relationship between British Columbia and NNTC is the recognition and implementation of Nlaka'pamux Nation title, rights, laws, and jurisdiction. All relations between British Columbia and NNTC, including the implementation of the actions in this letter, will be based on this foundation.

In addition, as per the *Declaration on the Rights of Indigenous Peoples Act*, the standards of the United Nations Declaration on the Rights of Indigenous Peoples will be fully implemented in all aspects of the relationship between British Columbia and NNTC including the implementation of the actions outline in this letter.

Together through this letter we confirm the following:

1. British Columbia and NNTC will form a leadership implementation table that will be responsible for overseeing implementation of this letter and ensuring progress is being made for the Lytton First Nation on recovery from the Lytton fire. The table will consist of Chief Matt Pasco, Chief Janet Webster, Minister Farnworth, and Minister Rankin. The table will be established upon confirmation of this letter and will meet on a mutually agreeable frequency.
2. British Columbia and NNTC will form an implementation coordination task force consisting of three representatives of the NNTC and three representatives of British Columbia. The task force will be responsible for developing and implementing workplans for each of the commitments in the July 10, 2021 letter and this letter and tracking the completion of immediate, near, medium, and long-term deliverables. The task force will begin work by July 13, 2021 and will provide regular updates to the leadership implementation table.
3. British Columbia will provide NNTC initial funding \$100,000 to begin implementation of the actions in this letter. British Columbia acknowledges that substantially more funding will be needed to "build back better" the damage NNTC communities, and in particular the Lytton First Nation. British Columbia and NNTC will coordinate with Canada regarding funding of these needs.
4. British Columbia and NNTC recognize that enhanced health supports, including mental health supports, are amongst the urgent needs for those members of NNTC affected by the fires. British Columbia and the NNTC will work with the First Nations Health Authority to develop a plan, including funding, that builds on the current and ongoing supports. The parties will develop the plan by July 20, 2021.
5. British Columbia and NNTC recommit to the full implementation of their Political Accord, and specifically all the commitments in section 6. The Parties mutually appoint Dr. Roshan Danesh, QC to facilitate the full implementation of section 6, including making recommendations to the leadership implementation table by September 30, 2021 on recommendations that include clear structures and processes between the parties for dealing with future emergencies.
6. British Columbia and NNTC recognize that addressing the emergency situation that has occurred will require structures, processes, actions, investments, and forms of co-operation that have not previously been in place between them, and that they will work together in new ways to address all disputes and disagreements that may arise in the implementation of this letter.

7. British Columbia and NNTC will coordinate with Canada in the implementation of this letter.

In addition to the commitments of the July 10, 2021 letter, we confirm our mutual understandings of the actions outlined above by signing below.

Alexandra, Peter and Scott,

I hope you are all well and keeping safe.

I am writing to bring together multiple strands of conversation.

s.16

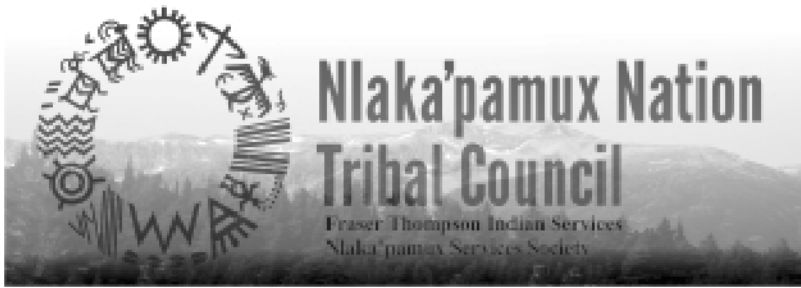

From NNTC's perspective it is time to get all of these strands of conversation moving forward in an accelerated manner, and the root of all of them being getting a foundation agreement in place. Getting this done will also help provide the clarity needed to kick-start the economy throughout the Thompson-Nicola region - that will be sorely needed in upcoming months and the next few years.

s.16

I would like to see a high-level meeting to review this draft and identify together how we will get the discussions done to have a full draft that can move through approvals in the near future. For NNTC, I will participate in the meeting along with Roshan. Of course, it will be a virtual meeting at this time.

I look forward to hearing from you.

Hi ADMs –

We have a pre-brief tomorrow for the NNTC Solutions Forum meeting on November 8th. I know you will congratulate Alexandra & I for how remarkably well-prepared we are this time around...

