Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;

- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Pacific Northern Gas Pipeline

SUMMARY:

The natural gas pipeline that serves the northwest portion of the province requires significant maintenance work to maintain reliability and meet regulatory requirements. This work could result in upward pressure to rates paid by customers.

BACKGROUND:

Pacific Northern Gas Ltd. (PNG) owns and operates the Western Transmission Gas Line in northern British Columbia. Built in the 1960s, the line transports natural gas from Summit Lake near Prince George to Kitimat and Prince Rupert on the coast, providing service to approximately 42,000 commercial and residential customers in communities along the way (see Appendix 1). The Western Transmission Gas Line is a critical part of PNG's system, linking natural gas service from community to community. For more than a decade though, it has been transporting gas well below its capacity due to several large industrial customers closing their operations.

Recently, PNG signed agreements with new industrial customers. To meet service requirements, PNG commenced a Reactivate Capacity Project (ReCap) to restore portions of the system currently not in use, upgrade other components and add additional compression. The primary new customer for PNG would be Port Edward LNG. At the same time, PNG commenced a project that involves a range of maintenance work to ensure the integrity of the Western Transmission Gas Line called the Terrace to Salvus (T2S) project.

At the same time, the BC Oil and Gas Commission (OGC) undertook an extensive review of the Western Transmission Gas Line to ensure integrity and protection of the environment. The review identified that PNG's line needs significant work to meet regulatory requirements.

DISCUSSION:

Attached is an Issue Note from the OGC that details the work underway with PNG.

With the Western Transmission Gas Line operating well below capacity its residential and commercial customers have been having to shoulder higher per capita energy costs: customers served by PNG in the northwest of the province pay more than double per gigajoule of natural gas than customers in the Lower Mainland. As natural gas is the primary source of heat for many people in communities such as Terrace, Kitimat, and Prince Rupert these extra costs not

only put increased pressure on household budgets but also can impede economic development. Furthermore, natural gas supplied by PNG's pipeline also serves as the backup source to generate electricity for the northwest of the province if there were to be an issue with the single transmission line that connects these communities to the BC Hydro grid.

s.13; s.17; s.21

CONCLUSION:

PNG's Western Transmission Gas Line plays an integral role in supplying energy to communities from Summit Lake near Prince George to Kitimat and Prince Rupert. The pipeline requires significant maintenance work s.13; s.17; s.21

s.13; s.17; s.21 Adjustment of rates would be subject to application and review by the BC Utilities Commission.

Good afternoon,

Please see the below highlighted FOI request. In response to this email please let me know if you have any responsive records and if so identify what they are, or confirm that you do not hold any records.

I have conducted a scan of the LAN on behalf of the team.

Thank you,

Nicole

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;

- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hi Janine. We will hold records.

Suzanne is away on holiday between Jan 6th - 20th. Our acting ADM Katherine Kirby, and ourselves at WIG do not have access to Suzanne records. **May we please be granted an extension on the following request?** Additionally, REQ# 33083 due Jan 20th will also require an extension. The more time that can be offered to us, the better. We would like to do a thorough job, as per usual.

Please advise if you can accommodate our request. The rest of our team will provide our records prior to Suzanne's return (if we have them). Thank you.

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hello,

EML-2022-23195: ¾ employees at WIG do not hold records; waiting for Suzanne's return to provide her response / ADM approval. We will not require a fee, as we most likely do not hold records at all.

EML-2022-22225: With Katherine Kirby – expected to be reviewed Thursday.

30083 and 30065 have been discussed

Thank you kindly for the scope.

Hello Kyla,

Please find below the FOI item with WIG for action.

EML-2022-23195 – Asking if you will have a fee to add to the other fees – Due December 15

EML-2022-22225 – Redline for ADM approval – We have received it as overdue so just asking that it is back to us as soon as possible

EML-2023-30083 – Request for records – Due January 27 (I've changed your due date by a week on this and the below. I'll send emails to IAO knowing we'll be running late on this one)

EML-2023-30065 – Request for records – Due January 27

Hello Debby,

We are continuing to grab records but, I have had one program area let us know that their executive lead will be away until January 23. They will gather all other records and I hope to have them back to you by January 27. However, I wanted to give you a heads up and if needed request an extension. I hope it won't be needed though.

Hi Janine,

Thanks for the info. And for 30065 as well...

IAO will seek an extension when the requests are at 5 days prior to the legislated due date.

January 23rd, will still leave a fair bit of time. We'll just wait and see how it goes, I will attempt to get an extension on or about the second week of February (at a quick glance).

Keep me posted!

Thanks

Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hi Janine,

I agree with you, it should go to EAED and I think OGD, LNGCIS, and WIG should also review. If you could please share it with them that would be wonderful!

Hi Janine – attached please find EMLI MO's responsive record on this request.

Please note that the EMLI Transition Binder contains material responsive to this request.

The EMLI Transition Binder is with IAO currently - with their work under way for proactive release.

Could you please advise on the EMLI Transition binder?

Thank you!

Cheers,

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hello Leah,

I have the below FOI items with OGD for action.

