Meeting Minutes: Items Tracking

Project:	NRPP	Meeting Date:	01/14/2016
Meeting Title:	NRPP Steering Committee Meeting		

Attendees	Absent
Ian Bailey – by phone, Wilf Bangert, Dominique Bohn, Denise Champion, Trish Dohan, Christian Kittleson, Arif Lalani, Rick Manwaring – by phone, Mark Messmer by phone (for Peter Robb), Ines Piccinino, Doug Say, Mark Zacharias, Mike Hykaway, Terry Gunning, Nicole Jackson, Christine Wood, Marcin Zaranski Guest: Andrew Medd	Michael Lord, Peter Robb, Tom Ethier

Meeting Agenda

1. **Welcome** (5 mins)
2. **NRPP Historical Background** (20 mins)

s.12

4. **Treasury Board Submission #3** (60 mins)
5. **Next Steps** (10 mins)

Key Meeting Discussion Points

- Steering Committee members are the Champions of the project; NRPP is enabling the transformation.
- Steering Committee provided feedback on slides for consideration.

s.12

- Next steps:
  - Draft submission to Project Board.
  - Draft submission will be complete by the end of February and brought back to Steering Committee before NRPP goes to Treasury Board.
  - Follow-up meetings with NRPP ADM and key sector ADMs to review planning outcomes.
- Steering Committee members welcome to attend meetings in person. Scheduled mandatory in-person meetings quarterly.

Next Meeting

Location:	Conference Call	Date:	February 17, 2016

NRPP Steering Committee Meeting Agenda and Objectives - DRAFT

BRITISH COLUMBIA

The objectives of the meeting are to:

s.12

Agenda Item	Purpose	Time	Slide Ref.
Welcome	Review objectives and agenda of the meeting	5 minutes	1
NRPP Historical Background	Provide an overview of the original intent and plan for NRPP, including key capabilities, benefits, costs and first two TB Submissions	20 minutes	2-9

s.12

DISCUSSION: NRPP Background

The NRS is challenged to meet service delivery expectations

Duplicative and antiquated legislation, business processes and systems constrain our ability to integrate sector services

Sector integration will enable getting to the right decision faster

BRITISH COLUMBIA

Improve how clients interact with the NRS

- More open data and self-service options
- A single registration process and logon
- Digital document management
- Predictable process
- Guidance

Change the way the land base is managed

- Integrated management of *activities*: a more client focused approach
- Cumulative effects and landscape-level objective information upfront

Make NRS decisions more timely and durable

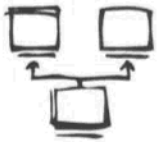
- Information is more complete, accessible and consolidated
- Integrated regulations, processes and systems prevent gaps and conflicts in decision making

NRPP will deliver improved services

Enhanced Tools: NRS Online Services

Apply online for authorizations (licences, permits and tenures)

Upload, submit & manage digital documents



Manage one account for all services, including finances & communications

Search for opportunities to do a natural resource activity

Streamlined & Predictable Process

Understand all the requirements for a given activity, in a given location, before making an application

Inform decisions with online maps, including resource stewardship & First Nations consultation information

Understand the cost and time to get permission for an activity

How NRPP is enabling transformation

1. Business-led, NRPP facilitated, transformation delivery model
2. Integrated data, legislation, people, processes and systems
3. Common technology
4. Strong governance

Meeting Minutes: Items Tracking

Project:	NRPP	**Meeting Date:**	02/17/2016
Meeting Title:	NRPP Steering Committee Meeting		

Attendees	Absent
Ian Bailey, Wilf Bangert, Dominique Bohn, Denise Champion, Trish Dohan, Keith Thomas (for Tom Ethier), Christian Kittleson, Arif Lalani, Rick Manwaring, Denise Rossander, Tyler Keith (for Mark Zacharias), Mike Hykaway, Terry Gunning, Nicole Jackson, Christine Wood, Marcin Zaranski	Ines Piccinino, Michael Lord, Tom Ethier, Peter Robb, Mark Zacharias

Meeting Agenda

1. **Review Actions and Decisions** (5 mins)
2. **Morningstar Dashboard & Issues and Risks** (15 mins)
3. **Demonstration of NRS Online Services Release 1** (15 mins)
4. **Freedom of Information and Protection of Privacy Act Obligations** (5 mins)
5. **FY16/17 Treasury Board Submission** (20 mins)