Yesterday, Roshan Danesh sent Matt Pasco, Alexandra and I a document that fulfills one of the recommendations set out in the July 11th BC-NNTC letter, signed by Ministers, which came out of the Lytton fire. Here's the recommendation:

s.16

I'm attaching it here. I'd like to discuss with you tomorrow and I'd like to ask Roshan to present to the November 8th NNTC ADM Forum. I think this is an effective way for a third party to help us talk through some challenges at a more specific level than the conversation with BCH.

Subject: Pathway to solution

Alexandra, Peter and Scott,

I hope you are all well and keeping safe.

I am writing to bring together multiple strands of conversation.

s.16

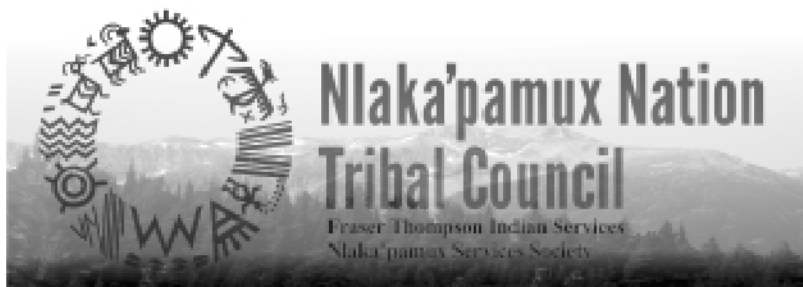

From NNTC's perspective it is time to get all of these strands of conversation moving forward in an accelerated manner, and the root of all of them being getting a foundation agreement in place. Getting this done will also help provide the clarity needed to kick-start the economy throughout the Thompson-Nicola region - that will be sorely needed in upcoming months and the next few years.

s.16

I would like to see a high-level meeting to review this draft and identify together how we will get the discussions done to have a full draft that can move through approvals in the near future. For NNTC, I will participate in the meeting along with Roshan. Of course, it will be a virtual meeting at this time.

I look forward to hearing from you.

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Bruce Ralston, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Meeting with Nlaka'pamux Nation Tribal Council to discuss a shared decision making process.

KEY FACTS:

Pronunciation	ent-la-cap-umh
Location	Near the community of Lytton
Chief	Matthew Pasco
MLA (district)	Jackie Tegart (Fraser-Nicola)
Attendees (title)	Matthew Pasco (Chief); Janet Webster (Chief); Michael Campbell (Chief); Douglas McIntyre (Chief) Susan Tanco (Staff Layer); Debbie Abbott (ED); Lilian Grenier (EA); Sherry McIntyre (Councillor); Nadine Hoehne (Agreement Implementation Manager)

ISSUE SUMMARY:

- Nlaka'pamux Nation Tribal Council (NNTC) is meeting with multiple ministries to discuss the implementation of the July 2021 commitment letters.
- NNTC has requested renegotiation of their Economic and Community Development Agreement (ECDA) for the Highland Valley Copper Mine (HVC) (operated by Teck Resources) and that would include:
 - s.13; s.16
 -
- The current ECDA limits mineral tax revenue sharing at 37.5 percent.
- There are currently four ECDAs for HVC with different groupings of bands/communities within the Nlaka'pamux Nation, and their respective revenue sharing amounts are:
 - s.16; s.17
 -
 -
 -
- s.16; s.17
- A proposed expansion to HVC, HVC 2040, is planned to begin construction in 2023. The mine expansion will employ over 1,300 people and extend the operating life of HVC by 14 years. Teck anticipates a 30% increase in annual production from the expansion.

RECOMMENDED RESPONSE:

- The Province supports the ongoing collaboration between NNTC and Teck Resources at Highland Valley Copper Mine.
- The Province is committed to sharing mineral tax revenue from major mines with First Nations.
- The Province's *Declaration on the Rights of Indigenous Peoples Act* draft Action Plan commits the Province to explore revenue sharing agreements with First Nations, and we look forward to working with the Ministry of Indigenous Relations and Reconciliation, the Ministry of Finance, you and other partners to undertake this work.

2021 BC Cabinet & First Nations Leaders' Gathering

Minister's/Exec's Meeting with Nlaka'pamux Nation Tribal Council

Attendees: Will be populated by DMO

Topic: Commitment letters signed July 11, 2021 and the topics within these letters and Shared-Decision making process

Commented [PK11]: This will be determined at a later date. Please ensure recommended comments can be read in ADM/DM/Minister voice.

