Good morning Andrew and Ina,

The ABC binders for the Premier and Michele were sent in the courier yesterday to PVO.

There is one minor change to the Cabinet agenda for Jan. 13th.

Please replace the Cabinet agenda with the attached.

<< File: Tab_00_annotated_agenda_cab_160113.pdf >>

Please confirm when replaced as we are now tracking all updates so these confirmations are necessary.

Thank you.

*** This message has been sent to all BC Liberal MLAs – scheduling/Legislative staff are receiving this for calendar purposes ***

Good morning,

Minister Polak would like to invite her caucus colleagues to participate in an optional briefing regarding BC's submission to the National Energy Board panel reviewing Kinder Morgan's Trans Mountain Expansion project. The call will take place on **Monday, January 11th, 2016 at 3:00 pm**. It is expected that this call will likely take 30 minutes.

To participate, please call ^{s.15} If you have an issue connecting to this call
please try the local dial-in number, ^{s.15} These numbers will **NOT** work for international calls,
so please let me know if you are calling in from an international location. This call is a secure call and each
Member will have to give their name in order to participate.

If for whatever reason you have issues calling in please contact **Kevin Dixon at 250-356-6134** and he will assist you in connecting to the call.

Conference Information

The following are instructions for your conference:

1. Enter the dial-in number and follow the voice prompts.
2. When prompted, enter your Conference ID followed by the # sign.
3. In the event you are unable to connect to the conference, please stay on the line and you will be automatically transferred to a conference representative.

4. If you require assistance at any time during the conference, press * 0 (star zero) for a conference representative.
5. Each caller can mute their own line by pressing * 6 (star six). To remove mute, press * 6 again (Tip: use this feature before putting your line on hold to prevent music playing into the conference).

Please let me know if you have any questions.

Thanks,

Kevin.

Subject: Meeting request on behalf of Andrew Wilson CEO of Electronic Arts
Reply-To: <dmoors@tsa.ca>

Good evening Neil, I hope you are well.

Sorry to bother you, but I am hoping that you could refer me to the right person in the Premier's Office on a bilateral meeting request.

We work here in Ottawa with the Entertainment Software Association of Canada (the video games industry association), one of their largest members is Electronic Arts (EA).

The Global CEO of EA, Andrew Wilson, will be in Vancouver on January 19 as one of the speakers at the #BCTECH Summit. The Premier is giving the opening keynote for the Summit and Mr. Wilson speaks on Day 2.

Mr. Wilson was hoping to have a brief meeting with Premier while he is in Vancouver for the Summit. It is my understanding that as of yet Mr. Wilson and the Premier have not had a chance to meet.

As I am sure you are aware, EA's studio in Burnaby is the world's largest purpose built video game studio. EA employs approximately 9,000 people worldwide and the aforementioned studio employs 1300 people with an additional 400/500 full time contractors. EA produces popular interactive games such as Star Wars: Battlefront, which is expected to sell 13 million copies this financial year for the Xbox

One and Play Station 4, as well as NBA basketball, The Simpsons, FIFA, SimCity and Need for Speed. EA's presence in Burnaby is a key driver of British Columbia's highly successful video games industry.

During his meeting with the Premier, Mr. Wilson would be pleased to discuss EA's global presence and its ongoing investment in and commitment to its studio in Burnaby, including the company's contribution to the Provincial economy and EA's contribution to the creation of skilled, well paying jobs in the province.

I apologize in advance for the late notice of this request. I was only asked to reach out today.

Thanks in advance and please let me know the proper contact in the Premier's Office to follow up with.

Cheers

Subject: As requested

Here is what we're communicating publicly right now including bed breakdowns. I have asked for any updates to timelines or additional detail.

E
--

- In addition to our Provincial End-of-life Care Action Plan for British Columbia, we are committed to double the number of hospice spaces in the province by 2020.
- Health authorities are working to meet that mandate.
- There will be 375 additional hospice spaces, which include dedicated and designated beds and home-based palliative care services in communities across the province.
- 61 beds are proposed for future roll out in each health authority, starting in April 2015, as follows:
 - Fraser Health: 15 beds
 - 10 beds at Holmberg House in Abbotsford (April 2016)
 - 5 beds at Peace Arch Hospice in White Rock (2018/19)
 - Vancouver Coastal Health: 12 beds
 - to be owned and operated by Providence Health care
 - Island Health: 24 beds
 - 8 beds in Comox and Parksville by Fall 2015
 - 3 beds in Campbell River (2016/17)
 - 2 beds in Sooke (2016/17)
 - 4 beds in Cowichan Valley (2017/18)
 - 1 bed in Mt. Waddington (2017/18)
 - 2 beds in Comox Valley (2018/19)

- 1 bed in Oceanside (2018/19)
- An additional 11 beds – location to be determined (2019/20)
- Interior Health:
 - Work is underway to determine strategies for optimizing Interior Health's existing bed stock to meet the needs of their rural and remote regions where stand-alone hospices have proved inefficient due to community size.
 - Based on current and projected growth, 30 locations have been identified as needing designated or dedicated beds.
- Northern Health: 10 beds
 - 2 in the Northeast
 - 4 in the Northwest
 - 4 in the Northern Interior

Hi Michele,

Forgive me for bothering you. I'm just following up, at John Martin's request, regarding an invitation from Anita Rogers for Premier Clark to speak at the Western Canada Region Conference for Soroptimist International in Langley, April 29 or 30. Anita has indicated they are willing to plan the conference agenda around the Premier's availability, so as soon as they receive confirmation from your office they'll be able to arrange their other sessions.

Thank you for considering this request.

All the best,

Desmond

Meredith,

Good to hear from you.

I've copied Emile on this email from Minister Lake's office so the two of you can connect.

And no, I'm not planning to leave the west coast! I had a great time in Ottawa but now enjoy the much milder climate and all we have going in BC!

All the best,

Michele

Importance: High

Hi Michele,

How are you? I hope that it is warmer in BC than it is here in Ottawa.

Quick Q for you, who could I contact in Minister Lake's office about the upcoming Health Ministers meeting in Vancouver? I just need a few names for outreach so that we can try and set up a meeting with Minister Lake while we are there.

It's been hard for us to get in touch with him so looking for some help.

Are you planning on coming back to Ottawa??? So many former colleagues and familiar faces are making their pilgrimage back to the Hill 😊

Cheers,

Meredith Logan

Subject: SESSION - APPOINTMENTS AND SEATING

Good afternoon Michele; please – I require the following appointment and Committee confirmations from you, plus the usual direction with respect to the seating plan. We now have Hon. Morris to accommodate on the floor in his new role. Present line-up is attached.

