Hi Wilf,

Dean and I were leaving Dublin this AM and somehow Aer Lingus had no record of our itinerary, and by the time we sorted things out we missed our Air Canada flight to Vancouver (then Victoria). S.22

We are now in London and will stay tomorrow so we can have the meeting with you remotely. I will send you the deck in advance. It looks like there is a Lync meeting already scheduled so lets us that so we can share the presentation and walk you through the deck.

My apologies if this causes any inconvenience. I am looking forward to a good discussion tomorrow.

AGENDA (Draft)

MDA – NRPP : NRS Business Transformation Initiative

Date: November 4, 2016

Time: 10:00 AM – 3:00 PM

Objective: To discuss the high level principles of BTI to support an internal discussion path within NRS with respect to a future state vision for NRPP.

Attendees:

| | |
|-------------------------|---|
| Wilf Bangert: | ADM - NRS Transformation Secretariat |
| Marcin Zaranski: | Executive Director, Technology Transformation Office & Architecture, NRS Transformation Secretariat |
| Mike Hykaway: | Executive Director, Business Transformation, NRS Transformation Secretariat |
| Adam Taylor: | A/Executive Director, Transformation Portfolio Office, NRS Transformation Secretariat |
| Darin Nielsen | MDA - Vice President, Land Administration |
| Dean Nielsen (Dial-in): | MDA - VP of Business Development |
| Steve Smith: | MDA - VP, Business Development, Land Registry and Cadastre |
| Michael Jones | MDA – Senior Solution Engineer |
| Don Fast: | Consultant to MDA |

Schedule:

| | |
|-------------|---|
| 10:00-10:15 | Introductions |
| 10:15-11:00 | Review to Date – Update from Wilf Bangert on recent conversations, inputs, ect. Review of previous sessions/slides, set the framework for workshop. |

- 11:00-12:00 Discussion on Current State. Opportunity for Michael Jones to engage in open conversation to better understand the details of current state, and key principles involved for future state. Work forward from high level solution slides.
- 12:00-12:30 Working Lunch. Continuation of discussion of current state if warranted; alternatively early start for discussion around business model of “aaS” and Continuous Improvement & Innovation.
- 12:30-1:30 Business Model: Share MDA’s learnings from the current New Zealand “aaS” business model including political drivers, procurement process, financial implications, and vision for a larger community of users to share the cost of continuous innovation and improvement.
- 1:30-2:30 BC Benefits. Establish the framework where a built in BC model would drive additional benefits for the province.
- 2:30-3:00 Next Steps/Action Items. Discuss stakeholder map and determine where MDA can support NRS efforts through government engagement. Opportunity for Current State / Future State interim process?
Wrap Up.

Citizen self-service, transparency, accessibility, cost reduction... all good.

Something very relevant... after experiencing the 7.8 magnitude earthquake yesterday and the many ones that have since followed, I thought of Business Continuity for government. Even if service center and other government offices are unavailable, a lot can continue.

That works Don. I am in Rm 410 at 780 Blanshard. Likely the same location as you are meeting with one of our ADM's. Can I ask which ADM?

Reason I ask is that we have a number of ADM's involved in land and other systems.

Trish Dohan, Integrated Business Management (looks after capital for current systems and some fixes)

Mary Sue Maloughney, Geo BC, manages a number of our system registries

Wilf Bangert, Natural Resource Permitting Project, looking at upgrading systems as part of the One land manager

Not in our Ministry, but Land Title Land Registry. They are responsible for the Private Land Registry, while my staff look after the Crown Land Registry. LTSA has a new product called Parcel Map BC, while we use Tantalus. The two systems do not quite talk to each other perfectly, but that is what Wilf staff may be able to help with.