Key Meeting Discussion Points

Review Actions and Decisions

- In discussions between NRPP and IMB, it was decided that Decision Note on Governance of Business Systems Improvement Projects (Action Item #35) no longer deemed necessary. Continue with current state of governance for previously approved capital funded projects. NRPP will continue to be closely aligned with 3 BSI's (MMRASI, C&E, and TFNCI), however, their current scope and projects will continue to be lead by the business areas and IMB.
    - Questions arose regarding status of BSIs and dependencies and/or risks to NRPP activities.
    - Steering Committee wants clarity of how it will be made aware of any potential risks between the projects and related mitigation strategies.
    - A question was posed as to whether the Steering Committee has a role across the sector to ensure alignment of NRS capital projects.
    - While there is ongoing collaboration between NRPP and IMB, Steering Committee needs to be assured from a NRPP perspective that potential risks are identified and addressed.

Morningstar Dashboard & Issues and Risks

- Release 1 went Live on February 15 – soft launch.
    - Great collaboration with NRPP and IMB to sort out issues in order to get into production.

s.17

Demonstration of NRS Online Services Release 1 – Nelson Grant and Alain Guilbault

- This release allows users to search for opportunities to conduct sector related activities on the BC land base and review guidance documents in plain language that will identify what is needed to complete an application for sector-related activities.
- It provides an initial portion of capabilities that staff and the public can expect to see over this multi-year initiative.

.../2

Freedom of Information and Protection of Privacy Act Obligations

- A Common Program Agreement is required to achieve the NRPP benefits while remaining compliant with FOIPPA. This Agreement will go to NRS ADMs Committee for endorsement and NR Board for approval/sign-off.
    - All this work has included a careful engagement with and review by the Office of the Information and Privacy Commissioner. the Office of the Chief Information Officer and appropriate legal counsel.
    - Any questions or concerns can be directed to Marcin Zaranski.

FY16/17 Treasury Board Submission

DISCUSSION: Freedom of Information and Protection of Privacy Act Obligations

DISCUSSION: Freedom of Information and Protection of Privacy Act Obligations

BRITISH COLUMBIA

- In order to realize the benefits of NRPP and achieve the objectives of integrated resource management, streamlined decision making and one-window service for clients, the developed solutions will need to exchange personal client information between the NRS ministries.
- This exchange of information requires a business agreement between ministries to operate NRPP as a common program (Common Program Agreement). The agreement is necessary to satisfy our legal obligation under the *Freedom of Information and Protection of Privacy Act* (FOIPPA).
- The Common Program Agreement must be approved by the participating ministries and requires that appropriate Privacy Impact Assessments (PIAs) and a Security Threat Risk Assessment (STRAs) be completed prior to the agreement coming into effect.
- These assessments are nearing completion and will be ready before the agreement is tabled for approval.
- As the Common Program Agreement is a Sector-wide mechanism, the approval path will include endorsement by NRS ADMs and sign-off at the NR Board.
- The agreement is broad enough to satisfy the spirit of the NRPP business case; future common initiatives may require amendments.

Wilf Bangert, Denise Champion, Trish Dohan, Ward Trotter (for Tom Ethier), Christian Kittleson, James Mack (for Arif Lalani), Michael Lord, Fraser Marshall (for Ines Piccinino), Denise Rossander, Kris Ord (for Mark Zacharias), Jeremy Burbee (for Terry Gunning), Mike Hykaway, Nicole Jackson, Adam Taylor, Marcin Zaranski	Ian Bailey, Dominique Bohn, Tom Ethier Arif Lalani, Rick Manwaring, Ines Piccinino, Peter Robb, Mark Zacharias, Terry Gunning, Christine Wood

Meeting Agenda

1. **Review Actions and Decisions** (5 mins)
2. **Morningstar Dashboard & Issues and Risks** (15 mins)
3. **FY16/17 Treasury Board Submission** (20 mins)
4. **NRPP Business** (20 mins)

Key Meeting Discussion Points

Review Actions and Decisions

- Action item #60: Feedback received to date from proponents has been positive. Those proponents who are involved in ministry business work are supportive and would like to be involved in testing and input.

