Hello, all.

We have received this as a rush MRL with an expected turn around by September 1. We do not need to compose the letter, but instead provide content to CSS as this letter will go out under Minister Ralston's signature. Rob/Ian, as I understand things, you will have a final review before it goes to CSS.

I wanted to give you as much lead as I could. I am willing to gather your thoughts into one document, and then provide it to CSS. Let me know I can help you further.

Cheers

· Donna

Here are some suggested lines.^{s.13}

Thank you for your correspondence on the incident you have described.

A team has been formed to do a facilitated learning analysis (FLA) on this incident. The FLA team will consist of BCWS staff as well as a union representative. A preliminary investigation has already been completed by the incident management safety officer.

Subject: RUSH: MRL for BCGEU regarding incident on K21620

Hello, all.

We have received this as a rush MRL with an expected turn around by September 1. We do not need to compose the letter, but instead provide content to CSS as this letter will go out under Minister Ralston's signature. Rob/Ian, as I understand things, you will have a final review before it goes to CSS.

I wanted to give you as much lead as I could. I am willing to gather your thoughts into one document, and then provide it to CSS. Let me know I can help you further.

Cheers

Dear Paul Finch:

Thank you for your letter of August 25, 2023, regarding an occupational health and safety incident.

A team has been formed to do a facilitated learning analysis (FLA) on this incident. The FLA team will consist of BC Wildfire Service staff as well as a BCGEU representative. A preliminary investigation has already been completed by the incident management safety officer.

Until such time as the facilitated learning analysis is complete, I will refrain from any speculation about the outcome of the review and associated learnings..

Again, thank you for writing and sharing your concerns.

Sincerely,

Bruce Ralston
Minister

Hi Kyle,

Can you let me know who this needs to go to. I spoke with Megan and explained that where it occurred is in the Evac Area and that until the evac is removed WFS is not comfortable having others in the evacuation zone.

I think Megan may have been under the impression that that 24hr incident report was all that was being done, and/or that everything was already signed off without a worker representative participating.

Let me know what you or WFS needs for support on this, more than happy to help any way we can.

Yes please. As discussed this morning, I will follow the same routing paths as I have in the past.

FYI – I can't see the eapps once they leave myself and Briana. Thanks for your help!

Cheers.

Hi Marja,

This is sitting with you for Rob's approval as A/ADM. Please adjust the routing to include Rick. Donna do you want it sent back to you following Rick's approval?

Thanks,

Courtney

FYI Courtenay.

Somehow I think this item should not have come in as an MRL, but likely to you directly via eapps.

Cheers.

Hello.

I forwarded the eapp for this item on Aug 28 for final writing. I was asked by Rob Schweitzer that Rick Manwaring wants to see that letter by the end of day tomorrow (Aug 31) at the latest, before it goes out. Can you look into that please?

Cheers