Confirmations:

- **Confirmation** that MLA Lee will remain as Deputy Speaker and MLA Pimm as Deputy Chair: Committee of the Whole. As you know these are sessional appointments, so cease to exist when we Prorogue. Should there be a desire to change either of these then I need to know in advance please. As a reminder: the Deputy Chair Committee of the Whole assists the Deputy Speaker and often presides over Bill debates and other proceedings. When in the Chair this person has all the powers of the Speaker.
- **Re -confirmation of present membership on all the Select Standing Committees.** Urgent please: I need a replacement soon for Hon. Morris on the Public Accounts Committee, as they are meeting on Feb. 2 & 3. The other Committee vacancies attached to Hons. Bernier & Morris can wait for a few weeks, given that these gaps are on non-active Committees.

Thanks very much – I look forward to an “active”! Session p.

Steve Carr
Premiers Office

Begin forwarded message:

From: Bob Peart <bob@sierraclub.bc.ca>
Date: January 13, 2016 at 12:09:09 PM PST
To: "Carr, Steve MNGD:EX" <Steve.Carr@gov.bc.ca>
Subject: Peart - hello and urgent point re Great Bear Rainforest

Good morning Steve, welcome to your new position. I am contacting you on an urgent matter related to the Great Bear Rainforest announcement anticipated in early February:

- The RSP lead people associated with the GBR have been in contact with Vivian Thomas in the Premier's Office. February 4 was discussed as announcement date but I understand that Vivian is uncertain about Minister Thomson's and the Premier's availability for that day. Vivian suggested that the announcement may have to shift to the second week in February. This potential shift in dates concerns us and we feel that February 4th is the preferred date for a variety of reasons:
 - Moving into the second week of February for the announcement will mean the event will get lost in the Throne Speech and Budget Speech media focus. The GBR decision is significant and will get North American attention and praise for the BC government, and it would be shame to miss this opportunity. A February 4 announcement would reduce this challenge.
 - The 10 year anniversary of the GBR agreement is February 6. It would be a shame to lose the leverage associated with having this announcement out the door prior to the 10 year anniversary.

- There are many people throughout BC, Canada and internationally waiting for this announcement, and they are getting anxious as rumours get out about another delay in the announcement. If you recall the announcement was going to be in late November and another delay will really take the edge from an incredible announcement that deserves a lot of praise for the BC government.
- If the date shifts much past February 4, key NGO staff who has been working on this file for years will not be available (Valerie). She has set personal plans a few days after the February 4 date and to not have her able to attend after her contribution doesn't seem fair to her.

In closing, I would appreciate the opportunity to spend some time with you to give you a sense of what I am hearing re various environmental, post-carbon issues around the province -- perhaps over breakfast as we have done previously. Could you arrange for your office to contact me to arrange this.

Thanks and my best,

Bob

Subject: RE: As requested

Sorry for delay as I tried to nail down precise answers to those questions. Baseline bed number (2014/15) is 375. I'm still working on "how many today".

Unfortunately it's hard to get concrete numbers for end of 2016, because phase 2 of the plan covers 2015/16 and 2017/18 – and bed numbers will depend on pace of progress in each of the health authorities.

December update to TB, attached, will give some more context^{s.12}

To: Cadario, Michele PREM:EX
Subject: As requested

Here is what we're communicating publicly right now including bed breakdowns. I have asked for any updates to timelines or additional detail.

E
--

- In addition to our Provincial End-of-life Care Action Plan for British Columbia, we are committed to double the number of hospice spaces in the province by 2020.
- Health authorities are working to meet that mandate.
- There will be 375 additional hospice spaces, which include dedicated and designated beds and home-based palliative care services in communities across the province.
- 61 beds are proposed for future roll out in each health authority, starting in April 2015, as follows:
 - Fraser Health: 15 beds
 - 10 beds at Holmberg House in Abbotsford (April 2016)

- 5 beds at Peace Arch Hospice in White Rock (2018/19)
- Vancouver Coastal Health: 12 beds
 - to be owned and operated by Providence Health care
- Island Health: 24 beds
 - 8 beds in Comox and Parksville by Fall 2015
 - 3 beds in Campbell River (2016/17)
 - 2 beds in Sooke (2016/17)
 - 4 beds in Cowichan Valley (2017/18)
 - 1 bed in Mt. Waddington (2017/18)
 - 2 beds in Comox Valley (2018/19)
 - 1 bed in Oceanside (2018/19)
 - An additional 11 beds – location to be determined (2019/20)
- Interior Health:
 - Work is underway to determine strategies for optimizing Interior Health's existing bed stock to meet the needs of their rural and remote regions where stand-alone hospices have proved inefficient due to community size.
 - Based on current and projected growth, 30 locations have been identified as needing designated or dedicated beds.
- Northern Health: 10 beds
 - 2 in the Northeast
 - 4 in the Northwest
 - 4 in the Northern Interior

From: Maranda, Pierrette IGRS:EX
Sent: Thursday, January 14, 2016 9:55 AM
To: Mentzelopoulos, Athana JTST:EX
Subject: MPs from BC

Athana:

The office of MP Jati Sidhu of Mission-Matsqui-Fraser Canyon contacted Manjit to know if they could get a full-size BC flag that they could display outside his Parliamentary Office in Ottawa.

The Office of Protocol feels that it would be a nice gesture in terms of establishing a relationship with new MPs, but if it is done for one MP it should be done for all BC MPs. If there is a BC night in Ottawa in early Feb., maybe it is something that could be considered: offering a bc flag to the bc members who show up - and send one to those who can't make it with a note from the Premier.

This being said, I assume MPs must have a budget to buy such things and our reply to the request could be we cannot do this.

Views?

Thanks,

Pierrette

Michelle,

Matt will become COS to MMB

Kit will become COS to MNY

I'm going to leave it up to Matt/Kit and Corrie to figure out timing of when the changes take place – I'd suggest some overlap with Kit and Matt and then some with Matt and Corrie.

I've spoken to all the Ministers involved.

Subject: RE: SESSION - APPOINTMENTS AND SEATING

Michele – I need your assistance in populating two Special Committees please. Both these Committees would have five members in total. So I'll need three names from you for each Committee – the split being 3 government MLAs and 2 Opposition.

- 1. We need to strike a Committee to select and appoint an Information and Privacy Commissioner. Commissioner Denham's term expires in July, 2016. Under the Act she can be re-appointed, so it would be up to this Special Committee to determine if she is open to re-appointment or, if not, they will need to begin the executive search for a replacement. We should have this Motion for the start of Session please.**
- 2. We need to strike a Committee to find a new Representative for Children and Youth. Ms. Turpel-Lafond's term ends in November 2016 and, under the Act, she cannot be re-appointed for a third term. Given that we already know in advance that this appointment will require an extensive search process we should also have this Motion ready for the opening of Session.**

As always many thanks – p.

