Hi James

We've become aware of a letter from the Douglas Lake Ranch to the Premier (?) regarding concerns they have with the West Kelowna Transmission Project (as it will cross their land)....any chance you could get a copy of that letter? Maybe it was cc'd to Minister Mungall? Thanks

I will call you about Langford.

Lawrence

Hello James,

Apologies for the late request but we just received this today. I'm contacting you from the Office of Protocol. **Ambassador Fahad Saeed Al Raqbani**, (see attached bio) of the United Arab Emirates will be visiting Vancouver this **Friday, July 6th** to present items of recognition in appreciation to Mr. Oscar Erickson, the brother of the late Mr. Arthur Erickson, for the iconic Etisalat Building that Mr. Erickson built in the UAE, and for his strong philanthropic work.

These recognition items that the Ambassador is presenting are from His Highness Sheikh Abdullah bin Zayed Al Nahyan, UAE Minister of Foreign Affairs & International Cooperation (and brother to the President & Ruling/Royal family member), who had visited Canada in May/June and who was hoping to present these items to the family of Mr. Erickson in person, but his schedule did not allow him to travel to British Columbia.

During his stay here, he is also hoping to meet with the Premier and several cabinet ministers, including Minister Mungall, whose portfolios cross-over into UAE-Canadian relations, and strengths/interests of the UAE - from the UAE serving as a world leader in environment through hosting Masdar City -the world's only city which runs on 0% carbon emissions and 100% renewable energy, and hosting the International Renewable Energy Agency (IRENA) for which the Government of Canada has just confirmed they will join - to the UAE government sponsoring (fully paying for) UAE university students to study abroad/in Canada. There is also a lovely connection, where the Ambassador's father served as Minister of Agriculture, and our Ambassador still holds these files close to his heart.

As additional background, the Ambassador will be travelling to Calgary following his time in Vancouver to join the Canada-UAE Business Council (CUBC) Symposium, which has programme inclusion of the Alberta Premier, relevant provincial ministers, Mayor of Calgary, and high level business sector.

Please advise if your Minister would be available to meet this Friday. Thank you.

Sincerely yours,

Dear Premier Horgan,

Re: Invitation to Tour Hydra Energy Clean Energy Project.

Meeting you at the Prince George Airport last Wednesday, June 20th, was an honour and a privilege. Given that we met in Prince George, I thought you should know about an important project that we are developing in this region.

We are working with Lomax Bulk Carriers, the largest freight company in Prince George, to retrofit their heavy-duty vehicle fleet to run on a dual-fuel system that displaces carbon-intensive diesel with environmentally-friendly hydrogen. Together, we are pioneering an effective business model to utilizing hydrogen in transportation. By sourcing hydrogen from waste to fuel the retrofitted vehicles, we are:

- Slashing fleet fuel costs by over \$7 Million in 5 years;
- Preserving vehicle performance (payload capacity, fuel efficiency, power, and torque);
- Breaking ground on the site of the world's largest hydrogen station (10X current record);
- Signing-off on the world's largest commercial deployment of hydrogen semi-trucks (180+);
- Creating new skilled labour employment in Northern BC; and
- **Reducing fleet carbon emissions by 40%.**

Coupling hydrogen engine retrofits with the use of recovered waste hydrogen has an enormous potential to reduce emissions in BC and Canada. We have modeled that, by 2030, this combined approach could deliver similar and additional emissions reductions of seven million tons of annual GHG emissions to the total forecasted adoption of electric vehicles across Canada (see attached deck for further details).

Already, we have been in contact with your government about these exciting initiatives, notably through staff at the Climate Action Secretariat, the Ministry of Jobs, Trade and Technology, and the Ministry of Energy, Mines and Petroleum Resources. Each Ministry has individually provided advice and support.

Given the great potential of our project, I would like to invite you to tour Hydra Energy's facilities and to witness the successful operation of Canada's first heavy-duty hydrogen-internal combustion vehicle at a time and date of convenience to your busy schedule.

We look forward to sharing this success story with you and to continuing to work with your government to achieve ongoing economic and environmental success, starting here in BC.

To: Williams, Chelsea S LASS:EX
Subject: KM's for BC Hydro

Hey Chelsea, the big thing we are doing with Hydro is the review so I think this is best to focus on. However if MLA Ma wants something more specific we can see what else we can put together.

