Thank you John,

Shawn, if it is possible for Marc to access a workspace at the McBride field office roughly one week per month, this is much appreciated.

Regards,

Dale

Marc, Further to our conversation on Saturday. There is room with in the government office in McBride. As you probably know social services and MOTI are the primary tenants. It would be best if you could outline roughly how much time you would be working out of the McBride office and forward that request to Shawn Rice in this office with a cc. to your supervisor or forwarded through your supervisor. Shawn is the FLNRORD contact for the office for Brad and Bob and he will transfer the request to CSNR (Brad McClain) so that everyone is aware and the formal authority to provide access cards, keys, etc. can be provided.
