Hi Dave,

We are going through the Ministers presentation to women executives in Calgary and she wondered if we should have Emmy Humber attend.

There are now about 20 confirmed participants and will be a great conversation.

Please advise.

Melissa

**Subject:** Request for meeting

Madam/Sir;

My name is Dan Kruk and I'm with the Construction Maintenance and Allied Workers Canada (CMAW).

CMAW represents over 7000 carpenters, scaffolders and other tradespeople primarily throughout British Columbia with additional members in Alberta and Saskatchewan.

On behalf of President Jan Noster and Secretary-Treasurer Paul Nedelec, I am writing to request a meeting with Mr. D'Eith. And to be perfectly clear, there is some urgency attached to our request.

In the past while, CMAW has sought perspective from a variety of stakeholders and decision-makers concerning the future of the Site C hydroelectric project. In short, CMAW believes there is a possibility the project may be given the go ahead to proceed. In the event that the project does go ahead, CMAW would like to begin a discussion with stakeholders, decision-makers and members of the public about how best to complete the project.

To be sure, there are many dimensions to the Site C issue but CMAW has identified three areas of concern that we are eager to discuss with the Member for Maple Ridge-Mission:

- the Site C hydroelectric project as a whole;
- the Allied Hydro Council
- the BC Labour Code.

CMAW is cognizant of the Member's time constraints and are prepared to meet at his constituency office or in Victoria—we are happy to accommodate his scheduling requirements.

Finally, as the BC Utilities Commission Site C report is due November 1, CMAW respectfully restates the high importance it attaches to this request.

Yours truly,

Dan Kruk

**Subject:** <Meeting Request> First Nations Major Projects Coalition | October 26

Melissa,

Nice meeting you at the airport in Winnipeg and once again, my apologies for the informal nature of the meeting. As discussed, representatives from the Coalition will be in Victoria for meetings with Minister Fraser on **October 26th**. We would appreciate the opportunity to meet with you and Minister Mungall if her schedule permits.

The purpose of this meeting is twofold:

1) To inform your office of the work of the Major Projects Coalition as a First Nations led capacity building organization. This initiative was established by First Nations in order to address the capacity gaps faced at the community level and to enable informed business decisions to be made concerning participation in major project development within traditional territories.

To summarize, the work of the Coalition is acting on the Principles of Free, Prior, and Informed Consent and providing a definition of what FPIC means from a First Nation perspective concerning major projects.

2) To discuss with your office the Kenney Dam Water Release Facility as a major project being proposed by First Nations. The Coalition, at the request of the 4 communities involved in the project, is providing capacity and technical support to the exploration of this project opportunity.

The 4 First Nations exploring this project were directly and negatively impacted by the installation of the Kenney Dam in 1952 by Alcan (now Rio Tinto).

In the simplest of terms, this proposed project is:

- First and foremost a project of significant environmental and social value to the impacted First Nations
- Is, in part, an effort to address historical impacts for which there was no consultation at the time.
- Would create a stable revenue stream for the communities by generating Hydro
- Is an opportunity to breath life into FPIC through the application of First Nation led business and environmental models necessary to get the project off the ground.

Travelling to Victoria to attend these meetings will be:

Chief Joe Bevan, Chair, First Nations Major Projects Coalition

Chief Corrina Leween, Vice Chair, First Nations Major Projects Coalition

Chief Larry Nooski, Nadleh Whut'en First Nation (representing the project communities)

David Luggi, Project Technical Lead

Myself (Niilo Edwards)

I am attaching the briefing deck I gave you at the airport, along with a copy of the original meeting request letter addressed to Premier Horgan and Minister Fraser. Additionally, there is a 1 page profile on the Coalition and map of who the Coalition members are and where they are located.

I hope this background information is helpful. Thank you for your consideration of our request.

Sincerely,

**Niilo Edwards**

Hi James and Melissa,

I will be in Victoria next week for the CA Conference and was wondering if it would be possible for me to visit your office and perhaps for us all (and maybe the minister) to meet for lunch or post work drinks or something one day?

The conference is at the Laurel Point Inn, lunch is provided October 23 and October 24, but not provided October 25, so perhaps that day would be best if it works for you. The lunch break is from 12-1pm each day. If the end of the day works better Monday I am free after 5:00pm, Tuesday am free at the end of the day from 4:00 to 6:30 pm, Wednesday I am free after 4:30 pm.

Cheers,

**Tessa Bendig**

Because she works with Lucy on all the Minister's general meetings/materials I think it would be beneficial to have her attend as well. That way our office can provide a more coordinated approach to all materials – meetings and Cabinet related.

I trust this is okay. Let me know if not.

Thank you.