Morningstar Dashboard & Issues and Risks

- Operating pressure continues to be reduced. Budget may be further reduced at end of FY.
- Surplus of capital funds is a result of delaying items.
- Release 1 delivered February 15. Support mechanisms in place (feedback button on webpage and phone number).

Lessons Learned

- Started to document lessons learned with a session in Kamloops a few weeks ago.
- Technical review is looking at middleware. There may be a better way to be more efficient and drive down costs.
- To be effective, we need to take the information and incorporate into the planning.
- Complex project so there will always be opportunities to improve.

Special Session with NR Board, NRPP Steering Committee and Key Business Area ADMs

- Direction from Project Board to schedule a meeting with NR Board, NRPP Steering Committee members and key business area ADMs (not on Steering Committee) to:
  - Reconfirm the importance of transformation in the sector (specifically what it means to business areas that are engaged).
- Discussed the proposed current agenda.
- Steering Committee needs to identify risks to the project (and risks we don't control).
  - Great opportunity to meet with the Deputies, discuss NRPP and get feedback.
- Steering Committee members asked for an opportunity to provide input and feedback to the current draft agenda and slides.

Next Meeting

- Extended meeting scheduled for April 18. Preference for attendees (ADMs) to attend in person.

9. **Next Meeting: Call for Agenda Items** (5 mins)
   - NRPP Key Performance Indicators Discussion
   - NRPP Steering Committee Terms of Reference

Key Meeting Discussion Points

Roundtable and Introductions

- Philip Twyford invited to join NRPP Steering Committee.

Agenda and Minute Approval / Review Actions and Decisions

- No additions to agenda.
- Commitment to providing meeting minutes and materials to members with more advance time for review.
- Additional information on procurement strategy: Consultant working on strategy. Once the framework is complete, it will come to committee for sign-off (as well as Project Board).
- Actions items updated below.

Morningstar Dashboard

- Reduced operating budget without impacting deliverables. Reduction measures including reducing travel, deferring hiring, and delaying some activities.
- Underspent in capital as a result of previous decisions made to delay some projects.
- Hunting set to launch on April 25: Minister Thomson is set to announce this weekend.
- Key performance indicators will be discussed at the next meeting:
  - What should the measures be? What are we measuring success on?
  - Is the dashboard reflective of the right information, and level of details, for Steering Committee members?

Key Accomplishments

- Based on feedback, high-level overview of key accomplishments so members can start to socialize with their Executive.
  - FY15/16 Report Back: complete does not mean complete in its entirety but rather complete to the extent of the deliverable timeline/framework.
    - Discussion regarding showing what we've done compared to what we still need to do.

.../2

Key Accomplishments continued

- Ongoing discussions regarding reporting measures and a common set of reporting tools.
- True transformation change is going to depend on legislation.

