Here is a bit of information from Wildlife and Habitat Branch.

Bullets:

- <!--[if !supportLists]-->• <!--[endif]-->There has been a lot of progress made in the Bella Coola Valley over the last 3 years regarding attractant management but there are also a lot of issues that still need to be addressed and funding is definitely a problem.
- <!--[if !supportLists]-->• <!--[endif]-->Electric fencing is used fairly widely now and you see it set up around many fruit trees, gardens and smokehouses around the valley.
- <!--[if !supportLists]-->• <!--[endif]-->WildSafeBC has done a great job of messaging the importance of attractant management especially regarding fish and fruit.
- <!--[if !supportLists]-->• <!--[endif]-->There is a project in the planning stage to install a permanent electric fence on a piece of property that is especially troublesome and use it as an example for the rest of the valley but lack funding for that (which we estimate to be about 5K). the property owners do not have the resources but they were very willing to pilot it and allow others on to the property to examine it.
- <!--[if !supportLists]-->• <!--[endif]-->The abundance of attractants in the valley is high and it is cost prohibitive to install electric fences on all the properties.
- <!--[if !supportLists]-->• <!--[endif]-->Fruit trees are probably the most problematic and we have recently added the Bella Coola Agriculture Society to our bear committee to help with managing fruit. The committee is looking at initiating an assessment of attractant issues to help develop a better strategy than the ad hoc response that has been happening (although it has still been

helpful).

- <!--[if !supportLists]-->• <!--[endif]-->A full-time CO has just moved into the valley, one of their main tasks will be to manage human-wildlife interactions.
- <!--[if !supportLists]-->• <!--[endif]-->As for funding, the valley is unique in that are no incorporated communities so there is no municipal funding source to tap in to.
- <!--[if !supportLists]-->• <!--[endif]-->The Central Coast Regional District states it is not their responsibility and has not provided support.
- <!--[if !supportLists]-->• <!--[endif]-->Funding to support the WildSafeBC program in the valley and the material for electric fencing, etc. have come from ENV, FLNRORD, local business and one private donator.

Also, we would strong recommend that all questions related to CoS be directed to MoE.

Thanks!

D.

**Subject:** Bella Coola Valley bears

Hi;

MLA Rice is meeting this afternoon with a bear viewing guide in the Bella Coola Valley who is concerned about inaction from the CoS around bears in the Bella Coola Valley. (not exactly sure of the subject matter beyond bears). Do we have an existing note on bears in that area of the Great Bear Rainforest, or problems with bears and/or actions to remedy local problems?

Or, is there someone who could discuss the area with the MLA prior to the meeting?

I know it is late request.

Thanks,

Kenn

**Subject:** FOI Consultation FNR-2019-90013, due Jan 31

Good morning Kenn,

We have received an FOI **Consultation** with regard to records that originated from the Minister's Office and Deputy Minister's Office and are included in Forestry Innovation Investment's response to an FOI request. Dana Eckardt has reviewed the records.

**Note: you are NOT required to produce records.**

**Original request:**

All records, including e-mails and briefing materials, related to the cancellation of the China leg of the Asian forestry trade mission to China due to the international judicial process underway relating to Meng Wanzhou, chief financial officer of Huawei (Date Range for Record Search: From 12/01/2018 To 12/14/2018) All records relating to Province of British Columbia suspending the China leg of its Asian forestry trade mission due to the international judicial process underway relating to a senior official at Huawei Technologies Co., Ltd. (Date Range for Record Search: From 11/21/2018 To 12/10/2018)

Please review the attached records and reply to me via email to indicate which of the following applies by Jan 31:

- There are no harms in these records; they may be released in full.
- There are harms in releasing all of these records; they should be withheld in their entirety.
- There are harms in portions of these records; please note your concerns

The following guide is available to assist you:

- [Harms Assessment - Quick Guide to Exceptions to Disclosure](#)

Thank you for your assistance. Please contact me if you have any questions or concerns.

Hi Kenn – as a follow-up to our call on Friday, here is an update and next steps from the WC Region. Bottom line - staff will be meeting with the parties this month impressing upon them the need to develop a mutually acceptable solution to the conflict in the interest of advancing decision-making on the applications. I'll keep you posted.

Thanks  
Craig

**Date:** Monday, March 4, 2019 9:44:00 AM

---

Good Morning Jennifer;

In our QP prep this morning the Minister asked what are we doing different this year than we did last year on recovery for IFS.

- Spoken with Fed Minister Wilkinson several times, more and regular meetings are planned
- We are working with the DFO to establish a working group
- Working group to address by-catch management changes in federal and provincial fisheries
- Calling for the release of the assessment report
- Shut down relevant provincial fisheries (last year?)

Need answers to:

- What habitat issues we have addressed?
- Are there water flow issues we have done or plan on doing?
- Other?

Thanks,  
Kenn

**Subject:** REVIEW/APPROVE - NR - Franchophone Historic Sites  
**Importance:** High

Here's the news release announcing the 23 Francophone historic sites for review and approval. We need approval Monday in order to allow time for translation in advance of Thursday's announcement. Also, note that the Minister needs to approve the recommended option in the briefing note – CLIFF 246481. The news release is drafted based on the recommended option being approved.

"Through the Provincial Heritage Recognition Program, we acknowledge the places and memories that are significant to the peoples that have contributed to the culturally diverse province that we experience today," said Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development, responsible for heritage. "This year we will add these 23 Francophone historic sites to the BC Register of Historic Places."

Thanks,

**Subject:** RE: Travel in March

Hi! Suggestions from staff. Pls let us know final choices, based on what you also hear back from the local MLAs.

Thoughts for the North Island (Port McNeill) stop:

- The North Island CFA has previously invited MDD for a tour to view their tenure.
- NICC office visit. This work unit was awarded a 2018 10 Best Places to Work award, but has not yet received their certificate (in case MDD wished to make the award in person)
- A helicopter tour of the GBR, with stops at Warner Bay to review a historic log handling site and AOI for GNN treaty, and then a look (stop) at a recent helicopter harvest site to discuss economics of GBR harvest and waste issues (weather permitting).

s.13

Campbell River:

Lunch with staff

Canoe Log provided to Carihi –community reconciliation project, Nanwakolas and local FN support

1. Snowden Trails – show recent BCTS operations and trail network and describe current advisory group process
2. LBIP Fish Rehab in the Sayward Forest – on-going (possibly active) fish rehab project
3. Nanwakolas Large Cultural Cedar SFE project – accomplishments to date

Local FN cultural event – ask local FNs if they are interested - a meeting/cultural event/discussion with Chief Brian Assu of WWKai if they are available. They've come up with an interesting approach to their forestry chapter of Treaty and use of settlement lands that BCTS has been instrumental in progress making things happen in their chart for them.

Powell River

- MLA Simons, Powell River, March 21, morning – Rural Dividend announcements
  - Minister Donaldson will be in Powell River this day. There is a recommendation that the Tla'amin Nation project be announced by the Minister and MLA in the morning and the City of Powell River announcement be shared over a working lunch.

**Subject:** FW: Travel in March

Hello Dana and Vivian,

MDD will be touring North Island/Powell River March 19-21.

His travel schedule will be as follows:

**March 19<sup>th</sup>**

Pac Coastal Dep YVR South at 9:35am Arr P. Hardy 10:40am

- Suggest Port McNeill staging for meetings, tours etc.

Overnight Campbell River

**March 20<sup>th</sup>**

Campbell River, Courtenay Comox

7:10 -8:40 pm ferry to Powell River – overnight Powell River

**March 21<sup>st</sup>**

Powell River

MDD to arrive at airport for 2:15 pm.

Dep Powell River on Pac Coastal at 3pm, ARR YVR South 3:35pm

**This tour's central theme is amplification of the Coast Revitalization Strategy.**

Looking for staff advice on how best to accomplish this in the these areas.

Other potential meetings/events for staff advice:

- Village of Zeballos has requested a meeting with Premier re: recovery – staff advice as to whether MDD should meet (in Campbell River – not trip to Zeballos)
- Fish Plants
- Elphinstone
- Renaming Wormy Lake

We are also checking with MLAs Trevena, Leonard and Simons for their input.

If you could provide us with suggestions for MO consideration as soon as possible that would be great.

Thank you for your assistance with this.

Tristan

**Subject:** RE: IFS - difference

Hi Kenn, here are some quick bullets re on-the-ground items that support increased survival this year. As noted, habitat is not the limiting factor however we continue to increase protection and take action.

**Mortality:**

- (already in place) Provincial IFS fishery – all closed
- (already in place) Provincial other recreational fishery – all closed during IFS run, except lower Fraser which has size/gear limits
- Federal salmon Bycatch – via task-team **we will be proposing some additional protections for the 2019 run, based on the science in the assessment report.**

**Production:** Focus has been to protect the existing high-value habitat in both areas to keep it safe until the fish return. With so few fish, habitat is not a limiting factor. The Chilcotin habitat is largely undeveloped due to lower-value timber, unlike the Thompson.

