Hi Kenn,

Final draft for you to take a look at please. Everything has been taken from existing messaging, so there shouldn't be any issues, but always good to double-check! Also, I will make it clear to the MLAs

who want to respond, that they should only respond to emails clearly identified as from their own constituents.

Thanks!  
Joanna

Hi Joanna;  
I am around for a while today. your letter looks fine. We are working on an old growth strategy and will be meeting with the engo's on this in mid January. Attached is a "for attribution" piece that was sent to the media. You may want to augment your lines with some of the points made in the attached. Either way, your piece is just fine.  
Have a great new year,  
Kenn

**Subject:** Draft MLA response

Hi Kenn,

I'm not sure if you're around, but Roseanne has asked me to put together a response for MLAs on the old-growth logging emails they've been getting. Apparently Mitzi Dean has received "thousands" and she is feeling the pressure. I don't know what is coming down the pipes as far as

announcements, but I put the following together based on previous messaging. Would you please let me know if this is okay to send to MLA offices to use as a response? If the Minister has been responding, having that to refer to and/or include would be great too.

s.13

Thanks and Happy New Year!  
Joanna

**Subject:** Re: Access to private lake land

Dear CVRD Representatives and Mr. Renneberg,

I wanted to reach out to you today in regards to some questions our office has recently received from a constituent.

It pertains to lakes in the Cobble Hill/Duncan area. As it seems that a recent court case out of the BC Supreme Court decided that companies can no longer prevent the public from accessing lakes on their land, our constituent is wondering why these company owned lakes are still blocked off by gates and trespassing signs in the Cowichan Valley.

Is it possible that we're in a transitioning period where this is happening in increments? Or does each case need to be disputed individually? What can we do to change this, if anything?

I look forward to hearing from you soon.

All the best,

**Kayla Brent**

**Subject:** forestry briefing

Hey Sage/Jen,

Not sure if either of you are in today or back right now, but happy new year. This request can also wait until Monday if that's easier for scheduling.

Richard and I have been asked to open the Truck Loggers Association convention with a Q&A about BC politics on Jan. 16. Some of it will be about our book, but there will also be questions from the audience on all manner of subjects.

The big one, obviously, is going to be forestry policy by the government.

We're wondering if the deputy minister or someone in the forestry ministry (I suppose it could even be the minister) could take some time on background, not for attribution, to brief us a bit on the government's views, thoughts, and direction for forestry.

It's not a massive issue that has popped up much in the legislature, and so Richard and I have kind of lost track of where this government stands compared to the previous.

We're not looking to scoop whatever announcement government might be making at the TLA, and whatever the premier might say. We're just looking for a better grounding in the fundamentals.

Thinking at least 30 minutes if someone can spare it next week. Richard and I would both attend.

Thanks,

Rob

**Subject:** FW: Access to private lake land

I am aware of the Supreme Court ruling with respect to backcountry access to public lakes, but do we have a sense of the practical application of this in BC? One assumes there is a policy to be drafted?

**Subject:** Re: Access to private lake land

Dear CVRD Representatives and Mr. Renneberg,

I wanted to reach out to you today in regards to some questions our office has recently received from a constituent.

It pertains to lakes in the Cobble Hill/Duncan area. As it seems that a recent court case out of the BC Supreme Court decided that companies can no longer prevent the public from accessing lakes on their land, our constituent is wondering why these company owned lakes are still blocked off by gates and trespassing signs in the Cowichan Valley.

Is it possible that we're in a transitioning period where this is happening in increments? Or does each case need to be disputed individually? What can we do to change this, if anything?

I look forward to hearing from you soon.

All the best,

**Kayla Brent**

Constituency Assistant | Sonia Furstenau MLA  
164 Station St, Duncan, BC V9L 1M7

Good morning Lisa,

We have received an FOI **Consultation** with regard to records that originated from your program and are included in the **Ministry of Indigenous Relations and Reconciliations'** response to an FOI request.

**Note: you are NOT required to produce records.**

Original request:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages-excluding attachments – sent from the Minister's Senior Ministerial Assistant(s) - where such a position existed and was staffed during the period. (Date Range for Record Search: From 11/01/2017 To 11/07/2017)

Please review the attached records and reply to me via email to indicate which of the following

applies by Jan 7:

- There are no harms in these records; they may be released in full.
- There are harms in releasing all of these records; they should be withheld in their entirety.
- There are harms in portions of these records; please note your concerns

The following guide is available to assist you:

- [Harms Assessment - Quick Guide to Exceptions to Disclosure](#)

Thank you for your assistance. Please contact me if you have any questions or concerns.

**Subject:** forestry briefing

Hey Sage/Jen,

Not sure if either of you are in today or back right now, but happy new year. This request can also wait until Monday if that's easier for scheduling.

Richard and I have been asked to open the Truck Loggers Association convention with a Q&A about BC politics on Jan. 16. Some of it will be about our book, but there will also be questions from the audience on all manner of subjects.

The big one, obviously, is going to be forestry policy by the government.

We're wondering if the deputy minister or someone in the forestry ministry (I suppose it could even be the minister) could take some time on background, not for attribution, to brief us a bit on the government's views, thoughts, and direction for forestry.

It's not a massive issue that has popped up much in the legislature, and so Richard and I have kind of lost track of where this government stands compared to the previous.

We're not looking to scoop whatever announcement government might be making at the TLA, and whatever the premier might say. We're just looking for a better grounding in the fundamentals.

Thinking at least 30 minutes if someone can spare it next week. Richard and I would both attend.

Thanks,

Rob

**Subject:** Statement RCMP

Hi all: FYI this will go to media calls currently in the queue, signed off by PO.

**Statement from the Ministry of Public Safety and Solicitor General:**

"Enforcement action by the RCMP in response to the court decision is an operational matter for the RCMP and is entirely at arms length from government. We recognize the right for

people to engage in peaceful protest. In any situation such as this, we hope all parties find a safe and mutually respectful resolution.”

I think that should work. Richard wants to do it too, is that possible? If we're on the phone, I might be able to patch him in once the minister calls using the conference call feature?

**To:** Parkinson, Carolyn FLNR:EX; Eckardt, Dana R FLNR:EX

**Subject:** Fwd: Invitation for Minister Donaldson to attend meeting with Gitxsan Hereditary Chiefs

Hi Dana,

The arch branch is hosting a meeting with two Gitxsan hereditary chiefs on Jan.16 (in Victoria) to learn more about their governance structure and culture. This is a follow-up from our meeting with Gitxsan re: AR policy review.

The chiefs requested we invite MDD. I understand it will likely not be possible for him to attend, but I wanted to forward the request just in case.

Thank you,

Jillian Rousselle

**Subject:** NEWS 1130 Request

Dawn, Vivian,

I'm hoping for a brief interview ASAP with Minister Donaldson regarding findings by Environment and Climate Change Canada scientists that human induced climate change had a strong impact on forest fires during the 2017 wildfire season.

Newsroom line is 604-877-4400.

Interview would only take 5 to 10 minutes.

Basically I'm wondering what if anything this means for how B-C plans to manage wildfires in future and my questions will be along those lines.