Subject: SESSION - APPOINTMENTS AND SEATING

Importance: High

Good afternoon Michele; please – I require the following appointment and Committee confirmations from you, plus the usual direction with respect to the seating plan. We now have Hon. Morris to accommodate on the floor in his new role. Present line-up is attached.

Confirmations:

- **Confirmation** that MLA Lee will remain as Deputy Speaker and MLA Pimm as Deputy Chair: Committee of the Whole. As you know these are sessional appointments, so cease to exist when we Prorogue. Should there be a desire to change either of these then I need to know in advance please. As a reminder: the Deputy Chair Committee of the Whole assists the Deputy Speaker and often presides over Bill debates and other proceedings. When in the Chair this person has all the powers of the Speaker.
- **Re-confirmation of present membership on all the Select Standing Committees.** Urgent please: I need a replacement soon for Hon. Morris on the Public Accounts Committee, as they are meeting on Feb. 2 & 3. The other Committee vacancies attached to Hons. Bernier & Morris can wait for a few weeks, given that these gaps are on non-active Committees.

Thanks very much – I look forward to an “active”! Session p.

Subject: Provincial Policies

Dear Norm & Steve,

As always, it was good to see you yesterday at the Kelowna Chamber of Commerce event. It was a great opportunity to go around the table and share and compare thoughts and ideas.

During our conversation about water providers in the City of Kelowna, it was mentioned that the provincial policy is not to force amalgamation of irrigation districts. I want to take this opportunity to point out the other provincial policies within the act that do empower the province to restructure irrigation districts.

Section 6.4.1 of the policy states: "The ministry will encourage municipalities having improvement districts within their boundaries to assume responsibility. In many cases, municipalities and improvement districts have established co-operative relationships, but municipalities are encouraged to plan for eventual assumption of responsibility."

The province wants amalgamations to be voluntary, but there are criteria to support a proactive approach to amalgamation.

Section 6.4.1 of the policy also notes the ministry will take a proactive role to restructure improvement districts which are:

- Experiencing problems with infrastructure
- Having serious management problems
- Facing irreconcilable conflicts with municipalities
- Not complying with legislation

The province's financial policy also supports the goal to see irrigation districts incorporated into local government authorities by stating the only way irrigation districts will receive funding is through local governments.

I also came across this news article this week which is also rather timely:

<https://shar.es/16jEHX>

I look forward to the next steps in the process as we move toward a robust integrated water system that provides all Kelowna residents with reliable drinking water at equitable rates, while also meeting the needs of agriculture.

Talk soon,

Colin

Hi Brian. It was a pleasure to meet you and Minister Freeland in Vancouver earlier this week.

s.16

As you know, getting to an agreement on Softwood Lumber with the US is extremely important to British Columbia.

According to Statistics Canada, in 2014, of the \$15.5 billion in softwood lumber exports to the United States, British Columbia producers sold in excess of \$8.1 billion.

An MNP study released earlier this year confirmed that the BC forest industry provides in excess of 145,000 full time jobs in our province, with over 63,500 being directly employed.

And finally, the industry provides in excess of \$2.5 billion annually in revenues to all levels of government, with \$934 million accruing to Canada.

All of this to say, which I am sure you know, that the industry is critical to the well-being of our economy and our government's ability to continue to provide the critical social services on which people depend, significantly more so than any other province.

Therefore, I would respectfully request the following ^{s.16}

s.16

Best regards,

Neil

Subject: Urgent Request

Good morning Christy, there is so much drama going on in the taxi industry, i think it is time for this to stop. Everyone in the industry is seeing anyone and everyone to discuss the possibility of the arrival of UBER. Tensions are very high, people are blaming everyone. I think Kulwant and I are getting the brunt of it. We believe there can be a resolution to this and end the madness. When we met with Todd Stone, he requested our thoughts as to how UBER could enter the market. These past few weeks have been unbearable. We should have asked at that meeting. What does the Province want? Kulwant and myself are requesting an open private meeting with you for 15 minutes, we respect just how busy your time is. We can get on the ferry or catch the next helijet and be there whenever you could spare 15 minutes. The purpose of this meeting is to Bridge the gap. Please consider our request, we have not informed anyone that we are writing to you and will keep this request and if granted a meeting confidential.

I have always had the deepest respect for you and the liberal party and understand that you must be feeling the way Kulwant and I are, for that we are sorry.

Please consider our request.

Should flag that Global also clipped him on UBER while he did the interview on the Kamloops land claim issue.

He stuck to the KMs but sounds like Uber made a push today. We're talking the below KMs and will be turning them into a statement that we can provide to other outlets.

As discussed. Let me know if you have any feedback on the below.

Adding in Shane as we'll want to ensure caucus has these as well.

Key Messages – Uber / Ride sharing

Jan. 14, 2016

- **We realize there is a strong desire for consumers and the travelling public to have more choice and more innovation when it comes to passenger service.**
- **Emerging technologies, like Uber, Lyft and other ride sharing services, present real and very exciting possibilities and opportunities for increased choice, convenience and competition.**
- **Our government is looking for every opportunity to respond to the needs of consumers, to support the free market and competition in the industry, while also ensuring travelers are secure in the knowledge that they pay to ride in vehicles that are safe, reliable and properly insured.**
- **The safety of the travelling public is, and will always be, our number one priority.**
- **New services and passenger options cannot come at the expense of passenger safety and we ask that all those seeking to provide these services in Vancouver or anywhere in B.C. respect the current regulatory system.**
- **The Passenger Transportation Act requires any vehicle operated by the person who charges or collects compensation for transporting passengers to have a licence.**
- **Other jurisdictions across Canada, North America and around the world are, like British Columbia, working to provide safe services to the public within their regulations, with emerging ride-sharing or other passenger services.**
- **We will continue to monitor their progress, the challenges and the opportunities, and in the meantime, I want to assure British Columbians we are working to find the best path forward.**

Subject: follow up

Good afternoon Dan,

I have been asked by our Tribal Chief, Chief Wayne Christian, to follow up with the Premier in relation to the meeting of November 17, 2015 with Manny Jules, Chief Ron Ignace and Chief Christian. I am attaching the briefing note and the budget proposal that they provided to the Premier during that meeting for your reference. Are you able to tell me who the Premier has assigned to this item? We would like to follow up and set another meeting date to answer any questions about the work plan and to secure funding to begin this work in the new year.

Thank you for your time and consideration.

Bonnie Leonard
Tribal Director
Shuswap Nation Tribal Council

PS. I think about you each time I drive across a bridge in BC with my studded tires on my truck. Sorry.