**Production/Habitat in Place or Underway: Examples**

- Thompson - Proactive protection of habitat from Forestry through Fisheries Sensitive Watersheds. (Just need the fish to return): Merritt Order & Kamloops Order
  - The Merritt Timber Supply Area (TSA) order: includes the Coldwater and Spius Creek watersheds
  - The Kamloops TSA order: includes Sinmax Creek, Barrier River, Louis Creek, Lemieux Creek, Deadman River and the upper Adams River
- Thompson – Elephant Hill - Elephant Hill Collaboration – Working with Chiefs (6+) on forestry activities to mitigate silt & nutrient loading on downstream effects.
- Thompson - Water Flows with Nicola Dam: Regulate flows from Nicola Dam to achieve minimum basic flows for salmon and IFS
- Thompson – Water Flows - Conducted watershed assessment for all critical streams– concerns due to low-flows (reduced amounts due to human use & dryer weather)
- Nicola Water flow –Nicola Water Pilot with 5 Chiefs building a strategy to provide critical flows throughout Nicola (beyond the Dam noted above) and a FN-BC governance model to determine priority actions.
- Chilcotin - Tsylos Park protects Chilko Lake

**Production/Habitat – Emerging & pending resources: Examples**

- Thompson- Emergency Repairs to the DFO Bonaparte fishway and the sediment blockages below due to wildfires. Action in march / april
- Thompson – Identify priorities for Fish Passage Remediation projects for 2019 & 2020

- Chilcotin – Identify priorities for Fish Passage Remediation projects for 2019 & 2020
- (all) FRPA Modernization – aquatic and fish values include in the FRPA modernization plan.
- 6 habitat Hot-Spots identified –associated with Nicola, Bonapart, Upper Chilcotin, and Bazeeko Rivers.

**Subject:** Local issue with Harbourwalk and Marina Lease

Hello Minister's office,

MLA Olsen has asked me to reach out to you and see if there is an update on two overlapping issues.

1. The request from the Islands Trust, Salt Spring Chamber of Commerce and CRD for a statutory right-of-way to allow the development of a boardwalk on Ganges Harbour
2. The renewal of the Ganges Marina lease overall

I've attached a letter from the Islands Trust, Chamber and CRD that provides an overview

of both issues.

Any information you can provide would be helpful!

All the best,

**Sent:** March 4, 2019 1:02 PM  
**To:** McLaren, Kenn FLNR:EX <Kenn.McLaren@gov.bc.ca>; Renneberg, Tim FLNR:EX <Tim.Renneberg@gov.bc.ca>  
**Subject:** REVIEW/APPROVE - NR - Heritage Conservation Act Amendments

Here's Wednesday news release for review and approval. Currently working on the QAs. Have also attached First Reading Notes for reference.

In terms of stakeholder comms, staff will also send out notification of the amendments to consulting archaeologists and to First Nations. Note that the changes to reporting requirements will come into effect via regulation and that regulation has yet to be developed. Input from stakeholders will be sought in developing the regulation.

Cheers,

**Vivian Thomas**

**Date:** Monday, March 4, 2019 4:29:00 PM

---

Hi Ryan;

As per the letters attached in your request, the CRD/Islands Trust did meet with the owners of the marina. The marina owner not agree upon a path forward.

I have followed up with CRD/Islands Trust and FLNRORD ADM Craig Sutherland. Staff are going to hold a meeting with both concerned parties. As of now, no dates are given for the next meeting.

Kenn

**To:** Minister, FLNR FLNR:EX  
**Subject:** Local issue with Harbourwalk and Marina Lease

Hello Minister's office,

MLA Olsen has asked me to reach out to you and see if there is an update on two overlapping issues.

1. The request from the Islands Trust, Salt Spring Chamber of Commerce and CRD for a statutory right-of-way to allow the development of a boardwalk on Ganges Harbour
2. The renewal of the Ganges Marina lease overall

I've attached a letter from the Islands Trust, Chamber and CRD that provides an overview of both issues.

Any information you can provide would be helpful!

All the best,

Ryan Clayton | **Constituency Assistant**

Good morning Lisa;

We have received an FOI **Consultation** with regard to records that originated from your program and are included in Office of the Premier's response to an FOI request.

**Note: you are NOT required to produce records.**

Original request:

*Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages sent from Elizabeth Parkinson. (Date Range for Record Search: From 02/01/2018 To 02/28/2018)*

Please review the attached records and reply to me via email to indicate which of the following applies by January 30, 2019:

- There are no harms in these records; they may be released in full.
- There are harms in releasing all of these records; they should be withheld in their entirety.
- There are harms in portions of these records; please note your concerns

The following guide is available to assist you:

Hi Kenn,

Just a quick note to let you know that the invitations have gone out to the on mountain event this coming Friday from the Sts'ailes and wanted to let you know the local MLAs (opposition) were invited. A draft NR is also in progress.

Let us know if there is any further discussion about a legislature event.

Thanks very much,  
Jenn

**Subject:** Re: Sts'ailes/Sasquatch Mountain Resort Ceremony

Thanks Kenn, we look forward to hearing from you.

As an update from us, we are working to firm up March 8th with Sts'ailes and the resort for the ceremony. In addition we heard that Chief Leon has won the election by acclamation as he was the only candidate for Chief that registered for the election. This is the first time ever that they have a Chief by acclamation, and they also have the lowest number of Council candidates, they have advised that this is a real sign that the community is happy with their Leaders and where the Nation is going.

Sts'ailes is an independent nation and is not affiliated with the Sto:lo; therefore I assume they will not be attendance at the meeting on the 22nd. I mentioned to Sts'ailes that the MO would be in touch regarding an invite to the legislature and they look forward to celebrating this success with the Minister.

**Subject:** MLA Olsen meeting request: Wild Salmon Advisory Council

Hello Jess, Kenn, Lisa and Lisa:

As discussed earlier today with Jess and Kenn, MLA Olsen has requested a meeting with your two ministers (together) regarding next steps on wild salmon, now that the Advisory Council's recommendations have been submitted. Can I suggest that you identify some possible days and times that could work for MDD and MLP, and then we can offer those to MLA Olsen. Thanks in advance to Lisa and Lisa for your assistance in finding possible time slots.

Timing:

- before end of March
- 30 mins

Attendees:

- Ministers Donaldson and Popham, MAs, and ministry staff as appropriate
- MLA Olsen and Claire Hume, Green Caucus
- Donna Sanford/Caitlin Copage, CASA Secretariat

Thank you,

Donna

Hi Mayor Wickstrom, Mayor Cameron;

The two of you are cc'ed by Mayor Dugas on a letter sent to Minister Donaldson November 20<sup>th</sup> of last year. The letter is regarding the North Island Community Forest. I would like to talk about the letter, your community forest and a possible visit by Minister Donaldson.

Are you around for a phone call tomorrow morning at 9am?

I will try and set up a conference call with call in #'s. Failing that, please send me your phone numbers and I will give you a call after 9.

I look forward to talking,

Kenn

**Subject:** Meeting re: Steelhead & Wild Pacific Salmon

Hi all,

Starting a chain to coordinate a meeting between our Ministers next week. This will be the second re-occurring meeting on coordinating efforts on Wild Pacific Salmon and Steelhead between our departments. The first meeting was very productive and it was agreed upon by Ministers Wilkinson, Donaldson and Popham to continue these on a regular basis as we are at a critical stage for these files.

Caelie – I understand that our Ministers spoke by phone yesterday and that Minister Heyman is in agreement to join these meetings going forward to discuss the SARA component of Steelhead.

We will be in Victoria on March 15<sup>th</sup> – is this a plausible date for everyone? If not, it will likely have to be via video conference next week.

Best,  
Fiona

**Subject:** REVIEW/APPROVE: NR Sts'ailes ECDA draft4

Hi! We're still pending the quote from the chief and the resort proponent, but given announcement is Friday morning, and we need approval early Thursday afternoon, sending now for review and approval.

*"The Sasquatch Mountain Resort project is one of our best examples of collaborative work between a resort operator and an Indigenous community," said Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development. "Today we celebrate that partnership, as well as Sts'ailes ongoing involvement in economic development and the protection of cultural heritage resources in the area."*

**Date:** Thursday, March 7, 2019 11:53:00 AM

---

Hi Jennifer;

Yes, I spoke with John and explained MDD would not be able to attend. And yes, you could say that MDD's inability to attend is very supportive of the preparation and program completion that is taking place. (supportive language)

I understand that the WSC will be some young people graduating from a wildlife program or similar? Also John said many coastal FN's will be there and supportive of this wildlife initiative.

Good to pass along regrets from MDD.

Thanks Jennifer,  
Kenn

Hi Kenn,

I note that the WSC has not taken the minister off the agenda for Friday; I had understood that regrets were given.

I will attend. Shall I provide any specific regrets?  
Jen

**Date:** Thursday, March 7, 2019 3:31:00 PM

---

Hi Mayors Wickstrom, Dugas and Cameron;

As we have discussed there have been some complications on getting Minister Donaldson up your way on March 19th. You all have a meeting with your Regional District of Mount Waddington and we are now dealing with other issues. We have decided to postpone our trip to the North Island.

Mayor Wickstrom you mentioned that the AVICC gathering in Powell River April 12-14th may be a good time to meet. We will pencil that in with no guarantees.

Regardless of when, we are interested in responding to your November letter of invitation and discussion of your North Island Community Forest. While we had planned to do this in person, we will discuss and meet another time. I look forward to meeting. Please don't hesitate to contact me regarding this or other matters.

Thanks,

Kenn

Kenn McLaren

Ministerial Assistant | Honourable Doug Donaldson

Minister of Forests, Lands, Natural Resource Operations and Rural Development

**To:** Yano, Brady LASS:EX <Brady.Yano@leg.bc.ca>; Jones, Tristan FLNR:EX <Tristan.Jones@gov.bc.ca>; Thomas, Vivian P GCPE:EX <Vivian.Thomas@gov.bc.ca>  
**Cc:** Groves, Joanna LASS:EX <Joanna.Groves@leg.bc.ca>; Manton, Kim LASS:EX <Kim.Manton@leg.bc.ca>; Affleck, Lindsey A GCPE:EX <Lindsey.Affleck@gov.bc.ca>  
**Subject:** RE: BREAKING Rural dividend update

My thoughts based on what is happening elsewhere. I am going to be inquiring about AV today about all of these and will report back.