Is it possible to have **OOP-2019-92829** as soon as possible. The IAO has been really patient with that file, but we've had it with us for a very long time.

EML-2022-22225 – IAO had some questions we've passed on to you – Due as soon as you're able
FIN-Transition Binder-Consult – Records with you for harms and ADM approval – Due as soon as you're able
EML-2022-23109 – Request for records – Due December 8
OOP-2019-92829 – Consult for harms and ADM approval – Due December 8
EML-2023-30083 – Request for records – Due January 20 – Looks like we may just need ADM approval on a NRR
EML-2023-30065 – Request for records – Due January 20 – We also sent you DMO records for harms as well.

Thanks,

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Pacific Northern Gas Pipeline

SUMMARY:

The natural gas pipeline that serves the northwest portion of the province requires significant maintenance work to maintain reliability and meet regulatory requirements. This work could result in upward pressure to rates paid by customers.

BACKGROUND:

Pacific Northern Gas Ltd. (PNG) owns and operates the Western Transmission Gas Line in northern British Columbia. Built in the 1960s, the line transports natural gas from Summit Lake near Prince George to Kitimat and Prince Rupert on the coast, providing service to approximately 42,000 commercial and residential customers in communities along the way (see Appendix 1). The Western Transmission Gas Line is a critical part of PNG's system, linking natural gas service from community to community. For more than a decade though, it has been transporting gas well below its capacity due to several large industrial customers closing their operations.

Recently, PNG signed agreements with new industrial customers. To meet service requirements, PNG commenced a Reactivate Capacity Project (ReCap) to restore portions of the system currently not in use, upgrade other components and add additional compression. The primary new customer for PNG would be Port Edward LNG. At the same time, PNG commenced a project that involves a range of maintenance work to ensure the integrity of the Western Transmission Gas Line called the Terrace to Salvus (T2S) project.

At the same time, the BC Oil and Gas Commission (OGC) undertook an extensive review of the Western Transmission Gas Line to ensure integrity and protection of the environment. The review identified that PNG's line needs significant work to meet regulatory requirements.

DISCUSSION:

Attached is an Issue Note from the OGC that details the work underway with PNG.

With the Western Transmission Gas Line operating well below capacity its residential and commercial customers have been having to shoulder higher per capita energy costs: customers served by PNG in the northwest of the province pay more than double per gigajoule of natural gas than customers in the Lower Mainland. As natural gas is the primary source of heat for many people in communities such as Terrace, Kitimat, and Prince Rupert these extra costs not

only put increased pressure on household budgets but also can impede economic development. Furthermore, natural gas supplied by PNG's pipeline also serves as the backup source to generate electricity for the northwest of the province if there were to be an issue with the single transmission line that connects these communities to the BC Hydro grid.

s.13; s.17; s.21

CONCLUSION:

PNG's Western Transmission Gas Line plays an integral role in supplying energy to communities from Summit Lake near Prince George to Kitimat and Prince Rupert. The pipeline requires significant maintenance work s.13; s.17; s.21

s.13; s.17; s.21

s.13; s.17; s.21 Adjustment of rates would be subject to application and review by the BC Utilities Commission.

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hi Nicole,

Please disregard the below email. Apologies for the confusion. I see you sent through the consult in eApprovals as well. I'll consider this closed for LNGCIS.

Hello Nicole,

I have LNGCIS noted down as a NRR for gathering records for EML-2023-30065. But, I had sent the attached MO records for a harms review. We just need a harms review of these MO records completed.

Thanks,

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hi Janine – attached please find EMLI MO's responsive record on this request.

Please note that the EMLI Transition Binder contains material responsive to this request.

The EMLI Transition Binder is with IAO currently - with their work under way for proactive release.

Could you please advise on the EMLI Transition binder?

Thank you!

Cheers,

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Hi Janine – attached please find EMLI MO's responsive record on this request.

Please note that the EMLI Transition Binder contains material responsive to this request.

The EMLI Transition Binder is with IAO currently - with their work under way for proactive release.

Could you please advise on the EMLI Transition binder?

Thank you!

Cheers,

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

But I'm not sure if that would be considered a memo "*for*" Minister Josie Osborne. Thoughts? The request is quite tight with its range for record search.

Otherwise random thoughts... I searched our BN folder under Woodfibre Project on our LAN - and located no BN's or memos between the date range provided. Oliver, I recall you may have edited one?

I am around Monday should any of you need to call/text me about this (I flex). Have a happy weekend. Looking forward to greeting our Job Shadowers on Tuesday morning. Cheers,

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR DECISION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Amendment to Direction 5 Woodfibre-specific tariff supplements to Rate Schedule 50

BACKGROUND:

Woodfibre LNG Limited (Woodfibre) is proposing a 2.1 million tonnes per annum facility on privately owned land in Howe Sound that will utilize electrically driven liquefied natural gas (LNG) trains.

The Project is owned and operated by Woodfibre LNG Limited, a privately held Canadian company headquartered in Vancouver. The company is a subsidiary of Pacific Oil and Gas Limited, which is part of the Singapore-based Royal Golden Eagle group of companies.

