Subject: Advance notice of forthcoming bills for PM signature
Importance: High

Good morning,

I am advised that Minister James is the current Presiding Member.

Please be advised that PM signature (by iPad) will be required today for **two time-sensitive Bills**. I do not yet have an exact ETA for when they will be posted, but it is anticipated to be noon/early afternoon. **Rush signing is requested, by no later than by 4:00pm**. I will send an email with instructions when the bills are ready for signing.

In the meantime, please let me know if you anticipate any delays in signing or have any questions. I can be reached anytime by this email or by phone.

Thank you,

Good afternoon,

Further to my email earlier today, please be advised that Presiding Member signature is required as soon as possible for three time-sensitive Bills, which have now been uploaded to the Minister's iPad.

Note that two documents for each bill require rush PM signatures in the following places:

- **Bill [#] Complete (sign page 1)**
- **Bill [#] Covers (sign pages 1 and 2)**

These documents will be accessible on the Minister's iPad in PDF Expert in the "Signing" folder (please note that the Minister will need to do a Full Sync in order to retrieve the item – and "push changes" and "full Sync" once the Bill has been signed).

Please let me know if you have any questions or anticipate any delays in signing.

Thank you,

He still doesn't see it...when he opens it up, the last person it says has done anything with it is him.

There must be an issue and as he's just as computer illiterate as I am, he's okay with us looking into it after you're out of P&A.

I have printed out the instructions and he also says there may be a glitch that PREM Tech folks can help with ☺

No worries...

Hi Heidi,

I am not seeing any sigs on the docs yet. Did the minister push changes and sync after signing?
