

## Audits Completed the Under Speculation and Vacancy Tax Act

Calendar Year 2021:    Audit Count: 1138

Calendar Year 2022:    Audit Count: 2028

### Notes:

The audit count for a given calendar year is the total number of audits completed per property/per owner during that calendar year.

For example, for an audit where 3 owners jointly held 2 properties, the audit count would be 6. Audit of each property under each owner would count as one audit.
