Hi Ryan

s.22 called again this morning in regards to obtaining a salvage harvesting licence. He has been in contact with Ed Nagy, FLNRO Kootenays, which he says he isn't getting anywhere with, and wants to deal with someone else instead. Was told to contact Interfor, as per letter attached, but they have not returned his call. He can't seem to get this salvage licence. Can someone other than Mr. Nagy contact him to lead him in the right direction.

Thank you

Discussion Topic 5: Natural Resources

February 26, 2018

Message from Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations, and Rural Development:

B.C.'s rural communities have long played a vital role in building the province's prosperity. They fostered natural resource sectors such as forestry and mining, which helped shape the province and form the bedrock of its economy.

But this dependence has meant that those in rural B.C. were hardest hit by downturns in the natural resource economy, and impacts such as the mountain pine beetle infestation, wildfires, and flooding. Given these vulnerabilities, I want to hear your ideas on how a *Rural Development Strategy* can help rural communities diversify their economies and build on their traditional successes.

Discussion Topic 5: Natural Resources

February 26, 2018

Message from Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations, and Rural Development:

B.C.'s rural communities have long played a vital role in building the province's prosperity. They fostered natural resource sectors such as forestry and mining, which helped shape the province and form the bedrock of its economy.

But this dependence has meant that those in rural B.C. were hardest hit by downturns in the natural resource economy, and impacts such as the mountain pine beetle infestation, wildfires, and flooding. Given these vulnerabilities, I want to hear your ideas on how a *Rural Development Strategy* can help rural communities diversify their economies and build on their traditional successes.

As it came in via email, we would usually email the response back so we will attach the scanned copy as letter via email (unless MO would like hard copy sent as well – please advise). (If it is to go out as hard copy via mail, please print on buff paper.)

Hi Lisa,

The Meeting that we have set up with Maple Ridge for March 14th is now being transferred over to FLNROD. Our MA's have connected about this. I have attached the original incoming for your reference.

We are taking this meeting out of our calendar (we now will most likely be in estimates)

Thanks,

Best Regards,

Jennifer,

236169 - Meeting Request - Sierra Club BC

Please follow up again with DMO on this. Sierra Club is telling us that a letter was sent to MDD “a few weeks ago” requesting a meeting. I don't want this to linger unresolved.

The sender likely would have been: Jens Wieting of Sierra Club.

Thanks,
Jeff

Hi there,

You are receiving this Email because you have a BMO Province of BC purchasing card or a BMO BTA Account.

- **BMO Details online** - You may have already heard that BMO will be transitioning the BMO Details Online program to a new online program called BMO Spend Dynamics. Last fall we transitioned the BMO Travel card so all Travel cardholders are now using Spend Dynamics.
- **Emails** – BMO has just advised us that there were statement notification Emails sent out from Spend Dynamics to some cardholders, in error. Please disregard and delete if you received one of these.
- **Dates** - We will be moving to Spend Dynamics in May so you will begin to receive communications from me in the coming weeks. Everything is remaining the same for Fiscal Year-end.

Thank You.

Jennifer,

A DN and two agreement amendments requiring the minister's signature.
Please forward to Craig for review.

Once signed by MDD, please have documents returned to me. Thanks.

For your reference this note follows a DN from July 2017 (229904), and a follow-up email (I don't know the CLIFF #) that was approved by Tim on October 3, 2017.

Tim signed a copy of the email, so it should be scanned, CLIFF'd and paired up with 229904 (and this DN). I will bring it to you.