Hi Martina,

Happy New Year! I hope you got some down time over the holidays.

Just wanted to follow up on the invitation to Premier Clark to address the floor at Pembina's unGala in January in Toronto. I'm going to need to nail this down soon if Premier Clark is interested. Give me a call to discuss.

Also, I'm going to be in Victoria next week and would love to find some time to connect on Paris, hear your reflections on the agreement, chat next steps, etc. I think there's a certain urgency to build on the momentum from Paris. I really liked the idea of getting Chris Ragan in that we discussed at Canada Night in Paris. Are you and MMP available anytime Monday or Tuesday? I'm open for lunch on both days or could find some other times if that doesn't work. Otherwise, let me know if you'll be in Vancouver sometime soon.

Talk soon,

Josha

Hi Martina,

I wanted to follow up on our brief conversation about Premier Clark attending Pembina's unGala. The event will be held in Toronto on January 21st in the evening. Premiers Notley, Wynne and Couillard have been invited. I'd like to continue chatting about what the Premier might be able to speak to at the event.

If you're around today or tomorrow, give me a call. , S.22 , but
happy to chat about this. Let me know what works for you.

Fingers crossed on a good outcome tomorrow here at COP!

Thanks,

Josha

Subject: Re: Large Program first proof for review

Charlotte, please see the changes below.

Message from Premier Christy Clark

For many of us, the official start to the New Year begins at the BC Natural Resource Forum in Prince George. For over a decade, community and First Nations leaders, industry experts, and members of Cabinet and Caucus have gathered in Prince George to discuss the opportunities and challenges facing British Columbia's resource and development sector. As Premier, my job is to create the conditions so that companies can continue to thrive and create jobs. From liquefied natural gas to forestry, mining, and clean energy, the market for BC's resources will continue to grow as demand increases for clean and responsible energy and resources. These are exciting times for BC's resource sector – BC is poised to lead Canada in growth. The 2016 BCNR Forum is the best place to start.

Bio (pg 7)

Premier Christy Clark was sworn in for her second term as British Columbia's 35th Premier on June 10, 2013. Since becoming Premier, she has led the charge to protect and create jobs for the people of British Columbia. Her plan includes making BC an economic leader in Canada, and continuing BC's long history of protecting our natural resources while making a living from them.

Hi Jordan,

Please see attached draft of the Forum which is currently undergoing review (needs to be in by Monday). This will be available at the Forum beginning Tuesday, January 19th, 2016.

Please approve or amend as needed the following:

1. Message on page three
2. Speaker description page seven

We have just replaced two of three speakers that have let us know they cannot speak since the beginning of the week (to explain some of the strikeouts)!

Let me know if you have any questions or concerns?

OK team, attached please find a draft of the program for your review/comments/approval. We need to get this to the printers by Monday, so please make haste! Here are the pieces that need to come together:

1. Replacement speaker for Barry Munro
2. Replacement speaker for Thursday Lunch Keynote Speaker
3. Session summaries (the drafts are included here but will be updated if changes are made)
4. Dan's photo
5. Booth 57 is still being confirmed on the Tradeshow map.
6. Wendy Grant-John's photo and bio (we'll use her online material if we don't hear back)

Thank you all for your prompt attention to this request.

The Pocket Program draft is nearly complete for review as well, and will also need a quick turnaround.

Sincerely,

Kathi

Reply-To: <dmoors@tsa.ca>

Good evening Neil, I hope you are well.

Sorry to bother you, but I am hoping that you could refer me to the right person in the Premier's Office on a bilateral meeting request.

We work here in Ottawa with the Entertainment Software Association of Canada (the video games industry association), one of their largest members is Electronic Arts (EA).

The Global CEO of EA, Andrew Wilson, will be in Vancouver on January 19 as one of the speakers at the #BCTECH Summit. The Premier is giving the opening keynote for the Summit and Mr. Wilson speaks on Day 2.

Mr. Wilson was hoping to have a brief meeting with Premier while he is in Vancouver for the Summit. It is my understanding that as of yet Mr. Wilson and the Premier have not had a chance to meet.

As I am sure you are aware, EA's studio in Burnaby is the world's largest purpose built video game studio. EA employs approximately 9,000 people worldwide and the aforementioned studio employs 1300 people with an additional 400/500 full time contractors. EA produces popular interactive games such as Star Wars: Battlefront, which is expected to sell 13 million copies this financial year for the Xbox One and Play Station 4, as well as NBA basketball, The Simpsons, FIFA, SimCity and Need for Speed. EA's presence in Burnaby is a key driver of British Columbia's highly successful video games industry.

During his meeting with the Premier, Mr. Wilson would be pleased to discuss EA's global presence and its ongoing investment in and commitment to its studio in Burnaby, including the company's contribution to the Provincial economy and EA's contribution to the creation of skilled, well paying jobs in the province.

I apologize in advance for the late notice of this request. I was only asked to reach out today.

Thanks in advance and please let me know the proper contact in the Premier's Office to follow up with.

Cheers

Wanted to follow up on our proposed event for next Wednesday at the Natural Resources Forum that Cynthia flagged this morning.

We've been working with BC Hydro on options to mark the completion of construction for the Dawson/Chetwynd Area Transmission project.

From speaking with BCH, GCPE and the Natural Resources Forum organizers, we think there is an opportunity in the conference schedule to leverage the line completion into a short media avail that tells the story about how government and BC Hydro are supporting the development of the natural resource industry. This is a critical transmission line for industry in the region.

The conference organizers have suggested that immediately following Jessica MacDonald's panel appearance on the Wednesday, herself, Minister Bennett and Minister Bernier (local MLA) would hold a media avail in the conference media centre from 11:45 to noon.

They would announce the completion of the project, discuss the economic impact of construction and the now completed line, and have one or two validators from industry who will be benefiting from the line speak as well (i.e. Shell).

Everyone would speak for two to three minutes, leaving a short window for questions, with a hard stop at 12:05 so the organizers can escort media back to the keynote lunch (organizers said keynote speech won't be until around 12:30).

BC Hydro can provide visual support with banners of pictures of the line and construction, and can provide B roll to TV stations as well. There would also be a call in line for Dawson Creek or provincial media to call in and listen.

Please let me know if you have any questions, or if we are okay to proceed.

More info on the line is below.

Eric

Electricity demand in the south Peace/Dawson Creek area is growing at an unprecedented rate, due to natural gas exploration and development in nearby Montney shale gas deposits. Over the next 10 years, annual load growth in the south Peace is expected to be about 10 times that of the rest of B.C.

This is some of the most dramatic single industry regional load growth that BC Hydro has seen in the last 50 years.

