Hi Thuy,

I checked in with staff and here is what I heard back.

- BC Investment Management Corporation (BCI) is the investment manager for all of the major public sector pension plans in BC.
- BCI investment decisions are made independently by BCI's investment professionals based solely on directions from its the various independent public sector pension plan boards, as described in BCI's own public reports. BCI fulfills its investment role on behalf of pension boards without any direction or influence from the BC government or MLAs.

I hope that helps your work with your constituent. If you need anything further let me know.

Warm regards,
Kim

Hi Reamick,

Hope this email finds you well! I am wondering if the Ministry can share with us some information that we can pass along to our constituent regarding the article below.

Thanks in advance for your help.

Warmly,
Thuy

Hi Adrian,

A friend of mine sent me this article about BCI investing in Kinder Morgan. Is this true? What is this about?

Thanks for helping me with this info.