We might also be able to try to add something for Minister Darcy in the general area of Terrace on the 21<sup>st</sup> (but not if MLA Rice is making all of those on the 22<sup>nd</sup>), and possibly also for Minister Sims on the 21<sup>st</sup> and 22<sup>nd</sup> between Kamloops and Kelowna, but she might be totally booked with the other things she is doing that day. I will find out today.

Island

- MLA Leonard, Courtenay, March 20 all day, 21<sup>st</sup> after 1pm, or 22<sup>nd</sup> morning
  - **I'm fine with any of these three days, prefer morning to afternoon though.**
- MLA Routley, Ladysmith, 20, 21, or 22 mornings
  - **Same, and while they are not particularly close, we should make sure that MLA's Routley and Leonard don't go on the same day if possible – Also to make AV more possible.**
- Minister Fraser, Port Alberni, March 29<sup>th</sup> 11-12 or 2:30 onward
  - **No problem from a calendar perspective.**
- Minister Trevena, Port McNeil, March 29<sup>th</sup> TBD
  - **Also no problem from a calendar perspective.**
- MLA Simons, Powell River, March 21, morning
  - Minister Donaldson will be in Powell River this day. There is a recommendation that the

Tla'amin Nation project be announced by the Minister and MLA in the morning and the City of Powell River announcement be shared over a working lunch.

- **No problem on the timing here either.**

North

- MLA Rice, Prince Rupert, March 22, available afternoon
  - **Again, fine with this.**

Kootenays

- Minister Conroy, Trail, March 22<sup>nd</sup>
  - **Yes, good.**
- Minister Mungall, Nelson, March 21<sup>st</sup> **TBD**
  - **My understanding is that Minister Mungall is making a significant local announcement this day on behalf of Minister Trevena. I don't know about doing two on the same day, particularly when the Rural Dividend is sure to be overshadowed.**

**Subject:** RE: Rural dividend update

Hi Brady,

One question – how much of the nearby grants does PS Rice intend to announce on March 22?

We have a couple of opportunities from Minister Darcy and PS Kahlon going to Terrace

during the March break very likely and could see about adding a grant announcement if it worked in their schedules, but if she is planning to announce all of the ones for the area then they would not do so.

Let me know

Thanks

Rick

**Subject:** Rural dividend update

Hi Rick,

As a follow up to our conversation yesterday, the following MLAs are available at the dates and times below for an event during the March 11<sup>th</sup> and 18<sup>th</sup> break weeks. Please let me know which work best on your end as soon as possible. I'll also get back to you shortly on Trail.

Island

- MLA Leonard, Courtenay, March 11, 13, 18, 20, available all morning
- MLA Routley, Ladysmith, open availability
- Minister Fraser, Port Alberni, March 18, 10:30 or 1:00-4:00
- Minister Trevena, Port McNeil, March 11, 1:00 or 1:30

- The Minister is meeting with the Regional District at noon so an event following would be ideal
- MLA Simons, Powell River, March 21, morning
  - Minister Donaldson will be in Powell River this day. There is a recommendation that the Tla'amin Nation project be announced by the Minister and MLA in the morning and the City of Powell River announcement be shared over a working lunch.

#### North

- MLA Rice, Prince Rupert, March 22, available all day

#### Kootenays

- Minister Conroy, Trail, **possibly March 11<sup>th</sup>, TBD**
- Minister Conroy, Oliver, March 12, 1:00-3:00
- Minister Mungall, Nelson, March 13, 2:30, March 18, 1:00 or 2:00
- Minister Mungall, Kaslo, March 19, 2:30 or 3:00
  - Minister Mungall will be in Kaslo on the 19<sup>th</sup> and would like to announce the one project receiving funding while there
- Minister **TBD**, Revelstoke, **TBD**
  - Could a different Minister announce ?

Thanks,  
Brady

---

Hi Tristan

I did some more digging and found the attached materials which were prepared for the Ministers meeting with Okanagan Nation Alliance at FNLG last year.

The fourth column in the table below is the request to meet at FNLG from the Nation, would the original request be helpful? This one seems to be missing some info, I can track it down if you would like.

**Subject:** Minister Donaldson for QS signing & meeting,

Weytk Kenn!

It was delightful to meet both you and Minister Donaldson at the AME-BC Round-up. I wanted to just follow up and share with you the following letter where our leadership is looking to confirm the Qwelminte-Secwepemc G2G LoC by the spring equinox. I met with ADM Paul Rasmussen yesterday at a FLNRO-RD Indigenous Education Workshop in Kamloops and we discussed the exciting opportunities that are before us including the complete revision of the current referrals system to uphold UNDRIP!

I am hoping you can help us champion the LoC signing meeting moving forward and any information you might have on potential dates would be appreciated. Also please let me know if there is anything we can do on our end to help facilitate the Minister's attendance or trip.

We look forward to hosting you ☺  
Cheers,  
Sunny

Hi;

I just now spoke Sunny. MSF and MGH are going up to Kamloops this week for the big signing on the 13/14<sup>th</sup>. Each ministry (FLNRORD, MIRR, ENV, MEM) has a role to play. To that end, Sunny asked for a follow-up meeting with MDD on the topics of LUP and Forestry. I said we would meet. Date is not crucial. They can come here or we could meet sometime when we go to Kamloops. They will send a request. We can fit it in when convenient.

Kenn

**Date:** Monday, March 11, 2019 11:06:00 AM

---

Here is our messaging:

You can attribute the following to the Minister of Forests, Lands, Natural Resource Operations and Rural Development:

- "The Ministry does not condone or encourage these types of events.
- There are currently no rules preventing these types of "contests" providing the hunters are properly licensed and all laws are followed.
- The government last used a bounty on wolves in 1955.
- The province manages wildlife populations on the principle of conservation first, followed by First Nations' rights. Only then is licensed hunting allowed.
- Wolf populations are healthy and self-sustaining throughout the province."

**From:** Jones, Tristan FLNR:EX  
**Sent:** March 11, 2019 4:44 PM  
**To:** McLaren, Kenn FLNR:EX <Kenn.McLaren@gov.bc.ca>  
**Subject:** Other for district office Kamloops

- The Thompson Rivers District has been providing significant leadership on the Collaborative UNDRIP table on the Elephant Hill Fire Recovery. To date most post wildfire recognition has gone directly to the BC Wildfire in Kamloops and to FLNRORD staff the Cariboo. A visit to the District office could serve to convey recent successes to date (mushroom management in 2018) including the strategy with the broader Secwepemc Letter of Commitment. (FYI - District Manager Rachael is on leave March 13-25)

Kenn,

We can set up meeting with Tom the fish guy and stop in with some of these staff for a thank you and acknowledgment of work done on the fires and recovery. Domtar only 10 minutes away.

**Subject:** in-depth caribou briefing  
**Date:** Tuesday, March 12, 2019 3:26:00 PM

---

Hi;

MDD would like another, more in-depth briefing on caribou. Tristan has put a block of time in the calendar March 19, 1:30-2:30. Tom E knows this is coming. Tom thinks John Allan should be at this one. Other staff as required.

MGH may be available to join this call. Not sure if joint meeting will be available but we should go ahead with briefing at this time.

Thanks,

Kenn

**Subject:** Re: Correspondence from the Honourable Minister Wilkinson

I have drafted a very short letter of acknowledgement for MDD's signature. My rationale is to avoid interference with the SDM who has not yet made a decision.  
However, it is appropriate that Minister Nicholson's letter be forwarded to the SDM and I have done so.  
Letter on its way to you by end of day.  
John.

Hello Mayor Brown;

It was a pleasure to speak with you just now. I look forward to talking tomorrow regarding Minister Donaldson's tour of your fine city on Wednesday, March 20<sup>th</sup>. As we discussed, we may tour your green energy plant, grab a lunch and tour Aspen Planers. Around 3pm we will go tour next meeting. Please contact me at my desk, 778-974-6002, or on my cell 250-893-7231.

Thanks,

Kenn

**Importance:** High

Hi Gerry, Andy -

As anticipated, we have drafted a proposed Protocol Agreement to be signed between BC and the Nicola Chiefs at the March 20<sup>th</sup> event with the Premier and Minister Fraser. A draft agenda has also been proposed – see both attached.

Note the proposed Protocol Agreement is a high-level document committing to collaboration on regional economic development opportunities. This is intended to serve as a vehicle in which the **Gateway 286** application can be situated. Please review the language I've proposed regarding Gateway (bottom of page 1), and propose any revisions.

*Greg* – as per my voicemail, wanted to ensure you were looped in on this for reference and any potential input you may have./

In order to meet PO deadlines, we're working to get an initial nod from Chief Aaron on these materials by end of day today.  
Happy to discuss further.

Thanks,  
*Alexandra*

Hi Kenn,

Sorry for not responding sooner on this one. This is Fin Donnelly's initiative: <https://restorationconference2019.com/speakers/>

I see that your Minister is listed as a TBC speaker. Does Minister Donaldson have plans to attend?

Further, could you add to this chain your counterpart in Minister Fraser's office? We are urgently trying to confirm which provincial ministers are attending.

Best,  
Fiona

**Subject:** Question

Hi both,

Wondering if either of your Ministers plan to attend the Fraser Watershed Restoration on April 24-25th?

Thanks,

Fiona

Hello Doug and Kenn,

A huge thank you from all of us at Salmon Beyond Borders, Watershed Watch Salmon Society and Skeena Wild Conservation Trust for attending the Victoria launch for International Year of the Salmon. This is just the start of an exciting couple of years researching, understanding, and protecting salmon.