Some info from Ted White, Director, Water Management Branch. Basically, there is a difference of opinion re: the requirement for the City to be a diking authority. **s.14**

**s.14**

## Background -

- The City of Vancouver is planning on developing dikes for some lands that have not previously had dikes.

**s.14**

**s.13,s.16**

- We have contacted Municipal Affairs and Housing to see if they can assist with moving the discussion ahead.
- The Inspector of Dikes (IOD) and EMBC have been working with the City to resolve this issue for some time.

## Next steps -

- There has been an offer to meet to discuss the differing views of the authority provided by the Vancouver Charter. This is an important next step to address the issue.

- We will Follow up with Municipal Affairs to determine if they can assist with the discussion with the City of Vancouver.
  - Based on that input I will contact the City and offer to meet to discuss the view points and the way to move forward.
  - Through EMBC, we will try to determine the status of who has been contacted within government regarding this issue.

**Subject:** MO Enquiry - Simcoe Park New Westminster

Hi Dana,

It is my understanding that the MO has received a request to formally recognise, by erection of a plaque, an historic event that took place in the area now known as Simcoe Park, New Westminster. Our advice follows:

From your description it sounds like the event is the execution of Mewa Singh after he confessed to the murder of immigration inspector William Hopkinson who was a central figure in the refusal to allow the South Asian passengers of the *SS Komagata Maru* to disembark in Vancouver in 1908. Mew Singh's actions are viewed as significant by an extensive South Asian-Canadian community in the Lower Mainland without which the community asserts it likely may never have become established in British Columbia.

Mewa Singh's actions were acknowledged in this location (alongside 14 other locations for other reasons) by Ministerial Order pursuant to s.18 of the *Heritage Conservation Act* (HCA) on April 7<sup>th</sup>,

2017. At that time, government made no formal announcement of the recognitions so that opportunity remains.

HCA Section 18 provides for the minister to recognise the heritage value of any heritage site with a plaque with the permission of the owner. The current owner is the City of New Westminster. If the minister were to wish to proceed with a plaque, Heritage Branch could assist:

- The City of New Westminster would need to give its permission for the installation and likely agree to taking on responsibility for maintenance of same. Heritage Branch has a good relationship with the heritage planner at the City and believes the City would be willing to consider such a proposal. The Branch can reach out to the City of desirable.
- Someone will have to design and pay for the plaque to be made. The City / South Asian-Canadian community may wish to fund or cost-share in same.
- The City may wish to discuss location, public safety and a communications approach to ensuring that the commemoration builds community rather than incites division.
- A communications plan would need to be developed.

**Subject:** FW: Question: FPInnovations - Letter of Support Request

Tim –

As you will see from the string below, FP Innovations has asked for a letter of support from Minister regarding the renewal of it funding in the 2019 federal budget. They've made a similar request for letters of support to other Provinces and have provided a draft support letter for us to consider. See attached.

Is this something that MDD would like to do? If yes, we can prepare the letter for MDD signature. Just let me know.

**Subject:** RE: FPInnovations - Letter of Support Request

Hi Brenda,

Thanks for your follow-up.

Although there is no specified deadline for the letter, I believe our stakeholders (specifically FP Innovations) were hoping to get the letter signed and out ASAP to align with letters from other Provinces and to influence/ aid in decisions for budget 2019. I understand that we are heading into the holidays and likely not be feasible before early January.

Emily – I can send you a draft copy of what I've put together for potential use if that's an appropriate next step.

Thank you.

**Subject:** FW: FPIInnovations - Letter of Support Request

Hello Brenda,

I have recently taken over as Director for Corporate Relations with FII. It's a pleasure to be working with you.

I sent the below message to Vivian regarding a request from FPIInnovation for a letter of support from the Minister and directed to federal Ministers Morneau and Sohi. The purpose of the letter is to encourage the renewal of federal funding programs supporting the forestry industry in budget 2019. It was suggested by Rose Ellis that you may be the best point of contact to route this request through (I've not heard back from Vivian yet).

I have a draft suggested support letter sitting with our CEO for review, but am wondering if you can provide me with guidance on how to best route this through FLNRO for the Minister's consideration?

Thank you Brenda.

Regards,

**To:** Renneberg, Tim FLNR:EX <Tim.Renneberg@gov.bc.ca>  
**Subject:** FW: Media Request: CBC Radio Canada (Vancouver) - Old growth - Port Renfrew

As discussed:

Richard Theriault, Reporter  
CBC Radio Canada  
[Richard.Theriault@radio-canada.ca](mailto:Richard.Theriault@radio-canada.ca)  
604-662-6217  
**Deadline Thursday, January 10, 2019 12:00 PM**

## Request

Calling about the Ancient Forest Alliance news release on old growth (Mossome Grove) near Port Renfrew (<https://www.ancientforestalliance.org/mossome-grove-media-release>), which claims that the grove is one of the most awe-inspiring old growth forests in the country and is currently unprotected - within the regulatory authority of BCTS - and deserves protection because of its rare ecosystem type and "sheer unique beauty".

Looking for the ministry's position and, if possible, background on the grove.

Will the Province be protecting the grove?

What is the current policy on buffers around old growth and endangered forest ecosystems as the alliance says the current buffer zones in policy are insufficient?

## Background

## Recommendation

- The ministry contacted Ancient Forest Alliance for mapping information and has confirmed that this grove is within Woodlot Licence W1957A held by Pacheedaht Forestry Limited.
- More research with the woodlot holder will be required to determine what protections currently exist and whether more may be possible or required.

**Subject:** Meeting request: Jan 11: coastal forest sector

Hello Evan/Claire, Amber N. and Lisa:

This meeting request is further to conversations with Tim and Amber Hockin today. FLNR would like to meet with Green Caucus regarding coastal forest sector revitalization. Amber will attend.

**Timing:**

- Friday, January 11
- 30 minutes
- Note: Amber H. has time at 1:30 and 3:00. Can I suggest that Evan and Lisa indicate which of these two time slots can work for your offices?

**Attendees:**

- Amber Hockin, Deputy Chief of Staff
- Evan Pivnick/Claire Hume, Green Caucus
- Tim Renneberg, MA at FLNR; and FLNR staff TBD by Tim
- Donna Sanford and/or Caitlin Copage, CASA Secretariat

**Location:**

- Evan and Claire: can the Green Caucus meeting room (028) be available?

Let me know if you have any questions or if I can assist in any way.

Thank you,  
Donna

**Subject:** Request for meeting with Ministers Donaldson & Heyman

Good morning Ms. Frampton & Mr. Renneberg,

I am writing on behalf of Leroy Reitsma, President & COO at Pinnacle, to enlist your help in setting up a meeting with Ministers Donaldson and Heyman during the BC Natural Resource Forum in Prince George (January 22 – 24 2019). We would like to discuss the larger role that Pinnacle could play in supporting BC's green economy and carbon objectives and some of the obstacles that we face in doing so. We are looking for 15 to 20 minutes of the Ministers' time.

Looking forward to hearing back from you.

