Hi Dave:

Here is the material Grant was speaking about at our meeting with Don earlier this week.
Description of options on pdf map is a good summary.

Les

Morning Don, meant to get these to you yesterday. Attached are note and map that we provided to the Minister to support her in yesterday's meeting.

Let me know if you have any questions, need anything else, or if it would help if this information is put in a different form.

Thanks

Grant