It's caused by natural gas developers wishing to power their facilities with clean electricity, rather than by using fossil fuels like natural gas. The DCAT project will enable these operations to connect to the BC Hydro system, reducing greenhouse gas emissions in the process.

The Dawson Creek/Chetwynd Area Transmission Project will also support future expansion of the transmission system in the south Peace.

The Dawson Creek/Chetwynd Area Transmission Project created about 100 direct jobs over the two years of construction.

Good afternoon Jordan,

I wanted to follow up with you regarding available dates in January for our traditional ceremony. As we need to make the arrangements soon, I wanted to check in and see if you were able to secure a full day of the Premier's time for us? Any update would be appreciated.

Kindest regards,

Christine

Here is the suggested quote from Evok

"I am delighted to see Evok spearheading the advancement of British Columbia's growth as a hub of clean technology innovation, while creating opportunities for our entrepreneurs to truly flourish," said Christy Clark, BC Premier. "This partnership aligns very well with the venture capital fund I announced last month to help bolster the technology industry and diversify British Columbia's economy."

UNDER EMBARGO – DRAFT RELEASE

Evok Innovations Launches \$100M Fund to Develop Cleantech Solutions for the Oil and Gas Industry

Funded by Cenovus Energy and Suncor Energy, Evok Innovations aims to stimulate growth in the cleantech community by calling on entrepreneurs to accelerate the development and commercialization of environmental and economic solutions for the oil and gas industry

1. Evok Innovations is a unique investment partnership that unites Canadian oil and gas companies and the global cleantech community
2. Evok is an entrepreneur led fund offering flexible capital to early stage companies, and can accelerate the pace of adoption by connecting portfolio companies directly to industry partners
3. The partnership aligns with B.C.'s commitment to a comprehensive, long-term technology strategy

VANCOUVER, BRITISH COLUMBIA (January 14, 2016) – Evok Innovations ("Evok"), a unique partnership between the BC Cleantech CEO Alliance and two Canadian energy companies, launched today with \$100 million in funding from Cenovus Energy and Suncor. Evok aims to accelerate the development and commercialization of impactful energy solutions to address the most pressing environmental and economic challenges facing the oil and gas sector today.

"Evok is uniquely placed to fuel the transition to a cleaner energy future," said Marty Reed, Evok CEO. "Using the extensive insights offered by our oil and gas partners, Evok can identify and fund promising cleantech innovations and accelerate the commercialization of those technologies."

Evok will increase the scale, diversity, and quality of early-stage innovations focused on the oil and gas industry, reducing the time it takes to commercialize technologies by connecting entrepreneurs with capital, mentors, and customers. Through this new investment partnership, Evok will further reinforce B.C.'s leadership as a global hub of technology.

"I am delighted to see Evok spearheading the advancement of British Columbia's growth as a hub of clean technology innovation, while creating opportunities for our entrepreneurs to truly flourish," said Christy Clark, BC Premier. "This partnership aligns very well with the venture capital fund I announced last month to help bolster the technology industry and diversify British Columbia's economy."

"By applying a flexible funding approach to meet the needs of cleantech entrepreneurs, Evok has the potential to leverage this investment from our Partners to create numerous new cleantech companies and thousands of new jobs," said Jonathan Rhone, chair of the B.C. Cleantech CEO Alliance and CEO of Axine Water Technologies.

Evok's vision for the future is to increase the competitive advantage and environmental performance of the Canadian oil and gas industry through the accelerated adoption of innovative, low impact products and services, resulting in lower carbon emissions, more sustainable water consumption and waste water disposal, and eliminating future marine and land spills and disturbances.

About Evok Innovations

Evok Innovations ("Evok") is a first-of-its kind investment partnership uniting Canada's oil and gas companies and the BC Cleantech CEO Alliance to fund and accelerate the development and commercialization of transformative energy solutions. This partnership was created to address the most pressing environmental and economic industry challenges. As an entrepreneur led fund with the ability to provide early stage companies with capital to match their needs and stage, Evok can accelerate the pace of adoption by connecting portfolio companies directly to industry partners. By working closely with oil and gas end customers, Evok can ensure that the right energy innovations – along the entire value chain – are getting to market faster. To learn more about how Evok is fueling the next energy transition, please visit www.evokinnovations.com.

Sent: Monday, January 11, 2016 12:25 PM

To: Gleeson, Kelly T GCPE:EX

Subject: RE: Jan 14 event + Evok info

Thanks Kelly- Looking forward to finalizing things ☺

As per #2: Evok aims to focus on the problem of water use, specifically with how the oil sands value chain is a major consumer of water and generates billions of barrels of wastewater requiring disposal each year.

Their goal, in turn, is to address the entire water system within the oil sands, reducing the overall intensity of water consumption while eliminating wastewater disposal.

Example technologies: use of synthetic biology for in-situ upgrading of bitumen, advanced vortex centrifuge systems, etc.

Let me know if you need anything else!

Thanks,
Genifer

Subject: RE: Jan 14 event + Evok info

Hi Genifer –

Sorry about the delay in getting back to you
Scheduling – and getting down to logistics – is always an issue☺

I hope to get back to you mid afternoon today – and should everything look okay at that point, will have our events folks follow up asap.

Question if you don't mind. Do you have any further info on investment focus #2, below? (just wondering or context what that may involve)

Investment focus

1. Greenhouse Gas Emissions – goal: net zero GHG emissions from wellhead to wheels
2. Water use – goal: eliminate the need for water consumption and eliminate wastewater disposal
3. Marine & land – goal: minimize future impact by adopting a leave no trace ethos
4. End product - Develop the next generation of low impact products and services that meet consumer expectations

Hope to be back to ya shortly

KG

Subject: RE: Jan 14 event + Evok info

Hey Kelly- happy Monday! Just want to touch base on the time confirmation for the Premier's event this Thursday. Will you be able to confirm today?

Feel free to also put me in touch with the events logistics team to take care of the site visit and other details.