Best regards,

**Christi Wood** | Executive Assistant

This is an exciting day for Western and we are very proud to be able to announce this partnership. Further the media documents I just sent, I also wanted to provide a couple additional documents that will not be distributed to media, but likely helpful for you.

1. Don's draft speaking notes for today – these were also shared with Minister Fraser's office
2. Briefing Note – Something I drafted that may be of some utility
3. Statement from HFN – I believe this will be sent directly to HFN members. This is the most recent draft, but could still be tweaked.

Have a great day.

Alex

Sent	January 14, 2019 1:45 PM

See below. Let me know if more info is needed.

Mount Polley Community Transition Status Report: January 11, 2019

**Issue: On Jan. 7, 2019, the Mount Polley Mining Corporation announced operations at the Mount Polley mine will be suspended by the end of May 2019. The suspension of operations will impact approximately 200 - 220 employees.**

**1. Layoff Event:**

- On Jan. 7, 2019, the Mount Polley Mining Corporation (Mt Polley), a subsidiary of Imperial Metals Corp., announced operations at the Mount Polley mine will be suspended by the end of May 2019 due to declining copper prices and low-grade ore currently available at the mine.
- Since the 2014 tailings storage facility (TSF) breach, the company has focused its financial resources on repairing the TSF and remediating damages. As a result, the company has not had the financial means to expand operations and access higher-grade ore at the mine site.
- The suspension of operations will impact approximately 200-220 employees and as yet to be determined number of subcontractors.
- Monitoring and remediation will continue at the mine site and 10 employees will be retained for this work.

**1. Current Status:**

- Impacted workers reside in various communities including: Quesnel, Ashcroft, 100 Mile House, Williams Lake, Horsefly and Likely.
- Based on an assessment after layoffs in late 2018 (from 320 employees to 260 and then to 220-200), the company expects 22% of impacted workers to leave their communities to seek work elsewhere. The remaining 78% have indicated they need to stay in their communities due to family and other commitments but are partly willing to commute to work in other communities and provinces.
- The company is currently reviewing seniority and early retirement opportunities of impacted workers to determine severance pay.
- Staff from the Williams Lake WorkBC office, have been in touch with Mt Polley's HR department. WorkBC was advised that the Ministry of Energy, Mines and Petroleum Resources and Ministry of Forest, Lands, Natural Resource Operations and Rural Development will help United Steel Workers Local 1-2017 gather information for workers on other employment opportunities in the province.

**1. FLNR – Next Steps:**

- Community Transition Manager Ingrid Strauss will continue to work with the Ministry of Social Development and Poverty Reduction, Service Canada and United Steel Workers Local 1-2017 to gather information.
- Regional Manager Emily Colombo will contact potentially impacted local and regional governments to provide information and identify concerns and involvement in a worker transition group.
- Regional Manager Emily Colombo will contact WorkBC staff to discuss timing for worker information sessions. Details to be confirmed.
- CT Manager Ingrid Strauss will be developing a Worker Transition Team with local,

regional and government representatives. This would include the Steelworkers Union, local college, Mt Polley HR manager, WorkBC etc. Staff are developing a list. The purpose is to share information and provide supports to the workers.

Subject: Mayne Island Town Hall Meeting

Dear Sir,

I am a resident of Mayne Island and would like some clarification about the process that lead to the changing of the hunting regulations on the island effective July 1, 2018. From what I understand, local resident consultations conducted in 2013 did not support opening up Mayne Island to hunting although they acknowledged the need for continuing fallow deer controls.

In February 2018, our local "Mayne Island Fallow Deer Committee" stated that ".....they had no previous knowledge of the hunting regulations as proposed by the Fish and Wildlife Branch of the Ministry of Forests Lands and Natural Resources", that they only learned about it through Facebook postings by residents, and that there was a very brief window of opportunity to respond before the Jan 19, 2018 deadline. In the same article, they reiterated their position that no open hunting be allowed on Mayne Island. (Source: February 28, 2018 edition of the Mayneliner).

The BC govt. "pubic consultation process" apparently culminated in a public meeting attended by yourself on June 19, 2018. Your announcement of this meeting (posted in the June 2018 Mayneliner magazine) did not specifically mention that changes to the hunting regulations were pending or imminent (although they were implemented July 1 2018, and thus were very likely already "signed and sealed" by the date of that meeting.) This is NOT legitimate or effective public consultation.

I would also like to know what oversight the government is providing to ensure that these new rules are followed? There have been reports on social media of an apparent illegal hunting camp with several vehicles & participants, and a recently killed deer, that was discovered on private property without the owners permission.

My wife s.22 and I are very angry with this change and would like to know the process to have it overturned. One of the factors that inspired us to purchase a home on this island was the ban on open hunting. Allowing open hunting on this small, populated island, where deer are a welcome fixture, in our neighbourhood is dangerous and unwelcome.

The BC government web site states that:

- *"The Province manages deer in the wild; urban deer are primarily managed by municipalities. The Province encourages local governments to develop detailed deer management plans".* (Ref: <https://news.gov.bc.ca/factsheets/factsheet-urban-deer-management-in-bc>)

Since Mayne Island does not seem to me to fit the definition of a "wild" area, I believe in this case that the BC Ministry of F.L.N.R. did not follow their own mandate to respect the recommendation of the local municipality.

I would like to know what the process that lead up to this change in regulation, and what actions nede to be taken to reverse this decision? During the consultations we were advised that *"Mayne Island could shorten the season through regulation, if residents decide this is appropriate following a public consultation process"*. (Source: Deer FAQ, Mayne Island Published by Rob Underhill on October 27, 2013). Let's get this public consultation started ASAP!!

Please be prepared to provide your views on this issue at the pending January 15th Town hall meeting.

Signed:

# RE: Mayne Island Town Hall Meeting

April 29, 2019 2:45 PM

Subject	<b>RE: Mayne Island Town Hall Meeting</b>
From	Renneberg, Tim FLNR:EX
To	Olsen.MLA, Adam LASS:EX
Sent	January 14, 2019 5:08 PM

I think this is fairly precise. There is a bullet talking about having the matter advertised on a website, but that fact was advertised in some fashion (haven't been to Mayne for a few years, but I assume the Gulf Islands Driftwood still gets circulated there, so likely there and whatever coffee-shop circulars that are distributed).

