Hi Grant,

Would you be able to give a brief 5-10 minute overview of the work your ministry is doing on Community Benefit Agreements at the next DMILF meeting? No material needed, just a high level verbal update.

Please give me a call if you would like to discuss further.

Thanks,

SUMMARY:

- At our fifteenth meeting, we reviewed the Deputy Ministers & Industry Infrastructure Forum's (DMIIF) Terms of Reference for updates and had members present on their respective initiatives. We had an update on the Capital Asset Management Framework (CAMF) implementation as well as the CAMF sub-committee's activities.
- The members discussed the current DMIIF Terms of Reference and potential updates to the purpose, process, and/or membership in the forum.
- The Ministry of Citizens' Services provided an update on the replacement of BC Bid (www.bcbid.gov.bc.ca) for public sector procurement in BC. The ministry received a variety of input from numerous stakeholders and is on track for full implementation of the replacement in the spring of 2020.
- The Ministry of Transportation and Infrastructure provided the members with an overview of the ongoing policy work being conducted on a Community Benefits Framework for public infrastructure projects.
- The BC Construction Association provided members with an update on prompt payment, including developments federally and in other provinces.

Deputy Ministers & Industry Infrastructure Forum

COMMUNICATION BULLETIN

- The Ministry of Finance presented a draft Concept Plan Guidance document as part of the CAMF implementation update and requested endorsement of the guidance from DMIIIF.
- The CAMF sub-committee provided an update on the progress of the Prompt Payment initiative and the Standardized Supplemental Conditions for Construction Management contracts for CCDC 5A (CM as Agent), CCDC 17 (Trade Contract Agreement), and CCDC 5B (CM as Contractor). The sub-committee also proposed a working group to review and discuss standard consultant agreements.
- The BC Construction Association provided an update and presented a video on the recent Understanding Risk in British Columbia (UR+BC) symposium. More information can be found at www.bccasn.com/resources/news/understanding-risk-bc-video
- The next meeting will be in October.

1. Welcome and Introductions

L. Wanamaker chaired the meeting and introductions were held.

2. Adoption of Agenda

L. Wanamaker made a recommendation to reduce the formality that was agreed to and accepted by members.

The agenda was agreed upon by members, with no additions.

3. Minutes of Previous Meeting

The minutes of the March 5, 2018 meeting were accepted by members, with no amendments.

Deputy Ministers & Industry Infrastructure Forum

DRAFT Minutes – June 1, 2018

4. Discussion Items

a. DMIIF Terms of Reference

The members agreed that the terms of reference are appropriate, and there is an opportunity to make minor adjustments to update the purpose, process, and/or membership in the forum. Discussions included:

- Explicitly stating the design consultant associations by name (ACEC-BC, APEGBC, AIBC);
- Ministry of Finance staff will prepare analysis for DMIIF consideration on priority areas of focus for the forum for future discussions.

b. BC Bid Replacement Update

J. Kot provided an update on the replacement of BC Bid (www.bcbid.gov.bc.ca) for public sector procurement in BC. The ministry received a variety of input from numerous stakeholders and is on track to sign the contract with the successful proponent of the recent Request for Proposal by the Fall.

c. Community Benefits Framework

G. Main provided the members with an overview of the ongoing policy work being conducted on a Community Benefits Framework for public infrastructure projects. The members had an engaged discussion with regards to potential implementation on Provincial projects. Members also discussed the importance of ensuring fair, open and transparent procurement processes are maintained.

d. Prompt Payment Update

C. Atchison provided members with an update on prompt payment, including developments federally and in other provinces. The members agreed to continue to monitor the issue as it develops.

5. Action Items

a. Capital Asset Management Framework (CAMF) Implementation Update and Sub-Committee Progress Report

H. Hill and T. Brown updated members on CAMF implementation and activities of the CAMF subcommittee. The draft Concept Plan Guidance document has been completed and the subcommittee requested endorsement by DMIIF members. Members were going to review the document further prior to endorsement.

The CAMF sub-committee provided an update on the progress of the Prompt Payment initiative and the Standardized Supplemental Conditions for Construction Management contracts for CCDC 5A (CM as Agent), CCDC 17 (Trade Contract Agreement), and CCDC 5B (CM as Contractor). The sub-committee proposed continued work on the standardized supplemental conditions and the creation of a working group to review and discuss standard consultant agreements, to which the members agreed.

6. Other Business

C. Atchison provided an update and presented a video on the recent Understanding Risk in British Columbia (UR+BC) symposium. More information can be found at www.bccasn.com/resources/news/understanding-risk-bc-video

Members also requested an update once a year from Emergency Management BC and how construction can be poised within the context of naturally occurring events.

Deputy Ministers & Industry Infrastructure Forum

DRAFT Minutes – June 1, 2018

7. Next Meeting

The next meeting will be scheduled for October 2018 and will be held at the Ministry of Finance offices at 617 Government Street, Victoria.

8. Adjournment

L. Wanamaker thanked members for their participation and adjourned the meeting at 12:05 pm.

Subject: Community Benefits Agreement (CBA)

Dear Premier Horgan,

The new CBA is the latest and most destructive item in a growing catalog of urgent issues concerning BC's industrial, commercial and institutional (ICI) construction employers.

I am one of those employers. The CBA is a disincentive for my company to bid on government projects. Here's why:

- It is a contravention of the Canadian Charter of Rights for government to force my employees to join a union, accept a Crown Corporation as their employer, and unilaterally grant that Crown the right to deduct money from their pay cheques;
- Claims that this CBA will create more stable construction sites, improve apprenticeship and safety outcomes, and increase opportunities for women and indigenous workers are unfounded and easily disproven;
- The estimate of a 4-7% cost increase as a result of this new scheme is a gross miscalculation - the impact to tax payers will be much greater.
- The CBA contravenes government's responsibility to fair, open, and transparent procurement.

Unions have a role to play, and are right for some, but not all. Although your government claims to prioritize community engagement and public discourse, this major decision came without either: 80% of our industry was not represented during the creation of this policy.

The result is not a Community Benefit Agreement but a labour agreement which undermines the role of employers – both union and open-shop – in order to artificially bolster the power of a select few.

In the fall our MPs will vote on Bill C-344 (An Act to amend the Department of Public Works and Government Services Act (Community Benefits)) which is defended by similar false assumptions: that construction

employers do not proactively support communities, apprenticeship, training, safety, or equity seeking groups. I urge my MP, cc'd here, to vote against Bill C-344.

If the CBA announced by BC's NDP government on July 16, 2018 moves forward, my industry will do everything in its power to reverse it.

This is not the kind of innovation that BC needs to compete and succeed in Canada or the world. Please, move forward instead with initiatives that are productive for the long term success of our industry and our provincial economy.

Sincerely,

John Wilson
