Greetings Sandra,

As I await a call from the Minister's staff ( preferred at the DM level) ,a few more thoughts are important to pass along. We as a board, as previously documented, find the problems lay within the Heritage Branch. Therefore ,we feel it will take the leadership and vision of the Minister to work with all parties to construct effective solutions.

In this area there are signs being put up regarding getting permits from the local First Nations for mushroom picking in the areas burnt out by last year's Elephant Hill fire. I've observed these signs are being ripped down. I can say there is already growing bad blood towards First Nations people in the area. I do believe successful resolution of the issues with Historic Hat Creek with improve relationship with local First Nations people and further a true reconciliation process.

Cheers,

Robert

Hi Sandra,

The order has been revised to remove the cougar pursuit season as decided by Minister Donaldson. I've uploaded the revised order to SharePoint. Link here:

<https://spc-flnr.gov.bc.ca/moss/Ministers%20Signing/Forms/AllItems.asp>

I'd like to request the minister's signature by noon today if possible so staff can run the LEH draw tonight. However, if he signs by 2pm, we would still be able to run the LEH draw on Thursday night.

Thanks,

Hi Sandra,

Following up on this ministerial order. Minister was briefed on it on Friday.

The order contains a proposed change to shorten the Skeena South bull moose general open season, which affects how many LEH authorizations may be issued. The LEH draw is scheduled to run overnight tonight.

May I please request the minister's decision by the end of day today to ensure the draw runs with the correct numbers?

**Subject:** 11am Meeting: wildlife biennial hunting and trapping changes

**Importance:** High

Hi Sandra,

Following up on this ministerial order. Minister was briefed on it on Friday.

The order contains a proposed change to shorten the Skeena South bull moose general open season, which affects how many LEH authorizations may be issued. The LEH draw is scheduled to run overnight tonight.

May I please request the minister's decision by the end of day today to ensure the draw runs with the correct numbers?

Reg is attached and link with supporting documents here: [https://spc-flnr.gov.bc.ca/moss/Ministers%](https://spc-flnr.gov.bc.ca/moss/Ministers%20Signing/Forms/AllItems.aspx)

Hi Alanah,

Just reviewing decision notes to see which ones have been signed and if have been uploaded to cliff. This one has been signed, but wasn't uploaded, my fault!! Could you please check to see if you have received the signed copy and has been deferred to staff, as MDD signed on June 9<sup>th</sup>. (just curious).

Hi Sandra,

s.22 has called a few times over the last couple months about contaminated soil dumping on North Pender Island, he owns an organic farm and his neighbour has dumped over 14 truckloads of contaminated debris/soil which is now affecting his well water (it has been tested) with cadmium and zinc.

In our records, it shows that FLNR was working on this issue with s.22 and there was a supposed cleanup order in place for June 1<sup>st</sup> of the neighbour's property, but they instead decided to continue dumping.

If you have any information for me, or can follow up with s.22 that would be great!

Thanks so much,

Ashley

s.22

Hi Sandra,

s.22

s.22

s.22

. This was allowed at the time. She recently applied to defer her taxes, only to find that she could not, due to a change in the legislation in 2012. Water lots apparently no longer qualify for tax deferment. She was not notified of the change until she retired and applied for deferment and was denied. Other lease holders who had owned prior to the change in legislation, had been approved earlier due to grandfathering. She wonders if she could also be grandfathered.

My questions are:

1. Why were the current leaseholders not advised of the change in 2012?
2. s.22 lived there prior to the change in policy, why could she not be grandfathered like the other residents who had live there for similar time?

This change in policy seems to be unfair to s.22, as one of the reasons she bought the lease was so she could later defer her taxes. s.22

s.22

I would appreciate any help you can give to this constituent.

Good morning!

Just a quick heads up that I've uploaded the attached to SharePoint for MDD approval of letter that will go out under Premier's signature.