Woodfibre has environmental approvals from the BC Environmental Assessment Office, Canadian Environmental Assessment Agency, and a Squamish Nation Environmental Assessment Agreement. The project has received its facilities permit from the BC Oil and Gas Commission and has approval on major federal permits.

Woodfibre issued a Notice to Proceed (NTP) April 14, 2022 and has announced approval of a pre-construction budget of \$600M. Woodfibre is also in an active partnership negotiations with Enbridge which is expected to conclude by the end early Q3.

Woodfibre will require more feed gas than the current system can deliver. In order to serve Woodfibre, FortisBC (Fortis) plans to expand a portion of its existing natural gas transmission system, with the Eagle Mountain Pipeline project (EGP). The EGP will involve the construction of approximately 47 kilometres of gas pipeline, beginning north of the Coquitlam watershed and ending at the proposed Woodfibre site. Fortis' Eagle Mountain Pipeline has announced a limited NTP and a contract valued at \$341M for the tunnel components of the pipeline project.

The province has historically been interested in the development of an LNG industry because of the benefits to British Columbians and the sustained and predictable revenue stream to multiple levels of government, First Nations and communities.

In order to realize the potential benefits of development while managing its potential impact on ratepayers, the province provided regulatory support for the sector. This included setting the relevant tariffs for LNG development in the lower mainland through Direction 5 in 2012 and 2014.

Since 2012, Fortis tariffs for LNG production in the lower mainland have been supported by Direction 5 to the British Columbia Utilities Commission (BCUC). Direction 5 also supported LNG development at Woodfibre by:

- Establishing a liquefaction tariff and providing exemptions from Certificate of Public Convenience and Necessity for EGP upgrades to serve Woodfibre and;
- Fortis Coastal Transmission System (CTS) upgrades to serve Woodfibre and Fortis Tilbury Phase 1B.

In 2014, the province amended Direction 5 to include a new natural gas transportation tariff, Rate Schedule 50 (RS50), for large industrial gas customers on the CTS. RS50 included a Transportation Service Agreement (TSA) setting out the terms and conditions under which Fortis agrees to provide firm transportation service to its customers.

Fortis and Woodfibre have been negotiating on natural gas supply and have executed a series of agreements. RS50, Construction Security Agreement (CSA), and two TSAs. These agreements dictate the relevant terms for construction and operation of the EGP between Fortis, Pacific Energy Corporation (PEC) the gas owner, Woodfibre and a new partner Enbridge.

Agreement	Notes	Status
RS 50 Rate Schedule 50	<ul style="list-style-type: none"> • FortisBC's tariff for long-term, large volume industrial transportation. 	☑ BCUC Order Received
CSA Construction Security Agreement	<ul style="list-style-type: none"> • Defines important terms for construction and operation of the EGP, specifically: • Defines funding obligations through construction. • Sets out when PEC's capital contributions (CIAC) would be received and trued-up. 	☑ Signed and Executed
TSA 1 Transportation Agreement 1	<ul style="list-style-type: none"> • The primary transportation agreement that defines the terms under which FortisBC will transport and deliver gas to WLNG through the EGP. • Base Contract Demand: 260,000 GJ per day. • Defines Security and Security Reduction Conditions. 	☑ Signed and Executed September 13, 2021
TSA 2 Transportation Agreement 2	<ul style="list-style-type: none"> • Defines the terms under which FortisBC will transport and deliver gas to WLNG using existing pipeline capacity. • Base Contract Demand: 40,000 GJ per day. • TSA 2 capacity was formerly reserved for BC Hydro Island Generation power plant but has been terminated by BC Hydro. 	☑ Signed and Executed May 10, 2022

However, construction on EGP cannot proceed until the BCUC approves TSA1, TSA2, and amendments to RS50. Woodfibre and Fortis have asked the Province to consider a direction to the BCUC to approve these agreements and amendments.

Hello Kyla,

Thanks for the record. We usually provide the IAO with a clean and marked copy of the records when we send the IAO our records. The redline is supposed to be the final version that goes to the applicant and it's always easier if we don't ask for further redactions on that. If we can please have WIG review the pdf version of your record now before we send it along to the IAO that would be appreciated.

Thanks so much,

BRIEFING NOTE FOR DECISION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Amendment to Direction 5 Woodfibre-specific tariff supplements to Rate Schedule 50

BACKGROUND:

Woodfibre LNG Limited (Woodfibre) is proposing a 2.1 million tonnes per annum facility on privately owned land in Howe Sound that will utilize electrically driven liquefied natural gas (LNG) trains.

The Project is owned and operated by Woodfibre LNG Limited, a privately held Canadian company headquartered in Vancouver. The company is a subsidiary of Pacific Oil and Gas Limited, which is part of the Singapore-based Royal Golden Eagle group of companies.

Woodfibre has environmental approvals from the BC Environmental Assessment Office, Canadian Environmental Assessment Agency, and a Squamish Nation Environmental Assessment Agreement. The project has received its facilities permit from the BC Oil and Gas Commission and has approval on major federal permits.

