Dear: Ron Montgomery

Re: Access to Texas Creek Wildlife Act Closure

The Ministry of Forest Lands and Natural Resource Operations has reviewed the terms and conditions of the trapline cabin and general open seasons for furbearers. As it stands there is limited overlap with general open seasons for trapping during the April 15th to June 30th gate closure. Trapline cabins are to be used for trapping activities only. You note in your letter dated May 30, 2011 that you require access to the cabin during this time period, but you do not provide further detail with respect to your activities during this sensitive time period for Grizzly Bears. I request that you provide the Ministry of Forests, Lands and Natural Resource Operations with such information that will enable an appropriate response pertaining to your request.

I would also like to acknowledge your involvement with respect to Grizzly Bear conservation, and appreciate your direct involvement in this matter.

Respectfully,

A. Cebulak

Dear Sir:

I have contacted Wayne Wall, Forest Ecosystem Specialist in the Lillooet office of BC Forest Service with regards to your inquiry of additional logging in Molybdenite Creek.

He advised that the 1996 plan from Ainsworth hasn't been received yet. If you would like further information feel free to contact him at his office.

He will be dealing with all logging proposals in the Lillooet area.

Sincerely

K. Kier
Wildlife Technician

Mr. Kurt Kier,

It is now well over seven months since I sent you a request to get permission to build a trapline cabin on my trapline (ATN-TR0316T003) and I would appreciate it very much if you would let me know how it's progressing.

Also I would like to hear from Phil Holman or Doug Jury or anyone else that would be involved if they have heard anything about Ainsworth Lumber's plans to do further logging in the Molybdenite Creek area. I don't know if it's true or not but I have heard second hand that they have plans to do more than what I've been informed about if they haven't already.

Thanking you,
Ron Montgomery

File: 61030-01

November 3, 1993

Mr. Randy Malone

s.22

Dear Sir:

I am responding to your letter inquiring about trapline cabins. There is no record of any registered cabins on your trapline, ATN 0333T004. I would appreciate any records you might have to the contrary.

If these cabins have been in use on the trapline for trapline cabins then I suggest you start the "registration" process. I've enclosed a handout explaining the registration process. I need a good map, 1:20,000 or 1:50,000 scale, with the location of the cabin marked on it. I will then make application for the cabin on behalf of B.C. Environment. When approved it becomes part of the trapline.

You asked about a third cabin for your trapline. Under the present agreement with the B.C.T.A. there are 2 cabins allowed for the first 258² km and 1 cabin for each additional 100² km. Your trapline is 340² km, allowing for a total of 2 cabins.

If I can be of any further help, please contact me at 371-6241.

Sincerely,

K. Kier

Dear Sir:

RE: TRAPLINE ALLOCATION - REGION 3

I am pleased to advise that you were a successful applicant in the Trapline Allocation Draw on July 25, 1983. You will be assigned your SECOND choice which is Area # 4, shown on the map we forwarded earlier.

If you have purchased a 1983/84 trapping licence, please forward the number. If not, please remit sum of \$13.00, payable to Minister of Finance, and your licence will be forwarded.

You will receive a registered trapline map, plus a written description well before the end of August to aid in planning for the 1983-84 trapping season.

Yours truly,

G.E. Stringer
Regional Manager

Dear Sir:

RE: Trapline Application

The reorganization of traplines for Thompson-Nicola region is largely complete and a number of vacant territories have been identified. Since you are a qualified trapper and have a current "Application for a Trapline" on file, you will be considered for one of the vacant areas.

Following completion of this area assignment, virtually all of the Crown land within the Region will be covered by trapline. The only opportunity for a trapline in future is through transfer of an existing licence or through re-assignment of traplines lost by default.

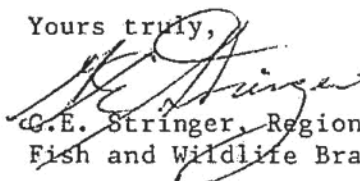

Attached is a list of available trapline areas. Please indicate those which you would be prepared to actively trap. Leave the "box" blank for those of no interest. Since there are considerably more applicants than available areas, you may be disappointed or be offered 2nd, 3rd, 4th or even 5th selection. Decide those areas of interest and then put your priority number in the box.

Successful applicants will be offered a trapline permit for one of the areas. After two years of satisfactory performance the permit will be automatically converted to a registered line. Purpose of this procedure is for the licensee to demonstrate a trapping interest and to reduce the incentive of a quick transfer for profit.

Time, place and date of draw are indicated on attached form. You should phone in advance to ensure the attached form has been received here in time for selection. Please allow 10 days for mailing.

A lottery type selection will be used. To determine fairness of the procedure, you are invited to attend as an observer. Results will be confirmed by mail shortly thereafter. Good Luck!

Yours truly,

G.E. Stringer, Regional Manager
Fish and Wildlife Branch

NAME/ADDRESS **MONTGOMERY, Ronald Joseph Thomas**
s.22

The licensee confirms by his/her signature on this licence to comply with the following terms and conditions:

- that he/she is a citizen of Canada or a person with the status of permanent resident of Canada;
- that he/she has successfully completed the Trapper Education Program;
- if applicable, that he/she has obtained, and will carry at all times, written permission to trap on privately owned land from the land owner; and
- if applicable, that he/she has obtained, and will carry at all times, written permission to trap on another person's registered trapline from all of the registered holder's of that trapline.

The licensee must comply with all applicable federal, provincial, municipal and regional district legislation and by-laws.

It is the responsibility of the licence holder to inform him/herself of all relevant laws.

Failure to comply with any term of this licence is an offence under the Wildlife Act, and may result in prosecution and/or denial of future licence requests.

The licensee agrees by his/her signature on this licence to comply with the terms and conditions of this licence.

The locations listed below do not include any privately owned land for which the licensee does not have the land owner's written permission to trap.

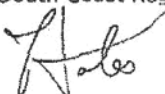

The licensee is authorized to trap furbearing animals in accordance with the Wildlife Act and the regulations there under during the open season and at the following locations:

British Columbia – Registered Trapline # TR03167003

British Columbia – Private Property Trapper # TR0208P011

If the holder of this licence has fines under the Wildlife Act or Firearm Act that were not paid within the time required by law, this licence is void (Wildlife Act s. 85)

Failure to comply with any term of this licence is an offence under the Wildlife Act, and may result in prosecution and/or denial of future licence requests.

The licensee agrees by his/her signature on this licence to comply with the terms and conditions of this licence.

The locations listed below do not include any privately owned land for which the licensee does not have the land owner's written permission to trap.

The licensee is authorized to trap furbearing animals in accordance with the Wildlife Act and the regulations there under during the open season and at the following locations:

British Columbia – Registered Trapline # TR0316T003

Private Property Trapper # TR0208P011

If the holder of this licence has fines under the Wildlife Act or Firearm Act that were not paid within the time required by law, this licence is void (Wildlife Act s. 85)

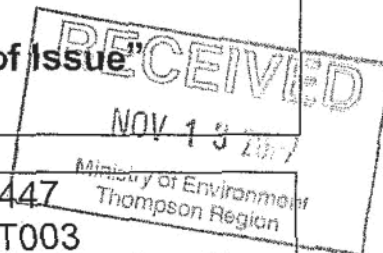

Michael Burwash, Deputy Regional Manager
Recreational Fisheries & Wildlife Programs
a person authorized by the Director of Wildlife
