Hi,

Left a msg with Greg, but just covering the all the bases.

There was an OIC you signed yesterday, but there was a signature missed. It's in a green folder on your desk with a note from me and your iPad on top of the folder.

Also, a Cabinet Submission that the DMO's office brought over with the OIC that needs one signature too.

Can you please sign them both & I'll get them back to the DMO's office first thing Tuesday morning 😊

Thanks, I've heard rumours that the Ministry is transitioning to sharepoint and it could help. I'll explore the option!

Chatting with Lori who said you can get Jenn Michell to set up a share point site for me on my iPad through PDF expert and then all the briefing materials can be downloaded onto my iPad which could make it easier for all!

- I'm advocating for Bill 2 (BMIA) to go to committee stage on the 23 or 24. There is a chance the House Leader will want it to happen on the 18 or 19, but I've made it clear that it will disrupt our schedule. Staff are pulling together supporting materials.

- Rob said we should be able to shorten the investors slide deck. We'll work on that on Monday.
- Do you have any questions about items coming forward next week?

Good morning team.

I wanted to pass along my thanks and appreciation to you and your staff teams for all the hard work in preparing and executing our recent investors tour.

I know the hours and energy it takes to ensure that everything from travel to meals to meetings goes smoothly, and I could not have been better supported.

Everyone stepped up and stepped in when needed to support our group, and the expertise in our team is exceptional.

I felt prepared and ready for this first tour, and that would not have happened without all your support.

It's my privilege to work with such strong, professional, talented staff. Thank you for going above and beyond to ensure a successful first investors tour.

I can honestly say that even with the wild schedule, it was interesting and productive, and even fun!

Appreciated,
Carole