- In June, the Government of British Columbia launched a comprehensive, two-phased review of BC Hydro.
 - This involves an advisory group consisting of staff from the Ministry of Energy, Mines and Petroleum Resources, the Ministry of Finance and BC Hydro.
- In the first phase of the review, government is working with BC Hydro to identify cost savings, efficiencies, new revenue streams and other changes.
 - This part of the review is being done to keep electricity rates low and predictable over the long-term, while ensuring BC Hydro has the resources it needs to continue to provide clean, safe and reliable electricity.
- A report on the first phase of the review, and government's response, will be released in the fall of 2018.
- In the second phase of the review — starting in late 2018 — the Province will establish an expert panel, to provide recommendations to ensure BC Hydro is well positioned to maximize opportunities flowing from shifts taking place in the global and regional energy sectors, technological change and climate action.
 - The second phase of the review will be informed by new government strategies, including an energy roadmap for the future of B.C. energy and a new climate action strategy.

Hi Kate!

I hope this note finds you well.

Hydra Energy is a clean energy company that has been working with a few different government departments and has just sent some correspondence to Premier Horgan (c/o Evan Brown, but attached here).

I was wondering if you might have a few minutes to chat about that, maybe on Monday or Wednesday? My schedule is pretty flexible, though.

Best,

Sam

June 29th, 2018

Hon. John Horgan, Premier
Legislative Buildings
501 Belleville Street
Victoria BC, V8V1X4

Attn: Evan Brown, Executive Assistant to the Premier

Dear Premier Horgan,

Re: Invitation to Tour Hydra Energy Clean Energy Project.

Meeting you at the Prince George Airport last Wednesday, June 20th, was an honour and a privilege. Given that we met in Prince George, I thought you should know about an important project that we are developing in this region.

We are working with Lomak Bulk Carriers, the largest freight company in Prince George, to retrofit their heavy-duty vehicle fleet to run on a dual-fuel system that displaces carbon-intensive diesel with environmentally-friendly hydrogen. Together, we are pioneering an effective business model to utilizing hydrogen in transportation. By sourcing hydrogen from waste to fuel the retrofitted vehicles, we are:

- Slashing fleet fuel costs by over \$7 Million in 5 years;
- Preserving vehicle performance (payload capacity, fuel efficiency, power, and torque);
- Breaking ground on the site of the world's largest hydrogen station (10X current record);
- Signing-off on the world's largest commercial deployment of hydrogen semi-trucks (180+);
- Creating new skilled labour employment in Northern BC; and
- **Reducing fleet carbon emissions by 40%.**

Coupling hydrogen engine retrofits with the use of recovered waste hydrogen has an enormous potential to reduce emissions in BC and Canada. We have modeled that, by 2030, this combined approach could deliver similar and additional emissions reductions of seven million tons of annual GHG emissions to the total forecasted adoption of electric vehicles across Canada (see attached deck for further details).

Already, we have been in contact with your government about these exciting initiatives, notably through staff at the Climate Action Secretariat, the Ministry of Jobs, Trade and Technology, and the Ministry of Energy, Mines and Petroleum Resources. Each Ministry has individually provided advice and support.

Given the great potential of our project, I would like to invite you to tour Hydra Energy's facilities and to witness the successful operation of Canada's first heavy-duty hydrogen-internal combustion vehicle at a time and date of convenience to your busy schedule.

We look forward to sharing this success story with you and to continuing to work with your government to achieve ongoing economic and environmental success, starting here in BC.

Sincerely,

Badr Abduljawad

Hello all,

I wanted to take this opportunity to e-introduce you to James McNish, who has joined the MO the role of Ministerial Assistant to Minister Ralston.

James comes to us from the Ministry of Energy, Mines and Petroleum Resources where he was previously a Ministerial Assistant to Minister Mungall. s.22

s.22

s.22 but please do help make him feel welcome and give him some time to learn our unique quirks.

s.22 so you can expect to hear more in the coming weeks about how things will be re-arranged to best take advantage of the skills of folks in our office.

As always, I'm here should you have any questions or concerns.

Best,
Meghan

[View this email in your browser](#)

Registration for the 5th Annual Resource Breakfast Series is now open! Click below to register:

This exciting yearly breakfast series will be held at Whistler's Garibaldi Lift Company, spanning three mornings during the September 2018 Union of BC Municipalities' (UBCM) Annual Convention.

The breakfasts each focus on a different aspect of BC's resource sectors, including Mining, Energy, and Forestry. The Series presents an excellent opportunity for industry, community and provincial leaders to come together and discuss the latest news related to these sectors.

The *Resource Breakfast Series* has become a must-attend event with sellout crowds each day. We encourage you to purchase your tickets early, as seating is limited. We received many positive comments about the new format we launched last year, therefore we will continue with hosting panel discussions. Participants were pleased to hear a variety of viewpoints, therefore, we are working on including perspectives from the provincial government (Ministers invited), local governments, resource sector leaders, and industry associations at each breakfast.