- Invasive fallow deer became established on Mayne Island over the last 10-15 years, have no natural predators on the island, and are causing ecological damage. These fallow deer originated from a game farm that was operating from the mid-1980s until 2006, and escaped due to lack of appropriate confinement.
- Native black-tailed deer also exist on Mayne Island and there is no conservation concern for these native deer.
- Mayne Island has been under a no hunting/no shooting prohibition since the early 1970s, with the exception of fallow deer hunted under special permits.
- The number of fallow deer hunting permits issued increased over time, to the point where more hunting was occurring by permitted hunters harvesting fallow deer on Mayne Island than on all the other Gulf Islands combined. Approximately 200 fallow deer were killed on an annual permitted basis.
- Residents raise concerns and filed complaints about over-abundant fallow deer in their communities, and there is significant interest from many residents to reduce numbers of both fallow and black-tailed deer.
- Due to the overabundance of deer, deer/vehicle collisions are the single most responded to call by the RCMP.
- Fallow deer cause issues for Mayne Island farms and farmers were seeking tools to remove fallow deer.
- Mayne Island consists almost entirely of private land for which landowner permission is required for lawful hunting.
- The hunting/shooting ban was proposed to be lifted to increase opportunity for hunters, reduce administrative burden, reduce regulatory complexity, to address deer browsing on farms, and manage overabundant invasive species.
- This proposal was consulted on with, and supported by, the Conservation Officer Service, local hunting/trapping stakeholders, and First Nations. The proposal was also consulted on broadly with the public through the Angling, Hunting and Trapping Public Engagement website, which provided members of the public with information on the proposal and an opportunity to provide feedback from Dec. 19, 2018 to Jan. 19, 2019. Public feedback on this proposal was 34 in support and 26 opposed.
- The Mayne Island Deer Committee/Island Trust supported deer population control but wanted the ability to select hunters; in essence this allowance was already in place as hunters must gain permission from landowners prior to hunting.
- Effective July 1, 2018, the hunting/shooting prohibition on Mayne Island was lifted, and Mayne Island became subject to the suite of hunting regulations (i.e. open seasons and the prohibition on hunting with rifles) that exist on the other Gulf Islands.
- The ministry continues to receive correspondence from Mayne Island residents demanding that more be done to reduce deer populations.
- The ministry also receives correspondence from Mayne Island residents who do not want any hunting, whether via an open season or via permit.

- Based on proposed Parks Canada work to eradicate fallow deer from Sydney Island, we estimate that it would cost about \$25,000 to develop a fallow deer eradication plan for Mayne Island and it would be at least \$2,000,000 to implement fully.

# RE: Mayne Island Town Hall Meeting

April 29, 2019 2:39 PM

Subject	<b>RE: Mayne Island Town Hall Meeting</b>
From	Renneberg, Tim FLNR:EX
To	Olsen, Adam
Sent	January 15, 2019 9:03 AM

Yes. I am still writing cheques dated 1985 because years are hard.

A little more info:

- Ministry staff have been meeting and communicating with Mayne Island residents over the last 10 years
- During these 10 years staff fielded phone calls from Mayne Island residents and held in person meetings with the Mayne Island Deer Committee, a sub-committee of Mayne Rate Payers association, and with CRD.
- 5 years ago the deer committee brought up allowing hunting in open house meetings discussing potential options and held unofficial votes.
- General consensus was that no one likes fallow deer and residents were okay with removal, but didn't want island to be open to "open hunting" – however due to Mayne being private land, the hunting would not be open, but require permissions even if allowed.
- On the same date the engagement period opened, the Ministry issued an Information Bulletin posted to the BC Gov News – FLNRORD website which was picked up by media with staff doing interviews on the specific proposals and the regulation change process in general.
- Following the posting of consultations on the engagement site, and while the comment period was open MLA Olsen held two open house meetings in early 2018.
- Consensus from those meetings was that residents were okay with going ahead. At that time residents had a better understanding of what hunting on Mayne Island would mean, and that it was not the same as "open hunting" since there was no crown land to hunt openly on.

**From:** "Renneberg, Tim FLNR:EX" <[Tim.Renneberg@gov.bc.ca](mailto:Tim.Renneberg@gov.bc.ca)>

**Date:** Monday, January 14, 2019 at 5:08 PM

**To:** "Olsen.MLA, Adam" <[Adam.Olsen.MLA@leg.bc.ca](mailto:Adam.Olsen.MLA@leg.bc.ca)>

**Subject:** RE: Mayne Island Town Hall Meeting

I think this is fairly precise. There is a bullet talking about having the matter advertised on a website, but that fact was advertised in some fashion (haven't been to Mayne for a few years, but I assume the Gulf Islands Driftwood still gets circulated there, so likely there and whatever coffee-shop circulars that are distributed).

- Invasive fallow deer became established on Mayne Island over the last 10-15 years, have no natural predators on the island, and are causing ecological damage. These fallow deer originated from a game farm that was operating from the mid-1980s until 2006, and escaped due to lack of appropriate confinement.
- Native black-tailed deer also exist on Mayne Island and there is no conservation concern for these native deer.
- Mayne Island has been under a no hunting/no shooting prohibition since the early 1970s, with the exception of fallow deer hunted under special permits.
- The number of fallow deer hunting permits issued increased over time, to the point where more hunting was occurring by permitted hunters harvesting fallow deer on Mayne Island than on all the other Gulf Islands combined. Approximately 200 fallow deer were killed on an annual permitted basis.
- Residents raise concerns and filed complaints about over-abundant fallow deer in their communities, and there is significant interest from many residents to reduce numbers of both fallow and black-tailed deer.
- Due to the overabundance of deer, deer/vehicle collisions are the single most responded to call by the RCMP.
- Fallow deer cause issues for Mayne Island farms and farmers were seeking tools to remove fallow deer.
- Mayne Island consists almost entirely of private land for which landowner permission is required for lawful hunting.
- The hunting/shooting ban was proposed to be lifted to increase opportunity for hunters, reduce administrative burden, reduce regulatory complexity, to address deer browsing on farms, and manage overabundant invasive species.
- This proposal was consulted on with, and supported by, the Conservation Officer Service, local hunting/trapping stakeholders, and First Nations. The proposal was also consulted on broadly

with the public through the Angling, Hunting and Trapping Public Engagement website, which provided members of the public with information on the proposal and an opportunity to provide feedback from Dec. 19, 2018 to Jan. 19, 2019. Public feedback on this proposal was 34 in support and 26 opposed.

- The Mayne Island Deer Committee/Island Trust supported deer population control but wanted the ability to select hunters; in essence this allowance was already in place as hunters must gain permission from landowners prior to hunting.
- Effective July 1, 2018, the hunting/shooting prohibition on Mayne Island was lifted, and Mayne Island became subject to the suite of hunting regulations (i.e. open seasons and the prohibition on hunting with rifles) that exist on the other Gulf Islands.
- The ministry continues to receive correspondence from Mayne Island residents demanding that more be done to reduce deer populations.
- The ministry also receives correspondence from Mayne Island residents who do not want any hunting, whether via an open season or via permit.
- Based on proposed Parks Canada work to eradicate fallow deer from Sydney Island, we estimate that it would cost about \$25,000 to develop a fallow deer eradication plan for Mayne Island and it would be at least \$2,000,000 to implement fully.

**Subject:** Mayne Island Town Hall Meeting

Dear Sir,

I am a resident of Mayne Island and would like some clarification about the process that lead to the changing of the hunting regulations on the island effective July 1, 2018.

From what I understand, local resident consultations conducted in 2013 did not support opening up Mayne Island to hunting although they acknowledged the need for continuing fallow deer controls.

In February 2018, our local "Mayne Island Fallow Deer Committee" stated that ".....they had no previous knowledge of the hunting regulations as proposed by the Fish and Wildlife Branch of the Ministry of Forests Lands and Natural Resources", that they only learned about it through Facebook postings by residents, and that there was a very brief window of opportunity to respond before the Jan 19, 2018 deadline. In the same article, they reiterated their position that no open hunting be allowed on Mayne Island. (Source: February 28, 2018 edition of the Mayneliner).