Natural Resource Sector
IMIT Framework

April 18, 2016

Purpose

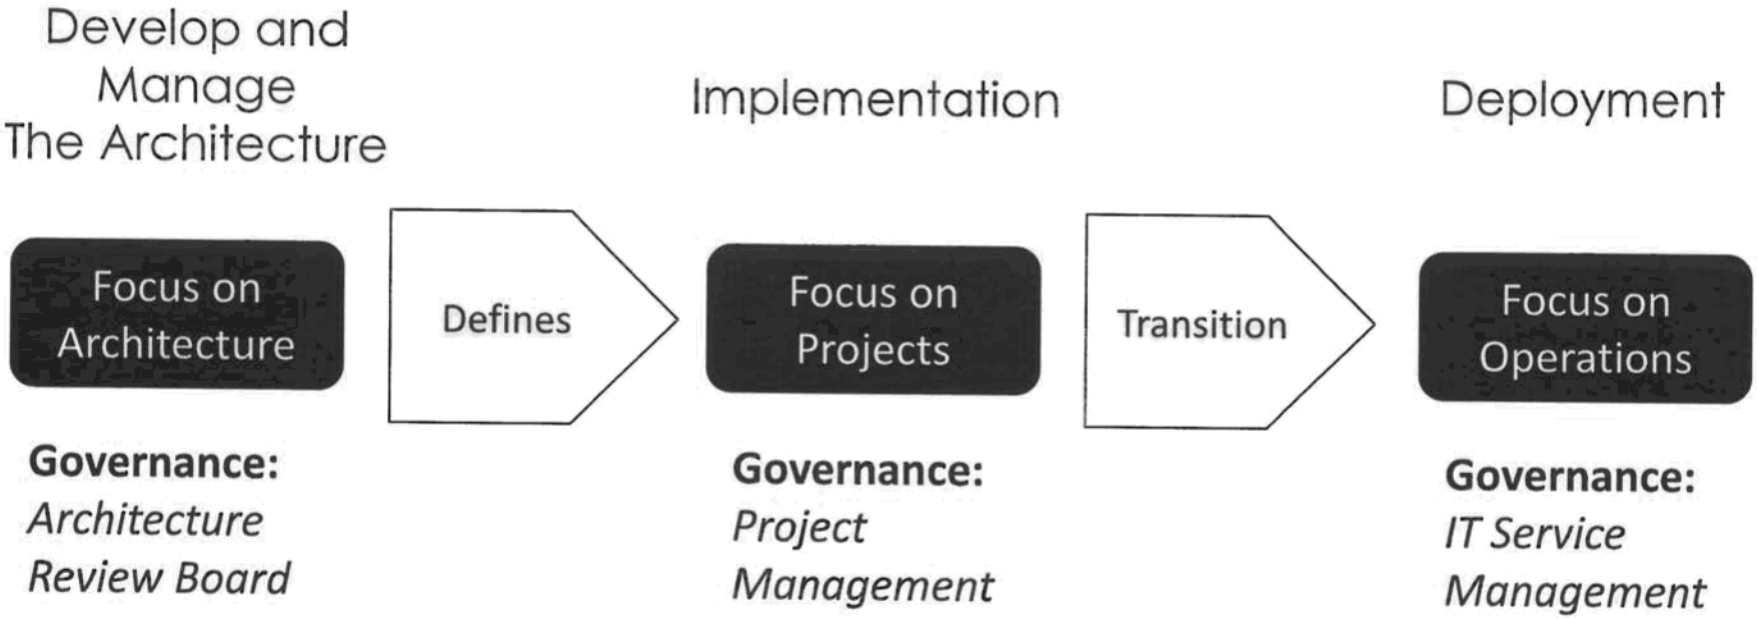
Problem Statement:

Alignment of IMIT activities across the sector requires clarity.

Outcomes:

1. *Provide clarity on how IMIT is managed.*
2. *Outline modifications that address identified challenges.*

