RECEIVED

JUL 29 2003

MINISTRY OF FORESTS  
KAMLOOPS REGION

Dear Ted Smith:

I have reviewed submissions made on your behalf related to the grouping of Gilbert Smith Forest Products Ltd. under the Tolko Group for the purpose of the *Forestry Revitalization Act* (Bill 28).

Based on my analysis of the information submitted, I have concluded that Tolko does in fact hold 50 percent of the shares of Gilbert Smith Forest Products Ltd and does have the ability to elect 50 percent of the directors. Based on this understanding, it appears that Tolko does satisfy the 'control' test inherent in s53(4) of the *Forest Act*. As a result, I have concluded that the grouping of Gilbert Smith Forest Products Ltd. with the Tolko Group for the purpose of Bill 28 is valid.

If there is further relevant information that would lead to another conclusion, I am certainly willing to consider it.

I do recognize that the grouping of Gilbert Smith Forest Products Ltd with the Tolko Group may warrant consideration in the allocation of the allowable annual cut reduction for the Tolko Group. I am also prepared to consider any submission you may wish to make related to the allocation of the reductions for this reason.
