YOUR FILE 0214717

During the course of carrying out land examinations in the Mission area last week, I had occasion to check the above-noted trespass area with Mr. F. Speed, B. C. L. S. of Mission. Mr. Speed showed me a photo print (enlarged) of Air Photo B.C.7057:92 with a number of surveyed lots outlined thereon. This photo print was sent to Mr. Speed by Mr. Pearmain with a letter dated April 3, 1970, on Victoria file 0166164.

It would be sincerely appreciated if a copy of this photo print were made available to the writer. Please advise.