The BC govt. "pubic consultation process" apparently culminated in a public meeting attended by yourself on June 19, 2018. Your announcement of this meeting (posted in the June 2018 Mayneliner magazine) did not specifically mention that changes to the hunting regulations were pending or imminent (although they were implemented July 1 2018, and thus were very likely already "signed and sealed" by the date of that meeting.) This is NOT legitimate or effective public consultation.

I would also like to know what oversight the government is providing to ensure that these new rules are followed? There have been reports on social media of an apparent illegal hunting camp with several vehicles & participants, and a recently killed deer, that was discovered on private property without the owners permission.

My wife s.22 and I are very angry with this change and would like to know the process to have it overturned. One of the factors that inspired us to purchase a home on this island was the ban on open hunting. Allowing open hunting on this small, populated island, where deer are a welcome fixture, in our neighbourhood is dangerous and unwelcome.

The BC government web site states that:

- "The Province manages deer in the wild; urban deer are primarily managed by municipalities. The Province encourages local governments to develop detailed deer management plans". (Ref: <https://news.gov.bc.ca/factsheets/factsheet-urban-deer-management-in-bc>)

Since Mayne Island does not seem to me to fit the definition of a "wild" area, I believe in this case that the BC Ministry of F.L.N.R. did not follow their own mandate to respect the recommendation of the local municipality.

I would like to know what the process that lead up to this change in regulation, and what actions nede to be taken to reverse this decision? During the consultations we were advised that "Mayne Island could shorten the season through regulation, if residents decide this is appropriate following a public consultation process". (Source: Deer FAQ, Mayne Island Published by Rob Underhill on October 27, 2013). Let's get this public consultation started ASAP!!

Please be prepared to provide your views on this issue at the pending January 15th Town hall meeting.

Signed:

s.22

Mayne Island BC

250.387.6240

On Jan 24, 2019, at 11:28 AM, Silverio, Lisa FLNR:EX <[Lisa.Silverio@gov.bc.ca](mailto:Lisa.Silverio@gov.bc.ca)> wrote:

I don't really see another opportunity to move MDD other than lunch and he wouldn't be able to get out of Kamloops:

Tristan, I am going to leave this with you as I know they have already moved things around once to accommodate MDD. And moving him would also require accommodating the moderators schedule.

:15 am **OPENING WELCOME**

to 8:00

am **Location:** Ballroom A/B/C

## **Speakers:**

- Chief Ronald E. Ignace, PhD, Skeetchestn Indian Band
- Ken Christian, Mayor of Kamloops

8:00 am **PLENARY**

to 9:00

am **BC Forest Minister's Keynote Address**

**Location:** Ballroom A/B/C

## **Speaker:**

- Honourable [Doug Donaldson](#), Minister of Forests, Lands, Natural Resource Operations and Rural Development

## **Moderator:**

- [Morgan Kennah](#), RPF, ABCFP Vice President and Director,

Sponsored by:

**Tolko Industries Ltd.**

9:00 am **COFFEE BREAK**

to 9:30

am **Location:** Foyer/Columbia

Sponsored by:

**Western Forest Products Inc.**

9:30 am **BREAKOUT SESSION 1**

to

10:30 ***Water Woes: Whose Risk is it Anyway?***

am **Location:** Theatre

Significant spring floods and storms appear to be more common, impacting infrastructure and human well-being. What can forest professionals do and what are others doing to assess and manage these risks? Watershed management in BC is implemented through a patchwork of processes and decision makers, so how do we ensure a robust understanding of watershed risks is developed and that the right people are involved in the conversations? Join us as we discuss the dynamic contributing factors to our water woes and the extent to which forest management and operations are contributing to recent floods and landslides.

#### **Speakers:**

- [Matthias Jakob](#), PhD, P.Geo., Principal Geoscientist, BGC Engineering Inc.
- [Rhona Martin](#), Chair, Columbia Shuswap Regional District
- [Doug Wahl](#), RPBio, CPESC, Manager, Audits & Investigations, Forest Practices Board

#### **Moderator:**

- Randy Spyksma, MSc, RPF, Forsite

Sponsored by:

**BREAKOUT SESSION 2**

***Timber Supply Review as a Tool to Get us to a State of Healthy and Resilient Forests***

**Location:** Salon A/B

The Annual Allowable Cut that is determined through the TSR process is one of the most important decisions that industry, government, First Nations, and the public rely on to plan their businesses, tax revenues, sharing revenues, and the many other resources which all British Columbians have come to expect from BC's forests. However, the TSR reflects the direction of past decisions and stakeholder wants and needs. Is there enough input by all of today's stakeholders to achieve the outcomes that society demands? This panel discussion will tackle issues around the rates of cut in BC's management units, how the TSR can influence the creation of healthy and resilient forests, and if the TSR process be improved to ensure healthier forests and communities?

**Speakers:**

- [Lennard Joe](#), RPF General Manager, Stuwix Resources Joint Ventures
- [Jeff Mycock](#), RPF, Chief Forester, West Fraser Timber
- [Diane Nicholls](#), RPF, ADM, Chief Forester, Office of the Chief Forester, Ministry of Forests, Lands, Natural Resource Operations and Rural Development
- [James Skinner](#), RPF, Forestry Superintendent, Tolko

**Moderator:**

- Cam Brown, MF, RPF, Resource Analyst, Forsite

Sponsored by:

**Stella-Jones Inc.**

**BREAKOUT SESSION 3**

***Resource Road Infrastructure: The Policy and Practice of Ownership and Maintenance***

**Location:** Ida

British Columbia's resource road infrastructure has become a growing liability that lacks ownership and adequate maintenance. Who owns and should maintain our infrastructure? What is a reasonable level of expectation? Join us for an evidence-based discussion of policy and professional practice that links legal obligations, liability, fiscal costs, and public expectations. If we were to change the view of our provincial resource road infrastructure from being a liability to being an asset, what might that look like and what is our greatest challenge in doing so? How can we work together to overcome this challenge and are we meeting expectations and commitments?

**For discussion:** [Resource Road Maintenance Guideline](#) currently being piloted through October 2018. Please download your PDF copy.

**Speakers:**

- [Marty Hiemstra](#), RPF, Lo-Bar Log Transport Co. Ltd.
- [Justin Kumagai](#), RPF, Manager, Contract Services, Western Forest Products
- [James Neuman](#), RFT, Senior Policy Analyst - Resource Roads, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

**Moderator:**

- Ray Crampton, District Manager, Okanagan-Shuswap, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Sponsored by:

**BC Forest Safety Council**

10:30  
am to  
11:00  
am

**COFFEE BREAK**

**Location:** Foyer/Columbia

Sponsored by:

**The Gorman Group**

11:00  
am to  
12:00  
pm

**BREAKOUT SESSION 4**

***Wildfire Aftermath: How Have We Changed?***

**Location:** Theatre

In light of the unprecedented flood and wildfire seasons of 2017 and 2018, and the completion of the BC Flood and Wildfire independent review, what are the lessons we've learned that can shape our future forest management regimes? Join us as we cover the considerations forest professionals will need to take in approaching new recommendations, how we need to think differently about wildfire hazards and the impacts on the land, and reassessing approaches to risk management.