Woodfibre issued a Notice to Proceed (NTP) April 14, 2022 and has announced approval of a pre-construction budget of \$600M. Woodfibre is also in active partnership negotiations with Enbridge which is expected to conclude by the end early Q3.

Woodfibre will require more feed gas than the current system can deliver. In order to serve Woodfibre, FortisBC (Fortis) plans to expand a portion of its existing natural gas transmission system, with the Eagle Mountain Pipeline project (EGP). The EGP will involve the construction of approximately 47 kilometres of gas pipeline, beginning north of the Coquitlam watershed and ending at the proposed Woodfibre site. Fortis' Eagle Mountain Pipeline has announced a limited NTP and a contract valued at \$341M for the tunnel components of the pipeline project.

The province has historically been interested in the development of an LNG industry because of the benefits to British Columbians and the sustained and predictable revenue stream to multiple levels of government, First Nations and communities.

In order to realize the potential benefits of development while managing its potential impact on ratepayers, the province provided regulatory support for the sector. This included setting the relevant tariffs for LNG development in the lower mainland through Direction 5 in 2012 and 2014.

Since 2012, Fortis tariffs for LNG production in the lower mainland have been supported by Direction 5 to the British Columbia Utilities Commission (BCUC). Direction 5 also supported LNG development at Woodfibre by:

- Establishing a liquefaction tariff and providing exemptions from Certificate of Public Convenience and Necessity for EGP upgrades to serve Woodfibre and;
- Fortis Coastal Transmission System (CTS) upgrades to serve Woodfibre and Fortis Tilbury Phase 1B.

In 2014, the province amended Direction 5 to include a new natural gas transportation tariff, Rate Schedule 50 (RS50), for large industrial gas customers on the CTS. RS50 included a Transportation Service Agreement (TSA) setting out the terms and conditions under which Fortis agrees to provide firm transportation service to its customers.

Fortis and Woodfibre have been negotiating on natural gas supply and have executed a series of agreements. RS50, Construction Security Agreement (CSA), and two TSAs. These agreements dictate the relevant terms for construction and operation of the EGP between Fortis, Pacific Energy Corporation (PEC) the gas owner, Woodfibre and a new partner Enbridge.

Agreement	Notes	Status
RS 50 Rate Schedule 50	<ul style="list-style-type: none"> • FortisBC's tariff for long-term, large volume industrial transportation. 	☑ BCUC Order Received
CSA Construction Security Agreement	<ul style="list-style-type: none"> • Defines important terms for construction and operation of the EGP, specifically: • Defines funding obligations through construction. • Sets out when PEC's capital contributions (CIAC) would be received and trued-up. 	☑ Signed and Executed
TSA 1 Transportation Agreement 1	<ul style="list-style-type: none"> • The primary transportation agreement that defines the terms under which FortisBC will transport and deliver gas to WLNG through the EGP. • Base Contract Demand: 260,000 GJ per day. • Defines Security and Security Reduction Conditions. 	☑ Signed and Executed September 13, 2021
TSA 2 Transportation Agreement 2	<ul style="list-style-type: none"> • Defines the terms under which FortisBC will transport and deliver gas to WLNG using existing pipeline capacity. • Base Contract Demand: 40,000 GJ per day. • TSA 2 capacity was formerly reserved for BC Hydro Island Generation power plant but has been terminated by BC Hydro. 	☑ Signed and Executed May 10, 2022

However, construction on EGP cannot proceed until the BCUC approves TSA1, TSA2, and amendments to RS50. Woodfibre and Fortis have asked the Province to consider a direction to the BCUC to approve these agreements and amendments.

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records

and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Thank you,

Debby Schlutter, Junior FOI Analyst

Reminder: FOI Request due ASAP; Josie Osborne. "All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range

for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY." We'd been provided a weeks extension following Suzanne's return from AL, so let's try and compile our responses asap.

For myself, I am no NRR. I located 1 email response *FROM* Minister Josie Osborne, not "*for*" Minister Josie Osborne. Then, additionally (attached just in case) there's the ADM email response Suzanne worked on which Josie Osborne is cc'd on. But I'm not sure if that would be considered a memo "*for*" Minister Josie Osborne. Thoughts? The request is quite tight with its range for record search.

Otherwise random thoughts... I searched our BN folder under Woodfibre Project on our LAN - and located no BN's or memos between the date range provided. Oliver, I recall you may have edited one?

I am around Monday should any of you need to call/text me about this (I flex). Have a happy weekend. Looking forward to greeting our Job Shadowers on Tuesday morning. Cheers,

Updated Dec. 5 & 14, 2022

ISSUE NOTE

I. PREPARED FOR: BC Oil and Gas Commission, FOR INFORMATION

II. ISSUE: Risks to aging PNG pipeline and customer supply.

III. MESSAGING:

- In recent years, the BC Oil and Gas Commission (Commission) undertook an extensive review of British Columbia's aging pipelines to ensure their integrity and protection of the environment.
- That review and subsequent audit identified the 1969 Pacific Natural Gas (PNG) pipeline running from Summit Lake north of Prince George to Prince Rupert as needing significant work to meet regulatory requirements.
- The company has complied with all Commission orders, to reduce the pipeline's operating pressure to deal with potential safety issues.
- The colder weather this winter combined with reduced operating pressure in the pipelines, could result in potential service disruptions.
- The Commission will continue to work with PNG to minimize impacts, including the possibility of trucking in gas until required work on the line can be made.
- The Commission will not compromise on public safety and will ensure all steps needed to ensure the integrity of the pipeline are undertaken as expeditiously as possible.

