Thanks for the update, Ali.

If it's ok, I may attend the first hour and a bit just to listen to the conversation. Both of the proposed reg changes (moose and caribou) affect caribou recovery in the NE.

Regards,
Joelle

Good Morning,

We have a ton of people attending the PAC meeting. I think we will only have time to discuss the hunting regs and refer any other questions to the next meeting. Thank you for fitting us in the middle of your meetings, I think it would be better if we can have you in the next meeting which I now expect to be by the end of this month instead of April.

Thank you again
Ali

Hi Joelle,
Thank you for the quick response. I am expecting David's part to take an hour or so. It would be great If you could join even for a short while after 10:00 am for the "other topic" questions.

Thanks again,
Ali

I have some meeting overlaps. I will probably not attend unless you were thinking I'm one of the people who should participate for other topics after the hunting reg changes are discussed?
