Hi Maxine

That is because under the new policy if they submit over a showstopper and the info was readily available on iMAP or Discovery Tool (that demonstrates the land is not available) they only get 20% back in those instances! I guess a real 'motivator' to get people to do their due diligence eh?! ☺

I can use your e-mail below to cancel the replacement application – “operator error”, however, I’m not sure why they would only get a partial refund if the application wasn’t supposed to be accepted in the first place.

Thanks Shawn ☺

Hi Maxine,

A replacement application was created in error for 0138766 as it appears a recent Section 16 has led us to reject the new application.

They were applying for the exact area held previously, but they applied a couple months too late as the Map Reserve held by MARR was already in place by the time they submitted. We have since requested a partial refund for the application fee.

Please advise if there is anything you need me to do with respect to the disposition (923577) that was created in error.

Thank you ☺

Good afternoon,

Our office is in receipt of correspondence from your office requesting and Assignment of the above noted file. Our office is not able to proceed with the Assignment because there is no current tenure under this file. Please find a summary of the file history regarding the expiration and replacement of the tenure.

- April 17, 2012 – correspondence sent from our office detailing Lease No. 231574 will expire on November 9, 2012, with instructions on how to proceed with making an application. Response requested by May 17, 2012
- May 18, 2012 – correspondence sent from our office requesting follow up on the April 17th letter because no response was received. Deadline extended to June 21, 2012
- June 21, 2012 – correspondence sent from our office acknowledging our office has not received a response and therefore the lease will expire on November 9, 2012. Instructions regarding providing a Clean Up Statutory Declaration by January 9, 2013 are provided
- January 28, 2013 – Our office calls Jim Stephens of your office to enquire about the status of this issue, a message is left
- January 31, 2013 – Jim Stephens returns the message and advises Western Forest Products likely does not want to replace the lease. Clean Up Statutory Declaration details are provided again. Mr. Stephens indicated he would follow up. No further correspondence on file.

As a result, there is currently no agreement in place. To occupy the land a new Crown Land application is required. New applications should be made to FrontCounter BC. The following is a link to the FrontCounter BC website with information regarding Crown Land Applications: <http://www.frontcounterbc.gov.bc.ca/>. Should you have any questions regarding the Crown Land Application process, please call 604-586-4400 and ask to speak to a Natural Resource Specialist. As noted in our phone conversation, my last day with the Ministry is August 25. Should you have any questions regarding this matter after that time, please call FrontCounter BC and ask to speak to a Portfolio Administrator.

Re: s.16

By letters dated April 17, 2012 and May 18, 2012 we asked you if you wish to apply for a replacement tenure for Lease No. 231574, which will expire on November 9, 2012.

We have not received the requirements for replacement; therefore, within 60 days from the date of expiry of Lease No. 231574 you must vacate the Land, remove all improvements and leave the Land in a safe, clean and sanitary condition.

On or before January 9, 2013, you must submit to us an executed Statutory Declaration confirming cleanup, in the form attached, and a Tax Clearance Certificate verifying taxes have been paid in full for the Land.

Yours truly,

Caitlan Akins

**AN ORIGINAL OF THIS LETTER WAS SENT TO EACH FIRST NATIONS LISTED
ON THE ATTACHED SPREADSHEET**

**Re: Annual overview referral for tenures expiring between April 1, 2012
and March 31, 2013**

The purpose of this letter is to provide you with information pertaining to tenures expiring between April 1, 2012 and March 31, 2013. Please find enclosed with this letter a spreadsheet listing all potential replacement applications expiring in the coming year within the FIRST NATION'S traditional territory and a map showing their shapes and locations.

As the expiry date of a *Land Act* tenure approaches, the Ministry of Forests, Lands and Natural Resource Operations (FLNR) reviews the tenure file and considers it for replacement/renewal. Effective June 1st, 2008 FLNR has been consulting with First Nations on replacement applications. The intent of the information provided with this letter is to give the FIRST NATION a preliminary view of *Land Act* tenures expiring within your traditional territory between April 1, 2012 and March 31, 2013. This preliminary referral should enable you to identify replacement files of concern needing immediate attention, but also files where you feel that no further consultation is required. It is also important to note that some of the current tenure holders will not be replacing their tenures; the list provided to you is meant to show *potential* replacement applications.

Please note that this referral is considered a preliminary overview of replacement applications. As the expiry date of each replacement file approaches you will also receive a file specific referral package, unless you have advised our office that additional consultation is not required. The referral package will be similar to the one you receive for new applications; it will provide detailed information regarding the expiring tenure and a 45 day comment period will be applied.

Once you have had a chance to review the information provided, please contact Ross Douglas at 604-586-4429 or Ross.Douglas@gov.bc.ca with your comments. Your referral responses are a valuable source of information that assists FLNR in our assessment of Crown land applications and we would like to thank you for the time and effort you dedicate to them.