IV. BACKGROUND:

Dec. 14, 2022 Update:

- PNG has done significant work to assess the Stress Corrosion Cracking (SCC) on the Terrace to Prince Rupert portion of the pipeline, including engaging outside expertise.
- Since January 2021, PNG has been complying with the Order requirements to maintain reduced pressures on the pipeline.
- The operating pressure was further reduced as required by a Commission Order issued on Dec. 2, 2022, to ensure safe operations. The reductions had proactively been put in place by PNG and were, at the Commission's request, confirmed by engineering review.
- On Dec. 14, 2022, the Commission amended the Order to allow PNG to temporarily increase pressure on a portion of the pipeline (generally, from Summit Lake to Vanderhoof) to ensure adequate gas supply. Those operations will be undertaken with increased monitoring in place and PNG

has been required to undertake an engineering assessment.

- At the current restricted operating pressures, the pipeline is unlikely to fail; however, the risk of a leak is still present. For one portion of the pipeline, increased monitoring and reporting have been required by the Commission and put in place by PNG.
- Also, given the reduced pressure, PNG may be challenged to maintain supply to customers, particularly during extreme cold weather, and may need to supplement with trucked gas.

- PNG operates a natural gas transmission and distribution system in central British Columbia that provides gas service to residential, commercial and industrial customers in northeast and northwest B.C. The Commission regulates high pressure pipelines within the PNG transmission system. As a utility, PNG is also regulated by the British Columbia Utilities Commission (BCUC).
- PNG's assets include the Summit to Rupert transmission pipeline that runs from Summit Lake (north of Prince George) to Prince Rupert. Construction of this pipeline was completed in 1969.
- s.17; s.21
- In more recent years, the company has increased its planning and execution of integrity management work, maintenance, repairs and upgrades.
- The Commission has identified significant work required to comply with regulatory requirements.
- In 2014, PNG received findings of an audit conducted by the Commission, identifying necessary improvements to segment-by-segment pipeline risk assessments, aged pipeline condition assessment, management of change processes, integrity management planning and continual improvement processes.
- In February 2020, the Commission's risk-based selection identified PNG for a full and formal audit (including aged infrastructure).
- In August 2020, PNG provided information requested by the Commission to evaluate the condition, maintenance activities and oversight of the pipeline. Following review, the Commission noted, in part, systemic improvements were required for PNG's Stress Corrosion Cracking Management Program and Geohazards Management Program.
- In December 2020, PNG presented its Stress Corrosion Cracking management plan to the Commission. Stress corrosion cracking is a form of corrosion from small cracks (caused by various factors, including environmental). SCC tends to propagate as crack clusters or "colonies" as pipeline stress opens cracks that are subject to corrosion, weakening the

pipeline metal by further cracking.

- In January 2021, PNG complied with a Commission Order (GO 2021-0115) to lower pressure on the pipeline (to no more than 80 per cent of licenced maximum operating pressure) and provide a declaration from a senior official the pipeline was safe to operate.
- In June 2022, the Commission reviewed recent pipeline inline inspection data submitted by PNG, which indicated the company had located and repaired a Category IV (highest level) stress corrosion crack. In July 2022, the Commission amended the earlier order to require further pressure reductions on the pipeline (between mileposts 209 to 245) due to risks associated with potential further SCC. Further pressure reductions were put in place by Order on Dec. 2, 2022 (GO 2021-0115-02) to ensure safe operations.
- PNG has complied with Order requirements and continues to meet with and respond to the Commission to review additional inspection findings and information.
- PNG has continued planned work to execute tests and repairs. This has included expediting certain work on the pipeline segment between Burns Lake and Telkwa (R3-R4 NPS10) to support PNG's winter resiliency plan. Despite progress, significant delays in successfully executing the planned work could have serious consequences.
- PNG has communicated it has plans to access an alternate gas supply (trucked) to serve its customers in the event of any pipeline service disruption. However, current or further reductions in pressure or full shut in to address safety issues could potentially result in some service disruptions this winter – the PNG line serves approximately 20,400 customers.
- The Commission continues to review progress on these matters, including meetings with PNG technical staff, review of submission information/data, and Executive level meetings. The next Executive Level meeting is being planned for December 2022/January 2023.

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media

Notes for Search: Similar request: EML-2023-30055

Records Due: January 20, 2023

Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder

- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Thank you,

Hi Meghan,

It could be any of these three listed below as they are all requests with Media applicants that are now two weeks overdue:

EML-2023-30055 (waiting on records from EAED)
EML-2023-30083 (waiting on records from EAED)
EML-2023-30065 (OGD provided records late after originally indicated NRR, WIG still needs to provide harms)

I think this tweet is likely about 30055 and 30065 given the wording of the requests and when they were made. Please let me know if there is any additional information I can provide.