As for the program, our thoughts:

- MC (Jon Rhone): Opening remarks + introduce Premier to make launch announcement (3 minutes)
- Premier: announce launch of Evok and speak in support of Evok / impact on industry and economy (as long as she wants)
- MC: introduce Judy Fairburn, EVP Innovation with Cenovus to speak in support of great innovation happening in BC (2 minutes)
- MC: introduce Marty Reed, CEO at Evok to talk about mission and goals of Evok (5 minutes)
- Press Q & A: TBD
- Photo op

Thanks!
Genifer

Subject: RE: Jan 14 event + Evok info

Thx for the update Genifer

If we could know Monday – that would be great (in meantime, I will ensure our events team have a heads up that this may come together)

With respect to your thoughts on event – I have incorporated a few thoughts/clarifications – noted in CAPS

- **Event:** Premier introduces Evok

DON'T WANT TO TAKE AWAY FROM YOUR ANNOUNCEMENT – SO YOU SHOULD LIKELY HAVE:
AN MC INTRODUCE WHOMEVER WOULD BE MAKING THE ANNOUNCEMENT ON YOUR BEHALF
MC OR YOUR SPEAKER WOULD THEN INTRODUCE THE PREMIER - WHO WOULD THEN SPEAK IN SUPPORT
AND THEN DEPENDING ON YOUR WISHES - HAVE THE MC EITHER INVITE ANOTHER SPEAKER TO THE PODIUM FOR
COMMENT OR CONCLUDE THE ANNOUNCEMENT

MEDIA Q AND A (TO BE DETERMINED)

AND THEN – DEPENDING ON TIMING AND YOUR THOUGHTS, THE PREMIER MAY BE LED ON A SHORT TOUR OF
YOUR OPERATIONS ?

WE CAN ISSUE ADVISORY FROM OUR SYSTEM IF YOU LIKE – WE LIKELY WOULDN'T ISSUE A NEWS RELEASE (BUT
CERTAINLY ADD PREMIER QUOTE)

ALL ELSE LOOKS GOOD
QUESTIONS OR CONCERNS?

- **Date:** Thursday, January 14
- **Time:** 1-2pm
- **Location:** Evok office (200-560 Beatty Street, Vancouver)
- **Objectives:** Premier to highlight green and clean innovation within the industry ahead of BCTECH Summit; show & tell of Evok
- **Dynamics:** Premier remarks, Evok introduces company/initiatives, office tour (if applicable), photo ops, questions from press (?) or will the Premier have a more interview-style discussion with Evok?
- **Communications initiatives:** Gov't to issue press release, media advisory (?), provide A/V and tech, connect Evok with events team to coordinate logistics (site visit, etc.)

Subject: Jan 14 event + Evok info

Hi Kelly,

Thanks for the chat this morning! Hoping to get you an idea of feasibility for the Jan 14 event later this afternoon/Mon. For my reference, when would be the latest you would need confirmation by? Just to confirm event details:

- **Event:** Premier introduces Evok
- **Date:** Thursday, January 14
- **Time:** 1-2pm
- **Location:** Evok office (200-560 Beatty Street, Vancouver)
- **Objectives:** Premier to highlight green and clean innovation within the industry ahead of BCTECH Summit; show & tell of Evok
- **Dynamics:** Premier remarks, Evok introduces company/initiatives, office tour (if applicable), photo ops, questions from press (?) or will the Premier have a more interview-style discussion with Evok?
- **Communications initiatives:** Gov't to issue press release, media advisory (?), provide A/V and tech, connect Evok with events team to coordinate logistics (site visit, etc.)

Let me know if I've missed anything. As mentioned, we're aiming to issue the press release launching Evok on Jan 14 as well. Will flip over a draft to you hopefully by Monday to approve the Premier's quote. In the meantime, I've included some info on Evok below for your personal reference.

Thanks!
Genifer

About Evok

Evok Innovations (Evok) is a first-of-its kind investment partnership uniting Western Canada's oil and gas companies and the global cleantech community to fund and accelerate the development and commercialization of transformative energy solutions addressing the most pressing environmental and economic industry challenges. It uniquely combines the best of traditional and corporate venture, offers flexible funding for entrepreneurs, and works closely with oil and gas end customers resulting in the *right* energy innovations – along the entire value chain – getting to market faster. To learn more about how Evok is fueling the next energy transition, please visit www.evokinnovations.com. Website to launch next week.

Investment focus

1. Greenhouse Gas Emissions – goal: net zero GHG emissions from wellhead to wheels
2. Water use – goal: eliminate the need for water consumption and eliminate wastewater disposal
3. Marine & land – goal: minimize future impact by adopting a leave no trace ethos
4. End product - Develop the next generation of low impact products and services that meet consumer expectations

CEO Bio

Marty spent the last 5 years as a partner with The Roda Group, an early stage venture capital firm focused on clean technology. Having served in operating roles at multiple Roda Group portfolio companies, he joined the firm in 2010.

Marty is Chairman of the Board of Directors of mOasis, the creator of a soil amendment product that allows farmers to increase crop yields while reducing water and fertilizer applications. He also serves on the Board of Directors of Inventys, the developer of a low-cost method for capturing carbon dioxide from industrial sources, Gridtential, the developer of high-performance, low-cost energy storage systems and Axine, the creator of a low-cost, chemical free solution for treating toxic wastewater.

Prior to joining The Roda Group, Marty was the CEO of Carstore.com, a Roda Group portfolio company. Under his leadership, Carstore grew to become a leading online retailer of greeting cards. The company was acquired by American Greetings in December of 2010.

Marty has held senior management positions at Roda Group companies, CoolSystems and Ask Jeeves (now Ask.com). At CoolSystems, he launched Game Ready, a top brand in orthopedic rehabilitation, growing the company from start-up to \$20M in profitable enterprise, ultimately acquired by IAC (NASDAQ: IACI) in 2005 for \$1.85 billion.

Marty is a Director with the Alliance of Chief Executives, the largest organization for CEOs in Northern California. In that capacity he mentors a group of CEOs in the Bay Area. He also serves on the Board of Directors and Executive Committee for Save Mount Diablo, an organization whose mission is to preserve, defend and restore the vast unprotected lands on Mount Diablo.

Marty received his Bachelor of Science in Mathematics from Carnegie Mellon University and his Masters of Business Administration from John F. Kennedy University's School of Management, where he received the Avice M. Saint Award for Leadership. In 2013, he was presented with the Entrepreneur of the Year award by the Institute of Entrepreneurial Leadership. He began his career as a Lieutenant in the United States Navy, serving as the Supply Officer on the USS Elrod.

Good afternoon Lisa -

We have had a request from the new Consul General of the Socialist Republic of Vietnam to meet with Minister Letnick in his Consular Corps role.

Would Minister Letnick be available to meet with the Consul General on one of these dates for lunch at the Leg Dining Room:
January 28-29 or February 1,2 or 3rd.

If yes, I'll make the arrangements for the reservations and payment. If not, would the Minister be available for a 30 mins meeting with the Consul General.

The Consul General has also asked to meet with the Lieutenant Governor and Chief of Protocol.

Thanks so much in advance Lisa for any information.

And Happy New Year!