We truly appreciate you dedicating part of your evening to this event and we look forward to seeing you at the next.

Again, thank you for all the hard work!

Sierra

**Subject:** Silver Star Property Owners Association Press Release

Gentlemen  
Attached is the press release the Silver Star Property Owners Association will be releasing on Tuesday March 5<sup>th</sup>. I am forwarding this to you in advance so you will not be surprised by developments here at Silver Star. Ironically the press release date is exactly a year since we sent our original brief to Minister Donaldson.  
These meetings are a result of the frustration in our community with the lack of progress with both government and our unregulated utility.  
You can reach me at 250 307-6611 if you have any questions.  
Regards

Mike Waberski, SSPOA President.

**Importance:** High

Hi Gerry, Andy -

As anticipated, we have drafted a proposed Protocol Agreement to be signed between BC and the Nicola Chiefs at the March 20<sup>th</sup> event with the Premier and Minister Fraser. A draft agenda has also been proposed – see both attached.

Note the proposed Protocol Agreement is a high-level document committing to collaboration on regional economic development opportunities.

This is intended to serve as a vehicle in which the **Gateway 286** application can be situated. Please review the language I've proposed regarding Gateway (bottom of page 1), and propose any revisions.

*Greg* – as per my voicemail, wanted to ensure you were looped in on this for reference and any potential input you may have./

In order to meet PO deadlines, we're working to get an initial nod from Chief Aaron on these materials by end of day today.

Happy to discuss further.

Thanks,  
*Alexandra*

hi;

re the Merritt portion of March 20<sup>th</sup>:

I spoke with Chief Samexheltza and Kate in the Prem's office. Both are ok with MDD attending the protocol and signing 11:30-1:30. The Minister will then stay and talk to the 5 Chiefs till 3ish. Mostly about the water protocol and additional volume and/or possible community forest.

Also called Mayor Brown, she is just fine with MDD coming to City Hall about 3pm (it is very close) for a chat then going on a tour of Aspen Planers from 4-5. She too wants to talk about a community forest plus possible flooding.

I assume Merritt staff will be attending.

Not sure if we should add media in there.

Drive to Penticton – 5:30 – 7.

The rough times I have for the 21<sup>st</sup> are:

- Personal breakfast 8-9:30 (about) – could be moved earlier.
- Trepanier Creek Forest mitigation project 10:00 – 11:00
- Arrive Agri Facility – 11:45 (it is about ½ hour drive)
- Call Peace River Regional District Resource Mayors – 12:00 noon
- Caribou - Media avail and Press Release launch – 12:30 – 1pm
- Arrive Kelowna airport 1:30.

Tuesday April 9. 7:00-9:00.

Robert Bateman Centre and Art  
Gallery. 470 Belleville Street.

[www.batemancentre.org](http://www.batemancentre.org)

Wednesday April 10. 8:30-4:30.

Victoria Conference Centre -  
Saanich Room. 720 Douglas  
Street.  
[www.victoriainconference.com](http://www.victoriainconference.com)

#### AGENDA

Tuesday April 9.

Welcome

Speaker: The Academic  
Perspective. Dr. John Innes. Dean  
UBC Faculty of Forestry.

Discussion/Dialogue

Wednesday April 10

Welcome and Background

Speaker: The Indigenous  
Perspective Glen Williams,  
President Gitanyow Hereditary  
Council

Speaker: The Ecological  
Perspective. Dr. Jim Pojar.  
Retired Forest Ecologist and  
Author.

Speaker: The Community  
Perspective. Bob Simpson.  
Mayor of Quesnel.

Discussion /Dialogue

Luncheon Speaker: The  
Government Perspective. Minister  
Doug Donaldson. Minister of  
Forest, Lands and Natural  
Resource Operations and Regional  
Development.

Discussion/Dialogue

Wrap Up

Reception

FYI: between now and April I am  
meeting with community citizens  
to discussion with them their  
perspective on the need for forest  
management reform (Smithers,  
Hazelton, Nelson, Penticton,  
Sooke, Nanaimo) and will bring  
those discussion points forward to  
our meeting.

Attached are:

- a draft outline of the April 9 - 10 event.
- the confirmed attendees to date. The space we have is limited to ~70 people.

**Subject:** Mtg Request: Cowichan Water Board

Hi Judy,

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development (FLNR) would like to set a meeting time for MLA Furstenau to meet with FLNR staff to discuss the Cowichan Water Board (CWB) and support planning for an upcoming meeting with the CWB, MLA Furstenau and Minister Donaldson.

Could you please let us know if MLA Furstenau has convenient availability options for a 45-minute meeting between March 18 – 29?

Thank you,

Hi folks,

Another break-week issues scan!

Premier will be in Victoria tomorrow for an announcement – please send any high level or regional specific things that may come up in a media scrum **by 1:30pm today.**

And a friendly reminder that what I need to provide to the Premier is a few bullets of background and a few key messages – I can generally pull this from an IN but if you are sending it to me in another format please include both background and key messages.

Thanks!

Sarena

Hi;

I do not think there will be a problem getting away early, however this adds considerable time to the trip. This is across the bridge into town then down past the Mission area close to the Myra Canyon. Doable, but may be subject to the perils of Kelowna traffic.

Kenn

Hi:

FESBC tour site has changed – better site because there is active work ongoing.

Vivian, can you give us a contact so that we can get directions etc.

Travel from Penticton to site will be about 1 hour 10 minutes and 15 minutes to Agriculture Building

for caribou stuff. So will need to leave Penticton by 9 sharp to accommodate.

I have updated the calendar.

Tristan

<b>LOCATION:</b> Kelowna
<b>PURPOSE:</b> Wildfire Risk Reduction
<b>RECIPIENT:</b> FLNRORD, Okanagan Shuswap District
<b>PROJECT:</b> Southeast Kelowna Landscape Level Fuel Break
<b>SITE LOCATION:</b> Located in the Myra-Bellevue Provincial Park and provincial crown land south east of the City of Kelowna.
<b>PROJECT DESCRIPTION:</b> The City of Kelowna lived through the Okanagan Mountain Park Fire, a devastating wildfire in 2003 that burned 26,000 ha's of provincial Crown land south of the city. Portions of Myra-Bellevue Provincial Park also burned during this event. Prior to the fire, there was a contiguous forest adjacent to the city comprised of mature and over-mature Douglas-fir and ponderosa pine in the lower elevations (IDF <sub>xh1</sub> ) which transitioned to western Larch, spruce and Lodgepole pine in the upper elevations. These forested areas had not seen a wildfire in a number of years prior to 2003 and the extensive buildup of hazardous fuels attributed to the intense wildfire that lead to the loss of 239 structures. A large timber salvage operation was undertaken outside of Myra-Bellevue Provincial Park and all economic fibre was recovered. The uneconomic portions of the stands remain as a fire hazard and there is still vulnerable forested land with significant fuels further to the east and south of the park. These areas still remain a concern and pose as a significant risk to the adjacent neighbourhoods of southeast Kelowna. The same risk remains within the park because the burnt portions were never salvaged and unburnt sections represent the same closed stands of mature and over-mature Douglas-fir. The City of Kelowna has just updated their Community Wildfire Protection Plan (CWPP). The report highly recommends pursuit of Forest Enhancement funds to develop a landscape level fuel break in southeast Kelowna. The development of a landscape-level fuel break will also meet a majority of the selection criteria outlined in the FES application guide (2017-2018).

Hello everyone,

I'm following up in the hopes of proposing a meeting time at the end of this week regarding Steelhead.

Our respective bosses had committed to regularizing meetings on this topic, which we all know is easier said than done!

Minister Wilkinson is <sup>s.22</sup> but will be in  
Vancouver this coming Friday morning.

A shot in the dark: would any of your bosses be available to reconvene the Steelhead discussion any time this Friday the 22<sup>nd</sup> between 9am and 12pm? We can be flexible in that timeframe, and Minister Wilkinson will have access to videoconference.

Warm regards,

Laura

**Subject:** Meeting re: Steelhead & Wild Pacific Salmon

Hi all,

Starting a chain to coordinate a meeting between our Ministers next week. This will be the second re-occurring meeting on coordinating efforts on Wild Pacific Salmon and Steelhead between our departments. The first meeting was very productive and it was agreed upon by Ministers Wilkinson, Donaldson and Popham to continue these on a regular basis as we are at a critical stage for these files.

Caelie – I understand that our Ministers spoke by phone yesterday and that Minister Heyman is in agreement to join these meetings going forward to discuss the SARA component of Steelhead.

We will be in Victoria on March 15<sup>th</sup> – is this a plausible date for everyone? If not, it will likely have to be via video conference next week.

Best,  
Fiona

Hi;  
That sounds ok. I thought the regional districts were going to get a briefing from staff (10am is fine for this) and MDD was going to call the 5 mayors as sort of a fallout from the meeting at the Prince George resource summit. MDD will not be available for this call until 11:30 on the 21<sup>st</sup>.

**Subject:** RE: REVIEW: Updated Caribou Roll-out

Hi;

Couple of things:

- We are moving the Ministers' media avail and media Q&A time from 12:30 to the new time of 12:00 – 12:45 pm, March 21.
- This will move the technical briefing to 11:00 am, March 21.
- Also, the Ministers call to the 5 Mayors will move to 11:30, March 21.
- The opposition caucus briefing will remain at 1:00

Also, any backgrounders and updated Q&A do send along as drafts are complete.

Thanks,

Kenn

Hello everyone,

I'm following up in the hopes of proposing a meeting time at the end of this week regarding Steelhead.

Our respective bosses had committed to regularizing meetings on this topic, which we all know is easier said than done!