Thank you,

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR INFORMATION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Pacific Northern Gas Pipeline

SUMMARY:

The natural gas pipeline that serves the northwest portion of the province requires significant maintenance work to maintain reliability and meet regulatory requirements. This work could result in upward pressure to rates paid by customers.

BACKGROUND:

Pacific Northern Gas Ltd. (PNG) owns and operates the Western Transmission Gas Line in northern British Columbia. Built in the 1960s, the line transports natural gas from Summit Lake near Prince George to Kitimat and Prince Rupert on the coast, providing service to approximately 42,000 commercial and residential customers in communities along the way (see Appendix 1). The Western Transmission Gas Line is a critical part of PNG's system, linking natural gas service from community to community. For more than a decade though, it has been transporting gas well below its capacity due to several large industrial customers closing their operations.

Recently, PNG signed agreements with new industrial customers. To meet service requirements, PNG commenced a Reactivate Capacity Project (ReCap) to restore portions of the system currently not in use, upgrade other components and add additional compression. The primary new customer for PNG would be Port Edward LNG. At the same time, PNG commenced a project that involves a range of maintenance work to ensure the integrity of the Western Transmission Gas Line called the Terrace to Salvus (T2S) project.

At the same time, the BC Oil and Gas Commission (OGC) undertook an extensive review of the Western Transmission Gas Line to ensure integrity and protection of the environment. The review identified that PNG's line needs significant work to meet regulatory requirements.

DISCUSSION:

Attached is an Issue Note from the OGC that details the work underway with PNG.

With the Western Transmission Gas Line operating well below capacity its residential and commercial customers have been having to shoulder higher per capita energy costs: customers served by PNG in the northwest of the province pay more than double per gigajoule of natural gas than customers in the Lower Mainland. As natural gas is the primary source of heat for many people in communities such as Terrace, Kitimat, and Prince Rupert these extra costs not

only put increased pressure on household budgets but also can impede economic development. Furthermore, natural gas supplied by PNG's pipeline also serves as the backup source to generate electricity for the northwest of the province if there were to be an issue with the single transmission line that connects these communities to the BC Hydro grid.

CONCLUSION:

PNG's Western Transmission Gas Line plays an integral role in supplying energy to communities from Summit Lake near Prince George to Kitimat and Prince Rupert. The pipeline requires significant maintenance work s.13; s.17; s.21

Updated Dec. 5 & 14, 2022

ISSUE NOTE

I. PREPARED FOR: BC Oil and Gas Commission, FOR INFORMATION

II. ISSUE: Risks to aging PNG pipeline and customer supply.

III. MESSAGING:

- In recent years, the BC Oil and Gas Commission (Commission) undertook an extensive review of British Columbia's aging pipelines to ensure their integrity and protection of the environment.
- That review and subsequent audit identified the 1969 Pacific Natural Gas (PNG) pipeline running from Summit Lake north of Prince George to Prince Rupert as needing significant work to meet regulatory requirements.
- The company has complied with all Commission orders, to reduce the pipeline's operating pressure to deal with potential safety issues.
- The colder weather this winter combined with reduced operating pressure in the pipelines, could result in potential service disruptions.
- The Commission will continue to work with PNG to minimize impacts, including the possibility of trucking in gas until required work on the line can be made.
- The Commission will not compromise on public safety and will ensure all steps needed to ensure the integrity of the pipeline are undertaken as expeditiously as possible.

IV. BACKGROUND:

Dec. 14, 2022 Update:

- PNG has done significant work to assess the Stress Corrosion Cracking (SCC) on the Terrace to Prince Rupert portion of the pipeline, including engaging outside expertise.
- Since January 2021, PNG has been complying with the Order requirements to maintain reduced pressures on the pipeline.
- The operating pressure was further reduced as required by a Commission Order issued on Dec. 2, 2022, to ensure safe operations. The reductions had proactively been put in place by PNG and were, at the Commission's request, confirmed by engineering review.
- On Dec. 14, 2022, the Commission amended the Order to allow PNG to temporarily increase pressure on a portion of the pipeline (generally, from Summit Lake to Vanderhoof) to ensure adequate gas supply. Those operations will be undertaken with increased monitoring in place and PNG

has been required to undertake an engineering assessment.

- At the current restricted operating pressures, the pipeline is unlikely to fail; however, the risk of a leak is still present. For one portion of the pipeline, increased monitoring and reporting have been required by the Commission and put in place by PNG.
- Also, given the reduced pressure, PNG may be challenged to maintain supply to customers, particularly during extreme cold weather, and may need to supplement with trucked gas.

