Thanks Amy. Let's discuss on Monday (Darci is back and should be able to find a late morning/early afternoon time once I am settled in Vancouver).

My only comment is if we go to the mat on this one and get the money, do we have high confidence we can get it out the door given the Feds acceleration of deadlines?

Les

Les,

I just had a call with Brian Bedford from Municipal Affairs. His Division is leading on the implementation of the federal – provincial Integrated Bilateral Agreement (IBA).

He has just let me know that the co-Chairs of the IBA --- ADMs from Municipal Affairs (Tara Faganello) and Transportation (Kevin Volk) have already acted ^{s.12; s.13; s.17}
^{s.12; s.13}

I have let him know that:

- the amount of the underspend has not been confirmed by BC Hydro;
^{s.12; s.13; s.17}

He seemed surprised by the facts laid out in the bullets above.

He has let me know that the decision^{s.12; s.13} – although I don't know on what authority. I've asked him to for the materials that were sent to the co-Chairs as part of this decision-making process.

Amy

Hi Amy,

Hope the holidays were good to you. I wasn't able to catch up with you after our RERT engagement sessions that NRCAN held in Vancouver in December with various people. But I thought you might be interested in this leave behind from Mark Zacharias.

I assume you have seen this but would love to get your take. Is it accurate? Missing pieces?

Chat later

Mark
