TOTAL KMS: 7.2
TOTAL COLLISIONS: 152

QUERY PROFILE - GEOGRAPHIC

Query Name: Lions Bay 2006-2015
Description:
Query Type: PRI (Primary Query)
Collision Period From: 2006-01-01
Collision Period To: 2015-12-31
LKI Update Flag? N
Effective Date: 2016-03-31
Hwy Classification: 2002 - 2002 Classification Scheme (Classification Scheme defined in 2002)
Expiry Date: 2016-04-30

----- Segment Selection -----

Segment Selection Mode: FTL (From-To List)
Numbered? N
Lettered? N
Unnumbered? N
Devolved? N
Query Segment Node Selection: ONE (One Occurances of a Node)

Approximate Incident Time (24H)

11:00

Incident Date	07/14/15
---------------	----------

Description/Contributing Factors

IN1507-1023 A vehicle slowed to allow a vehicle to merge from the left lane into the right lane at a taper in a work zone. A dumptruck failed to slow down and rear ended a pickup which rear ended the car that slowed. The car that slowed down was pushed past the car that was merging causing some damage to the passenger side. The speed limit in the work zone is 60km/h, advance warning signage for the work zone exceeded the requirements of the Traffic Control Manual for Work on Roadways.

Motor Vehicle Incident

Supervisor's Report

Date of Report July 15/2015
Supervisors Name s.22

Additional Incident Details

Incident to place in a Miller Capilano work zone. Passenger in the pickup hit the windshield, occupants of Toyota with rear end damage transported via ambulance to Lions Gate. Nine people were assessed by BCAS. Unknown if any charges were laid however the dumptruck was being held for inspection by CVSE

Additional Details of Condition of Road Surface and Traffic Facilities

Miller Capilano had two work zones in Lions Bay at the time of the incident. One at Kelvin Grove and the other 2 km north at Magnesia Creek. Signage immediately preceding the incident site included a C4 (crew working), a TW61 (lane ends), a TW61 w 200m tab, Flashing Arrow Board, and a C53 (arrow). This exceeds the signage required by the manual

Possible Cause if Known

Dump truck was unable to stop in time although there were significant skid marks. One MCMC employee from the other worksite complained to RCMP about the dump truck speeding and tailgating. When he heard of the incident he immediately speculated (correctly) that the same dump truck was involved.

Joyce Chang
Province's Representative

Ministry of Transportation and Infrastructure
South Coast Region
Suite 310 – 1500 Woolridge Street
Coquitlam, BC V3K 0B8

SENT BY E-MAIL: joyce.chang@gov.bc.ca

Dear Joyce,

**SEA-TO-SKY HIGHWAY IMPROVEMENT PROJECT
NOTIFICATION OF NOVEMBER 1, 2015 FATAL MOTOR VEHICLE INCIDENT**

We refer to the Concession Agreement (the "Concession Agreement") made as of June 3, 2005 among Her Majesty the Queen in Right of the Province of British Columbia, as represented by the Minister of Transportation (the "Province"), BC Transportation Financing Authority ("BCTFA") and Sea to Sky Highway Investment Limited Partnership (the "Concessionaire") as amended. Terms defined, whether expressly or by incorporation, in the Concession Agreement shall have the same meaning when used in this letter unless otherwise defined in this letter.

Certain media outlets have reported that a fatality resulted from a motor vehicle incident that occurred on November 1, 2015 on the Concession Highway. We are unable to confirm whether a fatality occurred, but we have no reason to doubt the media's report.

Attached to this letter is the Operator's report that relates to the incident report.

The Concessionaire is unaware of any claims that may have been filed in relation to this incident.

If you require further information regarding this matter, please contact us directly.

Yours truly,

SEA TO SKY HIGHWAY INVESTMENT LIMITED PARTNERSHIP

Daisy Ng

Ministry of Transportation and Infrastructure
South Coast Region
Suite 310 – 1500 Woolridge Street
Coquitlam, BC V3K 0B8

SENT BY E-MAIL: joyce.chang@gov.bc.ca

Dear Joyce,

**SEA-TO-SKY HIGHWAY IMPROVEMENT PROJECT
NOTIFICATION OF NOVEMBER 1, 2015 FATAL MOTOR VEHICLE INCIDENT**

We refer to the Concession Agreement (the "Concession Agreement") made as of June 3, 2005 among Her Majesty the Queen in Right of the Province of British Columbia, as represented by the Minister of Transportation (the "Province"), BC Transportation Financing Authority ("BCTFA") and Sea to Sky Highway Investment Limited Partnership (the "Concessionaire") as amended. Terms defined, whether expressly or by incorporation, in the Concession Agreement shall have the same meaning when used in this letter unless otherwise defined in this letter.