- PNG operates a natural gas transmission and distribution system in central British Columbia that provides gas service to residential, commercial and industrial customers in northeast and northwest B.C. The Commission regulates high pressure pipelines within the PNG transmission system. As a utility, PNG is also regulated by the British Columbia Utilities Commission (BCUC).
- PNG's assets include the Summit to Rupert transmission pipeline that runs from Summit Lake (north of Prince George) to Prince Rupert. Construction of this pipeline was completed in 1969.
- s.17; s.21
- In more recent years, the company has increased its planning and execution of integrity management work, maintenance, repairs and upgrades.
- The Commission has identified significant work required to comply with regulatory requirements.
- In 2014, PNG received findings of an audit conducted by the Commission, identifying necessary improvements to segment-by-segment pipeline risk assessments, aged pipeline condition assessment, management of change processes, integrity management planning and continual improvement processes.
- In February 2020, the Commission's risk-based selection identified PNG for a full and formal audit (including aged infrastructure).
- In August 2020, PNG provided information requested by the Commission to evaluate the condition, maintenance activities and oversight of the pipeline. Following review, the Commission noted, in part, systemic improvements were required for PNG's Stress Corrosion Cracking Management Program and Geohazards Management Program.
- In December 2020, PNG presented its Stress Corrosion Cracking management plan to the Commission. Stress corrosion cracking is a form of corrosion from small cracks (caused by various factors, including environmental). SCC tends to propagate as crack clusters or "colonies" as pipeline stress opens cracks that are subject to corrosion, weakening the

pipeline metal by further cracking.

- In January 2021, PNG complied with a Commission Order (GO 2021-0115) to lower pressure on the pipeline (to no more than 80 per cent of licenced maximum operating pressure) and provide a declaration from a senior official the pipeline was safe to operate.
- In June 2022, the Commission reviewed recent pipeline inline inspection data submitted by PNG, which indicated the company had located and repaired a Category IV (highest level) stress corrosion crack. In July 2022, the Commission amended the earlier order to require further pressure reductions on the pipeline (between mileposts 209 to 245) due to risks associated with potential further SCC. Further pressure reductions were put in place by Order on Dec. 2, 2022 (GO 2021-0115-02) to ensure safe operations.
- PNG has complied with Order requirements and continues to meet with and respond to the Commission to review additional inspection findings and information.
- PNG has continued planned work to execute tests and repairs. This has included expediting certain work on the pipeline segment between Burns Lake and Telkwa (R3-R4 NPS10) to support PNG's winter resiliency plan. Despite progress, significant delays in successfully executing the planned work could have serious consequences.
- PNG has communicated it has plans to access an alternate gas supply (trucked) to serve its customers in the event of any pipeline service disruption. However, current or further reductions in pressure or full shut in to address safety issues could potentially result in some service disruptions this winter – the PNG line serves approximately 20,400 customers.
- The Commission continues to review progress on these matters, including meetings with PNG technical staff, review of submission information/data, and Executive level meetings. The next Executive Level meeting is being planned for December 2022/January 2023.

MINISTRY OF ENERGY, MINES AND LOW CARBON INNOVATION

BRIEFING NOTE FOR DECISION

PREPARED FOR: Honourable Josie Osborne, Minister of Energy, Mines and Low Carbon Innovation

ISSUE: Amendment to Direction 5 Woodfibre-specific tariff supplements to Rate Schedule 50

BACKGROUND:

Woodfibre LNG Limited (Woodfibre) is proposing a 2.1 million tonnes per annum facility on privately owned land in Howe Sound that will utilize electrically driven liquefied natural gas (LNG) trains.

The Project is owned and operated by Woodfibre LNG Limited, a privately held Canadian company headquartered in Vancouver. The company is a subsidiary of Pacific Oil and Gas Limited, which is part of the Singapore-based Royal Golden Eagle group of companies.

Woodfibre has environmental approvals from the BC Environmental Assessment Office, Canadian Environmental Assessment Agency, and a Squamish Nation Environmental Assessment Agreement. The project has received its facilities permit from the BC Oil and Gas Commission and has approval on major federal permits.

Woodfibre issued a Notice to Proceed (NTP) April 14, 2022 and has announced approval of a pre-construction budget of \$600M. Woodfibre is also in active partnership negotiations with Enbridge which is expected to conclude by the end early Q3.

Woodfibre will require more feed gas than the current system can deliver. In order to serve Woodfibre, FortisBC (Fortis) plans to expand a portion of its existing natural gas transmission system, with the Eagle Mountain Pipeline project (EGP). The EGP will involve the construction of approximately 47 kilometres of gas pipeline, beginning north of the Coquitlam watershed and ending at the proposed Woodfibre site. Fortis' Eagle Mountain Pipeline has announced a limited NTP and a contract valued at \$341M for the tunnel components of the pipeline project.

The province has historically been interested in the development of an LNG industry because of the benefits to British Columbians and the sustained and predictable revenue stream to multiple levels of government, First Nations and communities.

In order to realize the potential benefits of development while managing its potential impact on ratepayers, the province provided regulatory support for the sector. This included setting the relevant tariffs for LNG development in the lower mainland through Direction 5 in 2012 and 2014.