<https://spc-flnr.gov.bc.ca/moss/Executive%20Correspondence/Forms/AllItems.aspx>

**IMPORTANT: It needs to be in the premier's office today.** I've put in a comment in SharePoint, but please bring this one to MDD's attention if possible.

- If MDD approves as is, we are asking MO to please send the Word doc and PDF package directly to [Ashley Hampson](#) and copy Susan Farmer in Premier's Office for their immediate attention. Please cc: [FLNR.Correspondence@gov.bc.ca](mailto:FLNR.Correspondence@gov.bc.ca) to keep us in the loop.
- If MDD has edits, CSS will apply and return to you for the above action.

As a side note, CSS is now putting the response first in the package (before incoming, etc.) to make it easier for review.

Thank you for your letter of May 1, 2018, concerning the future of manufacturing in British Columbia, specifically Port Alberni. As a new government, one of the mandate letter commitments I gave to Minister Donaldson is to work with communities and industry to develop a fair, lasting strategy to create more jobs by processing more logs in the province. Addressing the identified fibre supply challenges for coastal mills is a priority for this government. There is work already underway with industry and the Ministry of Forests, Lands, Natural Resource Operations and Rural Development to seek ways to bring more fibre to manufacturing facilities and to create new employment opportunities.

We are also working to expand the innovative wood-products sector since that would also grow domestic markets for wood. The recently completed student residence at the University of British Columbia, at 18 storeys, is the tallest contemporary wood building in the world. The planned 2020 update to the National Building Code would allow wood construction of up to 12 storeys.

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development is working with industry and FII to create new markets and new products. I welcome your ideas on how we can improve the forestry policy framework that would result in collectively meeting our broader mandates. I appreciate and share your passion to improve our forest industry, as it is a direct link to improving the economic prosperity of communities across British Columbia.

Minister Donaldson, Don Wright, Deputy to Premier, Deputy Minister Tim Sheldan and Assistant Deputy Minister, Chris Stagg met with representatives of the Coastal forest sector on June 26 to discuss revitalization of the coast forest sector. I encourage you to follow up with the Honourable Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development. Chris Stagg, Assistant Deputy Minister of the Timber Operations, Pricing and First Nations Division is actively engaged in several initiatives related to the revitalization of the forestry sector and is best positioned to consider your ideas as we build a strategy that promotes wood products and supports jobs.

Good morning!

Just a quick heads up that I've uploaded the attached to SharePoint for MDD approval of letter that will go out under Premier's signature.

<https://spc-flnr.gov.bc.ca/moss/Executive%20Correspondence/Forms/AllItems.aspx>

**IMPORTANT: It needs to be in the premier's office today.** I've put in a comment in SharePoint, but please bring this one to MDD's attention if possible.

- If MDD approves as is, we are asking MO to please send the Word doc and PDF package directly to Ashley Hampson and copy Susan Farmer in Premier's Office for their immediate attention. Please cc: [FLNR.Correspondence@gov.bc.ca](mailto:FLNR.Correspondence@gov.bc.ca) to keep us in the loop.
- If MDD has edits, CSS will apply and return to you for the above action.

As a side note, CSS is now putting the response first in the package (before incoming, etc.) to make it easier for review.

Good afternoon,

Thank you for your inquiry regarding the proposed aeration replacement project on Belmont Pond.

Any works in and about a stream must have a Water Sustainability Act Section 11 Change Approval or Notification approved before work begins. It is our understanding Belmont Pond fits under the definition of a stream as it is a natural waterbody. However, if Belmont Pond fills only from storm water run-off, then it is not a natural waterbody and no permit is needed to complete the works.

The proper process for moving forward with this project would be for the proponent to submit a Water Sustainability Act Section 11 through Front Counter British Columbia for review and consideration by MFLNRORD Water Management and Ecosystems staff.

Please forward any future enquiries on this matter through Minister Donaldson's office.

