Hi Kim ,

I am emailing you this information regarding s.22
s.22

When they bought their home the Lawyer filled out the paperwork wrong saying they were both Canadian Citizens.
s.22

When I spoke with the Finance Ministry and they say there is no leeway with the legislation and s.22
s.22

s.22 When I spoke to the Collections
Department they thought that under special circumstances this fee could get waived. Could you see if this has been
done for others who are here in Canada to stay?

I have attached the documents for you to look at.
Thanks so much.

Hi Kim – s.22

The previous and current MO prefers that MLA queries filter in through the MO whenever possible. This ensures consistent messaging, that MO is aware of the issues, and that MO can vet whatever response is sent out.

1. Directly by Phone: For MSP issues however, there are additional options: MLAs can use a 1-800 number that was setup strictly for MLA MSP queries. s.17 s.13
2. Request to handle sent to Finance MO: Most will filter in their request that FIN resolve on behalf of the MLA (Reply Direct) or for MLA Bullets. It would require a Consent Form.
3. MLA Office handles directly: If the MLA's office would like to handle directly, they can, but again, a Consent Form would be required. The MLA's assistant can't call Ministry staff to discuss a constituent's personal financial information. We aren't allowed releasing that

information without consent forms as it is confidential and private information.

Also, it is possible the MLA would be redirected to submit their request for information through the MO to ensure the MO is aware of the request. Branch staff have been instructed to redirect MLA requests for information through the MO as this is previous and current MO's preferred way to receive the requests from MLAs.

If it's a simple request, and the MLA's office provides a consent form, the program area may provide them with information or direction. So up to you if you'd like them to forward through us or handle directly.

Also – just an FYI – HIBC falls under Health.

HIBC manages the database and applications for premium assistance, etc. They handle changes to information, which will impact billing.

That would be fine by me, I'm not sure MSD will be able to help other than confirming my pwd designation & income, etc.

Under these and other circumstances, perhaps someone connected with the Ministry in charge of Advanced Education, Skills and Training may be more accommodating. I believe they determine who is eligible for loan forgiveness and probably have set out the stipulations s.22

Dear Mr Kushnir

I am in receipt of your letter dated January 25th 2017 requesting proof and further documentation of the purchase transaction between s.22
s.22

s.22

s.22

My question at this point is; why is there not a better means of doing this type of transaction available? There was no sale here at all and the government is most definitely not, by any stretch of the imagination, entitled to any taxes!

In this case I find particularly annoying items 4 and 5 of your letter stating; how the ministry will determine fair market value and assess further taxes to be collected. This is nothing short of a loophole that results in un-entitled revenues to both the province and well as the federal government. I would like to know now if and when this loophole will be corrected.

s.22

s.22

I really like to know how I should go about filing a claim for refund of taxes paid in error.

I look forward to hearing from you .

I trust all is well with you on this wonderful day.

I just had an inquiry from a senior with reference to an eco-fee on hearing batteries. Apparently on a \$12 pack, the fee is \$3 or 25% of the total purchase.

Can you advise if the government has any intention of reviewing this eco-fee with the intent of either reducing the fee or doing away with it altogether.

I look forward to your response.

Hi Kim,

What is the best way for us to answer the following constituent's concern?

Henry YAO

Hi, Carole

First, congratulations to you and the BC NDP for your success in the election!
Many of us are hoping that your party can truly make BC a community for the
Canadians who live here.

I heard that you will be reviewing the foreign buyer's tax. I became aware of a
"loop hole" which perhaps explains why this tax had no real impact after several

months.

It seems that a foreign person (ie. a parent, other relative or unrelated person) can purchase a BC home together with a BC-resident person and register title, say 1% as to the non-resident and 99% as to the BC resident. This places the foreign buyer on title and control of the property may be exerted through a secondary agreement (whether declared or not). They might also be the source of funds for the entire purchase.

However, the 15% extra property transfer tax only applies to the 1% interest of the foreign buyer.

So foreigners can effectively use a Canadian-resident "agent" to purchase the property and there is effectively no additional cost.

Perhaps this is a loop hole that is now being exploited.

Many communities have different ways of doing business or interacting. s.22

s.22

I believe it is abusive.

The solution might be to charge the 15% tax on the full property price where a foreign buyer holds any interest on title or otherwise.

Alternatively, it may be time to ban foreign buyers from acquiring BC property entirely - including residential, commercial, farm land or otherwise - at least until we can re-balance our communities and ensure that there is affordable rental or other housing for the thousands of Canadians living in BC.

Good luck with your new responsibilities and challenges!

I hope the BC NDP can find new innovative ways to raise funds sufficient to maintain the prosperity of BC without continuing to sell our province and its assets - land, businesses or otherwise - to foreign interests.

Best Regards!

Hi,

Thank you for the reply. My apologies that it has taken me so long to get back to you.