Tuesday, September 11 – **Mining Sector Breakfast**

Wednesday, September 12 – **Energy Sector Breakfast**

Thursday, September 13 – **Forest Sector Breakfast**

Time: 7:00 am-8:30 am

Style: Buffet breakfast

Location: Garibaldi Lift Company

Address: 4165 Springs Lane, Whistler, BC, V0N 1B0

Price: \$25.00 + tax per breakfast

Dress: Business Casual

To support and encourage a broad spectrum of participation from leaders from across the Province, we are limiting local government seats to two per Municipal Council or Regional District at each of the breakfasts. If you have additional persons interested in attending the event, please email info@c3alliancecorp.ca to have these individuals added to the wait list.

Please note, this invitation is intended for elected local or provincial government representatives. If you are not an elected representative and still interested in attending, please contact the [event organizers](#). Did the registration button above not work? Hello Stephanie and Scott,

By way of this email I am introducing you to Liam Lawson, Senior Ministerial Assistant to Government House Leader Mike Farnworth.

Liam is the key staff resource on matters of Parliamentary Procedure and the running of the Legislative Assembly.

Liam is available to meet with you both in the next few days to provide an introductory overview into Parliamentary Procedure and legislative decision-making including bills and legislation.

There will be more comprehensive training organized for early September as you get closer to preparing for the fall legislative session.

Can I leave it with you to arrange a time to meet with Liam?

Please let me know if there are any questions.

Thank you,
Maura

Cc: Ianniciello, Christina EMPR:EX; Wieringa, Paul EMPR:EX; Sanderson, Melissa EMPR:EX
Subject: RE: Taxi Industry Uptake on CEV Program

Hi Scott,

To answer your question – to date, uptake from the taxi industry in the CEV Program has been very limited.

The major user of EVs as a taxi is a company called Current Taxi, located in Kelowna. They are an all-electric taxi fleet using solely Tesla vehicles. They have recently added a Model 3 to their fleet which will have received an incentive under the CEVforBC program. However, the rest of the fleet, comprising of Model S and Model X vehicles, will have not received an incentive due to the program's MSRP cap. As we are aware, no other uptake from the taxi industry has occurred.

Further, under our Specialty-Use Vehicle Incentive (SUVI) Program we have included a pilot offering of a \$5,000 incentive for the BYD E6 which is being offered in North America as a vehicle only for Taxis and fleet delivery. To date, there has been no uptake under this offering.

Please let me know if you have any further questions.

Subject: RE: Letters from Minister Ralston

Hi team,

Would it make sense to put it on JTT letterhead, but then below MBR's signature it could say "acting Minister of Energy, Mines and Petroleum Resources"?

Regards,

Scott

Subject: Letters from Minister Ralston

Hi Marlene.

Dave asked us to draft a letter to Minister Sohi.

Do we send out letters on Minister Ralston's letterhead as that says JTT Minister of course? Or is there a "combo" Energy Mines and JTT letterhead that they wish us to use?

Thanks!

Daymon.

Hi Daymon

Is there someone in the CU that could draft up a welcome letter to the new federal minister of natural resources Hon. Amarjeet Sohi? This would be sent from Minister Bruce Ralston, including regrets that he will not be attending EMMC in Iqaluit this year.

I want to congratulate Min Sohi on his new portfolio. I look forward to working with him in his new role.

Unfortunately due to other energy file commitments I will not be available to attend the conference in Nunavut.

Subject: RE: OPPORTUNITY - CWWF Completion Event: The Arrow Creek Water Main Replacement

Hi Melissa,

I spoke with Daniela. She is asking us if it's okay to put out an invite to an MLA or Minister who may be in the area to stop by the event in Creston? (There may be nobody available, in which case the municipal rep can just read a prepared statement).

It's on August 9th celebrating the completion of the Arrow Creek Water Main Replacement and Systems Improvement Project.

Do you think that's okay?

Thanks,

Scott

Hello Daniela,

There is a CWWF opportunity for an improved water delivery project in Creston on August 9th. s.22
s.22 would there be another rep who could go? Or we could do quote only.

WHO'S ORGANIZING?

Regional District of Central Kootenay

Date: Aug. 9, 2018 (confirmed)
Time: Afternoon preferred
Location: Erickson, BC

BACKGROUND NOTES

The regional District of East Kootenay will hold a celebration event marking the Completion of the Arrow Creek Water Main Replacement and Systems Improvement Project.

This project will improve water treatment plant control to improve water service for people in Creston.

This project received funding from the Clean Water and Wastewater Fund, a joint federal-provincial cost-sharing program dedicated to assisting local governments accelerate community infrastructure projects that benefit local drinking water, wastewater and storm water management.

Federal funding: \$2.5 million
Provincial funding: \$1.6 million
Local funding: \$852,522

I want to congratulate Min Sohi on his new portfolio. I look forward to working with him in his new role.

Unfortunately due to other energy file commitments I will not be available to attend the conference in Nunavut.