Since 2012, Fortis tariffs for LNG production in the lower mainland have been supported by Direction 5 to the British Columbia Utilities Commission (BCUC). Direction 5 also supported LNG development at Woodfibre by:

- Establishing a liquefaction tariff and providing exemptions from Certificate of Public Convenience and Necessity for EGP upgrades to serve Woodfibre and;
- Fortis Coastal Transmission System (CTS) upgrades to serve Woodfibre and Fortis Tilbury Phase 1B.

In 2014, the province amended Direction 5 to include a new natural gas transportation tariff, Rate Schedule 50 (RS50), for large industrial gas customers on the CTS. RS50 included a Transportation Service Agreement (TSA) setting out the terms and conditions under which Fortis agrees to provide firm transportation service to its customers.

Fortis and Woodfibre have been negotiating on natural gas supply and have executed a series of agreements. RS50, Construction Security Agreement (CSA), and two TSAs. These agreements dictate the relevant terms for construction and operation of the EGP between Fortis, Pacific Energy Corporation (PEC) the gas owner, Woodfibre and a new partner Enbridge.

Agreement	Notes	Status
RS 50 Rate Schedule 50	<ul style="list-style-type: none"> • FortisBC's tariff for long-term, large volume industrial transportation. 	☑ BCUC Order Received
CSA Construction Security Agreement	<ul style="list-style-type: none"> • Defines important terms for construction and operation of the EGP, specifically: • Defines funding obligations through construction. • Sets out when PEC's capital contributions (CIAC) would be received and trued-up. 	☑ Signed and Executed
TSA 1 Transportation Agreement 1	<ul style="list-style-type: none"> • The primary transportation agreement that defines the terms under which FortisBC will transport and deliver gas to WLNG through the EGP. • Base Contract Demand: 260,000 GJ per day. • Defines Security and Security Reduction Conditions. 	☑ Signed and Executed September 13, 2021
TSA 2 Transportation Agreement 2	<ul style="list-style-type: none"> • Defines the terms under which FortisBC will transport and deliver gas to WLNG using existing pipeline capacity. • Base Contract Demand: 40,000 GJ per day. • TSA 2 capacity was formerly reserved for BC Hydro Island Generation power plant but has been terminated by BC Hydro. 	☑ Signed and Executed May 10, 2022

However, construction on EGP cannot proceed until the BCUC approves TSA1, TSA2, and amendments to RS50. Woodfibre and Fortis have asked the Province to consider a direction to the BCUC to approve these agreements and amendments.

Hi,

OGD has NRR. Viva did mention that perhaps the LNGC Implementation Secretariate would.

Thanks!

Hello Leah,

I have realized that OGD returned harms on DMO's briefing note. But we also send this request to OGD for a records search as well. Can you please advise if you will hold any records?

Thanks,

Subject: Call for Records EML-2023-30065 - Debby Schlutter

Request for Documents for Request # 'EML-2023-30065'. Your response due date is: 1/20/2023 12:00:00 AM Message from SENDER: Please see details below regarding this formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA):

All briefing notes and memos for Minister Josie Osborne regarding LNG, including, but not limited to, LNG Canada, Cedar LNG, Woodfibre LNG, and Kitimat LNG. Please email response. (Date Range for Record Search: From 12/1/2022 To 12/24/2022) Date Format is MM/DD/YYYY

Applicant Type: Media
Notes for Search: Similar request: EML-2023-30055
Records Due: January 20, 2023
Legislated Due Date: February 16, 2023

Please email Debby Schlutter at IAOFlexTeam@gov.bc.ca for all questions regarding clarification, deadlines, routinely releasable records, or publicly available records.

Routine Release

Information that can be provided to the applicant without the need for an FOI request under FOIPPA can be "routinely released". If the Ministry deems these records routinely releasable, please respond to this CFR as soon as possible with responsive records, or with the contact information of the individual who will facilitate access. IAO will release the records and/or the contact information of the individual who will facilitate access and close the request. Please contact IAO for advice regarding making this determination.

Fees

If any of the following apply, a fee estimate may be required:

- The search and retrieval time are anticipated to exceed 3 hours;
- The volume of hard-copy records is anticipated to exceed 200 pages;
- Preparation time can reasonably be expected to exceed 15 minutes or more.

If so, please complete Sections 2 and 4 of the CFR, add it to the FOI Fileshare, and then email the IAOFlexTeam@gov.bc.ca using the subject line "EML-2023-30065 - Debby Schlutter - Fee Estimate". For information regarding fee calculation, please refer to the standard Fee Estimate Guidelines.

Load Records to the FOI Fileshare

Please send your completed CFR form and responsive records to IAO via the FOI Fileshare, instead of by email.

- Create a new folder in the FOI Fileshare titled "EML-2023-30065 - Debby Schlutter - Records"
- Copy all responsive records and the completed CFR to the folder
- Send an email to IAOFlexTeam@gov.bc.ca with the subject line "EML-2023-30065 - Debby Schlutter - CFR Complete"

If you are having difficulties accessing the FOI Fileshare, please contact IAOFlexTeam@gov.bc.ca.

Reminder

FOIPPA obligates us to assist every applicant and to respond without delay, openly, accurately, and completely. If the public body must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Thank you,

Debby Schlutter, Junior FOI Analyst