**Subject:** Update on Permits/Approvals needed for Belmont Pond Project

Good Afternoon Mr. Reilly and Ms. Symonds:

MLA Thomson has asked if I might find out what government approval is necessary for one of his constituent's s.22 ) project to re-aerate Belmont Pond in the Lower Mission area of Kelowna.

He understands that Ms. Tanya Sletten, Neighbourhood Development Coordinator, City of Kelowna has been corresponding with you both on behalf of s.22 . His neighborhood group applied to the city for a grant to remove the current fountains in Belmont Pond and replace them with a better system of aeration. It was suggested to Ms. Sletten that either a Section 11 or a Notice of Approval from FLNRO might likely be necessary for this project to proceed. I believe she has submitted details of the project to you. However I am attaching s.2 s.22 most recent letter outlining his "lay" understanding of the history of the Pond.

The group has been waiting since early April to find out what approvals are necessary so that they can proceed. s.22 and his colleagues approached their MLA, Steve Thomson to have a meeting to discuss this project and how to move it forward. They will be meeting

tomorrow.

MLA Thomson would be most appreciative if someone from FLNRO might be able to give us an update. Thank you.

## **Rental Policies**

#### **Arrival Directions**

Please proceed to the National Car Rental location. Continue to the counter to obtain your rental agreement.

#### **Renter Requirements**

All renters and additional drivers must be 21 or older, have a valid driver's license and a major credit card in their name. Driver's licenses are accepted from any USA state or territory, from a Canadian province or from an international country. Licenses from outside the USA or Canada also may require an international driver's permit. International driver's permits are valid only if presented with the original local license. Individuals with learner's permits

are not eligible to rent. U.S. government employees ages 18 or older will not incur a young driver surcharge when renting for authorized government travel. This is only a summary. For additional details, please reference the Driver's License Information Policy.

#### **AGE –**

The underage surcharge for drivers between the ages of 21 and 24 is \$20 per day. Renters between the ages of 21 and 24 may rent the following vehicle classes: Economy through Full Size cars, Intermediate SUVs, Standards SUVs, Minivans and Standard Pickup Trucks.

#### **NON CREDIT CARD DEPOSITS –**

Debit cards are accepted at the time of rental with a round trip travel ticket, e-ticket, or travel itinerary that shows the renter's name and discloses the return date and port of entry. Renters using a debit card as a deposit may rent the following vehicle classes: Economy through Full Size cars.

#### **DEPOSIT AMOUNT –**

A deposit including an additional \$200 more than the cost of the rental will be taken at the time of rental, and the funds will not be available for use until after the vehicle has been returned. Cash, and prepaid cards are not acceptable forms of rental deposit. This location is not responsible for any overdraft fees incurred.

#### **Forms of Payment**

Acceptable forms of payment include VISA, MasterCard, American Express, Traveler's checks and Money Orders. Please review the Renter Requirements for additional information.

#### **Additional Driver**

Additional drivers must meet same rental qualifications as the renter. Additional drivers must appear at the rental counter with the primary renter. An additional daily fee may apply for any additional drivers.

#### **Loss Damage Waiver**

Loss Damage Waiver (LDW) is not insurance. The purchase of LDW is optional and not required in order to rent a vehicle.

You may purchase optional LDW for an additional fee. If you purchase LDW we agree, subject to the actions that invalidate LDW listed on the rental agreement, to contractually waive your responsibility for all or part of the cost of damage to, loss or theft of, the vehicle. DW does not apply to damage occurring in Mexico. When deciding whether or not to purchase DW, you may wish to check with your insurance representative or credit card company to determine whether, in the event of damage to, or theft of, vehicle, you have coverage or protection for such damage or theft and the amount of your deductible or out-of-pocket risk.

