Hi Jane,

This is what I have.

April 12, 2012: Telecon with Catherine Emrick, Tides Canada.

May 14-16, 2012: Attended the Tides Canada, Aquaculture Innovation Workshop, in Seattle Washington. In attendance at the workshop was, Catherine Emrick and Eric Patel, Tides Canada; Jay Ritchlin and Scott Wallace, David Suzuki Foundation.

August 27, 2012: Telecon with Catherine Emrick Tides Canada.

Regards,
Myron

Hi Alison and Matt

The ministry is at 808 Douglas Street, near the Empress Hotel and across from Brown's Social House and a big condo complex called The Falls. We are on the third floor – reception will call me when you get here.

Cheers, Ian

Hi Ian

The best time for us would be 3:30 to 4:30. Where is Ministry of Agriculture located?

Alison

Hi Alison

Yes, of course I remember you. It would be great to meet on Thursday. Right now my calendar is clear from 11:00 to 12:00 and from 3:30 to 4:30. Does either time work for you?

cheers, Ian

Dear Ian:

I am with the Pembina Institute and wondering if you would have any time to meet with me on Thursday Feb 16. I would like to learn more about the work that Ministry of Agriculture is undertaking on climate mitigation and adaptation. I could provide you with information regarding Pembina's research plans in 2012 and beyond.

You and I exchanged emails last summer regarding a proposal that we had submitted regarding carbon footprints, so you are aware of Pembina's fee-for-service approach. Pembina also does research with a more public focus, through foundation or other support. Matt Horne works in the public research (rather than consulting) area as Pembina's Climate Director and Matt may be available to join a meeting on Thursday as well.

Matt and I have another meeting in Victoria from 1 to 2pm (at Ministry of Energy building on Blanshard).

If you are interested in meeting, can you let me know what time would work for you?

thanks

Alison