Hi Jordan,

This event is now targeting January 25 of 28:

Subject: January 19th Media Event – Immunising Refugees

What: Media event for Minister Lake, Geraldine Vance (CEO, BCPhA), Pharmacist Mohamed Kayed, and family to be immunised, (tentative: Minister Philpott)

Where: On-site at Shoppers Drug Mart Pharmacy
18677 Fraser Highway, Surrey, BC

When: 10am Tuesday January 19, 2016
(Alternate date: Monday January 18)

Event Description:

- Media would get photo and B-roll of a newly arrived refugee family being immunised by pharmacist Mohamed Kayed who has deep roots in the community and has been active in providing orientation, facilitating healthcare and housing for newcomer refugees as a leader in the BC Muslim Association. He is also a long time member of the BC Pharmacy Association as is his pharmacy Shoppers Drug Mart. He has identified a suitable family for the event, and BC Pharmacy Association will vet/prepare the group in advance of the event.
- The event would open with introductory remarks from Minister Lake, Geraldine Vance, (tentative: Minister Philpott) highlighting the range of health needs incoming refugees face, the service the provincial government is providing, the funding being provided by the federal government for immunisations and health services, and the opportunity to expand those services through partnership across the health sector.
- Beyond the photo op, BC Pharmacy Association would use the date to host a 2-3 hour health clinic on site at the pharmacy so that other families could receive vaccinations. Media would secure B-roll of the Minister and Geraldine Vance (and Minister Philpott) interacting with families.

Talking Points:

- BC Pharmacy Association is available to draft speaking notes and news release for event

- The news release would communicate: the partnership work underway, the need for refugees to be vaccinated, that pharmacies across the province are available to receive patients, the federal funding available (should Minister Philpott join).

Any concerns with this going out tomorrow? Quick highlights:

- Increases in mine visits and inspections.
- No increase in the annual injury rate from 2013.
- Reductions in the number of days of work lost to injury.
- A decrease in the number of dangerous occurrences.
- Three mining-related fatalities in 2014.

Subject: Re: CIM Annual report

Hi all,

At the end of December I flagged that the Chief Inspector of Mines annual report for 2014 was complete, we would like to post this report tomorrow.

There are no concerns with the content of this report, this is standard reporting under the Mines Act.

I have included the messaging from our IN below for your review, please let me know if you are comfortable with this being web posted tomorrow along with an IB.

Thank you,

Cynthia Petrie
Chief of Staff to the Honourable Bill Bennett
Minister of Energy and Mines

CONFIDENTIAL ISSUES NOTE	2014 CIM Annual Report
MINISTRY: ENERGY AND MINES	
Date: December 31, 2015	
Minister Responsible: Hon. Bill Bennett	

SUGGESTED RESPONSES:

- Mining is one of British Columbia's safest heavy industries, and the ministry is committed to ensuring that B.C. remains a world leader in mine health and safety practices.
- The Annual Report of the Chief Inspector of Mines is a standard report published yearly, as per section Section 36 of the Mines Act.
- The report demonstrates both the progress the industry has made in health and safety and the work the industry faces in the future to make mining in B.C. safer and more sustainable.
- The 2014 report highlights an increase in mine both mine visits and mine inspections – ministry inspectors conducted 1,228 inspections in 2014 compared to 904 inspections in 2013, with mine visits increasing to 1,809 in 2014 compared to 1,201 in 2013.
- The number of geotechnical inspections also increased to 38, compared to 31 in 2013.
- Injuries at B.C. mines remained low in 2014, a testament to industry and government's commitment to health and safety in the mining sector.
- The Ministry of Energy and Mines aims for timely, open and honest communications with the public.

KEY FACTS:

The Ministry of Energy and Mines released the 2014 Annual Report of the Chief Inspector of Mines on December 31, 2015. Specific highlights of the 2014 report include:

- Increases in mine visits and inspections.
- No increase in the annual injury rate from 2013.
- Reductions in the number of days of work lost to injury.
- A decrease in the number of dangerous occurrences.
- Three mining-related fatalities in 2014.

On Mount Polley:

On August 4, 2014, public confidence in mining in the province was shaken when a breach occurred at the tailings storage facility (TSF) at the Mount Polley mine, near the town of Likely. This incident was unprecedented and had far-reaching consequences.

Shortly after the breach, three separate investigations were launched. An independent expert engineering panel was established to determine the root cause of the breach, and the Chief Inspector of Mines (CIM) and British Columbia Conservation Officer Service also began conducting investigations. As well, on August 18, 2014, the CIM issued an order to have mining companies complete and submit a Dam Safety Inspection for every TSF at a permitted mine at an accelerated deadline of December 1, 2014.

Because the CIM's investigation was ongoing as of the end of 2014, the annual report does not provide details on the outcomes of this investigation but instead directs readers to the Mount Polley breach web page.

On Mine Visits and Inspections:

The annual report provides a summary of Mine Management System (MMS) data, including the number of mine visits and inspections conducted and orders issued by MEM to mines in 2014. When and where inspections take place is determined by MEM inspectors. Because data in MMS is frequently updated, reports generated from this system are best viewed as a snapshot in time (i.e., data is subject to change).

Mine visits include site visits done by MEM staff and contractors for the purpose of conducting inspections as well as audits, meetings, investigations or training.

Inspections are prioritized based on several factors, including the safety and compliance record of individual operations; scale of operations; dangerous occurrences; availability of inspectors; and when an operation was last inspected.

On Fatalities:

There were 3 mining-related fatalities in 2014:

- On March 17, 2014, a service worker was fatally injured at Teck's Coal Mountain Operations (located about 30 km southeast of Sparwood) when he was struck by frozen mud, which dropped from the raised box of a haul truck.
- On September 16, 2014, the driver of a welding truck and a passenger were killed at the Swansea Ridge Quarry (located about 16 km south of Cranbrook). As of December 2015, MEM's investigation of this incident is ongoing.

Background:

The Chief Inspector of Mines is appointed by the Minister of Energy and Mines to administer and enforce the Mines Act and the Health, Safety and Reclamation Code for Mines in British Columbia. The Chief Inspector is also the Executive Director of the Health, Safety and Permitting Branch of the ministry's Mines and Mineral Resources Division. The Office of the Chief Inspector and the Ministry as a whole works closely with industry, workers and communities to ensure that mineral exploration and mining activities are conducted responsibly.

The Annual Report of the Chief Inspector of Mines is a requirement set out in Section 36 of the Mines Act and is compiled with the assistance of Ministry of Energy and Mines staff and contractors.

On Dec 31, 2015, at 11:47 AM, Petrie, Cynthia MEM:EX <Cynthia.Petrie@gov.bc.ca> wrote:

Hi All,

Sending over as a heads up that the Chief Inspector of Mines has completed his annual report for 2014, this is standard reporting under Section 36 of the Mines Act, and is now with the Minister for review.

Traditionally we have done a web post of this report but in light of Mt. Polley last year we issued an Information Bulletin.