#### **Personal Accident Insurance / Personal Effects Coverage**

Personal Accident Insurance - Personal Effects Coverage - PAI-PEC - is offered at the time of rental for an additional daily charge. If accepted the PAI contained in the policy provides renter and renters passengers with accidental death, accident medical expenses and ambulance expense benefits. The PEC contained in the policy insures the personal effects of the renter, additional drivers, or any member of the renters immediate family who permanently resides in the renters household and who is traveling with the renter against risks of loss or damage. Benefits are payable in addition to any other insurance coverage the renter or passengers may have. This is a summary only. PAI-PEC is subject to the provisions, limitations and exclusions of the PAI-PEC policy underwritten by Chubb Insurance Company of Canada. The purchase of PAI-PEC is optional and not required to rent a car. The coverage provided by PAI-PEC may duplicate the renters existing coverage. National is not qualified to evaluate the adequacy of the renters existing coverage, therefore the renter should examine his or her personal insurance policies or other sources of coverage that may duplicate the coverage provided by PAI-PEC. The PAI-PEC for this branch is 6.99 CAD per day.

#### **Roadside Protection**

Renter may purchase Roadside Plus (RSP) from Owner for an additional fee. If Renter purchases RSP, Owner agrees, subject to the actions that invalidate Loss Damage Waiver, to contractually waive Renter's responsibility for the cost to provide 24/7 roadside assistance (where available) which includes replacement of lost keys (including remote entry devices), flat tire service (if no inflated spare is available, the vehicle will be towed. Cost of a replacement tire is not covered by RSP), lockout service (if the keys are locked inside the vehicle), jumpstarts, and fuel delivery service for up to 3 gallons (or equivalent liters) of fuel if

Vehicle is out of fuel. Roadside Plus services are only available in the United States and Canada. If Renter does not purchase RSP, or RSP is invalidated as set forth above, roadside assistance will be available, but standard charges will apply. RSP does not apply in Mexico. For roadside assistance call 1-800-268-9711.

#### **Roadside Assistance PLUS**

Renter may purchase Roadside Plus (RSP) from Owner for an additional fee. If Renter purchases RSP, Owner agrees, subject to the actions that invalidate Loss Damage Waiver, to contractually waive Renter's responsibility for the cost to provide 24/7 roadside assistance (where available) which includes replacement of lost keys (including remote entry devices), flat tire service (if no inflated spare is available, the vehicle will be towed. Cost of a replacement tire is not covered by RSP), lockout service (if the keys are locked inside the vehicle), jumpstarts, and fuel delivery service for up to 3 gallons (or equivalent liters) of fuel if Vehicle is out of fuel. Roadside Plus services are only available in the United States and Canada. If Renter does not purchase RSP, or RSP is invalidated as set forth above, roadside assistance will be available, but standard charges will apply. RSP does not apply in Mexico. For roadside assistance call 1-800-268-9711.

Hi Sandra,

I am being advised that this form does not need to go to the Minister for signing and is complete with the DM's approval. Apologies, this is the first one that's come across my desk. It usually goes to Orla and not the Issues Coordinator.

Hi Alanah,

This may help. I know the form has a spot for the Minister but that office does not approve budgetary expenses as a general rule.

**Subject:** Travel pre-approval requests

Hello,

Further to Elaine's email from this morning regarding '18/19 expenditure restraint measures', you will find attached the template I would like to use this year to capture 'bulk' travel requests that we do at the beginning of each fiscal year. (sorry I am late it getting this out to you)

As you are all aware the expenditure restraint measures for travel are:

Travel (STOB 57)

- Discretionary travel (e.g., non-essential conferences, meetings, etc.) is restricted.
- Use alternate methods to travel (e.g., teleconferencing, video conferencing) whenever possible.
- When travel is required make all efforts to minimize costs, including but not limited to, restricting the number of ministry participants travelling to a meeting. If additional ministry participants are required, use of teleconferencing or video conferencing in addition to in-person (travelling) participants should be considered.
- Ministries are not to pay for business class air travel. Any exceptions to this directive require prior approval by the Secretary to the Treasury Board.
- **In-province travel is to be pre-approved at the ADM level (email approvals are appropriate, alternatively a travel plan can also be pre-approved, and should be filed with your travel documents claims envelope).**
- Deputy Minister pre-approval is required to attend Federal/Provincial/Territorial meetings.
- All out-of-province travel must be pre-approved by the Deputy Minister, and should be submitted through the Travel Authorization Form.