IM/IT Framework

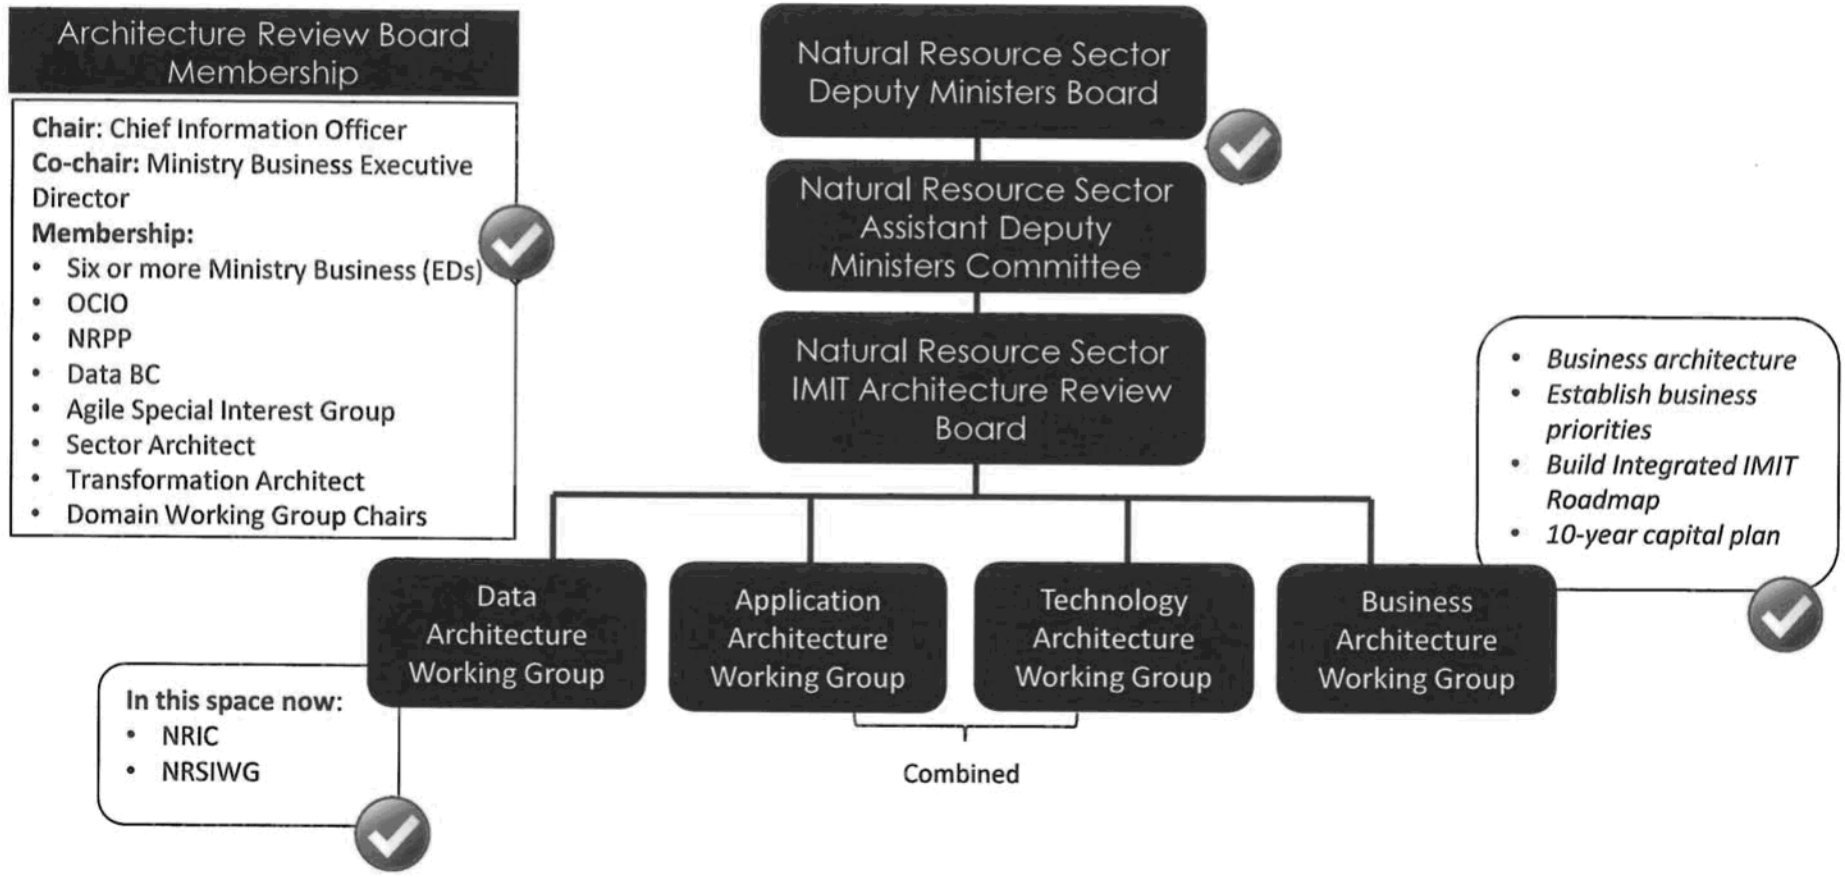


IMIT Architecture Review Board
Governance Structure

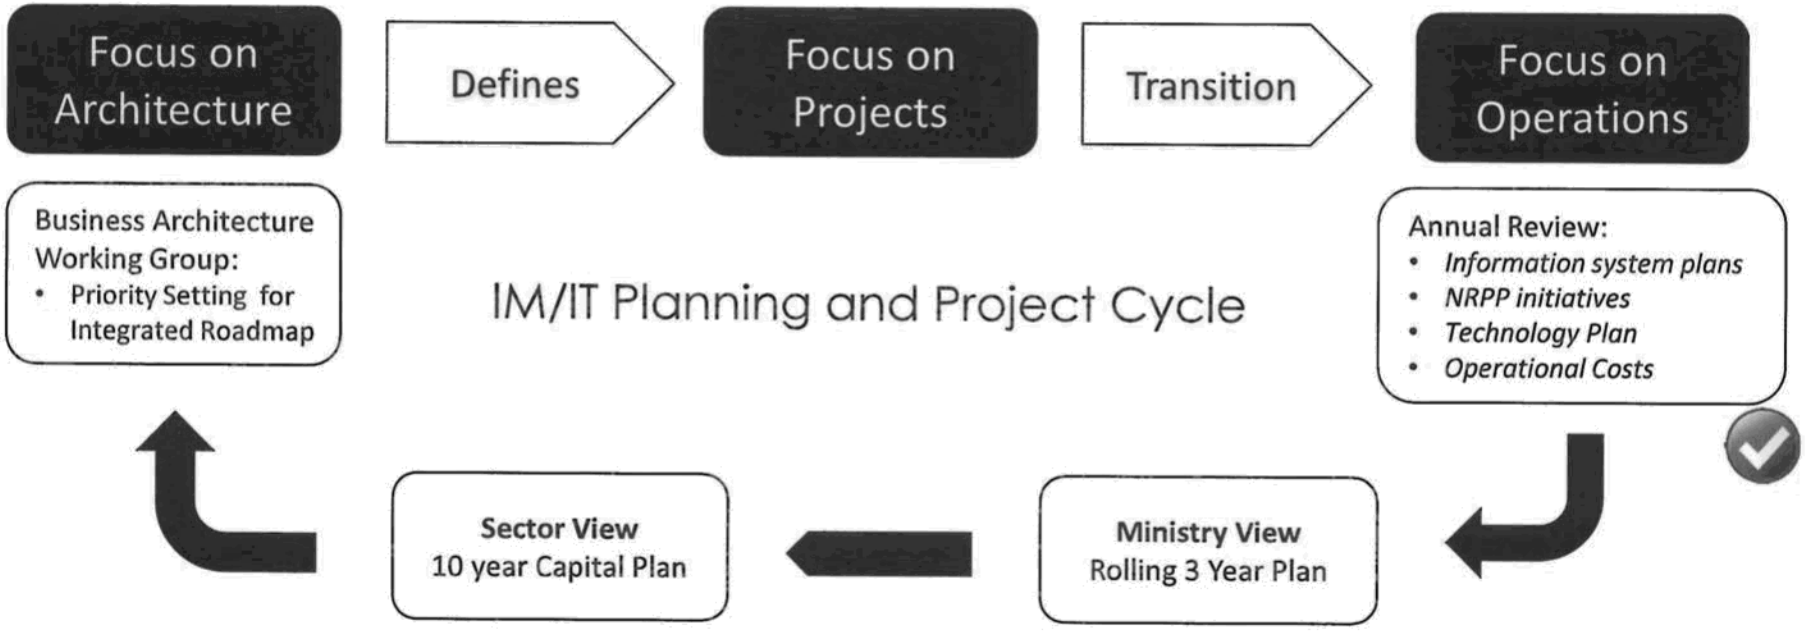
Focus on Architecture

Architecture Review Board Membership

Chair: Chief Information Officer
Co-chair: Ministry Business Executive Director
Membership:
- Six or more Ministry Business (EDs)
- OCIO
- NRPP
- Data BC
- Agile Special Interest Group
- Sector Architect
- Transformation Architect
- Domain Working Group Chairs



IM/IT Planning and Project Cycle



NRS Project Set

Focus on Projects

- ❑ Capital Modernization Projects:
  - *Residential Tenancy*
  - *Compliance and Enforcement*
  - *Crown Land Tenures*
  - *Mines and Mineral Resource*
  - *Natural Gas Pricing*
  - *Environmental Assessment Modernization*
  - *First Nation Consultation Information*
  - *Inventory Sample Management*
  - *Natural Resource Road Act*
  - *Wildfire Modernization*
  - *Water Program Consolidation*
- ❑ Capital Transformation Project
  - *Natural Resource Permitting Project*
- ❑ Capital IMIT Maintenance
  - *System Maintenance Projects*
