COMMENT (OPTIONAL)

[2012-10-10 10:12:01] This block was not logged. Only the roads were developed and the waste was assessed along the roads at R/W landings and regular landings. There was also road development along the lower boundary of the block which was not included in the SP NP ha. calculation. The permit has now expired.

COMMENT (OPTIONAL)

[2016-10-20 12:15:45] Waste assesment entered as ocular estimates, although some transect plots were established to determine dispersed volumes. Standing timber estimated by area % comparison to logged area volumes.
Decked wood estimated by pile measure, ocular estimate or 100%measure.
Spot accumulation for Felled and unskidded logs ocular estimate.
Roadside log volumes added to decked estimates