Reminder that if you add 'pending' out of province travel this will not mean it is approved when the spreadsheet is approved. You will still be required to get the pre-approved travel authorization forms completed.

If you have any questions, please let me know.

Please return this template to my attention by May 17<sup>th</sup> 3:00pm.

Thank you

Hi! both these calls are somewhat political in nature so should be addressed by the MO. Here's some key messages to help:

Thank you for sharing your concerns.  
Given the high level of interest in fish farm tenures, there will be a public announcement once decisions are made.

Thank you for sharing your concerns.  
Government has been actively engaged with First Nations within the Broughton Archipelago to reach a resolution regarding open-pen fish farms in the region. Once decisions are made they will be publically communicated.

Dear Minister Donaldson,

I wanted to personally thank you for attending the 2018 ILMA Convention earlier this week in Revelstoke. I appreciate your support of our industry sector, and independent, family forestry businesses like ATCO Wood Products. I enjoyed the opportunity to share in the lunch conversation with you at the conference, as well as listening to remarks about the forest industry.

I also wanted to share with you a copy of the attached letter I gave to Premier Horgan when we met with him on Monday afternoon. With the letter, I wanted to invite the Premier to visit with us in Fruitvale to learn more about our operations; and in particular learn about our silviculture program which we are particularly proud of.

I would like to personally extend the invitation to you as well, to visit with us in Fruitvale. I know you mentioned you have family in Warfield, which is quite close to Fruitvale. We would enjoy the change to host you at our mill for a tour and informal discussion during your next visit to our region if your schedule permits.

Thank you,  
Scott Weatherford

Hi Alanah,  
Apparently the Minister has signed off on this note. Jen was speaking to Kenn in the MO about this today.  
Can you please follow up with them and send us the signed version as soon as possible as this is time sensitive. This is dependent on running the Limited Entry Hunting draw. We need to know what his preferred option is.

Thank you.

Hello  
s.22

Would like either an email or phone call or a letter to let her know a few things:

- how much of BCTS tax dollars are going towards building roads for logging companies to log old growth
- Wants an inventory update on Sonora Island in regards to Timberwest cut blocks, how much are they logging

She is extremely passionate about saving the old growth forests. Can staff reach out to her?

Thanks

There is a fibre optic cable that runs near his campsite and he would like to access it, but was told he can't since the cable runs from one reserve to another, he can't get permission.

Apparently Minister Donaldson had a briefing with Minister Sims in January on connectivity in rural communities. Would this be something Citizens Services, Environment or our Ministry handle?

He doesn't know who to speak with; called FrontCounter, they didn't know how to help either.

Please let me know how to proceed.

Hello,

For your information, I had over 90 calls from all over BC and Canada June 14 and 15, 2018 and into week June 18<sup>th</sup> to the Minister's office. The public concerns were against the logging of old growth forests at Schmidt Creek.

Some comments were:

- Minister's campaign promise was to protect old growth and voted for NDP for this reason
- Orca rubbing grounds
- Ecosystem, vegetation and habitat loss
- Unsustainable forestry, slides
- Last remaining old growth in the world
- Keep old growth for Tourism: an economic benefit
- Only gives short term profit
- Log second growth instead
- BCTS not to use tax payer dollars
- Very difficult to reforest

Thanks

Hi Sandra,

Following up on this ministerial order. Minister was briefed on it on Friday.

The order contains a proposed change to shorten the Skeena South bull moose general open season, which affects how many LEH authorizations may be issued. The LEH draw is scheduled to run overnight tonight.