Recommended Comments:

- We are working hard to implement the commitments in the Letters signed in July.
- While we continue to learn how to work together more effectively and efficiently, we are making progress and remain committed to strengthening our relationship.
- The Recommendation Report provided by Roshan Danesh provides many opportunities for us to improve even further.
- We will continue to work with Roshan to identify pathways forward and to be transparent about limitations that we will need to work through together to continue advancing our reconciliation commitments.

Background:

The Province and NNTC signed the Commitment Letter, attached, in response to the devastating wildfire that destroyed the Community of Lytton. The letter outlines 7 Key actions that the parties will undertake together to advance rebuilding and recovering from the wildfire, and to advance key reconciliation initiatives aimed at improved G2G relations. While the letter is focused on wildfire recovery and rail safety, the commitments have much broader implications, such as achieving consent and recognising jurisdiction.

Since July 11, NNTC and BC have been working to implement the commitments in the letters. The capacity funding is delivered and both a task force and leadership table are in place. Coordination and collaboration remain key objectives of the Emergency Management BC team leading the implementation, through multiple tables that have been established, with both Lytton First Nation and NNTC. The interests articulated by Lytton and NNTC range from very high-level strategic concerns to site level operational planning. s.16

s.16

The July 11th letter sets out that the parties will work to advance the 2017 Political Accord and identifies Roshan Danesh as the qualified professional, to undertake an assessment and provide the parties with recommendations for expediting the implementation of that agreement. The Recommendation Report developed by Dr. Danesh has been shared with the Province and focuses on 4 key themes:

- improvements to the operational effectiveness of the Shared Decision-Making Board
- initiatives aimed at improving the relationship between the parties including training and leadership development
- initiatives aimed at advancing comprehensive reconciliation
- future negotiations

Subject: FW: RUSH FOR APPROVAL: eApp 5049 - FNLG BN (mtg 2057 Nlaka'pamux Nation, Joint with MIRR) - Due Nov 23

Importance: High

Hi Peter,

MIRR note is not available yet. Kyla from SIAD said that MIRR is a little delayed in their BN submission. Do you want to wait for that before this is moved up to Simon?

Thanks,
Ana

Bringing to top. SIAD is following up. They said Simon needs to review before 2:30 and will then move up to DMO.

Hi Peter,

This is the last of the FNLG BNs. Emmy's comment on this "*We're attending this meeting in support of MIRR so the note looks a bit light*".

For your approval please.

Thanks,

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Bruce Ralston, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Meeting with Nlaka'pamux Nation Tribal Council to discuss a shared decision making process.

KEY FACTS:

Pronunciation	ent-la-cap-umh
Location	Near the community of Lytton
Chief	Matthew Pasco
MLA (district)	Jackie Tegart (Fraser-Nicola)
Attendees (title)	Matthew Pasco (Chief); Janet Webster (Chief); Michael Campbell (Chief); Douglas McIntyre (Chief) Susan Tanco (Staff Layer); Debbie Abbott (ED); Lilian Grenier (EA); Sherry McIntyre (Councillor); Nadine Hoehne (Agreement Implementation Manager)

ISSUE SUMMARY:

- Nlaka'pamux Nation Tribal Council (NNTC) is meeting with multiple ministries to discuss the implementation of the July 2021 commitment letters.
- NNTC has requested renegotiation of their Economic and Community Development Agreement (ECDA) for the Highland Valley Copper Mine (HVC) (operated by Teck Resources) and that would include:
 - s.16; s.17
 -
- The current ECDA limits mineral tax revenue sharing at 37.5 per cent.
- There are currently four ECDA's for HVC with different groupings of bands/communities within the Nlaka'pamux Nation, and their respective revenue sharing amounts are:
 - s.16; s.17
 -
 -
 -
- s.16; s.17
- A proposed expansion to HVC, HVC 2040, is planned to begin construction in 2023. The mine expansion will employ over 1,300 people and extend the operating life of HVC by 14 years. Teck anticipates a 30 per cent increase in annual production from the expansion.

RECOMMENDED RESPONSE:

- The Province supports the ongoing collaboration between NNTC and Teck Resources at Highland Valley Copper Mine.
- The Province is committed to sharing mineral tax revenue from major mines with First Nations.
- The Province's *Declaration on the Rights of Indigenous Peoples Act* draft Action Plan commits the Province to explore revenue sharing agreements with First Nations, and we look forward to working with the Ministry of Indigenous Relations and Reconciliation, the Ministry of Finance, you and other partners to undertake this work.