Certain media outlets have reported that a fatality resulted from a motor vehicle incident that occurred on November 1, 2015 on the Concession Highway. We are unable to confirm whether a fatality occurred, but we have no reason to doubt the media's report.

Attached to this letter is the Operator's report that relates to the incident report.

The Concessionaire is unaware of any claims that may have been filed in relation to this incident.

If you require further information regarding this matter, please contact us directly.

Yours truly,

SEA TO SKY HIGHWAY INVESTMENT LIMITED PARTNERSHIP

Daisy Ng

Description/Contributing Factors

IN151221-1096 -Northbound vehicle lost control and struck MCMC's speed reader damaging it. The vehicle ending up in the ditch hitting the rockface. Northbound north of Alberta Creek at the end of the barrier run. MCMC only got called to clean up gravel on the road. RCMP said the vehicle was speeding and was overtaking a vehicle in the slow lane and then overcorrected when moving back into the slow lane. It struck the speed reader and went into the ditch. The driver was given a speeding ticket..

fyi

Please see collision summary for Highway 99 Lions Bay area prepared by Winnie.

Sea to Sky Highway (Highway 99) Lions Bay Traffic Data Summary

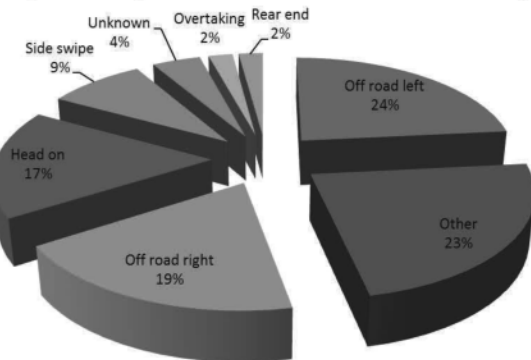

North of Lions Bay

Current speed limit = 90 km/h (changed Sept. 2014, previously 80 km/h)

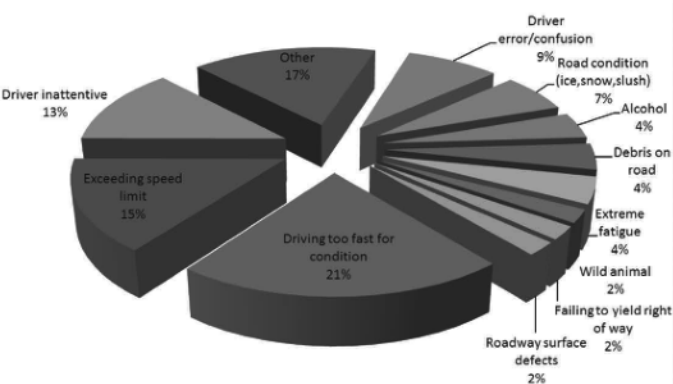

Between 2009 and 2014, this 4 km section has a total of 47 collisions with 22 property damage only, 23 injuries, and 2 fatal incidents.

The collision rate is lower than the critical collision rate and the provincial collision rate.

Top Primary Occurrences - North of Lions Bay

First Contributing Factor - North of Lions Bay

South of Lions Bay

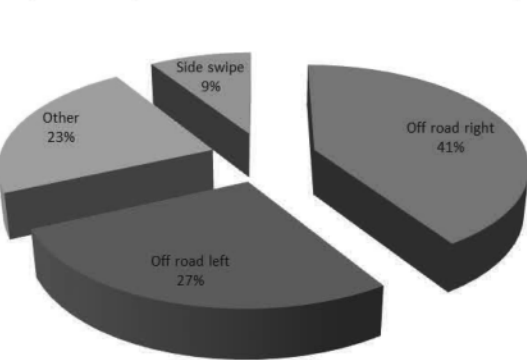

Current speed limit = 90 km/h (changed Sept. 2014, previously 80 km/h)

Speed survey results shows that there has been a 3 km/h decrease in 85th percentile speed with the speed limit change.

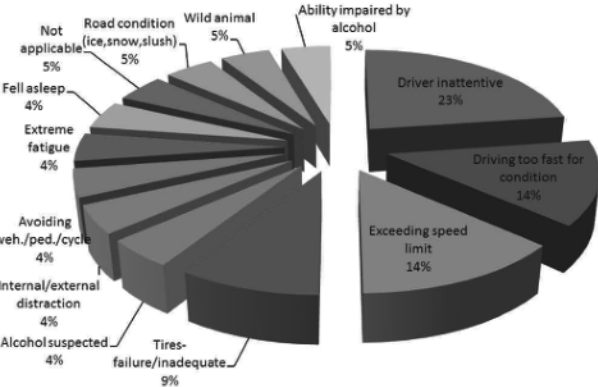

Between 2009 and 2014, this 4 km section has a total of 22 collisions with 12 property damage only, 10 injuries, and no fatal incidents.