Minister Wilkinson is s.22

but will be in

Vancouver this coming Friday morning.

A shot in the dark: would any of your bosses be available to reconvene the Steelhead discussion any time this Friday the 22<sup>nd</sup> between 9am and 12pm? We can be flexible in that timeframe, and Minister Wilkinson will have access to videoconference.

Warm regards,

Laura

**Subject:** Meeting re: Steelhead & Wild Pacific Salmon

Hi all,

Starting a chain to coordinate a meeting between our Ministers next week. This will be the second re-occurring meeting on coordinating efforts on Wild Pacific Salmon and Steelhead between our departments. The first meeting was very productive and it was agreed upon by Ministers Wilkinson, Donaldson and Popham to continue these on a regular basis as we are at a critical stage for these files.

Caelie – I understand that our Ministers spoke by phone yesterday and that Minister Heyman is in agreement to join these meetings going forward to discuss the SARA component of Steelhead.

We will be in Victoria on March 15<sup>th</sup> – is this a plausible date for everyone? If not, it will likely have to be via video conference next week.

Best,  
Fiona

Hi Lisa and Kenn –

I've just had a call from Aldous Sperl with MLA Olsen's office - there is a new conflict for MLA Olsen's calendar during our proposed slot tomorrow at 11:30 – 12:00 PM that unfortunately can't be avoided.

Judy and Aldous will work together to propose new availabilities for MLA Olsen and we will plan to reschedule this one in the next few weeks.

For now, please feel free to cancel this in your calendars and let FLNR staff know.

Thank you – let me know if you have any questions!

**Subject:** Briefing Request: Heritage Conservation Amendment Act

Hi Kenn and Lisa,

MLA Olsen has requested a follow up briefing with FLNR with respect to the Heritage Conservation Amendment Act, in particular to discuss the scope of the amendments coming forward this spring (not as focussed on the technical details of the legislation itself.) Please see attached document for reference.

Could I please ask your help to arrange the following meeting:

**Timing:**

- 30 minutes
- MLA Olsen has windows available:
  - Wed, Mar 13, 2:30 – 3:00 PM
  - Wed, Mar 20, 11:30 – 2:30 PM

**Attendees:**

- MLA Olsen, Aldous Sperl, Green Caucus Legislative Coordinator
- MA Kenn McLaren, FLNR staff (tbd per Kenn)
- Donna Sanford and/or Caitlin Copage, CASA Secretariat

**Location:**

- Rm 28 if available (seats approx. 7 max)

Thank you – please let me know if you have any questions or if I can help in any way.

Best,

Caitlin Copage

**Subject:** change to tour, March 20 - evening, morning 21st

Hi Sandra;

Here is a change to the itinerary for MDD's tour. I think it best that MDD and Tim stay in the Coast Capri hotel on Hwy 97 in Kelowna the evening of March 20<sup>th</sup>. From the hotel it is ½ hour travel to the FESBC location in the Mission area and about ½ hour back to the Min of Agri facility on the morning of the 21<sup>st</sup>.

There will still be a personal breakfast from 8-9:00am in the Capri hotel on the 21<sup>st</sup>.

Thanks,

Kenn

**Subject:** change to tour, March 20 - evening,  
morning 21st

Hi Sandra;

Here is a change to the itinerary for MDD's  
tour. I think it best that MDD and Tim stay in  
the <sup>s.15</sup> in Kelowna the

evening of March 20<sup>th</sup>. From the hotel it is ½  
hour travel to the FESBC location in the Mission  
area and about ½ hour back to the Min of Agri  
facility on the morning of the 21<sup>st</sup>.

There will still be a personal breakfast from 8-  
9:00am in the <sup>s.22</sup> on the 21<sup>st</sup>.

Thanks,

Kenn

Kenn McLaren

**Subject:** call with West Moberly and Saulteau Chiefs

Hi;

We have arranged for MDD and MGH to speak with Chief Ken Cameron of Salteau and Chief Rolland Wilson of West Moberly at 6:30 tonight. This is just for a greeting and to discuss thinking, messaging on the Partnership Agreement. No staff needed.

I understand that you and your counterpart in Env will put in the numbers for the pre-brief and call.

Thanks,

Kenn

**Subject:** Pre-Brief notes from mining sector  
**Date:** Wednesday, March 20, 2019 7:33:00 PM

---

Hi Minster;

Below are Chris Trumpy's notes from the mining sector briefing followed by the ENGO briefing. David is compiling the notes from today's forestry briefing (I will send when complete), and I will track down the questions from the tourism operator pre-brief.

Kenn

---

**Subject:** Mining Sector Pre-Brief

Provincial, Federal and WMFN met with AME and MABC yesterday, to begin the initial engagement with Industry regarding S.11 and the Partnership Agreement. My sense overall is that although there were some aspects of the agreements that they raised concerns with it was felt that it was preferable to a s. 80 order from the Federal government. Some of their key concerns included:

- The CRC's processes, timelines, and capacity and that the CRC is adding another process in the form of an advisory committee and the importance of the commitment from all parties to put the resources into making the CRC successful. Additionally, the Associations indicated that the CRC timelines are particularly important when dealing with modification and expansions to existing projects. Concerns were expressed regarding the potential for an SDM being in a challenging spot should the CRC not be functioning.
- The Associations expressed concerns about commitments in the Partnership Agreement not being fulfilled by Spring 2020 given the importance of certainty and clarity regarding use of the land base.
- MABC raised concerns about the ability to actively manage A1/A2 in terms of meaningfully bringing areas in and out of deferral depending on the recovery of caribou and development opportunities.

Overall it was a productive dialogue and appreciate all of the other Ministries participating to make the engagement a success.

Chris

A summary of the questions/comments from the conference call with ENGOs is included below as well as the list of attendees and follow-up actions.

**Participant list:**

- West Moberly - Tim Thielmann
- Canada – Sue Milburn-Hopwood, Jaspal Auklah
- B.C. – Minister Heyman and MA Kelly Sather (for first 10 mins), Jennifer McGuire, Celine Davis, Rebecca Westley (ENV), Leila Farmer & Craig Chambers (Government Communications)

- Y2Y: Tim Burkhart
- CPAWS BC – Bruce Passmore
- Wildsight: John Bergenske, Robyn Duncan
- Muskwa Kechika Advisory Board: Barry Holland
- Nature Conservancy of Canada (NCC): Nancy Newhouse
- Sierra Club of BC – Hannah Askew
- The Land Conservancy – Cathy Armstrong

NDA received but not on call:

- NCC - Richard Klafki
- Tumbler Ridge Global Geopark: Sarah Waters

#### **Questions/Comments:**

- Request for the shapefiles Question around the percentage of high elevation habitat proposed to be under moratorium and/or protection.
- Positive comments on both the Section 11 and Partnership Agreements – need to continue and not lose momentum and take actions for long-term recovery
- Recommendation to think about adding public meetings in Victoria and the Lower Mainland and include academics
- Question around the purpose of the engagement – what type of comments will be considered and could the boundaries of the protected area be expanded?
- Question around the work for boreal herds and the timing to update Dawson Creek LRMP.
- Information provided on wolverine study looking into predation on caribou.
- Comment on the need to continue to study/research the causes of SMC Northern herds declines in areas where development is minimal.
- Question on the type of information that will be communicated in the various open house meetings – recommendations to adapt/prepare information specific to audiences in various regions.
- The Section 11 Agreement Annex 2 contains a commitment to develop herd plans and these will be done on a priority basis – how will herd plans be prioritized for development?
- Need to communicate how actions will be taken for herds outside the central group. How will priorities be set.

#### **Follow-up actions:**

- Will share shapefiles with individuals who have signed NDA as requested.
- Verifying percentage of high elevation habitat as part of Partnership Agreement.
- Information on wolverine study will be forwarded to Caribou Science Lead.
- Need to be prepared to respond to questions around the actions that will be undertaken outside of the Central Group and how these will be prioritized.
- Follow-up discussions needed with Canada regarding the proposal to hold meetings in Victoria and Lower Mainland.

The pre engagement with forest sector licensees went well today. Here are the notes

Attendees

- Canfor
- West Fraser
- Conifex
- LP
- Paper Excellence
- COFI (Archie MacDonald)
- FPAC (Kate Lindsay)

From the parties to the agreement, Russ and I presented the materials with support from Canada (Beth McNeill ADM CFS) and Alan Parkinson (DG ECCC) as well as Tim Thielmann (West Moberly) and James Hickling (Saulteau)

The discussion was over 2 hrs with several questions. Russ and I provided an overview of the agreements with detailed discussion on the partnership agreement protected areas and sustainable resource development zones. We provide an overview of the engagement plan and committed to them that we would be available to meet 1:1 with them through the engagement timeline at their convenience. Tim and James were both very helpful in the conversation. The following are summaries of the questions we received – these are in order that they were asked and you can see that as the meeting progress they became more interested in how to work together in the partnership framework,. For most of these questions we were able to use the prepared Q&A – in cases where we provide a new answer I have copied it below

- What are the expected impacts from the Section 11 / Partnership Agreement-  
**standard answer**

Does entering into a section 11 agreement prevent the ability for Canada to provide compensation. **Alan Parkinson answered this - no entering a section 11 does not prevent the compensation mechanisms in SARA.**

- Will the input from licensees result in any changes to the agreement or is the draft agreement locked. **Standard answer – the feedback gathered through the engagement process will be provided to Minister and Cabinet as part of the final decision on approval of the Agreements**
- How will approved cut blocks that are within the protected areas be addressed. **Standard answer – clause 33 of the PA outlines that we will collaboratively look at approved blocks in the protected areas and will discuss with licensees – James was very helpful on this one and made it clear that we will take more time to do this and that we want to discuss with licensees. Licensees responded well to this**
- Could a proponent connect directly with the Caribou Recovery Committee to better understand how to improve their Forest Stewardship Plan. **We didn't anticipate this questions (from Canfor). It showed a commitment to work together with the parties to the Agreement. We said we would welcome this.**
- Will there be a further AAC impact in the sustainable development zones from the Land use objectives that are to be developed. **We said we saw the development of the land use objectives as a collaborative approach that will include licensee and that it would result in new innovative practices but was not intended to result in an AAC impact. James reinforced this point that the parties do not want to see an AAC impact in the sustainable development zones.**
- How will we measure and monitor the effectiveness of the recovery measures – are they worth it. **Pointed to the reporting requirements in the section 11 agreement and the commitment to continually update.**

At the end of the meeting Canfor and West Fraser both asked for the detailed shape files showing the protected areas. We have provided these to this just after the meeting. Their interest is to review and develop their own estimate of the volume impact.

We committed to making ourselves available for any further follow-up calls. I will call Archie tomorrow to get his take on the meeting.

Tom, Russ, Elizabeth – please add any details I may have missed.

- Could a proponent connect directly with the Caribou Recovery Committee to better understand how to improve their Forest Stewardship Plan. **We didn't anticipate this questions (from Canfor). It showed a commitment to work together with the parties to the Agreement. We said we would welcome this.**
- Will there be a further AAC impact in the sustainable development zones from the Land use objectives that are to be developed. **We said we saw the development of the land use objectives as a collaborative approach that will include licensee and that it would result in new innovative practices but was not intended to result in an AAC impact. James reinforced this point that the parties do not want to see an AAC impact in the sustainable development zones.**
- How will we measure and monitor the effectiveness of the recovery measures – are they worth it. **Pointed to the reporting requirements in the section 11 agreement and the commitment to continually update.**

At the end of the meeting Canfor and West Fraser both asked for the detailed shape files showing the protected areas. We have provided these to this just after the meeting. Their interest is to review and develop their own estimate of the volume impact.

We committed to making ourselves available for any further follow-up calls. I will call Archie tomorrow to get his take on the meeting.

Tom, Russ, Elizabeth – please add any details I may have missed.

Good morning,  
Please see below today's media release from Ancient Forest Alliance, Sierra Club BC and the Wilderness Committee - a renewed call for immediate action for the last intact old-growth areas in light of International Day of Forests and ongoing lack of clarity about the political will of the BC government, two months after our January meeting.  
Regards  
Jens

Hi everyone,

Yes – we will have officials arrange the call on our end.

We are hugely appreciative of folks' efforts.

s.22

I'm very keen to proceed on the assumption that we will be able to keep this appointment on Friday – it is very important to him – but I also wanted to be up front about the scheduling challenges that have cropped up on our end in the last 4 hours.

Fingers crossed!

Laura

**Subject:** RE: Meeting re: Steelhead & Wild Pacific Salmon

Hello everyone,

I'm following up in the hopes of proposing a meeting time at the end of this week regarding Steelhead.

Our respective bosses had committed to regularizing meetings on this topic, which we all know is easier said than done!

Minister Wilkinson is **s.22** but will be in Vancouver this coming Friday morning.

A shot in the dark: would any of your bosses be available to reconvene the Steelhead discussion any time this Friday the 22<sup>nd</sup> between 9am and 12pm? We can be flexible in that timeframe, and Minister Wilkinson will have access to videoconference.

Warm regards,

Laura

**Subject:** Meeting re: Steelhead & Wild Pacific Salmon

Hi all,

Starting a chain to coordinate a meeting between our Ministers next week. This will be the second re-occurring meeting on coordinating efforts on Wild Pacific Salmon and Steelhead between our departments. The first meeting was very productive and it was agreed upon by Ministers Wilkinson, Donaldson and Popham to continue these on a regular basis as we are at a critical stage for these files.

Caelie – I understand that our Ministers spoke by phone yesterday and that Minister Heyman is in agreement to join these meetings going forward to discuss the SARA component of Steelhead.

We will be in Victoria on March 15<sup>th</sup> – is this a plausible date for everyone? If not, it will likely have to be via video conference next week.

Best,  
Fiona

Hi,

I understand MGH will be able to participate as well. Laura will your team be setting up the call?

Thanks, S.

**Sam Godfrey**

Hi Doug;

Hope all is well. On the share point and attached is the steelhead note from Tom E for the pre-brief and call with Federal Minister Wilkinson, MLP and possibly MGH tomorrow morning.

Tristan will print, I believe.

Good work today.

Kenn

---

Good Morning Sarena;

Staff are in regular contact with managers and the Jones brothers.

Yesterday staff contacted the managers at the Teal Jones mill. Of late they have had problems acquiring logs. It is likely they are not buying logs as the selling price of product is too low for the log price they would have to pay.

- The manager was not at the mill today but did state that they have been struggling to locate logs for their mill. He stated the issue around log shortages is so serious that a mill closure was recently being discussed. This manager is meeting tomorrow morning with Tom and Dick Jones to discuss the future direction of their operations. We should know more tomorrow morning.

Hi Kenn,

I believe our department had planned to work with your respective departments to draft an agenda as was the case last time but I am not seeing one that has come up. Apologies for that, I will ensure we have an agenda prepared for the next time. I expect the Ministers to guide this discussion, but a draft agenda as I see it is below:

- Collaborative Approach to Recovery of IFS & Improving Governance
- Habitat Restoration
- SARA Process Update

Best,  
Fiona

Hi Kenn,

I believe our department had planned to work with your respective departments to draft an agenda as was the case last time but I am not seeing one that has come up. Apologies for that, I will ensure we have an agenda prepared for the next time. I expect the Ministers to guide this discussion, but a draft agenda as I see it is below:

- Collaborative Approach to Recovery of IFS & Improving Governance
- Habitat Restoration
- SARA Process Update

Best,  
Fiona

**Date:** Friday, March 22, 2019 11:15:00 AM

---

Hi Chris;

Staff are in regular contact with managers and the Jones brothers. Staff will be in touch again today. Yesterday staff contacted the managers at the Teal Jones mill. Of late they have had problems acquiring logs. It is likely they are not buying logs as the selling price of product is too low for the log price they would have to pay.

From staff, late last night (March 21):

- The manager was not at the mill today but did state that they have been struggling to locate logs for their mill. He stated the issue around log shortages is so serious that a mill closure was recently being discussed. This manager is meeting tomorrow morning with Tom and Dick Jones to discuss the future direction of their operations. We should know more tomorrow morning.

**Subject:** Bullets re: CWTS partnership agreement and trail use options

Hi Kenn,

Further to our recent conversation about the CWTS here are some bullets I believe I committed to providing you.

We have a briefing on this topic scheduled with MDD on April 3.

Let me know if you have any questions or comments.

Cheers,

Matt

#### **Columbia and Western Trail Society Partnership Agreement Renewal**

- Recreation Sites and Trails (RST) has a volunteer-based Partnership Agreement with the Columbia and Western Trails Society (CWTS) that allows the Society to undertake maintenance of the Columbia and Western Rail Trail near Castlegar. The agreement allows the Society to undertake works on behalf of the province and includes an insurance benefit for the Society of up to \$2 million.
- Agreements with CWTS have been in place since 2014. The previous agreement was renewed with CWTS in 2018 for a one-year term. CWTS requested a multi-year term but RST insisted on a one year term due to challenges RST staff had working with CWTS including deficiencies in CWTS meeting notification and reporting requirements, . The renewal of the agreement was highly contentious and negotiated by legal counsel representing both parties.
- The CWTS representative, Mr. Nelson, has employed a confrontational approach to working with RST staff that is not in keeping with the spirit and intent of the Partnership Agreement.

The president of CWTS has made repeated allegations of employee misconduct and illegal activity by RST staff and questioned the authority of staff to work on rail trails.

- Recently Mr. Nelson has alleged that RST staff did not have the authority to be involved in rail trails or to enter into the Partnership Agreement and has suggested the current and previous agreements are invalid. A review by legal counsel has determined there is no basis for the allegations.
- RST is recommending that the current agreement, set to expire on June 19<sup>th</sup>, 2019 not be renewed, based on the inability of the CWTS leadership to work cooperatively with ministry staff. While RST wants to continue to support the CWTS and maintain positive relationships with the many volunteers and community members, RST feels they can no longer work with Mr. Nelson.

#### **Use of the Columbia and Western Rail Trail**

- The Columbia and Western Rail Trail (CWRT) is 160 kilometres long. It is a designated Recreation Trail under the Forest and Range Practices Act and is a designated portion of the national Trans Canada Trail.
- The CWRT is accessible and used by on-highway motor vehicles, off-road vehicles as well as by cyclists and pedestrians.
- The eastern portion of the CWRT is used by numerous property owners to access their (water-access) vacation properties along Lower Arrow Lake. The province has never explicitly authorized use of the CWRT for highway vehicle access but has not taken steps to limit use by motor vehicles.
- The former rail corridor is managed and maintained as a recreation trail and may not be safe for vehicle use. The trail is located on extremely steep slopes, includes tunnels, large retaining walls and complex bridge structures with decks and railings intended for pedestrians.
- Interfor and BCTS have requested authorization from RST to use the western portion of the CWRT to access timber over the next 5 to 10 years. RST is considering authorizing industrial use of the rail trail. This is not the same portion of the trail used by the property owners.
- The ministry may be willing to consider alternate uses and appropriate designations for the entire CWRT from Christina Lake to Castlegar (about 80% of the trail) if industrial and on-highway vehicle use of the trail is determined to be the best and most appropriate use of the corridor. This would likely require dis-establishing the trail under FRPA and issuance of road use permits or licenses as appropriate.

Hi Nicholas;

Thank you very much for the invite to Klemtu and to visit Spirit Bear Lodge this summer. As much as Minister Donaldson would like to make this trip, we must decline due to previous commitments. You are right that a visit to the Great Bear Rainforest would bring greater understanding as we develop commercial bear viewing regulations and a grizzly bear management plan. On the ground experience is always an advantage. Plus, any invite to Klemtu is not to be taken lightly, I know. I believe you will get a more formal regret letter, but I wanted to thank you and through you to Chief Neasloss.

Thanks,  
Kenn

**Subject:** Invitation from Douglas Neasloss and the Grizzly Bear Foudnation

Ken,

I'm writing to extend an invitation from Chief Douglas Neasloss and I to Minister Donaldson and staff to come bear viewing at Spirit Bear Lodge in Klemtu this spring.

As you know, the Improving Wildlife Management and Habitat Conservation process is currently underway, and we feel that a visit to the Great Bear Rainforest will provide valuable insight for the Minister and staff. As the Ministry strives for more meaningful First Nations engagement, develops the commercial bear viewing regulations, and begins work on the grizzly bear management plan, this type of on the ground experience will be invaluable in understanding the challenges we face and the opportunities in front of us.

Bear viewing on the mid-coast in the Great Bear Rainforest is an excellent opportunity to experience first hand a premier First Nations Bear viewing operation, hear more about the Kitasoo land use planning and wildlife management work from Douglas Neasloss, and view bears in a very wild setting.

Chris Hamilton and I have been chatting about this opportunity, and he felt I should contact you directly.

Douglas and I have worked out some of the detail and would love to host you and your staff on one of the following dates...

June 5th to departure on June 8th  
June 19th to departure on June 22nd  
June 24th to departure on June 27th

The cost is...  
\$2950 + GST/ person for a Double Occupancy Room ie. queen bed  
Or  
\$4405 + GST for a Single Occupancy Room

This price includes flights from Vancouver South terminal.

We hope you will join us.

Kind regards,

Nicholas Scapillati  
Executive Director

Hi Nicholas;

I agree, it is important for staff to get the discussion from Chief Neasloss and others in the Great Bear Rainforest. On the ground knowledge needs to be applied to the regulation development. What would you like to speak with the minister about? I imagine it may be about wild salmon and aquaculture, possibly more? Will you be brining others?

I will see if we can accommodate your request. I am sure it will not be until later April. Are there any dates when you plan to be in Victoria? I will try and get a time frame.

Talk to you soon,

Kenn

Kenn,

Thanks for getting back to me. We also feel that it is very important for those staff members involved in the IWMHC, Grizzly Bear Management Plan and Bear Viewing relations to have this experience and to meet the people and places that these processes, plans and regulations will effect.

Is it possible that a few of the staff would be available to attend?

Also, I'd like to request an official meeting with the Minister. Can you please help make the arrangements?

Kind regards,

Nicholas Scapillati  
Executive Director

Kenn,

I would like to speak with the Minister about the upcoming grizzly bear management plan and a discussion paper we are preparing to release on what we'd like to see in the plan, the future commercial bear viewing regulations, and the commercial berry harvest regulations and a new report we are publishing on the subject.

Also, I'd like to hear from the Minister on what he sees as emerging issues for grizzly bear conservation and how we can help. Late April or early May work for me.

Kind regards,

Nicholas Scapillati  
Executive Director

**Subject:** RE: Cowichan Watershed Board - greens- staff meeting

Hi Lisa and Kenn –

I'd like to check in on the 2<sup>nd</sup> meeting request from Kenn below – I think it would be significant to have some of the logistics for this meeting underway by the time MLA Furstenau meets with FLNR staff next week.

It's my sense that it is most appropriate for FLNR to lead the organization of this meeting – the CASA Secretariat (myself and Donna) is not attending. I am happy to ask their team for the appropriate contact details for the Cowichan Water Board participants if that's useful.

Please let me know if I can help in any way.

Thanks!

**Subject:** Cowichan Watershed Board - greens- staff meeting

Hi Lisa;

Two meetings need to happen with the Cowichan Watershed Board. I believe this is in Tom E's shop but likely will involve others.

- The first meeting is with our staff (possibly with ECCS staff as well) and the greens, in particular MLA Furstenau. This meeting is to walk MLA Furstenau through the complexities of the weir management/lease issues. I will attend this meeting with staff as well as CASA staff Caitlin Copage and perhaps Donna Sanford.
- The second meeting will be with the CWB, MLA Furstenau, FLNRORD staff, ECCS staff and ministers Donaldson and Heyman.

On meeting #1, please work to set a date asap. The date itself is not crucial, although soon is best.

On meeting #2, please set this up some time after the first meeting and during spring session.

Thanks,  
Kenn

Hi Lisa:

Our GM Kevin Boon just returned to the office today and he has asked me to contact you to see if our reps would be able to get an hour long meeting with Minister Donaldson on May 14<sup>th</sup>.

Thank you.  
Becky

**Subject:** RE: Requesting meeting with Minister Donaldson

Hi Lisa:

Lisa Oldham from Agriculture is helping to set up a joint Minister's meeting with BC Cattlemen's representatives on May 14<sup>th</sup> at 5:00 pm. I have not head if Minister Donaldson is able to make this meeting, but either way, our representatives would also like to meet with him separately to discuss the following topics;

- Forage
- Wildlife
- UNDRIP

I was wondering if he might have time for a meeting before or after lunch on May 14<sup>th</sup> to meet with our group.

Thank you and I look forward to hearing back from you.

**Subject:** Meeting Request from MLA Linda Larson

Good morning,

MLA Linda Larson would like to request a meeting with Minister Donaldson (ministry staff is fine as well) to discuss section 11 designation for the community of Willowbrook in her riding so they can proceed with dredging work.

Please let me know what time works best for you and we will be happy to accommodate.

Thanks,

Kevin.

On Mar 22, 2019, at 1:44 PM, Loganberg, Rachel <Rachel.Loganberg@leg.bc.ca> wrote:

Hi Garth and Tristan,  
Mayor McCormick (City of Kimberley) is no longer able to make the call-in meeting.  
However, Doug would like to keep the phone call set with Garth (April 2<sup>nd</sup> at 12:45pm PT), as there are a couple of items he would like to discuss.

- a. Fire mitigation from Rushmere to Canal Flats; and
- b. Columbia Valley Rec. Access Mgmt. Plan (CVRAMP).

Regarding the CVRAMP, attached is correspondence from the Windermere District Farmer's Institute asking for the Ministry to assist with the impacts of recreational sport vehicles on crown land. Ranchers in the area have expressed their concerns with our office and with FLNRORD staff multiple times. It is our understanding that having the CVRAMP become a reality would address many of their issues.

Again, Doug is not looking to cancel the April 2<sup>nd</sup> phone call, but wanted to give Garth and the Minister's office a heads up with the new agenda. Should you require anything further, please contact myself or Doug.  
Have a great weekend.

Hi Kenn,

Our client has serious concerns with how the OGC is handling the response to the recent artifact find at the Camp 9A site. The immediate concern is that the OGC has accepted the company's mitigation plan without consulting our client and authorized the company to resume work. They might restart work any day.

Our client wants the OGC to rescind its acceptance of the plan and consult with them.

s.22 but I'm hoping you can have a conversation with my colleague, Kate Gunn. I've copied her on this email.

Thanks,

Bruce

**Subject:** Re: this email

Hi Kenn,

Our client has serious concerns with how the OGC is handling the response to the recent artifact find at the Camp 9A site. The immediate concern is that the OGC has accepted the company's mitigation plan without consulting our client and authorized the company to resume work. They might restart work any day.

Our client wants the OGC to rescind its acceptance of the plan and consult with them.

s.22 but I'm hoping you can have a conversation with my colleague, Kate Gunn. I've copied her on this email.

Thanks,

Bruce

Hi Chief McLean;  
Minister Donaldson will be available this Friday (March 29) just after 2:00 pm. I know he is looking forward to having a meeting with you. Tristan (Executive Assistant) will be there for pictures etc. The Hazelton constituency office is in Old Hazelton on Field Street, beside the Upper Skeena Development Corporation office. Turn right at the stop sign. Should you have any problems call

Tristan on her cell at s.22

Here is a suggested quote. Of course you can put in what you wish. This is about the length:

- “In many ways, the residents of Telegraph Creek and Dease Lake are still struggling to get back to where we were before the wildfires hit last summer,” said Tahltan Chief Rick McLean. “We’ve been primarily focused on getting people back into permanent homes, and this funding from government will help us to find long term solutions for residents of our community.”

**Subject:** Additional Invitees requested - CWB Ministers Meeting

Hi Kenn –

Claire Hume has passed on the attached email with two additional invitees requested from MLA Furstenau's office with respect to the Ministers' meeting regarding the Cowichan weir.

These include:

- Graham Kissick, Community Engagement rep from Catalyst Paper (see details in attached email; he may appreciate someone reaching out directly from FLNR before an invite is extended?)
- Brian Carruthers, CAO for the Cowichan Valley Regional District.

Contact details are included in the attached email.

Thanks – please let me know if you have any questions.

Hi Susan;

Attached are a couple of things to incorporate in any messaging. And if you wish, key lines in yellow below;

In the late fall 2018 FLNRORD and the TNG held an important Moose Roundtable to discuss moose habitat and moose populations in the Cariboo and Chilcotin area.

## 2 fisheries issues

### Sturgeon recovery

Issue: Fraser River Sturgeon Fishery and Habitat Recommended Response:

- The Lower Fraser River White Sturgeon (LFRWS) fishery is internationally unique and interest is rapidly growing as other important local fisheries decline.
- The LFRWS population is considered threatened due to an estimated decline in juvenile abundance; the cause of which is not fully understood.
- FLNRORD is working collaboratively with First Nations, and the angling community to improve our collective understanding and manage potential causes of the juvenile decline, including introducing new regulations.
- Two private bridge proposals associated with important sturgeon spawning habitat are under consideration with associated detailed review for potential impacts, but no decisions have been made by FLNRORD or Canada.

### Issue: Interior Fraser steelhead Recommended Response:

- Interior Fraser steelhead have a high economic, cultural and social value.
- B.C. continues to close all Interior Fraser steelhead recreational fishing, and to further protect them, has closed the spawning areas to all recreational fishing.
- B.C. has been taking recovery actions for years. While habitat is not a limiting factor, we continue to take action to continually monitor and improve it.
- In 2018, the Committee on the Status of Endangered Wildlife in Canada concluded that the run was at imminent risk of extinction. The primary mortality factors were marine survival, pinniped (e.g., seal) predation, and mortality in the salmon fisheries.
- B.C. is actively supporting the Species at Risk Act (SARA) review process.
- B.C. and the Department of Fisheries and Oceans (DFO) struck a Task-Team in March 2019 to

identify management actions for the 2019 run.

- B.C. is also updating a multi-year recovery action plan.

In the late fall 2018 FLNRORD and the TNG held an important Moose Roundtable to discuss moose habitat and moose populations in the Cariboo and Chilcotin area.

## **2 fisheries issues**

### **Sturgeon recovery**

Issue: Fraser River Sturgeon Fishery and Habitat Recommended Response:

- The Lower Fraser River White Sturgeon (LFRWS) fishery is internationally unique and interest is rapidly growing as other important local fisheries decline.
- The LFRWS population is considered threatened due to an estimated decline in juvenile abundance; the cause of which is not fully understood.
- FLNRORD is working collaboratively with First Nations, and the angling community to improve our collective understanding and manage potential causes of the juvenile decline, including introducing new regulations.
- Two private bridge proposals associated with important sturgeon spawning habitat are under consideration with associated detailed review for potential impacts, but no decisions have been made by FLNRORD or Canada.

### **Issue: Interior Fraser steelhead Recommended Response:**

- Interior Fraser steelhead have a high economic, cultural and social value.
- B.C. continues to close all Interior Fraser steelhead recreational fishing, and to further

protect them, has closed the spawning areas to all recreational fishing.

- B.C. has been taking recovery actions for years. While habitat is not a limiting factor, we continue to take action to continually monitor and improve it.
- In 2018, the Committee on the Status of Endangered Wildlife in Canada concluded that the run was at imminent risk of extinction. The primary mortality factors were marine survival, pinniped (e.g., seal) predation, and mortality in the salmon fisheries.
- B.C. is actively supporting the Species at Risk Act (SARA) review process.
- B.C. and the Department of Fisheries and Oceans (DFO) struck a Task-Team in March 2019 to identify management actions for the 2019 run.
- B.C. is also updating a multi-year recovery action plan.

Hi Susan;

Attached are a couple of things to incorporate in any messaging. And if you wish, key lines in yellow below;

In the late fall 2018 FLNRORD and the TNG held an important Moose Roundtable to discuss moose habitat and moose populations in the Cariboo and Chilcotin area.

## **2 fisheries issues**

### **Sturgeon recovery**

Issue: Fraser River Sturgeon Fishery and Habitat Recommended Response:

- The Lower Fraser River White Sturgeon (LFRWS) fishery is internationally unique and interest is rapidly growing as other important local fisheries decline.
- The LFRWS population is considered threatened due to an estimated decline in juvenile abundance; the cause of which is not fully understood.
- FLNRORD is working collaboratively with First Nations, and the angling community to improve our collective understanding and manage potential causes of the juvenile decline, including introducing new regulations.
- Two private bridge proposals associated with important sturgeon spawning habitat are under consideration with associated detailed review for potential impacts, but no decisions have been made by FLNRORD or Canada.

### **Issue: Interior Fraser steelhead Recommended Response:**

- Interior Fraser steelhead have a high economic, cultural and social value.
- B.C. continues to close all Interior Fraser steelhead recreational fishing, and to further protect them, has closed the spawning areas to all recreational fishing.
- B.C. has been taking recovery actions for years. While habitat is not a limiting factor, we continue to take action to continually monitor and improve it.
- In 2018, the Committee on the Status of Endangered Wildlife in Canada concluded that the run was at imminent risk of extinction. The primary mortality factors were marine survival, pinniped (e.g., seal) predation, and mortality in the salmon fisheries.
- B.C. is actively supporting the Species at Risk Act (SARA) review process.
- B.C. and the Department of Fisheries and Oceans (DFO) struck a Task-Team in March 2019 to identify management actions for the 2019 run.
- B.C. is also updating a multi-year recovery action plan.

Good afternoon,

The City of Richmond is in the process of completing the Flood Protection Management Strategy 2019 (FPMS 2019) – an update to the City of Richmond's 2008-2031 Flood Protection Strategy.

Our team would like to reach out to the Ministry of Forests, Lands, Natural Resource Operations and Rural Development for feedback/comments on the report (see attached Flood Protection Management Strategy 2019). If the Ministry of Forests, Lands, Natural Resource Operations and Rural Development has no feedback/comments to the Flood Protection Management Strategy 2019, we kindly request that you respond to this email stating "no additional feedback/comments".

If we do not hear back by **April 14, 2019**, we will assume your team has no feedback or additional comments regarding the Flood Protection Management Strategy 2019.

If there are any questions regarding the report contents, please contact Chris Chan, Project Manager at s.22 or s.22

If there are any other questions, please feel free to contact myself via phone or email.

Thank you for your time.

Best Regards,

**Subject:** REVIEW/APPROVE: NR - Kluskus Connector

Here's draft news release for review and approval. We have it scheduled for 11:45 a.m. Monday, and I know MDD was hoping to get this out before it came up in Estimates.

"Building this road will provide safety to citizens in the area, as well as socioeconomic benefits to residents of the Kluskus Nation settlement," said Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development. "The decision to do so aligns with recommendations from the Abbott/Chapman report and supports the Province's commitment to implementing the United Nations Declaration on the Rights of Indigenous Peoples."

Cheers,

Vivian

Hi Jim;

Thanks for talking just now. I will mention the breakfast to Minister Donaldson but he is likely not able to attend at this time. Lets stay in touch should you or your exec wish to meet or contact our office.

Thanks,  
Kenn

Hi;

You guys are probably already going over to see this but thought I would let you know anyway. I am planning on going over about 6. Interesting.

Kenn

Hello Kenn,

I am writing today to invite you to a special government reception to tour the latest in aquaculture technology on Tuesday April 9<sup>th</sup> in Victoria.

Mowi Canada West (formerly known as Marine Harvest Canada) is committed to the long-term future of our B.C. operations and the 600 employees who depend on us. This commitment includes working diligently with the provincial government and area First Nations to implement the Collaborative Solutions for Finfish Aquaculture in the Broughton Area Steering Committee Recommendations — and continuing to invest in our business and introducing new technology to improve our fish health and environmental performance.

Our newest technology is the *Aqua Tromoy*, a 75-metre long 3,000 m<sup>3</sup> wellboat custom built to our specifications in Europe, which is now joining our B.C operations.

*Aqua Tromoy* is the largest and most technologically advanced vessel to ever serve the Canadian aquaculture industry. A wellboat with three times the capacity of any existing wellboat in B.C., the new vessel will be used to provide environmentally friendly fish health treatments. Onboard reverse osmosis systems give *Aqua Tromoy* the capability to generate fresh water. Contained freshwater baths help improve gill health and fish quality by naturally removing and capturing external parasites found commonly in the ocean. The freshwater immersion of saltwater fish species such as Atlantic salmon can help cure a fish of unwanted marine microbes and parasites, such as sea lice, that are washed off of the fish in low salinity.

The *Aqua Tromoy* is with us for some final outfitting in Victoria before heading to north Island waters.

It is the first vessel of its kind to operate in North America, and we are very proud of her.

Please come by to have look at her — members of Mowi's Senior Management Team will be glad to show you around.

**Tuesday, April 9th 5:00 - 7:00 pm**

**Point Hope Maritime**

**345 Harbour Road, Victoria**

Hi Kenn,

No I've been popping back and forth all month, but I'm in Victoria all week next week! Would love to catch up.

Cheers!--Tim

hi Tim;

I was thinking about contacting you, typed your name in and up came this invite for coffee. Who knew? Are you back up north now?

**Subject:** Coffee next week?

Hi Kenn,

I hope you're well! I'd like the chance to catch up if you have some time next week. I'm pretty excited about upcoming caribou news and other initiatives and would love to chat briefly. Want to grab coffee next week?

Cheers!--Tim

**Subject:** FW: Wording for BCWF  
**Date:** Friday, March 29, 2019 2:32:00 PM

---

Hi;

Does this wording checkout for the Premier's correspondence to the BCWF? I was not sure about \$ value and the date of the new strategy delivery.

- "It is a priority for our government to ensure that our environment is protected for future generations and our commitment of \$14 million over three years to improve wildlife management and habitat conservation is just the beginning. We are working hard to engage the public, Indigenous communities and key stakeholders to develop and implement a new long-term Wildlife and Habitat Strategy by Fall 2019."

Thanks,  
Kenn