May I please request the minister's decision by the end of day today to ensure the draw runs with the correct numbers?

Hi Eleni,

Funny cause I usually keep envelopes attached to docs. I just happened to shred yesterday too, but sometimes I just shred minister's name and recycle the rest of the envelope. I did find in my blue box "NCLGA, North Central Local Government Association". I am pretty sure this is it, but not completely sure. I looked up on the website and it listed all the members that are at the end of this letter.

Darn it!! So sorry and usually I always check before throwing envelope away.

Hi Sandra! The attached was forwarded in the blue bag yesterday, but there is not return address on the letter anywhere – any chance you have the envelope with the return address/contact info?

Hi Sandra,

As promised, here is a breakdown of office codes for Areas and regions/specific offices in CLIFF (e.g. "CO-RSC" is code for Coast Area – Region South Coast):

Area	Area Code	Region Name	Regional Code	District or Director Office	District Code
North	<b>NO</b>	<b>Northeast Natural Resource Region</b>	<b>RNE</b>	Fort Nelson Natural Resource District	DFN
	NO	Northeast Natural Resource Region	RNE	Peace Natural Resource District	DPC
	NO	Omineca Natural Resource Region	ROM	Mackenzie Natural Resource District	DMK

IMPORTANT NOTES about office names in CLIFF:

Notes	Code for division or area name is given first, e.g. CO for Coast, NO for North, SO for South, followed by region code and sub-office code (district/director's office) if appropriate	
	If logging (resp.office) or referring for action, this is usually done at/for the regional office level as highlighted here (e.g. SO-RTO is used for <u>South Area's Regional office</u> for <u>Thompson-Okanagan</u> )	
	If RED is identified in office name, it means Regional Executive Director; therefore, unless it is for RED signature/approval, we use the generic office, e.g. "SO-RTO" or "NO-RNE" (for North Area's Northeast Regional office)	
Example:	CO-RSC-DCK (for <u>Coast Area - Region South Coast - District Chilliwack</u> )	

Hope that helps!

Hi Sandra,

s.22 has called a few times over the last couple months about contaminated soil dumping on North Pender Island, s.22 – and his neighbour has dumped over 14 truckloads of contaminated debris/soil which is now affecting his well water (it has been tested) with cadmium and zinc.

In our records, it shows that FLNR was working on this issue with s.22 and there was a supposed cleanup order in place for June 1<sup>st</sup> of the neighbour's property, but they instead decided to continue dumping.

If you have any information for me, or can follow up with s.22 that would be great!

Thanks so much,

Ashley

Good morning!

Just a quick heads up that I've uploaded the attached to SharePoint for MDD approval of letter that will go out under Premier's signature.

<https://spc-flnr.gov.bc.ca/moss/Executive%20Correspondence/Forms/AllItems.aspx>

**IMPORTANT:** It needs to be in the premier's office today. I've put in a comment in SharePoint, but please bring this one to MDD's attention if possible.

- If MDD approves as is, we are asking MO to please send the Word doc and PDF package directly to [Ashley Hampson](#) and copy Susan Farmer in Premier's Office for their immediate attention. Please cc: [FLNR.Correspondence@gov.bc.ca](mailto:FLNR.Correspondence@gov.bc.ca) to keep us in the loop.
- If MDD has edits, CSS will apply and return to you for the above action.

As a side note, CSS is now putting the response first in the package (before incoming, etc.) to make it easier for review.

THANKS!

Thank you for your letter of May 1, 2018, concerning the future of manufacturing in British Columbia, specifically Port Alberni. As a new government, one of the mandate letter commitments I gave to Minister Donaldson is to work with communities and industry to develop a fair, lasting strategy to create more jobs by processing more logs in the province. Addressing the identified fibre supply challenges for coastal mills is a priority for this government. There is work already underway with industry and the Ministry of Forests, Lands, Natural Resource Operations and Rural Development to seek ways to bring more fibre to manufacturing facilities and to create new employment opportunities.

