Dear Sir:

Re: Crown Land Reserve Review

Thank you for your letter of January 25, 1982. Following our discussion in Nelson on January 19, 1982, I discussed with my Regional Director the possibility of renewing all U.R.E.P. Reserves for a given period of time. It was decided that all U.R.E.P. Reserves in the Kootenay Region that are due for review in 1981 or 1982 will be extended automatically until March 31st, 1983, subject to any current discussions relative to renewal, amendment or cancellation of specific reserves. It is requested that you notify this office by the end of March, 1983, of your decisions with respect to the need for the U.R.E.P. Reserves that have been referred to you.

Between now and the end of March, 1983, it is possible that the District Land Managers will be able to review and make recommendations on some of the existing U.R.E.P. Reserves. We will notify you in those instances where the District Land Managers are able to undertake a review. However it is not expected that a significant number will be reviewed by the District Land Managers.

Your third proposal that the reserves be reviewed in the course of sub-regional or inter-agency plans in which our staffs are jointly participating has my support. The planning process would seem to be an opportune time to review existing U.R.E.P. Reserves. However only a

.../2

small portion of all U.R.E.P. Reserves could be reviewed in 1982-83 under this system. Therefore I ask that your review of the U.R.E.P. Reserves take place irrespective of whether a broader planning process encompasses the reserves.

Yours truly,

Dear Mr. Bose:

Re: Crown Land Reserve Review

Further to our discussion of your December 29th request for our response on over 200 U.R.E.P. reserve referrals, this will confirm that our planning staff unfortunately are too heavily committed with higher priority items to respond as you have requested.

Under the circumstances, we wish to stress the importance attached by our Division to the U.R.E.P. reserves which were generally established in recognition of the recreational capabilities of the various lands. We would suggest that one of the following approaches might be taken to our mutual interest:

1. Suspend the review of these reserves for a period of a year or two, by which time more staff may be available in this office.
2. Have Lands and Housing staff review the reserves themselves referring to us only those sites for which your staff would recommend cancellation.
3. Have our staffs jointly review reserves in the course of sub-regional or inter-agency plans in which they are participating.

We look forward to your response to the suggested alternatives, but would again stress our position that these reserves are all potentially very important to the Parks and Outdoor Recreation Division mandate.

Yours truly,

M.E. Goddard

Nakusp, B.C.

Dear Sir:

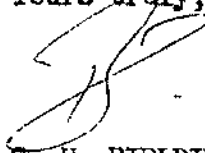

Reference is made to your application to lease certain unsurveyed Crown land located at Box Lake, Kootenay District which was subsequently disallowed March 8, 1973.

As indicated in our letter of March 21, 1973, the Ministry has carried out a field examination of the site and obtained various comments from the concerned Resource Agencies.

In line with our findings I must advise that it has been determined that the cost for economic agricultural development would be prohibitive due to the high clearing costs, poor drainage, inundation and stoniness. This area is also situated within the main watershed reserve for Box Lake and the removal of tree cover would adversely affect the watershed.

In view of the foregoing the Ministry is not prepared to reinstate your application and it is our intention to include the above area in the existing recreational reserve situated at the Southeast end of the Lake.

Yours truly,

Reference is made to your P. S. 195 dated May 14, 1973, regarding your request for a recreational reserve situated within lot 11413, Kootenay District on Box Lake.

Departmental records indicate that the area you have requested was partly reserved for the Provincial Parks Branch by our letter of October 6, 1964, and covers the area shown outlined in red on the enclosed map.

The Provincial Parks Branch has been contacted and advise that they have no objection to the additional area shown outlined in green on the above map being added to the public recreational reserve.

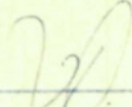

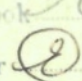

* In view of this, the area shown outlined in green has, therefore, been added to the public recreational reserve established for the Provincial Parks Branch by our letter of October 6, 1964.

Re: Arrow Lake Indian Reserve

Date: December 10, 1973 982 / 1-1

Dear Sir:

Arrow Lake Indian Reserve
D.L. 11413 K.D.

This is in reply to your letter of December 5, 1973.

By Order in Council P.C. 1956-3, dated January 5, 1956, the Arrow Lake Indian Reserve was transferred to the Province of British Columbia. In order to determine whether or not this property is available for lease, you should contact the Land Registry Office in Nelson.

We are sorry we are unable to help you in this matter.

Yours truly

D.A. Weir
