I ran into Merran last night. She would like Doug to attend the presentation on polling for the Environmental side of pipelines. Of course this will have to pass the acid test that is our scheduling meeting.

Hi all,

Clean Energy Canada, Teck, and Innergex Renewable Energy have worked with Mira and Teresa Scambler to put together a lunch event for NDP caucus + staff on **March 8 in Victoria** that we think will be very timely, given it will include fresh BC poll results (see below). If you are interested in attending, please RSVP to Dan Woynillowicz (dan@cleanenergycanada.org or 250-888-3404) no later than Monday, March 5. He can also answer any Qs you might have.

Bruce will also be speaking at a BCBC [breakfast event](#) on **March 9 in Vancouver**, for those of you based there. Alternatively, if you'd like a private briefing with Bruce we'd be happy to coordinate it on Friday between 10 and noon. Dan can help coordinate that if it's of interest. Please feel free to also share with colleagues in your office that you think might find it insightful. Hope you'll have a chance to participate.

You're invited.
