Subject: Call for Records MHA-2018-83901 Due June 12, 2018

Hello,

Please find attached a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Your analyst for the attached request will be Aaron Hofman

Please send the records to FOI.Health.Education@gov.bc.ca by June 12, 2018.

The legislated due date for the request is July 4, 2018.

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits to prove that they have conducted an adequate search for relevant records.

Please do not hesitate to contact your analyst to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- whether staff would be available to discuss the request with the applicant, if the applicant is agreeable;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you,

To the honorable **Michelle Mungall**

I sent a letter to you late last year in regards to the proposed reclamation bond increases.

The mining industry was concerned about a 5000 to 30,000 dollar increase on reclamation bonds.

s.22

s.22

This demand for reclamation money is far in excess of the 30,000 per hectare that put the placer industry in an uproar last year. The following paragraph sums up the three attachments from the inspector detailing they want an additional 196,997 dollars to a total of 216,997 for 1.35 hectares of open disturbance.

Thank you

Mitch Mortensen
250 988 1325

Based upon the above mentioned Reclamation Bond Calculation, the Reclamation Liability associated with your site is \$216,997. This is based on both existing and proposed disturbance, as well as with the assumption that 1.28ha of the 2.63ha mining area has been reclaimed (please send pictures to confirm) and that the riparian areas are now reclaimed. Opportunities to reduce this liability include, reducing existing disturbance through continuous reclamation, as well as a reducing proposed disturbance. You presently have \$20,000 in reclamation security associated with your permit.

Therefore, it will be a condition of your permit that you post a security deposit of \$196,997 prior to...

Welcome to the 'CBM_MO_EMPR_Contribute' SharePoint group. Andrú, Dean FIN:EX (IDIR\dandrú) has added you to the 'CBM_MO_EMPR_Contribute' group for this SharePoint site.

This should give you access to Minister's SharePoint/iPad site.

As a member of this SharePoint group, you can:

- * Participate in the SharePoint site at: <https://fin.gov.bc.ca/cbm/CC>
- * View the group home page at: https://fin.gov.bc.ca/cbm/CC/_layouts/people.aspx?MembershipGroupId=29194

What is a SharePoint site?

A SharePoint site is a Web site that provides a central storage and collaboration space for documents, information, and ideas. A SharePoint site is a tool for collaboration, just like a telephone is a tool for communication, or a meeting is a tool for decision making. A SharePoint site helps groups of people (whether work teams or social groups) share information and work together. For example, a SharePoint site can help you:

- * Coordinate projects, calendars, and schedules.
- * Discuss ideas and review documents or proposals.
- * Share information and keep in touch with other people.

SharePoint sites are dynamic and interactive -- members of the site can contribute their own ideas and content as well as comment on or contribute to other people's.
