An fyi to pass to glen contained in the ipr attached. Essentially a complaint about moms first aid being rude and swearing at the public. I tried to get the caller on the callback number and left a message. The other number listed is void

Good morning,

Here's a copy of the original complaint that was investigated.

There are 2 other documents. The follow-up email sent to Dale, and my notebook which was left at the incident. I'll forward what I can.

Thanks