We are also working to expand the innovative wood-products sector since that would also grow domestic markets for wood. The recently completed student residence at the University of British Columbia, at 18 storeys, is the tallest contemporary wood building in the world. The planned 2020 update to the National Building Code would allow wood construction of up to 12 storeys.

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development is working with industry and FII to create new markets and new products. I welcome your ideas on how we can improve the forestry policy framework that would result in collectively meeting our broader mandates. I appreciate and share your passion to improve our forest industry, as it is a direct link to improving the economic prosperity of communities across British Columbia.

Minister Donaldson, Don Wright, Deputy to Premier, Deputy Minister Tim Sheldan and Assistant Deputy Minister, Chris Stagg met with representatives of the Coastal forest sector on June 26 to discuss revitalization of the coast forest sector. I encourage you to follow up with the Honourable Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development. Chris Stagg, Assistant Deputy Minister of the Timber Operations, Pricing and First Nations Division is actively engaged in several initiatives related to the revitalization of the forestry sector and is best positioned to consider your ideas as we build a strategy that promotes wood products and supports jobs.

I think he just wants labour (jobs) added in since that is the interest Brian represents. Maybe drop the "in particular, pulp and paper mills" and add something canned about good jobs.

Sorry I'm not more helpful. Multitasking- typing and walking at the moment.

Good morning!

Dana Eckardt spoke with the Deputy about this and he thought the following approach would work:

A short response acknowledging receipt of the letter, mentioning the Minister looking forward to the June 26<sup>th</sup> meeting (there is a big meeting of company CEOs, including Western, scheduled for late June - Minister, Don Wright, Tim Sheldan ) and that staff will reach-out to schedule a meeting for early July.

Would that be OK and our Branch can do the draft?

This may help. I know the form has a spot for the Minister but that office does not approve budgetary expenses as a general rule.

**Subject:** Travel pre-approval requests

Hello,

Further to Elaine's email from this morning regarding '18/19 expenditure restraint measures', you will find attached the template I would like to use this year to capture 'bulk' travel requests that we do at the beginning of each fiscal year. (sorry I am late it getting this out to you)

As you are all aware the expenditure restraint measures for travel are:

Travel (STOB 57)

- Discretionary travel (e.g., non-essential conferences, meetings, etc.) is restricted.
- Use alternate methods to travel (e.g., teleconferencing, video conferencing) whenever possible.
- When travel is required make all efforts to minimize costs, including but not limited to, restricting the number of ministry participants travelling to a meeting. If additional ministry participants are required, use of teleconferencing or video conferencing in addition to in-person (travelling) participants should be considered.
- Ministries are not to pay for business class air travel. Any exceptions to this directive require prior approval by the Secretary to the Treasury Board.
- **In-province travel is to be pre-approved at the ADM level (email approvals are appropriate, alternatively a travel plan can also be pre-approved, and should be filed with your travel documents claims envelope).**
- Deputy Minister pre-approval is required to attend Federal/Provincial/Territorial meetings.
- All out-of-province travel must be pre-approved by the Deputy Minister, and should be submitted through the Travel Authorization Form.

Reminder that if you add 'pending' out of province travel this will not mean it is approved when the spreadsheet is approved. You will still be required to get the pre-approved travel authorization forms completed.

If you have any questions, please let me know.

Please return this template to my attention by May 17<sup>th</sup> 3:00pm.

Thank you

Thank you for sharing your concerns.

Given the high level of interest in fish farm tenures, there will be a public announcement once decisions are made.

Thank you for sharing your concerns.

Government has been actively engaged with First Nations within the Broughton Archipelago to reach a resolution regarding open-pen fish farms in the region. Once decisions are made they will be publically communicated.

s.22

He would like staff to reach out in regards to over 100 head of cattle that are destroying his and his neighbour's property, both having over 90 acres of land each.

s.22 owns the cattle which are grazing on crown land, which he may not have a permit or licence for. s.22 has been dealing with regional director near Burns Lake, Smithers and Kamloops and no one is doing anything to help him. The RCMP have been involved, nothing is being resolved as this has been going on for over 10 years.