There are no major flags or concerns, highlights from the report include:

- the progress the industry has made in health and safety and the work the industry faces in the future to make mining in B.C. safer and more sustainable.
- an increase in mine both mine visits and mine inspections – ministry inspectors conducted 1,228 inspections in 2014 compared to 904 inspections in 2013, with mine visits increasing to 1,809 in 2014 compared to 1,201 in 2013.
- number of geotechnical inspections increased to 38, compared to 31 in 2013.
- injuries at B.C. mines remained low in 2014, a testament to industry and government's commitment to health and safety in the mining sector

We have this flagged in the corporate calendar and will work with HQ on timing of release, suggest we put this out when we can ensure MBBs availability to comment.

Cynthia

RE: Meeting request - The Centre For Israel and Jewish Affairs

Dear Premier Clark,

On behalf of the Centre for Israel and Jewish Affairs (CIJA) and the organized Jewish community in the Lower Mainland, we are writing to request a meeting with you in Victoria on Tuesday, March 8th 2016. The purpose of this meeting is to open dialogue on a range of issues of interest for the Jewish community. We would welcome the opportunity to engage in conversation with you regarding the following matters:

- Genetic Discrimination
- Ethno Cultural Representation in Government Planning, Funding and Delivery of Social Services

As the advocacy agent of the Jewish Federations of Canada, CIJA is a national, non-partisan, non-profit organization dedicated to improving the quality of Jewish life in Canada by advancing the public policy interests of Canada's organized Jewish community. CIJA builds and nurtures relationships with leaders in government, media, academia, civil society and other faith and ethnic communities to ensure greater understanding of the issues that impact the Jewish community.

We look forward to your reply and to meeting with you to establish a new chapter in our dialogue and collaboration.

Yours Sincerely,

Jason Z. Murray
Chair, Local Partner Council
CIJA

Hi Jordan, Tim and Anish

As promised, here's some information pertaining to an opportunity to make an announcement January 20 in Prince George with regard to CAUSES. This would be in addition to the work you have already done with Jeff regarding the Premier's remarks at the luncheon.

- Causes is an initiative established through support of the Mining Community (\$3M pledged) to provide genome sequencing, clinical evaluation and genetic counselling to families of children dealing with rare and undiagnosed conditions.
- Established just over a year ago, Causes aims to sequence 500 children. To date, 70 children have been screened and results are beginning to come in.
- The opportunity for an announcement is that the Doran family of Prince George is the first to have a diagnosis through this program. Their 5-year-old daughter Collyns is one of only six children in the world to have the rare disease for which she was diagnosed. The family learned of the diagnosis on December 23rd.
- We wanted to find out whether you might be open to working with us to do a media announcement in Prince George either prior to or right after the lunch.

Elements of announcement

- o A new initiative at BC Children's Hospital's Child & Family Research Institute offers comfort to BC families who, until now, have children with undiagnosed rare diseases
- o During the last year – an initiative called CAUSES was created to enable genetic sequencing of children who are believed to have, or could potentially develop a rare disease
- o The Doran family of Prince George is the first to learn the results – their 5 year old daughter Collyns is one of only six children in the world to be diagnosed with her specific disease

- This speaks to leadership and innovation in BC and our place in the international community using technology and research to uncover the mysteries surrounding undiagnosed rare disease
- This is a great example of the tremendous partnership between the province and the community to work together to advance child health. The Mining community's \$3M commitment enabled the establishment of this project. Genome BC also a significant contributor.

If you are amenable to making the announcement, we would suggest participants would be:

- Premier Clark
- The Doran family
- Dr. Wyeth Wasserman, who heads the research institute at BC Children's (he would be able to provide further information re. questions about CAUSES)
- Jeff Hanman

From our end, we are pleased to organize the logistics around an announcement – including release, invitation of media, room set-up, etc.

I hope this provides enough information for further discussion.

Regards,

Debora

Hi Deb,

I have chatted with Jordan in the Premier's office about your desire to do something a bit extra with the 1st patient to go through the CAUSES Clinic as part of the funding that was received through Mining for Miracles. Its great news that the family is from Prince George and is willing to participate in some sort of an event/photo with the Premier.

Jordan and Anish will work with you to figure something out that works with in the Premier's schedule and also give this the profile it deserves. If you could maybe just give Jordan a bit more detail around what you would ideally like to do and then Jordan and Anish can work to see what will fit within the existing events.

Jordan – Deb's contact info is below should you need to reach her directly.

Thanks and all the best,
Katherine

Hi Katherine

I left you a bit of a long winded v/m. Wanted a bit of advice on something that's come up in context with the Premier attending the Natural Resources convention in Prince George later this month – and an announcement that coincides with work we've been doing that the Mining Industry has supported.

My cell – listed below – is 604-828-4918.

I would love to have a chat – also to see how you've been.

Subject: Press release - BC Housing Affordability

FYI – UBC is putting out the attached release on Monday at 8am.

UBC economists propose fund to combat housing unaffordability in B.C.

Economists at UBC's Sauder School of Business and Vancouver School of Economics, along with colleagues from Simon Fraser University, are calling on the provincial government to address housing affordability in the Lower Mainland with a tax targeting property owners without ties to the local economy.

The group, led by real estate economists Thomas Davidoff, Joshua Gottlieb and Tsur Somerville, is recommending that the provincial government create a B.C. Housing Affordability Fund (BCHAF). Local residents would receive money raised through an annual surcharge on owners of vacant properties and owners who are not Canadian taxpayers.

"The goal is to support those living in parts of the province that have seen skyrocketing real estate prices, while also making our local markets less attractive to investors who wish to avoid taxation or park cash," said Davidoff.

The economists propose funding the BCHAF with an annual 1.5-per-cent surcharge targeting owners of vacant properties or those with limited participation in the Canadian economy. For example, the owner of a vacant \$10-million home would face a \$150,000 BCHAF contribution each year.

Most homeowners and landlords would be exempt from the surcharge. As an incentive to move unoccupied suites into the rental market, the policy also allows for owners to receive exemptions for rental income they receive from non-family members reported to the Canada Revenue Agency.

The economists suggest a localized approach that allows each municipality within the province to choose whether to implement the BCHAF. Funds raised from absentee owners within a particular jurisdiction would go directly to all taxpayers who declare residency within the same locale – including property owners and renters – in the form of equal lump sum payments.

Based solely on the current vacancy data, the researchers estimate the BCHAF would raise a minimum \$90 million per year in Vancouver alone.

"We are certain the sum would actually be much higher as current systems for data collection don't provide a full picture of vacancy rates," said Davidoff. "An added bonus of the BCHAF reporting process is that it will help us gain a much more accurate picture of the problems of homes left vacant and property owners who do not or have not paid their share of Canadian taxes."