**Speakers:**

- [Chief Joe Alphonse](#), Tl'etinqox First Nation
- Percy Guichon, Chief, Alexis Creek First Nation
- [Jamie Jeffreys](#), RPF, Director BCWS, Partnerships and Indigenous Relations, Integrated Resource Operations Division
- [Dan Leighton](#), Fire Chief, District of Logan Lake Fire and Rescue

**Moderator:**

- Rob Schwitzer, RFT, Acting Director, BC Wildfire Service, Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Sponsored by:

**Logan Lake Community Forest**

**BREAKOUT SESSION 5**

***Are the Kids Alright? The Role for Forest Professionals in the Classroom***

**Location:** Ida

Forest professionals have a long history of working with students to encourage respect and appreciation for the forest environment. Through our volunteer work, we have opened many young minds to the possibility of a career in forestry. Remember the days when you first realized you wanted to become a forest professional and found someone to mentor you? Forest education champions are out there and they help future forest professionals find their path. This fascinating session will reconnect you with forestry camp managers and educators and start you on the path of being a forest education advocate.

**Speaker:**

- [Sandy McKellar](#), Honourary Member, Festival of Forestry and Tree Frog Creative
- [Russ Paton](#), Silver Lake Forestry Camp
- [Martin Tooms](#), Teacher, Charles Bloom Secondary School

**Moderator:**

- Dave Gill, RPF, General Manager, Ntityix Resources LP

Sponsored by:

**Lower North Thompson Community Forest Society**

**BREAKOUT SESSION 6**

**#thisgirlcan**

**Location:** Salon A/B

Like many industries, forestry is under-represented by women in professional and senior roles. As Canadians, we would like to see our partners, spouses and daughters have a chance to be leaders in their field. So, what's holding them back? What are the myths that need to be busted so we can better support women in advancing their careers in our industry?

**Speaker:**

- [Tanya Wick](#), CPHR, Vice President, People & Services, Tolko

**Moderator:**

- [Michael Bragg](#), RPF, Woodlands Manager, Tolko

Sponsored by:

**Norbord Inc.**

12:15  
pm to  
2:00  
pm

**Inductees' Recognition Luncheon**

**Location:** Ballroom A/B/C

**NOTE:** No tickets available for purchase, on site. If you are an inductee and wish to attend, please contact [Jennifer Lee](#).

Charge to the Inductees delivered by Wes Bieber, RPF, Longfellows  
Natural Resource Management Solutions Inc., ABCFP 2017  
Professional Forester of the Year.

*\*\*Inductees, please dress business casual for the ceremony.*

**Subject:** VIU Forestry Grad 2019 Speaking Inquiry

Dear Minister Donaldson:

I am writing to you today on behalf of the VIU Forest Technology Program class of 2019.

Firstly, I want to thank you for being a part of the Truck Loggers Association Scholarship Award ceremony and pictures. Our teachers, friends, and families are proud to see the hard work that we put into our studies.

Secondly, I wanted to reconnect with you about speaking at our graduation ceremony. We spoke about it briefly just before your final speech at the TLA convention. We would love to have you come say a few words to the graduating class should it fit your schedule.

Our graduation will be held the **evening of April 12, 2019, at the Cottonwood Golf Club**. The Cottonwood Gold club is in Cassidy, near the Nanaimo Airport. It will be an evening of dinner, fun, and a CIF Ring Ceremony.

Please let us know if you are interested and available. You can contact me here at s.22  
s.22 or by mobile at s.22

Thank you, and we look forward to hearing from you.

Best Regards,

Elizabeth Avis  
VIU Forestry Grad 2019

**Subject:** Expanding BC's Community Forest Program

Dear Minister Donaldson,

Since our meeting last spring in Burns Lake, the BC Community Forest Association Board of Directors and I have been working with MFLNRORD staff to gather and analyse additional information regarding the benefits and challenges of expanding BC's Community Forest Program. Please find attached a letter from George Brcko, BCCFA President regarding these efforts, with refined recommendations for next steps. With the letter, we include:

1. The new report: "Socio-Economic Impacts of British Columbia's Community Forest Program"
2. Our original submission from May 2018 for reference: "Community-Based Tenures for Wildfire Mitigation & Rural Development: A Proposal for Community Forest Program Expansion"
3. A summary document: "Expanding BC's Community Forest Program: Summary of Recent Analysis & Rationale January 9, 2019"

I look forward to your response and to working with your staff to arrange a convenient time for a meeting to discuss our recommendations.

Kind Regards,  
Jennifer Gunter

Hello Tim,  
John has asked me to update Minister on the Canadian Council of Forest Ministers (CCFM) Vision for Canada's Forests. I'm attaching the current draft we are working on with our federal/provincial counterparts. Ministers have delegated decision making on this to DMs but we wanted to flag it and get Minister's feedback on the draft, and in particular the approach to characterizing relationships with Indigenous Peoples.  
I will raise it in the briefing we have scheduled on Wednesday regarding the Service Plan, but if you receive any specific feedback from him in the meantime please let me know.  
Thank you.

**Subject:** Chute Lake Dam

Hi Tim and Tristan,

In the final days of the fall legislative session MLA Dan Ashton and I had the opportunity to have a discussion with Minister Donaldson about the required decommissioning and replacement of the Chute Lake Dam above Naramata.

He agreed to check into possible options or opportunities for funding support to offset the costs to the 7 or owners of the dam given agricultural, recreational, flood protection and wildfire protection values that the dam provides.

Can you advise if Minister Donaldson has had a chance to review this and if any opportunities might be considered and available.

Thanks for updating us.

Steve Thomson

**Subject:** New FOI Request FNR-2019-90454 fee estimate due Jan 25

Good afternoon,

The Ministry received a formal FOI request made under the *Freedom of Information and Protection of Privacy Act* from the media.

Request Wording:

Cabinet briefing notes, emails and/or official documents from the Ministry of Forests, Lands, Natural Resource Operations and Rural Development that mention the transfer of Crown lands to the Squamish First Nation as part of the agreement between Squamish First Nation signed with Woodfibre LNG and FortisBC. (Date Range for Record Search: From 01/16/2012 To 01/16/2019)

This request is assigned to Minister's Office, Deputy Minister's Office, First Nations Relations, Crown Lands, South Coast Region: Lands, First Nations Relations

If the request should be directed to another program in your Ministry or another public body, please reply to me with details; **do not** redirect the FOI request elsewhere.

Fee estimate due: **Jan 25**

Records due: **Feb 4**

#### **DO NOT PRODUCE RECORDS – FEE ESTIMATE ONLY IS REQUIRED**

If applicable, please respond to the following as soon as possible:

- Does the request require clarification?
- Can the records be directly released from the program area? No harms associated?
- Are responsive records publicly available, e.g. Government websites/publications?
- Will responsive records be published within 60 days?
- Are there suggestions to narrow/focus the request?