The collision rate is lower than the critical collision rate and the provincial collision rate.

Top Primary Occurrences - South of Lions Bay

First Contributing Factor - South of Lions Bay

North of Lions Bay - Southbound (90 km/h)

Lions Bay

Current speed limit = 60 km/h
Note: Speed limit has not been changed along this segment

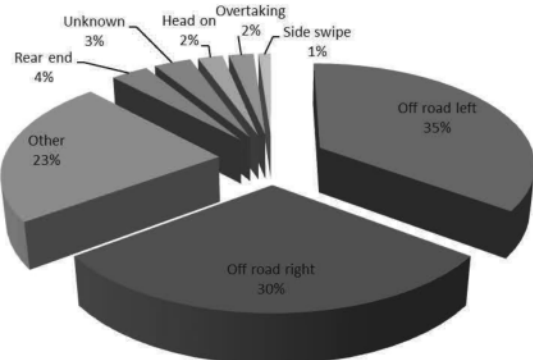

Between 2009 and 2014, this 4 km section has a total of 91 collisions with 56 property damage only, 34 injuries, and 1 fatal incidents.

The southbound collision rate is lower than the critical collision rate and the provincial collision rate. The northbound collision rate is lower than the critical collision rate but higher than the provincial average collision rate.

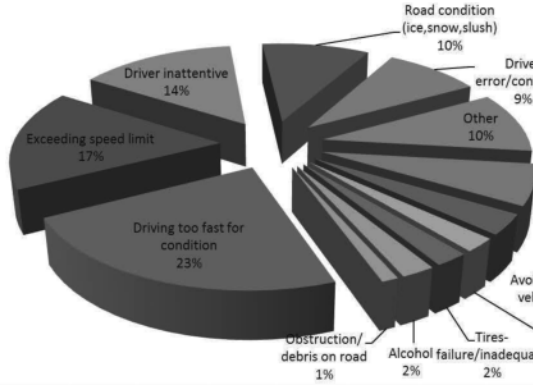

Lions Bay - Northbound (60 km/h)

Top Primary Occurrences - Lions Bay

First Contributing Factor - Lions Bay

South of Lions Bay - Northbound (90 km/h)

Jessica/Nathan,

Here are some updated figures for 2015.

- In 2015, these are the Sea to Sky Highway 99 accident statistics for the year;

- 57 PDO (Property Damage Only)

- 67 INJ (Personal Injury)

- 3 FAT (Fatality)

- Total = 127 incidents

- In the Lions Bay area (measured between Kelvin Grove and M Creek), there were 17 recorded incidents in 2015 (4 PDO, 12 INJ, 1 FAT)

Please let me know if you need any other information. Would you happen to know for what purposes the MLA's office is using this data? Or can you confirm if this is just for information?

Thanks,

Deborah

Subject: RE: Accident rates on Sea to Sky highway
Good morning,

The MLA's office has the accident rates up to Dec. 2014 but would like an update that includes stats up to the end of 2015. I do not necessarily think they are looking to compare numbers. This parameters are the same for the Lions Bay numbers.

Thanks,

Nathan

Good Morning Deborah,

Thank you for your reply and I appreciate your direct questions to ensure we gather the right information.

Nathan, would you be able to please answer Deborah's questions below?

Thank you kindly,

Jess

Hi Jessica,

We can compile numbers using the 2015 statistics, however I'll need to get some clarity around what it is we're looking to compare.

Can you confirm if only the accident rates for 2015 are being requested (number and type)? Or is a comparison between 2015 to another time period being requested? And if so, what time period?

Can you also confirm if the parameters are the same for the requested statistics around Lions Bay?

Thanks,

Deborah Tan

Subject: FW: Accident rates on Sea to Sky highway

Good Morning Deborah,

Nathan from the Minister's Office is requesting some statistical data relating to the sea to sky highway and the highway near Lions Bay as noted in the below email.

Would you please advise if you are able to provide this information? If so, are we able to get it by tomorrow?

Thank you,

Jessica Crighton

Subject: Accident rates on Sea to Sky highway

Hey Jess,

First off, thanks so much for getting that information Friday! Really appreciated it.

Second, could you provide me with the most up to date accident study statistics for the sea to sky highway? The numbers being used now by the MLA's office only go up to Dec. 2014 so they are wondering if there are numbers that go to Dec. 2015. They also wanted to know if there were particular numbers relating to the area of the highway near Lions Bay.

Thanks!

Nathan