Owner of cattle is a bit of bully, according to s.22

These are draft letters of appointment to the Council for the Minister's signature. Lisa has approved them.

Could you please log them in CLIFF and send to the ED with the context below in the email? If Rose has no questions and approves them, could they go directly to Correspondence to go to the DMO and then MO?

**Context:**

The Private Managed Forest Land Council, established under the Private Managed Forest Lands Act in 2004, is an independent provincial agency tasked with ensuring compliance with the Act and its regulations, and administering the Managed Forest Program. Two of the five Council members are appointed by the minister of FLNRORD. The Crown Agency and Board Resourcing Office and Ministry staff sought candidates to address two vacancies, one current and one upcoming. The FN Forestry Council was informed of the opportunity. The candidates approved by the minister meet the identified need for local government experience, as well as forest management expertise.

Sincerely,

Ann

Hi Rose,

CLIFF hasn't been updated, can you please tell me whether you approved and sent to Correspondence and DMO? There is a meeting tonight with the Council and they'd like to be able to disperse the appointment letters.

Thank you,

**Subject:** Request: Processing of draft letters of appointment by the Minister to the Private Managed Forest Land Council

Hi Alanna,

These are draft letters of appointment to the Council for the Minister's signature. Lisa has approved them.

Could you please log them in CLIFF and send to the ED with the context below in the email? If Rose has no questions and approves them, could they go directly to Correspondence to go to the DMO and then MO?

**Context:**

The Private Managed Forest Land Council, established under the Private Managed Forest Lands Act in 2004, is an independent provincial agency tasked with ensuring compliance with the Act and its regulations, and administering the Managed Forest Program. Two of the five Council members are appointed by the minister of FLRORD. The Crown Agency and Board Resourcing Office and Ministry staff sought candidates to address two vacancies, one current and one upcoming. The FN Forestry Council was informed of the opportunity. The candidates approved by the minister meet the identified need for local government experience, as well as forest management expertise.

Sincerely,

Ann

Dear Minister Donaldson,

I wanted to personally thank you for attending the 2018 ILMA Convention earlier this week in Revelstoke. I appreciate your support of our industry sector, and independent, family forestry businesses like ATCO Wood Products. I enjoyed the opportunity to share in the lunch conversation with you at the conference, as well as listening to remarks about the forest industry.

I also wanted to share with you a copy of the attached letter I gave to Premier Horgan when we met with him on Monday afternoon. With the letter, I wanted to invite the Premier to visit with us in Fruitvale to learn more about our operations; and in particular learn about our silviculture program which we are particularly proud of.

I would like to personally extend the invitation to you as well, to visit with us in Fruitvale. I know you mentioned you have family in Warfield, which is quite close to Fruitvale. We would enjoy the change to host you at our mill for a tour and informal discussion during your next visit to our region if your schedule permits.

Thank you,  
Scott Weatherford  
Chief Executive Office  
ATCO Wood Products Ltd.

Hi Sandra,

Sounds great. Thanks for setting up this call with Kenn at 10:30am tomorrow.

My mind will be back on Historic Hat Creek tomorrow. Today, not so much,  
since I'm busy reviewing the proposal to keep a volunteer fire department existing  
in the Loon Lake area. As you know, the Elephant Hill fire burned down our  
wonderful

fire hall last July. Oh well, luckily it missed the community hall right next to the fire  
hall.

Cheers,

Robert

Hello Sandra,

Attached are the materials for the Minister's UNDRIP meeting on June 14<sup>th</sup>. Tim Sheldan has approved this IN as a draft only for now, so it is just for the Minister's review. The materials are all saved on SharePoint [here](#).

Best regards,
