I discussed with Don. He doesn't want NES s.13 . TBD where and when it goes.

You need to work up the options and issues as we discussed so I can speak with him about all that ASAP. Environment folks are welcome and we want there I put, it do not slow down if they are unable to fully participate. Get this worked up ASAP

Thanks

Good morning Rhonda,

I believe the Northern Energy Strategy (NES) submission is still planned s.13 , and I wanted to check if you or Dave have been working on moving it s.13 . Can you please connect with Dave on this?

With respect to timing, my advice is s.13

Thanks Dave, we have a draft deck which EMPR Divisions have been involved with and Ryan will connect with you on the draft next week (as I'm away).

We've had some good planning meetings with MOE and EAO this week and additional GHG policy issue planning and modeling is proceeding. Cheers,

Subject: Item for ELUC

Hello,

Cabinet Operations contacted me this afternoon regarding an upcoming item being scheduled for EMPR ^{s.13}
s.13

This was apparently mentioned in a MIRR item ^{s.13}

ELUC did not approve the MIRR item because not enough was known about the ^{s.13}
s.13

Paul Finkel, Cabinet Operations had discussions with Minister Mungall ^{s.13}
this could come forward.

Suggested date is April 1, however Minister declined to confirm whether this was do-able until she was able to speak to
Ministry folks.

For now, this has been scheduled for ELUC April 1, a draft is due March 11 (noon) and a final is due March 22.

s.13

I understand the MIRR item will not be approved until this presentation comes forward.

Doug Caul was apparently going to de-brief you at DMC NR today, but Simon is attending for you. I have copied Simon on this e-mail for information.

Next meeting of ELUC is April 29, draft due April 5.

Please let me know how you wish to proceed.
