Minister, from a grammatical/phrasing stand-point, this would be my preference:

"Improving the energy efficiency of our schools both reduces our carbon footprint and saves money in the long run," said Surrey-Tynehead MLA Amrik Virk. "These improvements help to provide healthy, safe and modern learning environments."

Same message, slightly different wording.

As with KNC, we are looking for you to sign the submission and approve the unsigned Mandate Letter addressed to BCIC. The final signed submission package is due to Cab Ops on Monday, Nov 9 for the Nov 16th CCST meeting.

You and John have recently meet with BCIC so John wasn't sure that a briefing was required. But if needed, then maybe we could add this to the next Roundtable meeting on Nov 5. Let me know if you have any questions.

We also need to brief caucus on status of Tech strategy. Wed night may be tight depending on our flight plans but let's see if house leader update will work.

Minister, from a grammatical/phrasing stand-point, this would be my preference:
