Subject: Mass timber contacts/meetings

Gentlemen,

We've compiled a list of key mass timber contacts, and then prioritized them. The list has developers, mass timber manufacturers, architects, engineers, fire/code consultants, construction companies, general contractors, primary forest sector companies, academics and researchers. **s.13**

Happy to make myself available.

Michael

Subject: COFI Release on City of Vancouver tall wood building decision

Hi,

Sharing a copy of the news release we issued today in response to Vancouver City Council's decision to allow tall wood building construction up to 12 storeys. Good news story for progressing on low carbon agenda and for BC jobs. We also highlighted the work the Province is doing to support building with wood. Look forward to our working collectively on the green building opportunity.

Susan

Hi Michael,

Do we have a list of communities in BC that have adopted our 12 story code changes? Which ones are close? Thank you.

Thank you.

Thank you for this information Derek.

I really enjoyed our conversation. It was very informative and inspiring. Looking forward to connecting with you next steps on moving this file along. Cheers!

Mr. Kahlon,

Thank you again for the opportunity to speak with you about timber in BC, and s.13; s.17
s.13; s.17

I welcome the chance to further discuss architecture, construction, and BC Timber with you in the future.

Best Regards,

Derek