If your program **holds responsive records** please proceed as follows:

- If a fee estimate is not required, i.e., a records search will take less than 3 hours and total pages will be less than 200, advise me via email by the above noted due date and wait for further instructions.

If your program **does not hold responsive records** please complete Section 1 of the attached Call for Records form and return it to me via email.\* [Ministry Search Responsibility and Accountability](#) information.

The following guides are available to assist you:

- [What is a Record? Managing government Records – Module 2](#)
- [How to Complete a Call For Records Form](#)
- [Conducting and Documenting Search Activities](#)
- [How to Complete a Fee Estimate](#)
- [Harms Assessment - Quick Guide to Exceptions to Disclosure](#)

Thank you for your assistance. Please contact me if you have any questions or concerns.

Subject	RE: PS Lefebvre to Visit Vancouver and Dawson Creek - Canada.ca
From	Renneberg, Tim FLNR:EX
To	Donaldson, Doug
Sent	January 28, 2019 5:16 PM

The federal government is providing \$4.5 million to Louisiana-Pacific's Dawson Creek plant under the Investments in Forest Industry Transformation Program for development of siding materials. The person I spoke to will be sending a bit more information and apologized for not thinking of the Province. Maybe the district manager might want to go? The event is Wednesday morning.

Good morning Lisa,  
This request for the Minister's notebooks has had some questions. I have suggested the narrowing to Information Access Operations (IAO) that you asked for. What do you think would be the best practice for the scanning of the notebooks? Would you like to keep them in your office or would you like to send them to the Records Management Centre at 1520 Blanshard where they would store them and scan them as necessary? **s.13**

**s.13**

**s.13**

. We would appreciate your recommendations on our

route forward for these questions.  
Thanks as always,

	<p><b>Dan Bullard</b> <b>FOI Coordinator</b> Deputy Minister's Office Phone: 778-974-4670 <b>Forests, Lands, Natural Resource Operations and Rural Development</b></p>

Morning, I checked in with staff re the paragraph

Page 2 (top)

s.13

Response:

The intent is:

s.13

Staff attempted to engage in interest based discussions to assess alternatives during a F2F meeting but ELF considers their park like approach to be the option.

These sentences are not essential to the response and can easily be removed.

The MO has received more correspondence since these were written and MDD may wish to have a

discussion with BCTS/RO staff.

**Subject:** RE: By Friday - information for the Minister

Hi Diane and Shane,

modified and added attachments to the previous IN (245480).

More specifically:

- I modified attachment #1 to include the definition of SFM in the preamble to the principles and added that the principles are “focused on putting the land first”
- I added Lisa Mattheus’ name to attachment #3 and included her appointment letter (**Shannon and/or Jude**, format changes might be required to be consistent with the other letters.)
- I added attachment #4 on PR review recommendations and changes to FRPA
- I added attachment #5 which includes on the same page the original FRPA goals and the proposed new FRPA principles (including changes mentioned above)
- I added attachment # 6 to provide additional information to the Minister (PAC membership and FRPA principles (avoid poorly understood risks and possible use of the principles)

Please let me know if further changes are needed.

Kathryn

Hey Alexandra

Jonathan spoke to chief Sam and delivered message. What we need now is a critical path of actions to get to final decision and announcement.

Jonathan looking for this the week before throne speech.

Will you ask flnrord and TRAN folks to help build this?

Thanks!

**Cc:** Renneberg, Tim FLNR:EX  
**Subject:** RE: Silver Lake SUP

**Question:** Is there a right of first refusal for WFN when the consideration is being given to return the SUP to Silver Lake if Evans wants to transfer it back in 2021 and Silver Lake is not in position to take it.

**Answer:** Evans Lake never held the SUP. It has always been held by Silver Lake; the original plan was a transfer to Evans lake but at the 11<sup>th</sup> hour, Silver lake was able to reform their board and keep the SUP and Camp. James Kay, immediate past president of the Kelowna Rotary Club was involved with this process and is currently on the Silver lake board.

**Question:** Is there a right of first refusal for WFN in 2026 when the SUP is being considered for renewal.

**Answer:** No. The renewal offer will always be made to the current holder (Silver Lake) if they are performing.

**Question:** In the case of non renewal in 2026 what happens to the assets in site at the camp. Eg the gen set?

**Answer:** The assets would remain the property of the society and would be removed from the site. For specific concerns about donated assets, they could remain property of the club and leased to the society.

Let me know if you need more detail.

d.

**Subject:** Silver Lake SUP

Hi Tim and Tristan,

Good morning,

I am aware of and was part of the process related to the transfer of the SUP for Silver Lake Forest Camp from the Silver Lake Society to the Evans Lake Forestry Society. It is my recollection that the agreement was that it would go to the Evans Lake custody for 5 years (2021) and then potentially revert back to Silver Lake if they can demonstrate they are in a position to manage the SUP. It is also my recollection that the current SUP expires in 2026.

I am a member of the Kelowna Rotary Club that is considering a grant to the Camp for a generator set, but they had a couple of questions which I was not able to fully answer.

I wonder if you could clarify or if you could have one of the FLNRO staff contact me and let me know if:

1. Is there a right of first refusal for WFN when the consideration is being given to return the SUP to Silver Lake if Evans wants to transfer it back in 2021 and Silver Lake is not in position to take it.
2. Is there a right of first refusal for WFN in 2026 when the SUP is being considered for renewal.

In the case of non renewal in 2026 what happens to the assets in site at the camp. Eg the gen set?

Thanks for any information you can provide me that would assist the Rotary Club on making a decision re a grant contribution.

Steve

Hello team FLNRO,

I'm looking for KMs on the Skagit Issue for the upcoming Premier's visit to Washington State.

I have the issue note attached from IGRS, but would like a few lines that could be used in a QA, and perhaps in his speech in the legislature there.

Many thanks!

Danielle

**Importance:** High

Hi Lisa,

Unfortunately, this meeting can't happen on the 4<sup>th</sup>. Dana has stressed that staff need to be able to prep Rick (who is back on the 5<sup>th</sup>). She said she may have already touched base with Tim about this? Can MDD be briefed just after Cabinet or at 5:30pm? Pleeeeeeeease.

**Subject:** Meeting request: forestry follow up

Hello Judy and Lisa. This request is further to conversations with Tim Renneberg and Claire Hume. Can you please work together to schedule a meeting with DM Allan and MLA Furstenau as follows:

**Topics:** requested by MLA Furstenau – seeking information on history and functioning of:

- private forest lands
- BC Timber Sales

**Timing:**

- 1 hour
- Mid February

**Attendees:**

- FLNR MA Tim Renneberg and DM John Allan
- MLA Sonia Furstenau; Green Caucus staff Evan Pivnick and Claire Hume, and other Green Caucus staff TBD
- Donna Sanford and/or Caitlin Copage, CASA Secretariat

**Location:** Lisa, could you please book a meeting room for approx. 10 people (additional Green Caucus staff likely to join)

Please let me know if you have any questions or if I can assist.