We would like to order the 3 name badges at the same time and have you invoice separately. We would also like a silver metal badge with a magnet backing.

We have all decided to go with a three line name tag:

Kim Manton

Executive Assistant to Hon. Carole James
Deputy Premier and Minister of Finance

Melissa Farrance

Executive Assistant to Hon. Rob Fleming
Minister of Education

Greg Atkinson

Executive Assistant to Hon. Lana Popham
Minister of Agriculture

If you need anything further please let me know.

Thank you,
Kim

Hi Kim,

When we do a "set up" for name badges we charge a one time fee of 25.00. This includes your first proof. If you order all three name badges at the same time and we are able to send one proof there is no additional charges (we can still invoice separately). Any additional orders that require a proof are 10.00 per order . If you do not require a proof there is no additional charge past the initial set up & proof charge of 25.00. The difference between a 2 or 3 line badge of the same style does not require an additional set up charge. Please let me know how you would like to proceed.

In addition we will also need to know if you would like what style badge you would like.

We should start with your preference in Metal or Plastic. Both are 10.00 a badge (for single plate 1inch x 3inches) with a Pin. If you prefer a magnet backing it is an additional 3.00 per badge.

If you have any questions or concerns please don't hesitate to contact us by email or phone,
Regards,

Hi Mallory,

Thank you for seeking clarification. I am a first time name badge orderer ;)

Yes, we would like to see a proof of the name badge. I understand that there is a \$25 set up fee so, if that is the case is it possible for that set up to be saved or is that an additional charge?

In terms of the other badges – they would be paid for separately (different offices) but if I could order them all at once that would be our preference.

Hope this was helpful,
kim

Hi Kim,

To better help you I need more information. Would you like proofs for these name badges? Are you setting up a name badge program (and by that I mean we would save the setup and use for future name badges) ? Would the other badges be a separate Sales order?

If you have any questions or concerns please don't hesitate to contact us by email or phone,

Subject: Nametag order please

Hi,

I would like to order a name tag.

There will only be text on the tag (no logo).

I would like it to have the first 3 lines of my signature. There are two others who will also order a name tag but would prefer first two lines (their name and different Minister). I am hoping that the set up fee can apply to both the two line and the three line name tag.

If you have any questions please give me a call at 250 952 4429.

Hi Sandi,

Thanks for all your help earlier this week. I appreciate it.

I have had a reply from the Constituency Assistant who is working with s.22 (below) and thought I'd check with in with you about it. As I mentioned on the call when we spoke I am relatively new to this position so, if it is inappropriate for me to go directly to you on something like this please let me know.

What I am hoping you can provide me some direction on is if s.22 has any options to appeal or escalate her complaint? What would her next steps be?

All advice you can provide on this would be most helpful.

If you would like to give me a call when you are back in the office my cell is 250 888 5930.

I look forward to hearing from you.

Subject: FW: PST reduction on Hydro - Par-Ten Products Ltd.

Hi Charlotte,

Thank you for taking my call this morning. As I mentioned, I took a screen shot of the language in the budget update and will copy that in below.

The Budget 2017 Update announced that the PST rate on electricity will be reduced to 3.5 per cent from the current 7 per cent at a date to be specified by regulation, and then eliminated completely on April 1, 2019. I understand that Government intends to provide at least one month of notice before the 3.5 per cent rate takes effect.

Provincial sales tax revenue growth is expected to average 4.3 per cent annually over the three year fiscal plan, in line with expected increases in nominal GDP and consumer expenditures on taxable goods and services. The forecast incorporates a two-year phase out of tax applied to electricity purchases to help businesses become more competitive and support increased investment, growth and job creation. The forecast assumes that the tax rate on electricity purchases is reduced to 3.5 per cent from 7.0 per cent during 2017/18 and effective April 1, 2019, electricity purchases are fully exempt from provincial sales tax.

If I can help you in anyway further to this please let me know.

Could you please advise if these changes are generally made by all insurance companies as their clients age, and if so can you explain the rationale please; or are these types of changes unique to the coverage that the s.22 have.

A consent form is attached. Thank you so much for your help.

Hi Molly,

I forwarded the email below to Fin Min. I had an email from her earlier but needed clarification on the issue so gave her a call to ensure she was sending the case to the appropriate ministry. When we spoke she said that in the past she would be contacted directly from staff on this kind of issue. I thought I'd share the call in case you want to action this as a "direct reply".

Cheers,
kim

Hi Kim – Might you please request a Consent Form from the MLA's office?

Our program area has advised that the consent form provided is about doctors, not the Ministry of Finance issue (life insurance policies s.22

The MLA Bullets are ready but we cannot release them until we receive a proper consent form re: the issue.

Thx.

Hi Lori and Monica,

I had a request from the Ministry of Finance regarding s.22 . They have requested a consent form/certificate of Authority to Finance. The one attached to the original email identifies the issue as s.22 and not life insurance policies.

Let me know if you have any questions.