<image002.jpg>

Good afternoon,

On behalf of Ghislaine Kerry, Manager, Conference Services, please find attached in both English and French the Logistics Information Note for the 2018 Energy and Mines Ministers' Conference to be held in Iqaluit, Nunavut on August 12-14, 2018.

Thank you.

Bonjour,

Au nom de Ghislaine Kerry, Gestionnaire, Services aux conférences, vous trouverez ci-joint, en français et en anglais, la note d'information logistique de la Conférence des ministres de l'Énergie et des Mines 2018 qui aura lieu à Iqaluit (Nunavut) du 12 au 14 août 2018.

Merci.

Thanks Melissa,

Are you able to make edits? The letter should start with "as acting minister for Empr, I want to congratulate you..."

Secondly, the signature should indicate that Minister Bruce Ralston is the acting Minister of Energy, Mines and Petroleum Resources.

Best regards,

Scott Andrews
Ministerial Assistant

Hi Scott,

Please see the update below re: the congrats letter to Federal Minister Sohi.

I have attached the letter to this email as it stands now in e-Approvals (with Lisa) for MO approval if you would like to take a look.

Thanks,

Melissa Westaff

Hey Lisa,

I was talking to Marlene Melissa and Scott about this. Please don't send to JTT. I will be the one to pass it along to them.

Thanks

Hi Lisa,

As per our telephone conversation today – I have sent you e-Approval item 4401 for MO approval.

DM Nikolejsin requested a letter be drafted and signed by Minister Ralston congratulating the Honourable Amarjeet Sohi on his recent appointment as Minister of Natural Resources Canada, as well as send regrets that he cannot attend the Energy and Mines Ministers' Conference in August. Please have the MO approve this letter and connect with JTT's MO for their head's up and approval (we need to establish a process for letters like this that will be going out under MBR's signature).

Once approved by both MO's, please advise the CU of how our MO would like this letter to be signed – ex) Bruce Ralston A/Minister of Energy, Mines and Petroleum Resources (?). Please note that this is on JTT's letterhead so we need to communicate somehow to writers/addressees that he is acting for Minister Mungall in her absence.

I marked this item as a rush and will follow up with you on Monday.

Thanks!

Melissa Westaff

Hi Melissa and Scott,

Just an FYI on this one. OGC bulletin re. some changes required due to the pending Petrinex switch. Fairly minor and technical, no issues expected.

OGC is hoping to web post on Aug. 1, 2018.

Thanks,

Glen

Hello Lisa,
See below a meeting request from Joe Gardner, GM of Douglas Lake Ranch.
We have sent regrets on the Premier's behalf but would still like to request a BN on the subject of this request.
Please have your ministry prepare a BN for the Premier by July 19 on the West Kelowna Transmission Project and how it may impact the Douglas Lake Ranch.
Thank you for your kind assistance with this request.
Cheers,
Chris

Hi Lisa,

The standard wording for this issue is currently with you in e-Approvals for MO approval (item 4334, Cliff 104814) and can be accessed from there. It is standard info about the fund that will be used to create responses, so that we don't need to keep going back and forth to BC Hydro for drafting. You can also take a look at item 4333 (also with you in e-Approvals) as that is also a response re: the Crisis Fund.

Thanks,
Melissa

Subject: RE: PCard for EMPR MA

Hi Scott,

Could you please return this form with an Expense Authority signature from either the Minister or Senior MA?

Thank you,

Melissa Holman

Subject: RE: PCard for EMPR MA

Hi Lisa,

Scott will actually need a **Travel Card**. Please find the following information and disregard the previous email I sent you regarding Purchase Cards:

Please find attached the Form required to apply for a Bank Of Montreal (BMO) Travel Card. Please have the cardholder complete, have their Expense Authority (EA) sign and scan the form back to me. Cards take about 7-10 business days to arrive.

FIN643 - [BMO Travel card application form](#)

Cardholder to read Appendix 1 and 2 which will print with this form.

Please Complete the following sections:

- **Date of Request**
- **Type of Request**
- **Ministry Name**
- **Employee Information**
- **Statement Mailing Address**
- **Employee Account Authorization Controls** - There are 3 Limits on the Travel Cards, the standard Limits are as follows. These are just standard limits and should be adjusted accordingly to what the cardholder will require.
 - Maximum Single Transaction Limit - \$2,000.00
 - Monthly Transaction Limit - \$10,000.00
 - Daily Cash Advance Limit - \$200.00
- **Declaration** – To be signed by cardholder AND Expense Authority
- **Additional Account Set-Up Information** - I will complete this section

Thank you,

Melissa Holman

Hi Will,

I hope all is well. Can we get your approval on the attached correspondence? It has components that involve your ministry.

Thanks,

Scott

Hi Bruce,

I hope all is well. I am the new MA in EMPR. I understand this project is in the Premier's riding.

Can you have a look at our draft response to inquiries?

Thank you,

Scott Andrews