Thank you,  
Donna

**Subject:** Request Meeting with Minister Donaldson re Meager OIC 2016/004

Mr. Renneberg,

I spoke briefly with Minister Donaldson at the Truckloggers convention with respect to the Meager Creek log export Order in Council 2016/004 (see attached).

The Minister requested that I "come see him" to discuss this OIC.

I am a consultant working on behalf of Squamish Mills Ltd., Halray Logging Ltd. and Pebble Creek Timber Ltd. and I am familiar with the background on this OIC.

This OIC is considered critical to the economic survival of the Squamish Mills group and has been instrumental in financing the construction of an access road into the Meager Valley following the destruction of the previous road by the Capricorn Creek landslide in August 2010.

Please call me to discuss this OIC and to arrange a meeting with your minister. Phone 604-612-0207.

# RE: Silver Lake SUP

April 29, 2019 2:10 PM

Subject	<b>RE: Silver Lake SUP</b>
From	Renneberg, Tim FLNR:EX
To	Thomson, Steve
Sent	January 29, 2019 4:57 PM

Hi Steve,

Answers to your questions follow. Please let me know if you need more information.

**Question:** Is there a right of first refusal for WFN when the consideration is being given to return the SUP to Silver Lake if Evans wants to transfer it back in 2021 and Silver Lake is not in position to take it.

**Answer:** Evans Lake never held the SUP. It has always been held by Silver Lake; the original plan was a transfer to Evans lake but at the 11<sup>th</sup> hour, Silver lake was able to reform their board and keep the SUP and Camp. James Kay, immediate past president of the Kelowna Rotary Club was involved with this process and is currently on the Silver lake board.

**Question:** Is there a right of first refusal for WFN in 2026 when the SUP is being considered for renewal.

**Answer:** No. The renewal offer will always be made to the current holder (Silver Lake) if they are performing.

**Question:** In the case of non renewal in 2026 what happens to the assets in site at the camp. Eg the gen set?

**Answer:** The assets would remain the property of the society and would be removed from the site. For specific concerns about donated assets, they could remain property of the club and leased to the society.

Tim Renneberg  
Ministerial Assistant  
Minister of Forests, Lands, Natural Resource Operations and Rural Development  
250-387-6240  
tim.renneberg@gov.bc.ca

**To:** Renneberg, Tim FLNR:EX; Jones, Tristan FLNR:EX  
**Cc:** Pellatt, Nan LASS:EX  
**Subject:** Silver Lake SUP

Hi Tim and Tristan,

Good morning,

I am aware of and was part of the process related to the transfer of the SUP for Silver Lake Forest Camp from the Silver Lake Society to the Evans Lake Forestry Society. It is my recollection that the agreement was that it would go to the Evans Lake custody for 5 years (2021) and then potentially revert back to Silver Lake if they can demonstrate they are in a position to manage the SUP. It is also my recollection that the current SUP expires in 2026.

I am a member of the Kelowna Rotary Club that is considering a grant to the Camp for a generator set, but they had a couple of questions which I was not able to fully answer.

I wonder if you could clarify or if you could have one of the FLNRO staff contact me and let me know if:

1. Is there a right of first refusal for WFN when the consideration is being given to return the SUP to Silver Lake if Evans wants to transfer it back in 2021 and Silver Lake is not in position to take it.

2. Is there a right of first refusal for WFN in 2026 when the SUP is being considered for renewal.

In the case of non renewal in 2026 what happens to the assets in site at the camp. Eg the gen set?

Thanks for any information you can provide me that would assist the Rotary Club on making a decision re a grant contribution.

Steve

ACTION ALERT - Urgent Call for Solidarity Action to Stop Work on Unist'ot'en Territory

Coastal Gaslink (CGL) is currently bulldozing Unist'ot'en territory, including through our traplines, to establish a man camp without having conducted any prior Archaeological Impact Assessment for the site. We know from our histories that grave sites and cultural sites are scattered throughout our territory, and we believe that these sites are currently at risk of irreversible damage.

These sites must be assessed by archaeologists and by our own knowledge-keepers before any more destruction takes place. We do not want to find the bones of our ancestors dredged up by CGL bulldozers.

CGL has failed to produce any evidence of archaeological work for their man camp site on Unist'ot'en territory to our Dini'ze and Tsake'ze (Hereditary Chiefs), the BC Oil and Gas Commission, BC Environmental Assessment Office, or the BC Archaeological Branch. They are blatantly violating the conditions of their permits, while regulatory officials and RCMP look on.

The Wet'suwet'en proved in the Delgamuukw-Gisday'wa court case that we have never ceded our lands, that our sovereign rights to these territories have never been extinguished, and that our Dini'ze and Tsake'ze are the Title Holders to our 22,000 square km territory. Our Dini'ze and Tsake'ze are the highest authorities on these lands, and our Anuk Nu'at'en (Wet'suwet'en Law) is the highest law of this land.

As powerful corporations are being permitted to freely violate Canadian law, Wet'suwet'en law must be enforced and upheld.

We call for supporters across BC and across Canada to occupy their MLA's and MP's offices beginning on

Thursday Jan 31, and continuing until CGL is forced to stop its illegal work. Flood the phones and inboxes of the ministers responsible, and demand that Coastal Gaslink immediately cease construction. The invasion, occupation, and destruction of our territories by CGL and RCMP will no longer be tolerated.

#### TAKE ACTION NOW!

1) Contact Doug Donaldson, Minister of Forests, Lands and Natural Resource Operations, and ask that he issue an immediate stop work order for CGL's illegal work on Wet'suwet'en territory. Phone him in Victoria at (250) 387-6240, in Smithers at (250) 847-8841, and in Hazelton at (250) 842-6338 and email [doug.donaldson.mla@leg.bc.ca](mailto:doug.donaldson.mla@leg.bc.ca)

2) Flood the phones of your local MPs and MLAs, including Green Party MLAs, who hold the balance of power and whose silence on this issue is abhorrent. To connect with MLAs in BC, visit: <https://act.leadnow.ca/call-BC-support-wetsuweten/>. To connect with MPs across, visit: <https://act.leadnow.ca/call-federal-support-wetsuweten/>.

3) Occupy your MP's and MLA's offices starting on Thursday Jan 31 and continuing until they immediately stop illegal work on Unist'ot'en territory.

# Response

April 29, 2019 2:02 PM

Subject	<b>Response</b>
From	Renneberg, Tim FLNR:EX
To	Donaldson, Doug FLNR:EX
Sent	January 31, 2019 3:50 PM

- Government takes the concerns that have been raised by members of the Wet'suwet'en seriously.
- The complaints are being followed up by staff with the appropriate agencies.
  - The Oil and Gas Commission is reviewing the issue related to the Archaeological Impact Assessment.
  - The Environmental Assessment Office has inspected the site in response to complaints received on compliance with conditions of the project's environmental assessment certificate
  - The Conservation Officer Service is investigating a complaint of disturbing traps.
- Staff have attended the site to inform their ongoing follow-up.
- If there are any non-compliance issues identified, the independent agencies will determine the appropriate enforcement response which could include: warnings, orders to cease work or remedy or other options laid out under relevant legislation.
- We must allow this work to take place and I assure you that any issues identified will be appropriately addressed.
