1844	Lower Lynn Interchanges event - Podium	Hi Andrew, Our MO has requested we hold an event to announce road improvements in the Lower Lynn Corridor on the North Shore at 8:30 am on Wednesday, April 15th. I am wondering if you can please help us out with two things: · Podium Sign · Project Rendering Re: Podium Sign The wording will be: Highway 1 – Lower Lynn Corridor Improvements   Autoroute 1 – Améliorations au corridor Lower Lynn (this is already approved by program staff and by the feds) The following word marks will be along the bottom—Canada, BC Jobs Plan, District of North Vancouver and B.C. word mark (similar to attached podium sign for Hwy 3 Sunday Creek). Re: Project Rendering Given the tight turnaround in event planning and that our regional business services have a rendering started, would it be possible for us to provide you with their draft for logo-ing? The only logo this rendering will require is B.C. on the Move logo, similar to what was done for the Hwy 3 Sunday Creek event, Wednesday, April 8th (attached here). Many thanks, Lara Lara Perzoff   Sr. Public Affairs Officer Government Communications & Public Engagement Ministry of Transportation and Infrastructure Direct: (250)356-0825 Cell: (250) 920-9040 e-mail: Lara.perzoff@gov.bc.ca	Podium Sign	LPERZOFF	IDIR\CJONE	4/9/2015	4/13/2015	Transportation and Infrastructure
1849	Matching Trade Seats - Podium Sign	Hi Cal We have a few Blueprint events similar to the theme of what you are working on with Hide on for the week of April 24 – 30. The wording for a podium sign for the Mon, April 27 event is as set out below from Rodney. The other events will be on Fri, Apr 24 which Louise is the event lead for and another one will be on Wed, April 29 which I am the lead for. Are you able to mock up podium signs for us. Thanks, Deb From: Porter, Rodney GCPE:EX Sent: Tuesday, April 14, 2015 12:39 PM To: Brendeland, Deb GCPE:EX Cc: McGaghey Jones, Stacey GCPE:EX; Safarik, Melissa GCPE:EX Subject: RE: April 27 event Here's my suggestion for a podium sign: Matching trades seats to in-demand jobs Can you work that up with a Blueprint-esque design? 2990	Avalanche Posterboard and Podium Sign	Hi there Deb: These are photos that we would like incorporated into one or two poster boards for an unveiling at an upcoming event in Revelstoke on June 15, 2015. The photos show remote control explosive devices that are used in other parts of the province, as similar technology will be brought into Revelstoke in 2016. The remote control devices are used for avalanche control and mitigation. The title of the poster could be something like "Technology used for avalanche mitigation" This is a part of Minister Stone's BC on the Move tour, so it would be appropriate to put the logo for BC on the Move at the bottom of the poster. Let me know if these images work (if they are high quality enough)...and also if you want to know the places in BC they are used, as I can find that out if wished. Thanks!	Podium Sign	DEBBREND	IDIR\CJONE	6/9/2015	6/10/2015	Transportation and Infrastructure

## Government Communications and Public Engagement

### Podium Sign Production

August 29, 2016

The Podium signs were created to effectively communicate the event message to the public and to save money on event material. By having a podium sign, the viewer is able to see the event information in close-up photos/videos of the speaker. In the past, the slogan/event information was printed on a large poster board, which often wasn't captured by broadcast media, and was more costly. As social media and technology evolved, the podium sign became an event staple in order to accurately convey the announcement to viewers. The podium signs provide a more cost-efficient alternative for presenting the event slogan/information. We took a representative sample of the 2013/14, 2014/15 and 2015/16 fiscal years and calculated that on average an individual podium sign cost \$54.71 to make. The cost calculations for each of the fiscal years are shown in Table 1. The cost of the individual sign varies depending on the deadline, printing location, etc.

**Table 1.** The average cost to produce a podium sign for Government of British Columbia events from April 1, 2013 – March 31, 2016. The average is calculated by dividing the total cost of the individual signs by the total number of individual signs for each fiscal year.

<b>FISCAL YEAR</b>	<b>TOTAL COST</b>	<b># PODIUM SIGNS</b>	<b>AVERAGE COST PER SIGN</b>
2013/14	\$5852.13	96	\$60.96
2014/15	\$7709.32	143	\$53.91
2015/16	\$12,643.57	240	\$52.68
<b>TOTAL</b>	<b>\$26,205.02</b>	<b>479</b>	<b>\$54.71</b>

#### HOW THEY ARE CREATED:

Government Communications and Public Engagement (GCPE) staff request graphic materials for government events by using the online "Graphic Design Request System." This system is maintained by GCPE's Graphic Design Unit (GDU). Once a request is entered into the system, a graphic designer takes on the project and sees it through to completion.

In the project request, the GCPE staff supplies the approved message for the podium sign as well as details of where and when the podium sign needs to be delivered. As these relate to an announcement that government is making to the public, the podium sign's message is prepared with direction from the Communications shops and Ministers' offices.

The graphic designer typesets the message using the appropriate Adobe InDesign podium sign template file. The designer then exports a PDF file back to the GCPE staff for approvals. This cycle repeats until the PDF file of the sign is approved to go to print.

The graphic designer draws up a requisition for the Queen's Printer that includes the particulars of the job provided by the events coordinator. This draft requisition is sent to GCPE's financial operations staff. Once authorized, the signed requisition is sent to the Queen's Printer representative assigned to procure the podium sign from an outside vendor.

The Queen's Printer maintains a list of pre-qualified print vendors in major centres throughout British Columbia. A vendor is awarded the project. Each vendor has their own production method to produce a podium sign. Once printed, the sign is packaged, labeled and shipped to the delivery address supplied at the outset of the process for use at the event.

Once the announcement is complete and if the signs cannot be used again for future events, many podium signs are taken by stakeholders as a keepsake. Some podium signs are brought back to GCPE headquarters for storage. If possible, podium signs are re-used for similar announcements at a later date. Podium signs are kept for approximately 2 to 3 years and if they are deemed unusable for future events, they are given to Records Services for disposal.
